Agreement Regarding Confidential Information and Proprietary Developments India

<<pls insert employee First Name, Second Name>>

1. Consideration and Relationship to Employment. As a condition of my employment with DXC or one of its subsidiaries, successors, assigns, or affiliates (referred to collectively as, "Company"), in return for Company's agreement that I will be provided certain confidential and proprietary information, training, and/or customer contacts to assist me in my duties in such employment, I knowingly agree to restrictions provided for below that will apply during and after my employment by Company. I understand, however, that nothing relating to this Agreement will be interpreted as a contract or commitment whereby Company is deemed to promise continuing employment for a specified duration.

2. Confidential Information. This Agreement concerns trade secrets, confidential business and technical information, and know−how not generally known to the public (hereinafter "Confidential Information") which is acquired or produced by me in connection with my employment by Company. Confidential Information may include, without limitation, information on Company organizations, staffing, finance, structure, information of employee performance, compensation of others, research and development, manufacturing and marketing, files, keys, certificates, passwords and other computer information, as well as information that Company receives from others under an obligation of confidentiality. I agree to abide by the Company Confidential Information Policy and specifically agree that with regard to Company Confidential Information:

(a) to use such information only in the performance of Company duties;
(b) to hold such information in confidence and trust; and
(c) to use all reasonable precautions to assure that such information is not disclosed to unauthorized persons or used in an unauthorized manner, both during and after my employment with Company. I further agree that any organizational information or staffing information learned by me in connection with my employment by Company is the Confidential Information of Company, and I agree that I will not share such information with any recruiters or any other employers, either during or subsequent to my employment with Company; further, I agree that I will not use or permit use of such as a means to recruit or solicit other Company employees away from Company (either for myself or for others).

3. Proprietary Developments. This Agreement also concerns inventions and discoveries (whether or not patentable), designs, works of authorship, mask works, improvements, data, processes, computer programs and software (hereinafter called "Proprietary Developments") that are conceived or made by me alone or with others while I am employed by Company and that relate to the research and development or the business of Company, or that result from work

performed by me for Company, or that are developed, in whole or in part, using Company's equipment, supplies, facilities or trade secrets information. Such Proprietary Developments are the sole property of Company, and I hereby assign and transfer all rights in such Proprietary Developments to Company. I also agree that any works of authorship created by me shall be deemed to be "works made for hire." I further agree for all Proprietary Developments:

(a) to disclose them promptly to Company;
(b) to sign any assignment document to formally perfect and confirm my assignment of title to Company;
(c) to assign any right of recovery for past damages to Company; and
(d) to execute any other documents deemed necessary by Company to obtain, record and perfect patent, copyright, mask works and/or trade secret protection in all countries, in Company's name and at Company's expense. I understand that Company may delegate these rights. I agree that, if requested, my disclosure, assignment, execution and cooperation duties will be provided to the entity designated by Company.

This Agreement does not apply to an invention for which no equipment, supplies, facility or trade secret information of the employer was used and which was developed entirely on the employee's own time, unless (a) the invention relates (i) to the business of the employer or (ii) to the employer's actual or demonstrably anticipated research or development, or (b) the invention results from any work performed by the employee for the employer.

4. Respect for Rights of Former Employers. I agree to honor any valid disclosure or use restrictions on information or intellectual property known to me and received from any former employers or any other parties prior to my employment by Company. I agree that without prior written consent of such former employers or other parties, I will not knowingly use any such information in connection with my Company work or work product, and I will not bring onto the premises of Company any such information in whatever tangible or readable form.

5. Work Product. The product of all work performed by me during and within the scope of my Company employment including, without limitation, any files, presentations, reports, documents, drawings, computer programs, devices and models, will be the sole property of Company. I understand that Company has the sole right to use, sell, license, publish or otherwise disseminate or transfer rights in such work product.

6. Company Property. I will not remove any Company property from Company premises without Company's permission. Upon the end of my employment with Company, I will return all Company property to Company unless Company's written permission to keep it is obtained.

7. Protective Covenants. I acknowledge that a simple agreement not to disclose or use Company's Confidential Information or Proprietary Developments after my employment by Company ends would be inadequate, standing alone, to protect Company's legitimate business interests because some activities by a former employee who had held a position like mine would, by their nature, compromise such Confidential Information and Proprietary Developments as well as the goodwill and customer relationships that Company will pay me to develop for Company during my employment by Company. I recognize that activities that violate Company's rights in this regard, whether or not intentional, are often undetectable by Company

until it is too late to obtain any effective remedy, and that such activities will cause irreparable injury to Company. To prevent this kind of irreparable harm and to protect Company's trade secrets, I agree that during my employment and for a period of twelve months following the end of my employment with Company, I will abide by the following Protective Covenants:

(a) No Solicitation of Customers. I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with or accepting any order from any customer of Company for the benefit of a Competing Line of Business if I either had business−related contact with that customer or received Confidential Information about that customer in the last two years of my employment at Company;

(b) No Solicitation of Company Employees. I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with an Company Employee for the purpose of persuading or helping the Company Employee to end or reduce his or her employment relationship with Company if I either worked with that Company Employee or received Confidential Information about that Company Employee in the last two years of my employment with Company; and

(c) No Solicitation of Company Suppliers. I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with an Company Supplier for the purpose of persuading or helping the Company Supplier to end or modify to Company's detriment an existing business relationship with Company if I either worked with that Company Supplier or received Confidential Information about that Company Supplier in the last two years of my employment with Company. As used here, "Competing Line of Business" includes a business that involves a product or service offered or to be offered by anyone other than Company that would replace or compete with any product or service offered or to be offered by Company or its related corporations (unless Company and its related corporations are no longer engaged in or planning to engage in that line of business). "Company Employee" means an individual employed by or retained as a consultant to Company or its related corporations. "Company Supplier" means an individual, corporation, other business entity or separately operated business unit of an entity that regularly provides goods or services to Company or its related corporations, including without limitation any OEM, ODM or subcontractor.

8. Enforcement. I make these agreements to avoid any future dispute between myself and Company regarding specific restrictions on my post−employment conduct that will be reasonable, necessary and enforceable to protect Company's Confidential Information and Proprietary Developments and other legitimate business interests. The Protective Covenants are ancillary to the other terms of this Agreement and my employment relationship with Company. This Agreement benefits both me and Company because, among other things, it provides finality and predictability for both me and the company regarding enforceable boundaries on my future conduct. Accordingly, I agree that this Agreement and the restrictions in it should be enforced under common law rules favoring the enforcement of such agreements. For these reasons, I agree that I will not pursue any legal action to set aside or avoid application of the Protective Covenants. This Agreement will survive the end of my employment with Company and shall, likewise, continue to apply and be valid notwithstanding any change in my duties, responsibilities, position, or title.

9. Relief; Extension. I understand that if I violate this Agreement (particularly the Protective Covenants), Company will be entitled to (i) injunctive relief by temporary restraining order, temporary injunction, and/or permanent injunction, (ii) recovery of attorneys' fees and costs incurred by Company in obtaining such relief where allowed by law, and (iii) any other legal and equitable relief to which Company may be entitled. Injunctive relief will not exclude other remedies that might apply. If I am found to have violated any restrictions in the Protective Covenants, then the time period for such restrictions will be extended by one day for each day that I am found to have violated them, up to a maximum extension equal to the time period originally prescribed for the restrictions.

10. Severability; Authority for Revision; Assignment; Governing Law. The provisions of this Agreement will be separately construed. If any provision contained in this Agreement is determined to be void, illegal or unenforceable, in whole or in part, then the other provisions contained herein will remain in full force and effect as if the provision so determined had not been contained herein. If the restrictions provided in this Agreement are deemed unenforceable as written, the parties expressly authorize the court to revise, delete, or add to such restrictions to the extent necessary to enforce the intent of the parties and to provide Company's goodwill, Confidential Information, Proprietary Developments and other business interests with effective protection. In the event the restrictions provided in this Agreement are deemed unenforceable and cannot be reformed to make them enforceable, then any prior agreements that I have made with Company relating to confidential information or proprietary developments shall not be deemed to have been superseded or otherwise affected by this Agreement, but instead shall remain in effect. The title and paragraph headings in this Agreement are provided for convenience of reference only, and shall not be considered in determining its meaning, intent or applicability. This Agreement will inure to the benefit of the parties' heirs, successors and assigns. This Agreement, including but not limited to the Protective Covenants, may be assigned by Company to a subsequent employer, successor or assign without the need for further authorization or agreement from me. This Agreement will be governed by the laws of the country and/or state identified as my work location in which I work at the time of its enforcement.

11. Acceptance by Company. A counterpart of this Agreement has been manually executed by a duly authorized representative to indicate Company's acceptance of the terms hereof and Company's covenant to perform its obligations hereunder (including, without limitation, Company's agreement that I will be provided certain confidential and proprietary information, training, and/or customer contacts to assist me in my duties). Such acceptance on behalf of Company is conditioned upon my reciprocal agreement to such terms. I acknowledge the sufficiency of Company's acceptance of the terms hereof to establish the mutual rights and responsibilities defined herein.

12. Acceptance by Employee. By placing my signature below, I confirm that I have read and fully understood the terms of this Agreement, and have been at liberty to seek legal advice on the same prior to my acceptance of such terms.

(b) to hold such information in confidence and trust; and
(c) to use all reasonable precautions to assure that such information is not disclosed to unauthorized persons or used in an unauthorized manner, both during and after my employment with Company. I further agree that any organizational information or staffing information learned by me in connection with my employment by Company is the Confidential Information of Company, and I agree that I will not share such information with any recruiters or any other employers, either during or subsequent to my employment with Company; further, I agree that I will not use or permit use of such as a means to recruit or solicit other Company employees away from Company (either for myself or for others).

3. Proprietary Developments. This Agreement also concerns inventions and discoveries (whether or not patentable), designs, works of authorship, mask works, improvements, data, processes, computer programs and software (hereinafter called "Proprietary Developments") that are conceived or made by me alone or with others while I am employed by Company and that relate to the research and development or the business of Company, or that result from work

performed by me for Company, or that are developed, in whole or in part, using Company's equipment, supplies, facilities or trade secrets information. Such Proprietary Developments are the sole property of Company, and I hereby assign and transfer all rights in such Proprietary Developments to Company. I also agree that any works of authorship created by me shall be deemed to be "works made for hire." I further agree for all Proprietary Developments:

(a) to disclose them promptly to Company;
(b) to sign any assignment document to formally perfect and confirm my assignment of title to Company;
(c) to assign any right of recovery for past damages to Company; and
(d) to execute any other documents deemed necessary by Company to obtain, record and perfect patent, copyright, mask works and/or trade secret protection in all countries, in Company's name and at Company's expense. I understand that Company may delegate these rights. I agree that, if requested, my disclosure, assignment, execution and cooperation duties will be provided to the entity designated by Company.

This Agreement does not apply to an invention for which no equipment, supplies, facility or trade secret information of the employer was used and which was developed entirely on the employee's own time, unless (a) the invention relates (i) to the business of the employer or (ii) to the employer's actual or demonstrably anticipated research or development, or (b) the invention results from any work performed by the employee for the employer.

4. Respect for Rights of Former Employers. I agree to honor any valid disclosure or use restrictions on information or intellectual property known to me and received from any former employers or any other parties prior to my employment by Company. I agree that without prior written consent of such former employers or other parties, I will not knowingly use any such information in connection with my Company work or work product, and I will not bring onto the premises of Company any such information in whatever tangible or readable form.

5. Work Product. The product of all work performed by me during and within the scope of my Company employment including, without limitation, any files, presentations, reports, documents, drawings, computer programs, devices and models, will be the sole property of Company. I understand that Company has the sole right to use, sell, license, publish or otherwise disseminate or transfer rights in such work product.

6. Company Property. I will not remove any Company property from Company premises without Company's permission. Upon the end of my employment with Company, I will return all Company property to Company unless Company's written permission to keep it is obtained.

7. Protective Covenants. I acknowledge that a simple agreement not to disclose or use Company's Confidential Information or Proprietary Developments after my employment by Company ends would be inadequate, standing alone, to protect Company's legitimate business interests because some activities by a former employee who had held a position like mine would, by their nature, compromise such Confidential Information and Proprietary Developments as well as the goodwill and customer relationships that Company will pay me to develop for Company during my employment by Company. I recognize that activities that violate Company's rights in this regard, whether or not intentional, are often undetectable by Company

until it is too late to obtain any effective remedy, and that such activities will cause irreparable injury to Company. To prevent this kind of irreparable harm and to protect Company's trade secrets, I agree that during my employment and for a period of twelve months following the end of my employment with Company, I will abide by the following Protective Covenants:

(a) No Solicitation of Customers. I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with or accepting any order from any customer of Company for the benefit of a Competing Line of Business if I either had business−related contact with that customer or received Confidential Information about that customer in the last two years of my employment at Company;

(b) No Solicitation of Company Employees. I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with an Company Employee for the purpose of persuading or helping the Company Employee to end or reduce his or her employment relationship with Company if I either worked with that Company Employee or received Confidential Information about that Company Employee in the last two years of my employment with Company; and

(c) No Solicitation of Company Suppliers. I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with an Company Supplier for the purpose of persuading or helping the Company Supplier to end or modify to Company's detriment an existing business relationship with Company if I either worked with that Company Supplier or received Confidential Information about that Company Supplier in the last two years of my employment with Company. As used here, "Competing Line of Business" includes a business that involves a product or service offered or to be offered by anyone other than Company that would replace or compete with any product or service offered or to be offered by Company or its related corporations (unless Company and its related corporations are no longer engaged in or planning to engage in that line of business). "Company Employee" means an individual employed by or retained as a consultant to Company or its related corporations. "Company Supplier" means an individual, corporation, other business entity or separately operated business unit of an entity that regularly provides goods or services to Company or its related corporations, including without limitation any OEM, ODM or subcontractor.

8. Enforcement. I make these agreements to avoid any future dispute between myself and Company regarding specific restrictions on my post−employment conduct that will be reasonable, necessary and enforceable to protect Company's Confidential Information and Proprietary Developments and other legitimate business interests. The Protective Covenants are ancillary to the other terms of this Agreement and my employment relationship with Company. This Agreement benefits both me and Company because, among other things, it provides finality and predictability for both me and the company regarding enforceable boundaries on my future conduct. Accordingly, I agree that this Agreement and the restrictions in it should be enforced under common law rules favoring the enforcement of such agreements. For these reasons, I agree that I will not pursue any legal action to set aside or avoid application of the Protective Covenants. This Agreement will survive the end of my employment with Company and shall, likewise, continue to apply and be valid notwithstanding any change in my duties, responsibilities, position, or title.

9. Relief; Extension. I understand that if I violate this Agreement (particularly the Protective Covenants), Company will be entitled to (i) injunctive relief by temporary restraining order, temporary injunction, and/or permanent injunction, (ii) recovery of attorneys' fees and costs incurred by Company in obtaining such relief where allowed by law, and (iii) any other legal and equitable relief to which Company may be entitled. Injunctive relief will not exclude other remedies that might apply. If I am found to have violated any restrictions in the Protective Covenants, then the time period for such restrictions will be extended by one day for each day that I am found to have violated them, up to a maximum extension equal to the time period originally prescribed for the restrictions.

10. Severability; Authority for Revision; Assignment; Governing Law. The provisions of this Agreement will be separately construed. If any provision contained in this Agreement is determined to be void, illegal or unenforceable, in whole or in part, then the other provisions contained herein will remain in full force and effect as if the provision so determined had not been contained herein. If the restrictions provided in this Agreement are deemed unenforceable as written, the parties expressly authorize the court to revise, delete, or add to such restrictions to the extent necessary to enforce the intent of the parties and to provide Company's goodwill, Confidential Information, Proprietary Developments and other business interests with effective protection. In the event the restrictions provided in this Agreement are deemed unenforceable and cannot be reformed to make them enforceable, then any prior agreements that I have made with Company relating to confidential information or proprietary developments shall not be deemed to have been superseded or otherwise affected by this Agreement, but instead shall remain in effect. The title and paragraph headings in this Agreement are provided for convenience of reference only, and shall not be considered in determining its meaning, intent or applicability. This Agreement will inure to the benefit of the parties' heirs, successors and assigns. This Agreement, including but not limited to the Protective Covenants, may be assigned by Company to a subsequent employer, successor or assign without the need for further authorization or agreement from me. This Agreement will be governed by the laws of the country and/or state identified as my work location in which I work at the time of its enforcement.

11. Acceptance by Company. A counterpart of this Agreement has been manually executed by a duly authorized representative to indicate Company's acceptance of the terms hereof and Company's covenant to perform its obligations hereunder (including, without limitation, Company's agreement that I will be provided certain confidential and proprietary information, training, and/or customer contacts to assist me in my duties). Such acceptance on behalf of Company is conditioned upon my reciprocal agreement to such terms. I acknowledge the sufficiency of Company's acceptance of the terms hereof to establish the mutual rights and responsibilities defined herein.

12. Acceptance by Employee. By placing my signature below, I confirm that I have read and fully understood the terms of this Agreement, and have been at liberty to seek legal advice on the same prior to my acceptance of such terms.

I understand, however, that nothing relating to this Agreement will be interpreted as a contract or commitment whereby Company is deemed to promise continuing employment for a specified duration.

2. Confidential Information. This Agreement concerns trade secrets, confidential business and technical information, and know−how not generally known to the public (hereinafter "Confidential Information") which is acquired or produced by me in connection with my employment by Company. Confidential Information may include, without limitation, information on Company organizations, staffing, finance, structure, information of employee performance, compensation of others, research and development, manufacturing and marketing, files, keys, certificates, passwords and other computer information, as well as information that Company receives from others under an obligation of confidentiality. I agree to abide by the Company Confidential Information Policy and specifically agree that with regard to Company Confidential Information:

(a) to use such information only in the performance of Company duties;
(b) to hold such information in confidence and trust; and
(c) to use all reasonable precautions to assure that such information is not disclosed to unauthorized persons or used in an unauthorized manner, both during and after my employment with Company. I further agree that any organizational information or staffing information learned by me in connection with my employment by Company is the Confidential Information of Company, and I agree that I will not share such information with any recruiters or any other employers, either during or subsequent to my employment with Company; further, I agree that I will not use or permit use of such as a means to recruit or solicit other Company employees away from Company (either for myself or for others).

3. Proprietary Developments. This Agreement also concerns inventions and discoveries (whether or not patentable), designs, works of authorship, mask works, improvements, data, processes, computer programs and software (hereinafter called "Proprietary Developments") that are conceived or made by me alone or with others while I am employed by Company and that relate to the research and development or the business of Company, or that result from work

performed by me for Company, or that are developed, in whole or in part, using Company's equipment, supplies, facilities or trade secrets information. Such Proprietary Developments are the sole property of Company, and I hereby assign and transfer all rights in such Proprietary Developments to Company. I also agree that any works of authorship created by me shall be deemed to be "works made for hire." I further agree for all Proprietary Developments:

I agree that without prior written consent of such former employers or other parties, I will not knowingly use any such information in connection with my Company work or work product, and I will not bring onto the premises of Company any such information in whatever tangible or readable form.

5. Work Product. The product of all work performed by me during and within the scope of my Company employment including, without limitation, any files, presentations, reports, documents, drawings, computer programs, devices and models, will be the sole property of Company. I understand that Company has the sole right to use, sell, license, publish or otherwise disseminate or transfer rights in such work product.

6. Company Property. I will not remove any Company property from Company premises without Company's permission. Upon the end of my employment with Company, I will return all Company property to Company unless Company's written permission to keep it is obtained.

7. Protective Covenants. I acknowledge that a simple agreement not to disclose or use Company's Confidential Information or Proprietary Developments after my employment by Company ends would be inadequate, standing alone, to protect Company's legitimate business interests because some activities by a former employee who had held a position like mine would, by their nature, compromise such Confidential Information and Proprietary Developments as well as the goodwill and customer relationships that Company will pay me to develop for Company during my employment by Company. I recognize that activities that violate Company's rights in this regard, whether or not intentional, are often undetectable by Company

until it is too late to obtain any effective remedy, and that such activities will cause irreparable injury to Company. "Company Employee" means an individual employed by or retained as a consultant to Company or its related corporations. 8. Enforcement. I make these agreements to avoid any future dispute between myself and Company regarding specific restrictions on my post−employment conduct that will be reasonable, necessary and enforceable to protect Company's Confidential Information and Proprietary Developments and other legitimate business interests. The Protective Covenants are ancillary to the other terms of this Agreement and my employment relationship with Company. This Agreement benefits both me and Company because, among other things, it provides finality and predictability for both me and the company regarding enforceable boundaries on my future conduct. Accordingly, I agree that this Agreement and the restrictions in it should be enforced under common law rules favoring the enforcement of such agreements. For these reasons, I agree that I will not pursue any legal action to set aside or avoid application of the Protective Covenants. This Agreement will survive the end of my employment with Company and shall, likewise, continue to apply and be valid notwithstanding any change in my duties, responsibilities, position, or title.

9. Relief; Extension. I understand that if I violate this Agreement (particularly the Protective Covenants), Company will be entitled to (i) injunctive relief by temporary restraining order, temporary injunction, and/or permanent injunction, (ii) recovery of attorneys' fees and costs incurred by Company in obtaining such relief where allowed by law, and (iii) any other legal and equitable relief to which Company may be entitled. Injunctive relief will not exclude other remedies that might apply. If I am found to have violated any restrictions in the Protective Covenants, then the time period for such restrictions will be extended by one day for each day that I am found to have violated them, up to a maximum extension equal to the time period originally prescribed for the restrictions.

10. Severability; Authority for Revision; Assignment; Governing Law. The provisions of this Agreement will be separately construed. If any provision contained in this Agreement is determined to be void, illegal or unenforceable, in whole or in part, then the other provisions contained herein will remain in full force and effect as if the provision so determined had not been contained herein. If the restrictions provided in this Agreement are deemed unenforceable as written, the parties expressly authorize the court to revise, delete, or add to such restrictions to the extent necessary to enforce the intent of the parties and to provide Company's goodwill, Confidential Information, Proprietary Developments and other business interests with effective protection. In the event the restrictions provided in this Agreement are deemed unenforceable and cannot be reformed to make them enforceable, then any prior agreements that I have made with Company relating to confidential information or proprietary developments shall not be deemed to have been superseded or otherwise affected by this Agreement, but instead shall remain in effect. The title and paragraph headings in this Agreement are provided for convenience of reference only, and shall not be considered in determining its meaning, intent or applicability. This Agreement will inure to the benefit of the parties' heirs, successors and assigns. This Agreement, including but not limited to the Protective Covenants, may be assigned by Company to a subsequent employer, successor or assign without the need for further authorization or agreement from me. This Agreement will be governed by the laws of the country and/or state identified as my work location in which I work at the time of its enforcement.

11. Acceptance by Company. A counterpart of this Agreement has been manually executed by a duly authorized representative to indicate Company's acceptance of the terms hereof and Company's covenant to perform its obligations hereunder (including, without limitation, Company's agreement that I will be provided certain confidential and proprietary information, training, and/or customer contacts to assist me in my duties). Such acceptance on behalf of Company is conditioned upon my reciprocal agreement to such terms. I acknowledge the sufficiency of Company's acceptance of the terms hereof to establish the mutual rights and responsibilities defined herein.

12. Acceptance by Employee. By placing my signature below, I confirm that I have read and fully understood the terms of this Agreement, and have been at liberty to seek legal advice on the same prior to my acceptance of such terms.

Agreement Regarding Confidential Information and Proprietary Developments India

<<pls insert employee First Name, Second Name>>

1. Consideration and Relationship to Employment. As a condition of my employment with DXC or one of its subsidiaries, successors, assigns, or affiliates (referred to collectively as, "Company"), in return for Company's agreement that I will be provided certain confidential and proprietary information, training, and/or customer contacts to assist me in my duties in such employment, I knowingly agree to restrictions provided for below that will apply during and after my employment by Company. I understand, however, that nothing relating to this Agreement will be interpreted as a contract or commitment whereby Company is deemed to promise continuing employment for a specified duration.

2. Confidential Information. This Agreement concerns trade secrets, confidential business and technical information, and know−how not generally known to the public (hereinafter "Confidential Information") which is acquired or produced by me in connection with my employment by Company. Confidential Information may include, without limitation, information on Company organizations, staffing, finance, structure, information of employee performance, compensation of others, research and development, manufacturing and marketing, files, keys, certificates, passwords and other computer information, as well as information that Company receives from others under an obligation of confidentiality. I agree to abide by the Company Confidential Information Policy and specifically agree that with regard to Company Confidential Information:

(a) to use such information only in the performance of Company duties;
(b) to hold such information in confidence and trust; and
(c) to use all reasonable precautions to assure that such information is not disclosed to unauthorized persons or used in an unauthorized manner, both during and after my employment with Company. I further agree that any organizational information or staffing information learned by me in connection with my employment by Company is the Confidential Information of Company, and I agree that I will not share such information with any recruiters or any other employers, either during or subsequent to my employment with Company; further, I agree that I will not use or permit use of such as a means to recruit or solicit other Company employees away from Company (either for myself or for others).

3. Proprietary Developments. This Agreement also concerns inventions and discoveries (whether or not patentable), designs, works of authorship, mask works, improvements, data, processes, computer programs and software (hereinafter called "Proprietary Developments") that are conceived or made by me alone or with others while I am employed by Company and that relate to the research and development or the business of Company, or that result from work

performed by me for Company, or that are developed, in whole or in part, using Company's equipment, supplies, facilities or trade secrets information. Such Proprietary Developments are the sole property of Company, and I hereby assign and transfer all rights in such Proprietary Developments to Company. I also agree that any works of authorship created by me shall be deemed to be "works made for hire." I further agree for all Proprietary Developments:

(a) to disclose them promptly to Company;
(b) to sign any assignment document to formally perfect and confirm my assignment of title to Company;
(c) to assign any right of recovery for past damages to Company; and
(d) to execute any other documents deemed necessary by Company to obtain, record and perfect patent, copyright, mask works and/or trade secret protection in all countries, in Company's name and at Company's expense. I understand that Company may delegate these rights. I agree that, if requested, my disclosure, assignment, execution and cooperation duties will be provided to the entity designated by Company.

This Agreement does not apply to an invention for which no equipment, supplies, facility or trade secret information of the employer was used and which was developed entirely on the employee's own time, unless (a) the invention relates (i) to the business of the employer or (ii) to the employer's actual or demonstrably anticipated research or development, or (b) the invention results from any work performed by the employee for the employer.

4. Respect for Rights of Former Employers. I agree to honor any valid disclosure or use restrictions on information or intellectual property known to me and received from any former employers or any other parties prior to my employment by Company. I agree that without prior written consent of such former employers or other parties, I will not knowingly use any such information in connection with my Company work or work product, and I will not bring onto the premises of Company any such information in whatever tangible or readable form.

5. Work Product. The product of all work performed by me during and within the scope of my Company employment including, without limitation, any files, presentations, reports, documents, drawings, computer programs, devices and models, will be the sole property of Company. I understand that Company has the sole right to use, sell, license, publish or otherwise disseminate or transfer rights in such work product.

6. Company Property. I will not remove any Company property from Company premises without Company's permission. Upon the end of my employment with Company, I will return all Company property to Company unless Company's written permission to keep it is obtained.

7. Protective Covenants. I acknowledge that a simple agreement not to disclose or use Company's Confidential Information or Proprietary Developments after my employment by Company ends would be inadequate, standing alone, to protect Company's legitimate business interests because some activities by a former employee who had held a position like mine would, by their nature, compromise such Confidential Information and Proprietary Developments as well as the goodwill and customer relationships that Company will pay me to develop for Company during my employment by Company. I recognize that activities that violate Company's rights in this regard, whether or not intentional, are often undetectable by Company

until it is too late to obtain any effective remedy, and that such activities will cause irreparable injury to Company. To prevent this kind of irreparable harm and to protect Company's trade secrets, I agree that during my employment and for a period of twelve months following the end of my employment with Company, I will abide by the following Protective Covenants:

(a) No Solicitation of Customers. I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with or accepting any order from any customer of Company for the benefit of a Competing Line of Business if I either had business−related contact with that customer or received Confidential Information about that customer in the last two years of my employment at Company;

(b) No Solicitation of Company Employees. I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with an Company Employee for the purpose of persuading or helping the Company Employee to end or reduce his or her employment relationship with Company if I either worked with that Company Employee or received Confidential Information about that Company Employee in the last two years of my employment with Company; and

(c) No Solicitation of Company Suppliers. I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with an Company Supplier for the purpose of persuading or helping the Company Supplier to end or modify to Company's detriment an existing business relationship with Company if I either worked with that Company Supplier or received Confidential Information about that Company Supplier in the last two years of my employment with Company. As used here, "Competing Line of Business" includes a business that involves a product or service offered or to be offered by anyone other than Company that would replace or compete with any product or service offered or to be offered by Company or its related corporations (unless Company and its related corporations are no longer engaged in or planning to engage in that line of business). "Company Employee" means an individual employed by or retained as a consultant to Company or its related corporations. "Company Supplier" means an individual, corporation, other business entity or separately operated business unit of an entity that regularly provides goods or services to Company or its related corporations, including without limitation any OEM, ODM or subcontractor.

8. Enforcement. I make these agreements to avoid any future dispute between myself and Company regarding specific restrictions on my post−employment conduct that will be reasonable, necessary and enforceable to protect Company's Confidential Information and Proprietary Developments and other legitimate business interests. The Protective Covenants are ancillary to the other terms of this Agreement and my employment relationship with Company. This Agreement benefits both me and Company because, among other things, it provides finality and predictability for both me and the company regarding enforceable boundaries on my future conduct. Accordingly, I agree that this Agreement and the restrictions in it should be enforced under common law rules favoring the enforcement of such agreements. For these reasons, I agree that I will not pursue any legal action to set aside or avoid application of the Protective Covenants. This Agreement will survive the end of my employment with Company and shall, likewise, continue to apply and be valid notwithstanding any change in my duties, responsibilities, position, or title.

9. Relief; Extension. I understand that if I violate this Agreement (particularly the Protective Covenants), Company will be entitled to (i) injunctive relief by temporary restraining order, temporary injunction, and/or permanent injunction, (ii) recovery of attorneys' fees and costs incurred by Company in obtaining such relief where allowed by law, and (iii) any other legal and equitable relief to which Company may be entitled. Injunctive relief will not exclude other remedies that might apply. If I am found to have violated any restrictions in the Protective Covenants, then the time period for such restrictions will be extended by one day for each day that I am found to have violated them, up to a maximum extension equal to the time period originally prescribed for the restrictions.

10. Severability; Authority for Revision; Assignment; Governing Law. The provisions of this Agreement will be separately construed. If any provision contained in this Agreement is determined to be void, illegal or unenforceable, in whole or in part, then the other provisions contained herein will remain in full force and effect as if the provision so determined had not been contained herein. If the restrictions provided in this Agreement are deemed unenforceable as written, the parties expressly authorize the court to revise, delete, or add to such restrictions to the extent necessary to enforce the intent of the parties and to provide Company's goodwill, Confidential Information, Proprietary Developments and other business interests with effective protection. In the event the restrictions provided in this Agreement are deemed unenforceable and cannot be reformed to make them enforceable, then any prior agreements that I have made with Company relating to confidential information or proprietary developments shall not be deemed to have been superseded or otherwise affected by this Agreement, but instead shall remain in effect. The title and paragraph headings in this Agreement are provided for convenience of reference only, and shall not be considered in determining its meaning, intent or applicability. This Agreement will inure to the benefit of the parties' heirs, successors and assigns. This Agreement, including but not limited to the Protective Covenants, may be assigned by Company to a subsequent employer, successor or assign without the need for further authorization or agreement from me. Agreement Regarding Confidential Information and Proprietary Developments India

<<pls insert employee First Name, Second Name>>

1. Consideration and Relationship to Employment. As a condition of my employment with DXC or one of its subsidiaries, successors, assigns, or affiliates (referred to collectively as, "Company"), in return for Company's agreement that I will be provided certain confidential and proprietary information, training, and/or customer contacts to assist me in my duties in such employment, I knowingly agree to restrictions provided for below that will apply during and after my employment by Company. I understand, however, that nothing relating to this Agreement will be interpreted as a contract or commitment whereby Company is deemed to promise continuing employment for a specified duration.

2. Confidential Information. This Agreement concerns trade secrets, confidential business and technical information, and know−how not generally known to the public (hereinafter "Confidential Information") which is acquired or produced by me in connection with my employment by Company. Confidential Information may include, without limitation, information on Company organizations, staffing, finance, structure, information of employee performance, compensation of others, research and development, manufacturing and marketing, files, keys, certificates, passwords and other computer information, as well as information that Company receives from others under an obligation of confidentiality. I agree to abide by the Company Confidential Information Policy and specifically agree that with regard to Company Confidential Information:

(a) to use such information only in the performance of Company duties;
(b) to hold such information in confidence and trust; and
(c) to use all reasonable precautions to assure that such information is not disclosed to unauthorized persons or used in an unauthorized manner, both during and after my employment with Company. I further agree that any organizational information or staffing information learned by me in connection with my employment by Company is the Confidential Information of Company, and I agree that I will not share such information with any recruiters or any other employers, either during or subsequent to my employment with Company; further, I agree that I will not use or permit use of such as a means to recruit or solicit other Company employees away from Company (either for myself or for others).

3. Proprietary Developments. This Agreement also concerns inventions and discoveries (whether or not patentable), designs, works of authorship, mask works, improvements, data, processes, computer programs and software (hereinafter called "Proprietary Developments") that are conceived or made by me alone or with others while I am employed by Company and that relate to the research and development or the business of Company, or that result from work

performed by me for Company, or that are developed, in whole or in part, using Company's equipment, supplies, facilities or trade secrets information. Such Proprietary Developments are the sole property of Company, and I hereby assign and transfer all rights in such Proprietary Developments to Company. I also agree that any works of authorship created by me shall be deemed to be "works made for hire." I further agree for all Proprietary Developments:

(a) to disclose them promptly to Company;
(b) to sign any assignment document to formally perfect and confirm my assignment of title to Company;
(c) to assign any right of recovery for past damages to Company; and
(d) to execute any other documents deemed necessary by Company to obtain, record and perfect patent, copyright, mask works and/or trade secret protection in all countries, in Company's name and at Company's expense. I understand that Company may delegate these rights. I agree that, if requested, my disclosure, assignment, execution and cooperation duties will be provided to the entity designated by Company.

This Agreement does not apply to an invention for which no equipment, supplies, facility or trade secret information of the employer was used and which was developed entirely on the employee's own time, unless (a) the invention relates (i) to the business of the employer or (ii) to the employer's actual or demonstrably anticipated research or development, or (b) the invention results from any work performed by the employee for the employer.

4. Respect for Rights of Former Employers. I agree to honor any valid disclosure or use restrictions on information or intellectual property known to me and received from any former employers or any other parties prior to my employment by Company. I agree that without prior written consent of such former employers or other parties, I will not knowingly use any such information in connection with my Company work or work product, and I will not bring onto the premises of Company any such information in whatever tangible or readable form.

5. Work Product. The product of all work performed by me during and within the scope of my Company employment including, without limitation, any files, presentations, reports, documents, drawings, computer programs, devices and models, will be the sole property of Company. I understand that Company has the sole right to use, sell, license, publish or otherwise disseminate or transfer rights in such work product.

6. Company Property. I will not remove any Company property from Company premises without Company's permission. Upon the end of my employment with Company, I will return all Company property to Company unless Company's written permission to keep it is obtained.

7. Protective Covenants. I acknowledge that a simple agreement not to disclose or use Company's Confidential Information or Proprietary Developments after my employment by Company ends would be inadequate, standing alone, to protect Company's legitimate business interests because some activities by a former employee who had held a position like mine would, by their nature, compromise such Confidential Information and Proprietary Developments as well as the goodwill and customer relationships that Company will pay me to develop for Company during my employment by Company. I recognize that activities that violate Company's rights in this regard, whether or not intentional, are often undetectable by Company

until it is too late to obtain any effective remedy, and that such activities will cause irreparable injury to Company. To prevent this kind of irreparable harm and to protect Company's trade secrets, I agree that during my employment and for a period of twelve months following the end of my employment with Company, I will abide by the following Protective Covenants:

(a) No Solicitation of Customers. I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with or accepting any order from any customer of Company for the benefit of a Competing Line of Business if I either had business−related contact with that customer or received Confidential Information about that customer in the last two years of my employment at Company;

(b) No Solicitation of Company Employees. I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with an Company Employee for the purpose of persuading or helping the Company Employee to end or reduce his or her employment relationship with Company if I either worked with that Company Employee or received Confidential Information about that Company Employee in the last two years of my employment with Company; and

(c) No Solicitation of Company Suppliers. I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with an Company Supplier for the purpose of persuading or helping the Company Supplier to end or modify to Company's detriment an existing business relationship with Company if I either worked with that Company Supplier or received Confidential Information about that Company Supplier in the last two years of my employment with Company. As used here, "Competing Line of Business" includes a business that involves a product or service offered or to be offered by anyone other than Company that would replace or compete with any product or service offered or to be offered by Company or its related corporations (unless Company and its related corporations are no longer engaged in or planning to engage in that line of business). "Company Employee" means an individual employed by or retained as a consultant to Company or its related corporations. "Company Supplier" means an individual, corporation, other business entity or separately operated business unit of an entity that regularly provides goods or services to Company or its related corporations, including without limitation any OEM, ODM or subcontractor.

8. Enforcement. I make these agreements to avoid any future dispute between myself and Company regarding specific restrictions on my post−employment conduct that will be reasonable, necessary and enforceable to protect Company's Confidential Information and Proprietary Developments and other legitimate business interests. The Protective Covenants are ancillary to the other terms of this Agreement and my employment relationship with Company. This Agreement benefits both me and Company because, among other things, it provides finality and predictability for both me and the company regarding enforceable boundaries on my future conduct. Accordingly, I agree that this Agreement and the restrictions in it should be enforced under common law rules favoring the enforcement of such agreements. For these reasons, I agree that I will not pursue any legal action to set aside or avoid application of the Protective Covenants. This Agreement will survive the end of my employment with Company and shall, likewise, continue to apply and be valid notwithstanding any change in my duties, responsibilities, position, or title.

9. Relief; Extension. I understand that if I violate this Agreement (particularly the Protective Covenants), Company will be entitled to (i) injunctive relief by temporary restraining order, temporary injunction, and/or permanent injunction, (ii) recovery of attorneys' fees and costs incurred by Company in obtaining such relief where allowed by law, and (iii) any other legal and equitable relief to which Company may be entitled. Injunctive relief will not exclude other remedies that might apply. If I am found to have violated any restrictions in the Protective Covenants, then the time period for such restrictions will be extended by one day for each day that I am found to have violated them, up to a maximum extension equal to the time period originally prescribed for the restrictions.

10. Severability; Authority for Revision; Assignment; Governing Law. The provisions of this Agreement will be separately construed. If any provision contained in this Agreement is determined to be void, illegal or unenforceable, in whole or in part, then the other provisions contained herein will remain in full force and effect as if the provision so determined had not been contained herein. If the restrictions provided in this Agreement are deemed unenforceable as written, the parties expressly authorize the court to revise, delete, or add to such restrictions to the extent necessary to enforce the intent of the parties and to provide Company's goodwill, Confidential Information, Proprietary Developments and other business interests with effective protection. In the event the restrictions provided in this Agreement are deemed unenforceable and cannot be reformed to make them enforceable, then any prior agreements that I have made with Company relating to confidential information or proprietary developments shall not be deemed to have been superseded or otherwise affected by this Agreement, but instead shall remain in effect. The title and paragraph headings in this Agreement are provided for convenience of reference only, and shall not be considered in determining its meaning, intent or applicability. This Agreement will inure to the benefit of the parties' heirs, successors and assigns. This Agreement, including but not limited to the Protective Covenants, may be assigned by Company to a subsequent employer, successor or assign without the need for further authorization or agreement from me. This Agreement will be governed by the laws of the country and/or state identified as my work location in which I work at the time of its enforcement.

11. Acceptance by Company. A counterpart of this Agreement has been manually executed by a duly authorized representative to indicate Company's acceptance of the terms hereof and Company's covenant to perform its obligations hereunder (including, without limitation, Company's agreement that I will be provided certain confidential and proprietary information, training, and/or customer contacts to assist me in my duties). Such acceptance on behalf of Company is conditioned upon my reciprocal agreement to such terms. I acknowledge the sufficiency of Company's acceptance of the terms hereof to establish the mutual rights and responsibilities defined herein.

12. Acceptance by Employee. By placing my signature below, I confirm that I have read and fully understood the terms of this Agreement, and have been at liberty to seek legal advice on the same prior to my acceptance of such terms.

India

Seema Syed

1. **Consideration and Relationship to Employment.** As a condition of my employment with Hewlett Packard Enterprise or one of its subsidiaries, successors, assigns, or affiliates (referred to collectively as, "Company"), in return for Company's agreement that I will be provided certain confidential and proprietary information, training, and/or customer contacts to assist me in my duties in such employment, I knowingly agree to restrictions provided for below that will apply during and after my employment by Company. I understand, however, that nothing relating to this Agreement will be interpreted as a contract or commitment whereby Company is deemed to promise continuing employment for a specified duration.

2. **Confidential Information.** This Agreement concerns trade secrets, confidential business and technical information, and know-how not generally known to the public (hereinafter "Confidential Information") which is acquired or produced by me in connection with my employment by Company. Confidential Information may include, without limitation, information on Company organizations, staffing, finance, structure, information of employee performance, compensation of others, research and development, manufacturing and marketing, files, keys, certificates, passwords and other computer information, as well as information that Company receives from others under an obligation of confidentiality. I agree to abide by the Company Confidential Information Policy and specifically agree that with regard to Company Confidential Information:

(a) to use such information only in the performance of Company duties;

(b) to hold such information in confidence and trust; and

(c) to use all reasonable precautions to assure that such information is not disclosed to unauthorized persons or used in an unauthorized manner, both during and after my employment with Company.

I further agree that any organizational information or staffing information learned by me in connection with my employment by Company is the Confidential Information of Company, and I agree that I will not share such information with any recruiters or any other employers, either during or subsequent to my employment with Company; further, I agree that I will not use or permit use of such as a means to recruit or solicit other Company employees away from Company (either for myself or for others).

3. **Proprietary Developments.** This Agreement also concerns inventions and discoveries (whether or not patentable), designs, works of authorship, mask works, improvements, data, processes, computer programs and software (hereinafter called "Proprietary Developments") that are conceived or made by me alone or with others while I am employed by Company and that relate to the research and development or the business of Company, or that result from work performed by me for Company, or that are developed, in whole or in part, using Company's equipment, supplies, facilities or trade secrets information.

Such Proprietary Developments are the sole property of Company, and I hereby assign and transfer all rights in such Proprietary Developments to Company. I also agree that any works of authorship created by me shall be deemed to be "works made for hire." I further agree for all Proprietary Developments:

(a) to disclose them promptly to Company;

(b) to sign any assignment document to formally perfect and confirm my assignment of title to Company;

(c) to assign any right of recovery for past damages to Company; and

(d) to execute any other documents deemed necessary by Company to obtain, record and perfect patent, copyright, mask works and/or trade secret protection in all countries, in Company's name and at Company's expense.

I understand that Company may delegate these rights. I agree that, if requested, my disclosure, assignment, execution and cooperation duties will be provided to the entity designated by Company.

This Agreement does not apply to an invention for which no equipment, supplies, facility or trade secret information of the employer was used and which was developed entirely on the employee's own time, unless (a) the invention relates (i) to the business of the employer or (ii) to the employer's actual or demonstrably anticipated research or development, or (b) the invention results from any work performed by the employee for the employer.

4. **Respect for Rights of Former Employers.** I agree to honor any valid disclosure or use restrictions on information or intellectual property known to me and received from any former employers or any other parties prior to my employment by Company. I agree that without prior written consent of such former employers or other parties, I will not knowingly use any such information in connection with

my Company work or work product, and I will not bring onto the premises of Company any such information in whatever tangible or readable form.

5. **Work Product.** The product of all work performed by me during and within the scope of my Company employment including, without limitation, any files, presentations, reports, documents, drawings, computer programs, devices and models, will be the sole property of Company. I understand that Company has the sole right to use, sell, license, publish or otherwise disseminate or transfer rights in such work product.

6. **Company Property.** I will not remove any Company property from Company premises without Company's permission. Upon the end of my employment with Company, I will return all Company property to Company unless Company's written permission to keep it is obtained.

7. **Protective Covenants.** I acknowledge that a simple agreement not to disclose or use Company's Confidential Information or Proprietary Developments after my employment by Company ends would be inadequate, standing alone, to protect Company's legitimate business interests because some activities by a former employee who had held a position like mine would, by their nature, compromise such Confidential Information and Proprietary Developments as well as the goodwill and customer relationships that Company will pay me to develop for Company during my employment by Company.

I recognize that activities that violate Company's rights in this regard, whether or not intentional, are often undetectable by Company until it is too late to obtain any effective remedy, and that such activities will cause irreparable injury to Company. To prevent this kind of irreparable harm and to protect Company's trade secrets, I agree that during my employment and for a period of twelve months following the end of my employment with Company, I will abide by the following Protective Covenants:

(a) **No Solicitation of Customers.** I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with any customer of Company in pursuit of a Competing Line of Business if I either had business-related contact with that customer or received Confidential Information about that customer in the last two years of my employment at Company;

(b) **No Solicitation of Company Employees.** I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with any Company Employee for the purpose of persuading or helping the Company Employee to end or reduce his or her employment relationship with Company if I either worked with that Company Employee or received Confidential Information about that Company Employee in the last two years of my employment with Company; and

(c) **No Solicitation of Company Suppliers.** I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with any Company Supplier for the purpose of persuading or helping the Company Supplier to end or modify to Company's detriment an existing business relationship with Company if I either worked with that Company Supplier or received Confidential Information about that Company Supplier in the last two years of my employment with Company.

As used here, **"Competing Line of Business"** includes a business that involves a product or service offered or to be offered by anyone other than Company that would replace or compete with any product or service offered or to be offered by Company or its related corporations (unless Company and its related corporations are no longer engaged in or planning to engage in that line of business). **"Company Employee"** means an individual employed by or retained as a consultant to Company or its related corporations. **"Company Supplier"** means an individual, corporation, other business entity or separately operated business unit of an entity that regularly provides goods or services to Company or its related corporations, including without limitation any OEM, ODM or subcontractor.

8. **Enforcement.** I make these agreements to avoid any future dispute between myself and Company regarding specific restrictions on my post-employment conduct that will be reasonable, necessary and enforceable to protect Company's Confidential Information and Proprietary Developments and other legitimate business interests. The Protective Covenants are ancillary to the other terms of this Agreement and my employment relationship with Company. This Agreement benefits both me and Company because, among other things, it provides finality and predictability for both me and the company regarding enforceable boundaries on my future conduct. Accordingly, I agree that this Agreement and the restrictions in it should be enforced under common law rules favoring the enforcement of such agreements.

For these reasons, I agree that I will not pursue any legal action to set aside or avoid application of the Protective Covenants. This Agreement will survive the end of my employment with Company and shall, likewise, continue to apply and be valid notwithstanding any change in my duties, responsibilities, position, or title.

9. **Relief; Extension.** I understand that if I violate this Agreement (particularly the Protective Covenants), Company will be entitled to (i) injunctive relief by temporary restraining order, temporary injunction, and/or permanent injunction, (ii) recovery of attorneys' fees and costs incurred by Company in obtaining such relief where allowed by law, and (iii) any other legal and equitable relief to which Company may be entitled. Injunctive relief will not exclude other remedies that might apply. If I am found to have violated any restrictions in the Protective Covenants, then the time period for such restrictions will be extended by one day for each day that I am found to have violated them, up to a maximum extension equal to the time period originally prescribed for the restrictions.

10. **Severability; Authority for Revision; Assignment; Governing Law.** The provisions of this Agreement will be separately construed. If any provision contained in this Agreement is determined to be void, illegal or unenforceable, in whole or in part, then the other provisions contained herein will remain in full force and effect as if the provision so determined had not been contained herein. If the restrictions provided in this Agreement are deemed unenforceable as written, the parties expressly authorize the court to revise, delete, or add to such restrictions to the extent necessary to enforce the intent of the parties and to provide Company's goodwill, Confidential Information, Proprietary Developments and other business interests with effective protection. In the event the restrictions provided in this Agreement are deemed unenforceable and cannot be reformed to make them enforceable, then any prior agreements that I have made with Company relating to confidential

information or proprietary developments shall not be deemed to have been superseded or otherwise affected by this Agreement, but instead shall remain in effect. The title and paragraph headings in this Agreement are provided for convenience of reference only, and shall not be considered in determining its meaning, intent or applicability. This Agreement will inure to the benefit of the parties' heirs, successors and assigns. This Agreement, including but not limited to the Protective Covenants, may be assigned by Company to a subsequent employer, successor or assign without the need for further authorization or agreement from me. This Agreement will be governed by the laws of the country and/or state identified as my work location in which I work at the time of its enforcement.

11. **Acceptance by Company.** A counterpart of this Agreement has been manually executed by a duly authorized representative to indicate Company's acceptance of the terms hereof and Company's covenant to perform its obligations hereunder (including, without limitation, Company's agreement that I will be provided certain confidential and proprietary information, training, and/or customer contacts to assist me in my duties). Such acceptance on behalf of Company is conditioned upon my reciprocal agreement to such terms. I acknowledge the sufficiency of Company's acceptance of the terms hereof to establish the mutual rights and responsibilities defined herein.

any outside activity that could adversely affect the independence and objectivity of my judgment, interfere with the timely and effective performance of my duties and responsibilities to the Company, discredit the Company or otherwise conflict with the Company's best interests.

j. During my employment, and for one year after termination of employment with the Company, I will not persuade, induce, or attempt to induce any past or current customer of the Company (other than government agencies and regional, national or international telephone carriers or national retailers) whose identities as such were first made known to me or with whom I first had direct contact in the course of my employment (a) to stop doing business with or through the Company, or (b) to do business with any other person, firm, partnership, corporation or other entity that provides products or services materially similar to or competitive with those provided by the Company, as I understand that the actual or potential customers of the company are confidential information, hence, I should keep the same secret and should not disclose the same to any third party nor use the same information to derive or provide to any third person any independent economic value in conflict with the interest of the company.

k. During my employment at the Company and for one (1) year after termination of employment, I shall not, directly or indirectly, induce or attempt to induce any employee of the Company to accept employment or affiliation with another firm or entity of which I am an employee, owner, partner or consultant.

l. The employee hereby acknowledges that by working here in the Company the employee gets acquainted with the Confidential Information and trade secrets of the Company related to its customers, partners and prospects and, further, the employee also gets an in-depth knowledge about Company's know how. The employee is aware that, as applicable according to the job profile, the employee will also be given an opportunity to work on live customer projects along with Company's partners and/or to develop/design/test/implement the products of the Company and its enhancements as per Company's requirement. The employee further accepts, agrees and admits that the nature, quality and number of productive hours spent on inducting the employee and providing on-job training and the handholding to impart Company's know how and Confidential Information on the employee, in order to groom the employee in performing its responsibilities and duties efficiently in the Company, is generally not found in or is available with or imparted by any other similar source as such knowledge and/or training is designed to satisfy the exclusive requirements of the Company and the opportunity to gain access to these knowledge and/or training is solely provided to the employees of this Company. The employee will be provided intensive training by the senior employees who will invest their productive hours in providing periodic feedback on the employee's performance. That upon providing such handholding the employee will be of significant value to the Company as a result of the cost and resources invested by the Company in the employee. The employee is further aware that the Company would earn considerable revenue by hiring out computer time instead of imparting such knowledge there on to the employee. The employee therefore agrees that in the event if he or she directly or Indirectly engages or joins any Company's Active Partner or Competitors in any capacity whether in the capacity as an employee, officer, director, partner, manager, consultant, agent or owner within a period of one year, post leaving (termination by Company or resignation) of Company's employment, then the employee shall pay its 6 months' salary as compensation to the Company. Salary here shall mean the last draw salary by the employee at the time of leaving employment. The employee acknowledges that the above compensation which is required to be paid by the employee is just and fair considering the substantial cost which the Company may incur as a result of loss caused to the Company, transfer of Company's knowledge and know-how to any of the Company's Active partners or Competitors, the replacement cost for hiring and grooming another employee resulting into increase in investment cost of Company, the business impact on the Company in relevance to its customer and potential projects/deals. The employee further acknowledges that the salary being paid to the employee is fair and sufficient consideration for employee's acceptance to this clause. It is hereby further clarified that if the employee after leaving Company observes a cooling period of one year and thereafter if the employee joins Company's Active Partner or any Competitors then the employee is not required to pay any such compensation to the Company. It is further clarified that if the Company terminates the employee during the first 45 days of the training

GangaNayan TL

Signed on 08/19/2021 | 15:06:49 (GMT +5:30)

period and the Employee joins any Competitor after such termination then the employee will not be liable to pay the compensation mentioned under this clause.

15. If a provision of this Agreement is held invalid by a court of competent jurisdiction, the remaining provisions will nonetheless be enforceable according to their terms. Further, if any provision is held to be overbroad as written that provision should be considered to be amended to narrow its application to the extent necessary to make the provision enforceable according to applicable law and enforced as amended.
16. The Company may assign its rights under this Agreement to any successor in interest, whether by merger, consolidation, sale of assets, or otherwise. This Agreement shall be binding whether it is between me and the Company or between me and any successor or assigns of the Company.
17. Nothing in this Agreement prevents or limits the Company from terminating my employment at any time for any reason. I understand and agree that there exist no promises or guarantees of permanent employment or employment for any specified term by the Company.
18. This Agreement shall be governed by and construed in accordance with the laws of India, without reference to conflict of laws and principles. Any disputes under this Agreement shall be subject to the exclusive jurisdiction and venue of the Courts of Mumbai, and the parties hereby consent to the personal and exclusive jurisdiction and venue of these Courts.
19. I understand that this Agreement along with the training agreement contains the entire agreement and understanding between the Company and me with respect to the provisions contained in this Agreement, and that no representations, promises, agreements, or understandings, written or oral, related thereto which are not contained in this Agreement will be given any force or effect. No change or modification of this Agreement will be valid or binding unless it is in writing and signed by the party against whom the change or modification is sought to be enforced. I further understand that even if the Company waives or fails to enforce any provision of this Agreement in one instance, which will not constitute a waiver of any other provisions of this Agreement at this time, or a waiver of that provision at any other time.

IN WITNESS WHEREOF, the parties hereto, by their duly authorized representatives, have executed this Agreement as of the date first set forth above.

Agreement Regarding Confidential Information and Proprietary Developments India

<<pls insert employee First Name, Second Name>>

1. Consideration and Relationship to Employment. As a condition of my employment with DXC or one of its subsidiaries, successors, assigns, or affiliates (referred to collectively as, "Company"), in return for Company's agreement that I will be provided certain confidential and proprietary information, training, and/or customer contacts to assist me in my duties in such employment, I knowingly agree to restrictions provided for below that will apply during and after my employment by Company. I understand, however, that nothing relating to this Agreement will be interpreted as a contract or commitment whereby Company is deemed to promise continuing employment for a specified duration.

2. Confidential Information. This Agreement concerns trade secrets, confidential business and technical information, and know−how not generally known to the public (hereinafter "Confidential Information") which is acquired or produced by me in connection with my employment by Company. Confidential Information may include, without limitation, information on Company organizations, staffing, finance, structure, information of employee performance, compensation of others, research and development, manufacturing and marketing, files, keys, certificates, passwords and other computer information, as well as information that Company receives from others under an obligation of confidentiality. I agree to abide by the Company Confidential Information Policy and specifically agree that with regard to Company Confidential Information:

(a) to use such information only in the performance of Company duties;
(b) to hold such information in confidence and trust; and
(c) to use all reasonable precautions to assure that such information is not disclosed to unauthorized persons or used in an unauthorized manner, both during and after my employment with Company. I further agree that any organizational information or staffing information learned by me in connection with my employment by Company is the Confidential Information of Company, and I agree that I will not share such information with any recruiters or any other employers, either during or subsequent to my employment with Company; further, I agree that I will not use or permit use of such as a means to recruit or solicit other Company employees away from Company (either for myself or for others).

3. Proprietary Developments. This Agreement also concerns inventions and discoveries (whether or not patentable), designs, works of authorship, mask works, improvements, data, processes, computer programs and software (hereinafter called "Proprietary Developments") that are conceived or made by me alone or with others while I am employed by Company and that relate to the research and development or the business of Company, or that result from work

performed by me for Company, or that are developed, in whole or in part, using Company's equipment, supplies, facilities or trade secrets information. Such Proprietary Developments are the sole property of Company, and I hereby assign and transfer all rights in such Proprietary Developments to Company. I also agree that any works of authorship created by me shall be deemed to be "works made for hire." I further agree for all Proprietary Developments:

(a) to disclose them promptly to Company;
(b) to sign any assignment document to formally perfect and confirm my assignment of title to Company;
(c) to assign any right of recovery for past damages to Company; and
(d) to execute any other documents deemed necessary by Company to obtain, record and perfect patent, copyright, mask works and/or trade secret protection in all countries, in Company's name and at Company's expense. I understand that Company may delegate these rights. I agree that, if requested, my disclosure, assignment, execution and cooperation duties will be provided to the entity designated by Company.

This Agreement does not apply to an invention for which no equipment, supplies, facility or trade secret information of the employer was used and which was developed entirely on the employee's own time, unless (a) the invention relates (i) to the business of the employer or (ii) to the employer's actual or demonstrably anticipated research or development, or (b) the invention results from any work performed by the employee for the employer.

4. Respect for Rights of Former Employers. I agree to honor any valid disclosure or use restrictions on information or intellectual property known to me and received from any former employers or any other parties prior to my employment by Company. I agree that without prior written consent of such former employers or other parties, I will not knowingly use any such information in connection with my Company work or work product, and I will not bring onto the premises of Company any such information in whatever tangible or readable form.

5. Work Product. The product of all work performed by me during and within the scope of my Company employment including, without limitation, any files, presentations, reports, documents, drawings, computer programs, devices and models, will be the sole property of Company. I understand that Company has the sole right to use, sell, license, publish or otherwise disseminate or transfer rights in such work product.

6. Company Property. I will not remove any Company property from Company premises without Company's permission. Upon the end of my employment with Company, I will return all Company property to Company unless Company's written permission to keep it is obtained.

7. Protective Covenants. I acknowledge that a simple agreement not to disclose or use Company's Confidential Information or Proprietary Developments after my employment by Company ends would be inadequate, standing alone, to protect Company's legitimate business interests because some activities by a former employee who had held a position like mine would, by their nature, compromise such Confidential Information and Proprietary Developments as well as the goodwill and customer relationships that Company will pay me to develop for Company during my employment by Company. I recognize that activities that violate Company's rights in this regard, whether or not intentional, are often undetectable by Company

until it is too late to obtain any effective remedy, and that such activities will cause irreparable injury to Company. To prevent this kind of irreparable harm and to protect Company's trade secrets, I agree that during my employment and for a period of twelve months following the end of my employment with Company, I will abide by the following Protective Covenants:

(a) No Solicitation of Customers. I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with or accepting any order from any customer of Company for the benefit of a Competing Line of Business if I either had business−related contact with that customer or received Confidential Information about that customer in the last two years of my employment at Company;

(b) No Solicitation of Company Employees. I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with an Company Employee for the purpose of persuading or helping the Company Employee to end or reduce his or her employment relationship with Company if I either worked with that Company Employee or received Confidential Information about that Company Employee in the last two years of my employment with Company; and

(c) No Solicitation of Company Suppliers. I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with an Company Supplier for the purpose of persuading or helping the Company Supplier to end or modify to Company's detriment an existing business relationship with Company if I either worked with that Company Supplier or received Confidential Information about that Company Supplier in the last two years of my employment with Company. As used here, "Competing Line of Business" includes a business that involves a product or service offered or to be offered by anyone other than Company that would replace or compete with any product or service offered or to be offered by Company or its related corporations (unless Company and its related corporations are no longer engaged in or planning to engage in that line of business). "Company Employee" means an individual employed by or retained as a consultant to Company or its related corporations. "Company Supplier" means an individual, corporation, other business entity or separately operated business unit of an entity that regularly provides goods or services to Company or its related corporations, including without limitation any OEM, ODM or subcontractor.

8. Enforcement. I make these agreements to avoid any future dispute between myself and Company regarding specific restrictions on my post−employment conduct that will be reasonable, necessary and enforceable to protect Company's Confidential Information and Proprietary Developments and other legitimate business interests. The Protective Covenants are ancillary to the other terms of this Agreement and my employment relationship with Company. This Agreement benefits both me and Company because, among other things, it provides finality and predictability for both me and the company regarding enforceable boundaries on my future conduct. Accordingly, I agree that this Agreement and the restrictions in it should be enforced under common law rules favoring the enforcement of such agreements. For these reasons, I agree that I will not pursue any legal action to set aside or avoid application of the Protective Covenants. This Agreement will survive the end of my employment with Company and shall, likewise, continue to apply and be valid notwithstanding any change in my duties, responsibilities, position, or title.

9. Relief; Extension. I understand that if I violate this Agreement (particularly the Protective Covenants), Company will be entitled to (i) injunctive relief by temporary restraining order, temporary injunction, and/or permanent injunction, (ii) recovery of attorneys' fees and costs incurred by Company in obtaining such relief where allowed by law, and (iii) any other legal and equitable relief to which Company may be entitled. Injunctive relief will not exclude other remedies that might apply. If I am found to have violated any restrictions in the Protective Covenants, then the time period for such restrictions will be extended by one day for each day that I am found to have violated them, up to a maximum extension equal to the time period originally prescribed for the restrictions.

10. Severability; Authority for Revision; Assignment; Governing Law. The provisions of this Agreement will be separately construed. If any provision contained in this Agreement is determined to be void, illegal or unenforceable, in whole or in part, then the other provisions contained herein will remain in full force and effect as if the provision so determined had not been contained herein. If the restrictions provided in this Agreement are deemed unenforceable as written, the parties expressly authorize the court to revise, delete, or add to such restrictions to the extent necessary to enforce the intent of the parties and to provide Company's goodwill, Confidential Information, Proprietary Developments and other business interests with effective protection. In the event the restrictions provided in this Agreement are deemed unenforceable and cannot be reformed to make them enforceable, then any prior agreements that I have made with Company relating to confidential information or proprietary developments shall not be deemed to have been superseded or otherwise affected by this Agreement, but instead shall remain in effect. The title and paragraph headings in this Agreement are provided for convenience of reference only, and shall not be considered in determining its meaning, intent or applicability. This Agreement will inure to the benefit of the parties' heirs, successors and assigns. This Agreement, including but not limited to the Protective Covenants, may be assigned by Company to a subsequent employer, successor or assign without the need for further authorization or agreement from me. This Agreement will be governed by the laws of the country and/or state identified as my work location in which I work at the time of its enforcement.

11. Acceptance by Company. A counterpart of this Agreement has been manually executed by a duly authorized representative to indicate Company's acceptance of the terms hereof and Company's covenant to perform its obligations hereunder (including, without limitation, Company's agreement that I will be provided certain confidential and proprietary information, training, and/or customer contacts to assist me in my duties). Such acceptance on behalf of Company is conditioned upon my reciprocal agreement to such terms. I acknowledge the sufficiency of Company's acceptance of the terms hereof to establish the mutual rights and responsibilities defined herein.

12. Acceptance by Employee. By placing my signature below, I confirm that I have read and fully understood the terms of this Agreement, and have been at liberty to seek legal advice on the same prior to my acceptance of such terms.
