California Notice: For Developments subject to California law, notwithstanding anything above to the contrary, I understand that this assignment does not apply to a Development which qualifies fully under the provisions of Section 2870 of the California Labor Code, which provides:

(a) Any provision in an employment agreement which provides that an employee shall assign, or offer to assign, any of his or her rights in an invention to his or her employer shall not apply to an invention that the employee developed entirely on his or her own time without using the employer's equipment, supplies, facilities, or trade secret information except for those inventions that either:

(1) Relate at the time of conception or reduction to practice of the invention to the employer's business, or actual or demonstrably anticipated research or development of the employer; or

(2) Result from any work performed by the employee for the employer.

(b) To the extent a provision in an employment agreement purports to require an employee to assign an invention otherwise excluded from being required to be assigned under subdivision (a), the provision is against the public policy of this state and is unenforceable.

The above provisions concerning assignment or ownership of Developments apply to Developments created during the "Period of My Employment" by Kyndryl. "Period of My Employment" means the entire duration of my employment with Kyndryl including not only hours worked at Kyndryl's facilities and working on Kyndryl's business away from the facilities but also non-working off-hours such as weekends and other time spent outside of the office and not performing Kyndryl's work (such as during parental leave, vacations, and sabbaticals).

The assignment of Developments in this Paragraph 5 shall exclude any Developments in which I have a right, title, or interest and that were, prior to my employment with Kyndryl, (1) conceived and/or made solely or jointly by me; (2) written wholly or in part by me; or (3) expressly stated in an agreement that I executed with another party which precludes an assignment to Kyndryl (collectively, these exceptions to assigned Developments hereunder shall be known as "Excluded Developments"). Further, I acknowledge that I will not use, or cause to be used, any Excluded Developments in Kyndryl's business, research or development without a written or email authorization to do so from both my first and second line manager. For the avoidance of doubt, Excluded Developments shall not comprise any Developments that were or are suggested by or resulted from any task assigned to me or work performed by me for or on behalf of any entity that Kyndryl acquired or in which Kyndryl purchased a controlling interest, unless assignment of my right, title, and interest in the Development is governed by an agreement executed prior to my Kyndryl employment. I acknowledge and agree that if I use any of my Excluded Developments in the scope of my employment or include them in any product or service of Kyndryl, I hereby grant to Kyndryl a perpetual, irrevocable, nonexclusive, world-wide, royalty-free license to use, disclose, make, sell, copy, distribute, modify, and create works based on, perform, or display such Excluded Developments and to sublicense third parties with the same rights.

I hereby identify any and all Excluded Developments which are not published in a searchable public database (e.g., United States Patent & Trademark Office). In the following table I have provided a brief non-confidential description that sufficiently identifies the Excluded Development (e.g., title of publication), the creation date of the Excluded Development, and, to the extent my rights to the Excluded Development are governed by an agreement, the other named party to the agreement and the date the obligation terminates.

If I do not have any Excluded Developments to declare I have left the following table blank or have written "None," "Non/Applicable," or a similar designation.

7. Kyndryl and its licensees, successors, or assigns (direct or indirect) are not required to designate me as an author of any Development which is subject to Paragraph 5, when it is distributed, publicly or otherwise, or to secure my permission to change or otherwise alter its integrity. 5.1.1 Solicit or attempt to solicit employment of or advise any of the Company's existing employees or any person who was employed by the Company within six months prior to such solicitation or any person or organization providing services to or through Company or its Affiliates to terminate the Employee's contract or relationship with Company or to accept any contract (directly or indirectly) or other arrangement for providing services to any other person or organization; or

5.3 It is agreed by and between the Parties that the employment with the Company and the compensation payable under this Agreement shall be enough consideration for this Section.

5.4 The Employee hereby acknowledges and agrees that the limitations as to time and the limitations of the character or nature placed in this Section 5 are reasonable and fair and will not preclude the Employee from earning a livelihood, nor will they unreasonably impose limitations on the Employee's ability to earn a living. In addition, the Employee agrees and acknowledges that the potential harm to the Company of the non-enforcement of this Section outweighs any potential

harm to the Employee by this Agreement and has given careful consideration to the restraints imposed upon the Employee by this Agreement and is in full accord as to their necessity for the reasonable and proper protection of Confidential Information and Intellectual Property of the Company now existing or to be developed in the future. The Employee expressly acknowledges and agrees that each restraint imposed by this Agreement is reasonable with respect to subject matter, time period and geographical area.

5.5 It is expressly understood and agreed by the Parties that although the Employee and the Company consider the restrictions contained in this Section 5 to be reasonable, if a final judicial determination is made by a court of competent jurisdiction that the time or territory or any other restriction contained in this Agreement is an unenforceable restriction against the Employee, the provisions of this Agreement shall not be rendered void but shall be deemed amended to apply as to such maximum time and territory and to such maximum extent as such court may judicially determine or indicate to be enforceable. Alternatively, if any court of competent jurisdiction finds that any restriction contained in this Agreement is unenforceable, and such restriction cannot be amended so as to make it enforceable, such finding shall not affect the enforceability of any of the other restrictions contained herein.

5.6 Notwithstanding the foregoing, nothing herein shall prevent the Employee from directly or indirectly owning, solely as an investment, securities of any person engaged in the business of the Company which are publicly traded on a national or regional stock exchange or on the over-the-counter market, if the Employee (i) is not a controlling person of, or a member of a group which controls, such person, and (ii) does not, directly or indirectly, own 1% or more of any class of securities of such person.

5.7 For all purposes of this Section 5, the Company shall be construed to include the Company and its Affiliates.

6. CONFIDENTIAL INFORMATION

6.1 The Employee shall forever hold the Confidential Information in confidence and shall not publish, disclose or disseminate, any time, to any Person or Competitor of the Company or its Affiliates; or use for any purpose any Confidential Information other than such purposes as shall be required to fulfil the Employee's duties with the Company, or remove any Confidential Information, in whole or in part, from the Company's premises, without the Company's prior written permission.

6.2 Notwithstanding the aforesaid provision, the Employee may disclose Confidential Information where ordered to do so, by any government, judicial or quasi-judicial authority; provided however, that the Employee shall in such a case give the Company a reasonable notice of any prospective disclosure and shall assist the Company in obtaining an exemption or protective order preventing such disclosure.

6.3 The Employee shall return to the Company or to its nominees Confidential Information, including copies thereof irrespective of storage or presentation medium, including all electronic and hard copies thereof, and any other material containing or disclosing any Confidential Information which is in the Employee's possession, power and control as and when called upon by the Company and upon termination, not later than the Termination Date or at the option of the Company, as the case may be, destroy the same and will not make or retain any copies of such Confidential Information. Until such time as all such Confidential Information is returned or destroyed, the Company shall, in addition to initiating legal proceedings for recovery of the same, be entitled to withhold any salary, emoluments or other dues of the Employee. The Employee understands that accessing a Company database or table that does not directly relate to the work required to be performed by the Employee may, at the sole option of the Company, result in disciplinary action, up to and including termination of employment. The Employee also understands and agrees that sharing passwords, using another employee's password, or allowing someone to use a password that has been designated solely as the password of the Employee, may, at the sole option of the Company, result in disciplinary action up to and including termination. The Employee also understands that the Company may monitor and review which databases and tables that the Employee has been accessing at any time without prior notice to the Employee.

6.5 During the term of employment, the Employee will not improperly use or disclose any Confidential Information or trade secrets, if any, of any former employer or any other person to whom the Employee has an obligation of confidentiality, and the Employee will not bring onto the premises of the Company or Company's clients any unpublished documents or any property belonging to any former employer or any other person to whom the Employee has an obligation of confidentiality, unless consented to in writing by such former employer or person.

6.6 The provisions of this Section 6 shall survive the termination of this Agreement. The Employee acknowledges and agrees that in the event of breach of this Section 6, damages alone may not be an adequate remedy for the Company and the Company shall be entitled to avail any remedy available under law including without limitation injunction or specific performance.

7. INTELLECTUAL PROPERTY

7.1 **Prior Developments**: The Employee has submitted to the Company a complete report with all supporting documents relating to all the Confidential Information, Intellectual Property and all other information developed by the Employee on or prior to the Date of Employment, which would be excluded from the scope of this Agreement. 7.2 **Acknowledgment**: The Employee acknowledges and agrees that the Intellectual Property as well as any portion thereof developed by the Employee shall be the sole property of the Company from date of creation thereof.

7.3 **Disclosure**: During the term of the Employee's employment and for six months after termination of the Employee's employment with the Company, the Employee agrees to maintain adequate and current written records on the development of all Intellectual Property and to disclose promptly

upon its creation to the Company all Intellectual Property and relevant records, which records will remain the sole property of the Company. 7.4 **Handing-over**: The Employee agrees that all originals and all copies of any and all material containing, representing, evidencing, recording, or constituting all or part of the Intellectual Property, however and whenever produced (whether by the Employee or others) and whether or not protected under copyright law or patentable or protected under other intellectual property law, shall be immediately handed over to the Company upon its creations and any copies thereof returned to the Company upon termination of the Employee's employment for any reason.

7.5 **Ownership**: The Employee agrees that the exclusive ownership of all content of any Intellectual Property that is not protected under copyright laws or other intellectual property law or that is not patentable shall be automatically and irrevocably transferred to the Company from date of creation. The Employee hereby waives all moral rights in relation to the Intellectual Property.

Agreement Regarding Confidential Information and Proprietary Developments India

Kiran B Y

1. Consideration and Relationship to Employment. As a condition of my employment with DXC or one of its subsidiaries, successors, assigns, or affiliates (referred to collectively as, "Company"), in return for Company's agreement that I will be provided certain confidential and proprietary information, training, and/or customer contacts to assist me in my duties in such employment, I knowingly agree to restrictions provided for below that will apply during and after my employment by Company. I understand, however, that nothing relating to this Agreement will be interpreted as a contract or commitment whereby Company is deemed to promise continuing employment for a specified duration.

2. Confidential Information. This Agreement concerns trade secrets, confidential business and technical information, and know−how not generally known to the public (hereinafter "Confidential Information") which is acquired or produced by me in connection with my employment by Company. Confidential Information may include, without limitation, information on Company organizations, staffing, finance, structure, information of employee performance, compensation of others, research and development, manufacturing and marketing, files, keys, certificates, passwords and other computer information, as well as information that Company receives from others under an obligation of confidentiality. I agree to abide by the Company Confidential Information Policy and specifically agree that with regard to Company Confidential Information:

(a) to use such information only in the performance of Company duties;
(b) to hold such information in confidence and trust; and
(c) to use all reasonable precautions to assure that such information is not disclosed to unauthorized persons or used in an unauthorized manner, both during and after my employment with Company. I

further agree that any organizational information or staffing information learned by me in connection with my employment by Company is the Confidential Information of Company, and I agree that I will not share such information with any recruiters or any other employers, either during or subsequent to my employment with Company; further, I agree that I will not use or permit use of such as a means to recruit or solicit other Company employees away from Company (either for myself or for others).

3. Proprietary Developments. This Agreement also concerns inventions and discoveries (whether or not patentable), designs, works of authorship, mask works, improvements, data, processes, computer programs and software (hereinafter called "Proprietary Developments") that are conceived or made by me alone or with others while I am employed by Company and that relate to the research and development or the business of Company, or that result from work performed by me for Company, or that are developed, in whole or in part, using Company's equipment, supplies, facilities or trade secrets information. Such Proprietary Developments are the sole property of Company, and I hereby assign and transfer all rights in such Proprietary Developments to Company. I also agree that any works of authorship created by me shall be deemed to be "works made for hire." I further agree for all Proprietary Developments:

(a) to disclose them promptly to Company;
(b) to sign any assignment document to formally perfect and confirm my assignment of title to Company;
(c) to assign any right of recovery for past damages to Company; and
(d) to execute any other documents deemed necessary by Company to obtain, record and perfect patent, copyright, mask works and/or trade secret protection in all countries, in Company's name and at Company's expense. I understand that Company may delegate these rights. I agree that, if requested, my disclosure, assignment, execution and cooperation duties will be provided to the entity designated by Company.

This Agreement does not apply to an invention for which no equipment, supplies, facility or trade secret information of the employer was used and which was developed entirely on the employee's own time, unless (a) the invention relates (i) to the business of the employer or (ii) to the employer's actual or demonstrably anticipated research or development, or (b) the invention results from any work performed by the employee for the employer.

4. Respect for Rights of Former Employers. I agree to honor any valid disclosure or use restrictions on information or intellectual property known to me and received from any former employers or any other parties prior to my employment by Company. I agree that without prior written consent of such former employers or other parties, I will not knowingly use any such information in connection with my Company work or work product, and I will not bring onto the premises of Company any such information in whatever tangible or readable form.

5. Work Product. The product of all work performed by me during and within the scope of my Company employment including, without limitation, any files, presentations, reports, documents, drawings, computer programs, devices and models, will be the sole property of Company. I understand that Company has the sole right to use, sell, license, publish or otherwise disseminate or transfer rights in such work product.

6. Company Property. I will not remove any Company property from Company premises without Company's permission. Upon the end of my employment with Company, I will return all Company property to Company unless Company's written permission to keep it is obtained.

7. Protective Covenants. I acknowledge that a simple agreement not to disclose or use Company's Confidential Information or Proprietary Developments after my employment by Company ends would be inadequate, standing alone, to protect Company's legitimate business interests because some activities by a former employee who had held a position like mine would, by their nature,

compromise such Confidential Information and Proprietary Developments as well as the goodwill and customer relationships that Company will pay me to develop for Company during my employment by Company. I recognize that activities that violate Company's rights in this regard, whether or not intentional, are often undetectable by Company until it is too late to obtain any effective remedy, and that such activities will cause irreparable injury to Company. To prevent this kind of irreparable harm and to protect Company's trade secrets, I agree that during my employment and for a period of twelve months following the end of my employment with Company, I will abide by the following Protective Covenants:

(a) No Solicitation of Customers. I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with or accepting any order from any customer of Company for the benefit of a Competing Line of Business if I either had business−related contact with that customer or received Confidential Information about that customer in the last two years of my employment at Company;

(b) No Solicitation of Company Employees. I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with an Company Employee for the purpose of persuading or helping the Company Employee to end or reduce his or her employment relationship with Company if I either worked with that Company Employee or received Confidential Information about that Company Employee in the last two years of my employment with Company; and

(c) No Solicitation of Company Suppliers. I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with an Company Supplier for the purpose of persuading or helping the Company Supplier to end or modify to Company's detriment an existing business relationship with Company if I either worked with that Company Supplier or received Confidential Information about that Company Supplier in the last two years of my employment with Company. As used here, "Competing Line of Business" includes a business that involves a product or service offered or to be offered by anyone other than Company that would replace or compete with any product or service offered or to be offered by Company or its related corporations (unless Company and its related corporations are no longer engaged in or planning to engage in that line of business). "Company Employee" means an individual employed by or retained as a consultant to Company or its related corporations. "Company Supplier" means an individual, corporation, other business entity or separately operated business unit of an entity that regularly provides goods or services to Company or its related corporations, including without limitation any OEM, ODM or subcontractor.

8. Enforcement. I make these agreements to avoid any future dispute between myself and Company regarding specific restrictions on my post−employment conduct that will be reasonable, necessary and enforceable to protect Company's Confidential Information and Proprietary Developments and other legitimate business interests. The Protective Covenants are ancillary to the other terms of this Agreement and my employment relationship with Company. This Agreement benefits both me and Company because, among other things, it provides finality and predictability for both me and the company regarding enforceable boundaries on my future conduct. Accordingly, I agree that this Agreement and the restrictions in it should be enforced under common law rules favoring the enforcement of such agreements. For these reasons, I agree that I will not pursue any legal action to set aside or avoid application of the Protective Covenants. This Agreement will survive the end of my employment with Company and shall, likewise, continue to apply and be valid notwithstanding any change in my duties, responsibilities, position, or title.

9. Relief; Extension. I understand that if I violate this Agreement (particularly the Protective Covenants), Company will be entitled to (i) injunctive relief by temporary restraining order, temporary injunction, and/or permanent injunction, (ii) recovery of attorneys' fees and costs incurred by Company in obtaining such relief where allowed by law, and (iii) any other legal and equitable relief to which Company may be entitled. Injunctive relief will not exclude other remedies that might apply. If I am found to have violated any restrictions in the Protective Covenants, then the time period for such restrictions will be extended by one day for each day that I am found to have violated them, up to a maximum extension equal to the time period originally prescribed for the restrictions.

10. Severability; Authority for Revision; Assignment; Governing Law. The provisions of this Agreement will be separately construed. If any provision contained in this Agreement is determined to be void, illegal or unenforceable, in whole or in part, then the other provisions contained herein will remain in full force and effect as if the provision so determined had not been contained herein. If the restrictions provided in this Agreement are deemed unenforceable as written, the parties expressly authorize the court to revise, delete, or add to such restrictions to the extent necessary to enforce the intent of the parties and to provide Company's goodwill, Confidential Information, Proprietary Developments and other business interests with effective protection. In the event the restrictions provided in this Agreement are deemed unenforceable and cannot be reformed to make them enforceable, then any prior agreements that I have made with Company relating to confidential information or proprietary developments shall not be deemed to have been superseded or otherwise affected by this Agreement, but instead shall remain in effect. The title and paragraph headings in this Agreement are provided for convenience of reference only, and shall not be considered in determining its meaning, intent or applicability. This Agreement will inure to the benefit of the parties' heirs, successors and assigns. This Agreement, including but not limited to the Protective Covenants, may be assigned by Company to a subsequent employer, successor or assign without the need for further authorization or agreement from me. This Agreement will be governed by the laws of the country and/or state identified as my work location in which I work at the time of its enforcement.

11. Acceptance by Company. A counterpart of this Agreement has been manually executed by a duly authorized representative to indicate Company's acceptance of the terms hereof and Company's covenant to perform its obligations hereunder (including, without limitation, Company's agreement that I will be provided certain confidential and proprietary information, training, and/or customer contacts to assist me in my duties). Such acceptance on behalf of Company is conditioned upon my reciprocal agreement to such terms. I acknowledge the sufficiency of Company's acceptance of the terms hereof to establish the mutual rights and responsibilities defined herein.

12. Acceptance by Employee. By placing my signature below, I confirm that I have read and fully understood the terms of this Agreement, and have been at liberty to seek legal advice on the same prior to my acceptance of such terms.

Agreement Regarding Confidential Information and Proprietary Developments India

Majunu G A

1. Consideration and Relationship to Employment. As a condition of my employment with DXC or one of its subsidiaries, successors, assigns, or affiliates (referred to collectively as, "Company"), in return for Company's agreement that I will be provided certain confidential and proprietary information, training, and/or customer contacts to assist me in my duties in such employment, I knowingly agree to restrictions provided for below that will apply during and after my employment by Company. I understand, however, that nothing relating to this Agreement will be interpreted as a contract or commitment whereby Company is deemed to promise continuing employment for a specified duration.

2. Confidential Information. This Agreement concerns trade secrets, confidential business and technical information, and know−how not generally known to the public (hereinafter "Confidential Information") which is acquired or produced by me in connection with my employment by Company. Confidential Information may include, without limitation, information on Company organizations, staffing, finance, structure, information of employee performance, compensation of others, research and development, manufacturing and marketing, files, keys, certificates, passwords and other computer information, as well as information that Company receives from others under an obligation of confidentiality. I agree to abide by the Company Confidential Information Policy and specifically agree that with regard to Company Confidential Information:

(a) to use such information only in the performance of Company duties;
(b) to hold such information in confidence and trust; and
(c) to use all reasonable precautions to assure that such information is not disclosed to unauthorized persons or used in an unauthorized manner, both during and after my employment with Company. I

further agree that any organizational information or staffing information learned by me in connection with my employment by Company is the Confidential Information of Company, and I agree that I will not share such information with any recruiters or any other employers, either during or subsequent to my employment with Company; further, I agree that I will not use or permit use of such as a means to recruit or solicit other Company employees away from Company (either for myself or for others).

3. Proprietary Developments. This Agreement also concerns inventions and discoveries (whether or not patentable), designs, works of authorship, mask works, improvements, data, processes, computer programs and software (hereinafter called "Proprietary Developments") that are conceived or made by me alone or with others while I am employed by Company and that relate to the research and development or the business of Company, or that result from work performed by me for Company, or that are developed, in whole or in part, using Company's equipment, supplies, facilities or trade secrets information. Such Proprietary Developments are the sole property of Company, and I hereby assign and transfer all rights in such Proprietary Developments to Company. I also agree that any works of authorship created by me shall be deemed to be "works made for hire." I further agree for all Proprietary Developments:

(a) to disclose them promptly to Company;
(b) to sign any assignment document to formally perfect and confirm my assignment of title to Company;
(c) to assign any right of recovery for past damages to Company; and
(d) to execute any other documents deemed necessary by Company to obtain, record and perfect patent, copyright, mask works and/or trade secret protection in all countries, in Company's name and at Company's expense. I understand that Company may delegate these rights. I agree that, if requested, my disclosure, assignment, execution and cooperation duties will be provided to the entity designated by Company.

This Agreement does not apply to an invention for which no equipment, supplies, facility or trade secret information of the employer was used and which was developed entirely on the employee's own time, unless (a) the invention relates (i) to the business of the employer or (ii) to the employer's actual or demonstrably anticipated research or development, or (b) the invention results from any work performed by the employee for the employer.

4. Respect for Rights of Former Employers. I agree to honor any valid disclosure or use restrictions on information or intellectual property known to me and received from any former employers or any other parties prior to my employment by Company. I agree that without prior written consent of such former employers or other parties, I will not knowingly use any such information in connection with my Company work or work product, and I will not bring onto the premises of Company any such information in whatever tangible or readable form.

5. Work Product. The product of all work performed by me during and within the scope of my Company employment including, without limitation, any files, presentations, reports, documents, drawings, computer programs, devices and models, will be the sole property of Company. I understand that Company has the sole right to use, sell, license, publish or otherwise disseminate or transfer rights in such work product.

6. Company Property. I will not remove any Company property from Company premises without Company's permission. Upon the end of my employment with Company, I will return all Company property to Company unless Company's written permission to keep it is obtained.

7. Protective Covenants. I acknowledge that a simple agreement not to disclose or use Company's Confidential Information or Proprietary Developments after my employment by Company ends would be inadequate, standing alone, to protect Company's legitimate business interests because some activities by a former employee who had held a position like mine would, by their nature,

compromise such Confidential Information and Proprietary Developments as well as the goodwill and customer relationships that Company will pay me to develop for Company during my employment by Company. I recognize that activities that violate Company's rights in this regard, whether or not intentional, are often undetectable by Company until it is too late to obtain any effective remedy, and that such activities will cause irreparable injury to Company. To prevent this kind of irreparable harm and to protect Company's trade secrets, I agree that during my employment and for a period of twelve months following the end of my employment with Company, I will abide by the following Protective Covenants:

(a) No Solicitation of Customers. I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with or accepting any order from any customer of Company for the benefit of a Competing Line of Business if I either had business−related contact with that customer or received Confidential Information about that customer in the last two years of my employment at Company;

(b) No Solicitation of Company Employees. I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with an Company Employee for the purpose of persuading or helping the Company Employee to end or reduce his or her employment relationship with Company if I either worked with that Company Employee or received Confidential Information about that Company Employee in the last two years of my employment with Company; and

(c) No Solicitation of Company Suppliers. I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with an Company Supplier for the purpose of persuading or helping the Company Supplier to end or modify to Company's detriment an existing business relationship with Company if I either worked with that Company Supplier or received Confidential Information about that Company Supplier in the last two years of my employment with Company. As used here, "Competing Line of Business" includes a business that involves a product or service offered or to be offered by anyone other than Company that would replace or compete with any product or service offered or to be offered by Company or its related corporations (unless Company and its related corporations are no longer engaged in or planning to engage in that line of business). "Company Employee" means an individual employed by or retained as a consultant to Company or its related corporations. "Company Supplier" means an individual, corporation, other business entity or separately operated business unit of an entity that regularly provides goods or services to Company or its related corporations, including without limitation any OEM, ODM or subcontractor.

8. Enforcement. I make these agreements to avoid any future dispute between myself and Company regarding specific restrictions on my post−employment conduct that will be reasonable, necessary and enforceable to protect Company's Confidential Information and Proprietary Developments and other legitimate business interests. The Protective Covenants are ancillary to the other terms of this Agreement and my employment relationship with Company. This Agreement benefits both me and Company because, among other things, it provides finality and predictability for both me and the company regarding enforceable boundaries on my future conduct. Accordingly, I agree that this Agreement and the restrictions in it should be enforced under common law rules favoring the enforcement of such agreements. For these reasons, I agree that I will not pursue any legal action to set aside or avoid application of the Protective Covenants. This Agreement will survive the end of my employment with Company and shall, likewise, continue to apply and be valid notwithstanding any change in my duties, responsibilities, position, or title.

9. Relief; Extension. I understand that if I violate this Agreement (particularly the Protective Covenants), Company will be entitled to (i) injunctive relief by temporary restraining order, temporary injunction, and/or permanent injunction, (ii) recovery of attorneys' fees and costs incurred by Company in obtaining such relief where allowed by law, and (iii) any other legal and equitable relief to which Company may be entitled. Injunctive relief will not exclude other remedies that might apply. If I am found to have violated any restrictions in the Protective Covenants, then the time period for such restrictions will be extended by one day for each day that I am found to have violated them, up to a maximum extension equal to the time period originally prescribed for the restrictions.

10. Severability; Authority for Revision; Assignment; Governing Law. The provisions of this Agreement will be separately construed. If any provision contained in this Agreement is determined to be void, illegal or unenforceable, in whole or in part, then the other provisions contained herein will remain in full force and effect as if the provision so determined had not been contained herein. If the restrictions provided in this Agreement are deemed unenforceable as written, the parties expressly authorize the court to revise, delete, or add to such restrictions to the extent necessary to enforce the intent of the parties and to provide Company's goodwill, Confidential Information, Proprietary Developments and other business interests with effective protection. In the event the restrictions provided in this Agreement are deemed unenforceable and cannot be reformed to make them enforceable, then any prior agreements that I have made with Company relating to confidential information or proprietary developments shall not be deemed to have been superseded or otherwise affected by this Agreement, but instead shall remain in effect. The title and paragraph headings in this Agreement are provided for convenience of reference only, and shall not be considered in determining its meaning, intent or applicability. This Agreement will inure to the benefit of the parties' heirs, successors and assigns. This Agreement, including but not limited to the Protective Covenants, may be assigned by Company to a subsequent employer, successor or assign without the need for further authorization or agreement from me. This Agreement will be governed by the laws of the country and/or state identified as my work location in which I work at the time of its enforcement.

11. Acceptance by Company. A counterpart of this Agreement has been manually executed by a duly authorized representative to indicate Company's acceptance of the terms hereof and Company's covenant to perform its obligations hereunder (including, without limitation, Company's agreement that I will be provided certain confidential and proprietary information, training, and/or customer contacts to assist me in my duties). Such acceptance on behalf of Company is conditioned upon my reciprocal agreement to such terms. I acknowledge the sufficiency of Company's acceptance of the terms hereof to establish the mutual rights and responsibilities defined herein.

12. Acceptance by Employee. By placing my signature below, I confirm that I have read and fully understood the terms of this Agreement, and have been at liberty to seek legal advice on the same prior to my acceptance of such terms.

that with regard to Company Confidential Information:

(a) to use such information only in the performance of Company duties;

(b) to hold such information in confidence and trust; and

(c) to use all reasonable precautions to assure that such information is not disclosed to unauthorized persons or used in an unauthorized manner, both during and after my employment with Company.

I further agree that any organizational information or staffing information learned by me in connection with my employment by Company is the Confidential Information of Company, and I agree that I will not share such information with any recruiters or any other employers, either during or subsequent to my employment with Company; further, I agree that I will not use or permit use of such as a means to recruit or solicit other Company employees away from Company (either for myself or for others).

3. **Proprietary Developments.** This Agreement also concerns inventions and discoveries (whether or not patentable), designs, works of authorship, mask works, improvements, data, processes, computer programs and software (hereinafter called "Proprietary Developments") that are conceived or made by me alone or with others while I am employed by Company and that relate to the research and development or the business of Company, or that result from work performed by me for Company, or that are developed, in whole or in part, using Company's equipment, supplies, facilities or trade secrets information.

Such Proprietary Developments are the sole property of Company, and I hereby assign and transfer all rights in such Proprietary Developments to Company. I also agree that any works of authorship created by me shall be deemed to be "works made for hire." I further agree for all Proprietary Developments:

(a) to disclose them promptly to Company;

(b) to sign any assignment document to formally perfect and confirm my assignment of title to Company;

(c) to assign any right of recovery for past damages to Company; and

(d) to execute any other documents deemed necessary by Company to obtain, record and perfect patent, copyright, mask works and/or trade secret protection in all countries, in Company's name and at Company's expense.

I understand that Company may delegate these rights. I agree that, if requested, my disclosure, assignment, execution and cooperation duties will be provided to the entity designated by Company.

This Agreement does not apply to an invention for which no equipment, supplies, facility or trade secret information of the employer was used and which was developed entirely on the employee's own time, unless (a) the invention relates (i) to the business of the employer or (ii) to the employer's actual or demonstrably anticipated research or development, or (b) the invention results from any work performed by the employee for the employer.

4. **Respect for Rights of Former Employers.** I agree to honor any valid disclosure or use restrictions on information or intellectual property known to me and received from any former employers or any other parties prior to my employment by Company. I agree that without prior written consent of such former employers or other parties, I will not knowingly use any such information in connection with my Company work or work product, and I will not bring onto the premises of Company any such information in whatever tangible or readable form.

5. **Work Product.** The product of all work performed by me during and within the scope of my Company employment including, without limitation, any files, presentations, reports, documents, drawings, computer programs, devices and models, will be the sole property of Company. I understand that Company has the sole right to use, sell, license, publish or otherwise disseminate or transfer rights in such work product.

6. **Company Property.** I will not remove any Company property from Company premises without Company's permission. Upon the end of my employment with Company, I will return all Company property to Company unless Company's written permission to keep it is obtained.

7. **Protective Covenants.** I acknowledge that a simple agreement not to disclose or use Company's Confidential Information or Proprietary Developments after my employment by Company ends would be inadequate, standing alone, to protect Company's legitimate business interests because some activities by a former employee who had held a position like mine would, by their nature, compromise such Confidential Information and Proprietary Developments as well as the goodwill and customer relationships that Company will pay me to develop for Company during my employment by Company.

I recognize that activities that violate Company's rights in this regard, whether or not intentional, are often undetectable by Company until it is too late to obtain any effective remedy, and that such activities will cause irreparable injury to Company. To prevent this kind of irreparable harm and to protect Company's trade secrets, I agree that during my employment and for a period of twelve months following the end of my employment with Company, I will abide by the following Protective Covenants:

(a) **No Solicitation of Customers.** I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with any customer of Company in pursuit of a Competing Line of Business if I either had business-related contact with that customer or received Confidential Information about that customer in the last two years of my employment at Company;

(b) **No Solicitation of Company Employees.** I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with any Company Employee for the purpose of persuading or helping the Company Employee to end or reduce his or her employment relationship with Company if I either worked with that Company Employee or received Confidential Information about that Company Employee in the last two years of my employment with Company; and

(c) **No Solicitation of Company Suppliers.** I will not (in person or through assistance to others) knowingly participate in soliciting or communicating with any Company Supplier for the purpose of persuading or helping the Company Supplier to end or modify to Company's detriment an existing

business relationship with Company if I either worked with that Company Supplier or received Confidential Information about that Company Supplier in the last two years of my employment with Company.

As used here, **"Competing Line of Business"** includes a business that involves a product or service offered or to be offered by anyone other than Company that would replace or compete with any product or service offered or to be offered by Company or its related corporations (unless Company and its related corporations are no longer engaged in or planning to engage in that line of business). **"Company Employee"** means an individual employed by or retained as a consultant to Company or its related corporations. **"Company Supplier"** means an individual, corporation, other business entity or separately operated business unit of an entity that regularly provides goods or services to Company or its related corporations, including without limitation any OEM, ODM or subcontractor.

8. **Enforcement.** I make these agreements to avoid any future dispute between myself and Company regarding specific restrictions on my post-employment conduct that will be reasonable, necessary and enforceable to protect Company's Confidential Information and Proprietary Developments and other legitimate business interests. The Protective Covenants are ancillary to the other terms of this Agreement and my employment relationship with Company. This Agreement benefits both me and Company because, among other things, it provides finality and predictability for both me and the company regarding enforceable boundaries on my future conduct. Accordingly, I agree that this Agreement and the restrictions in it should be enforced under common law rules favoring the enforcement of such agreements.

For these reasons, I agree that I will not pursue any legal action to set aside or avoid application of the Protective Covenants. This Agreement will survive the end of my employment with Company and shall, likewise, continue to apply and be valid notwithstanding any change in my duties, responsibilities, position, or title.

9. **Relief; Extension.** I understand that if I violate this Agreement (particularly the Protective Covenants), Company will be entitled to (i) injunctive relief by temporary restraining order, temporary injunction, and/or permanent injunction, (ii) recovery of attorneys' fees and costs incurred by Company in obtaining such relief where allowed by law, and (iii) any other legal and equitable relief to which Company may be entitled. Injunctive relief will not exclude other remedies that might apply. If I am found to have violated any restrictions in the Protective Covenants, then the time period for such restrictions will be extended by one day for each day that I am found to have violated them, up to a maximum extension equal to the time period originally prescribed for the restrictions.

10. **Severability; Authority for Revision; Assignment; Governing Law.** The provisions of this Agreement will be separately construed. If any provision contained in this Agreement is determined to be void, illegal or unenforceable, in whole or in part, then the other provisions contained herein will remain in full force and effect as if the provision so determined had not been contained herein. If the restrictions provided in this Agreement are deemed unenforceable as written, the parties expressly authorize the court to revise, delete, or add to such restrictions to the extent necessary to enforce the

intent of the parties and to provide Company's goodwill, Confidential Information, Proprietary Developments and other business interests with effective protection. In the event the restrictions provided in this Agreement are deemed unenforceable and cannot be reformed to make them enforceable, then any prior agreements that I have made with Company relating to confidential information or proprietary developments shall not be deemed to have been superseded or otherwise affected by this Agreement, but instead shall remain in effect. The title and paragraph headings in this Agreement are provided for convenience of reference only, and shall not be considered in determining its meaning, intent or applicability. This Agreement will inure to the benefit of the parties' heirs, successors and assigns. This Agreement, including but not limited to the Protective Covenants, may be assigned by Company to a subsequent employer, successor or assign without the need for further authorization or agreement from me. This Agreement will be governed by the laws of the country and/or state identified as my work location in which I work at the time of its enforcement.

11. **Acceptance by Company.** A counterpart of this Agreement has been manually executed by a duly authorized representative to indicate Company's acceptance of the terms hereof and Company's covenant to perform its obligations hereunder (including, without limitation, Company's agreement that I will be provided certain confidential and proprietary information, training, and/or customer contacts to assist me in my duties). Such acceptance on behalf of Company is conditioned upon my reciprocal agreement to such terms. I acknowledge the sufficiency of Company's acceptance of the terms hereof to establish the mutual rights and responsibilities defined herein.

12. **Acceptance by Employee**. By placing my signature below, I confirm that I have read and fully understood the terms of this Agreement, and have been at liberty to seek legal advice on the same prior to my acceptance of such terms.

COVID-19: IBM Initiatives for Employees and Communities

As we navigate the COVID-19 pandemic, IBM has taken a series of initiatives to help and support our employees and their family members in this challenging environment. The health and safety of IBMers, partners, and clients is our top priority.

We have put together a comprehensive support plan for our employees and their families to tide through this pandemic.

Employee Well-being and Safety

- **Vaccination for all IBMers:** Vaccination camps will be opened (in line with Government regulations and availability of vaccines) in all major cities with IBMer populations. IBMers and their family members will have the option of getting vaccinated at hospital centers or camps at selected IBM locations. We are working closely with the concerned authorities on this
- **Dedicated 24X7 Medical Helpline with Portea:** IBM has launched a dedicated helpline through Portea Health Care Services - for a variety of services including doctor consultation, medical/home care services, and testing services. This helpline is the first point of contact for support for any medical help.
- **Access to Oxygen Concentrators**
  IBM has procured oxygen concentrators to support IBMers and their family members. We have partnered with Portea Health Care Service to deploy these oxygen concentrators across Bangalore, NCR (Delhi, Gurgaon, Noida), Kolkata, Chennai, and Hyderabad.
- **Eldercare Support with Samarth:** IBM has partnered with Samarth, one of India's leading organizations supporting the elderly by creating a COVID care system. Samarth will help the elders deal with the pandemic by providing 24/7 emergency assistance, home care resources, medicines, doctor tele-consultations, food services, oxygen, and requirement for other equipment as needed.
- **COVID Care Center:** We have worked with Apollo Hospital to offer medically supervised "step down" facilities at designated hotels in every major city where IBMers and immediate family members can quarantine in case it's not feasible at home.
- **Emergency Transport for Medical Needs:** We are offering an emergency transport facility 24x7 for medical requirements for both employees and their immediate family members who are COVID-19 positive (for transport to a medical facility) and those who are COVID-19 negative (for procuring medical supplies or attend to impacted family members).
- **Additional Insurance Coverage:** IBM is providing additional insurance coverage for each insured employee and their covered dependents (spouse and children) for up to Rs. 5 Lakhs per member covered.

- **Meal Delivery Service**
  We have tied up with HungerBox for the delivery of freshly prepared meals, ensuring the highest levels of hygiene and safety measures. The service is currently available in Bangalore, NCR, Hyderabad, Chennai, Kolkata, Mumbai, Pune, and Vishakhapatnam.

Leverage the Power of Tech for good

- **COVID Assist:** We have launched COVID Assist, a Watson Assistant powered AI bot, to channelize the requests around critical resources such as ambulance, oxygen, medicine, hospital beds, in an efficient manner. It will also help you connect with the IBM Squad volunteers on ground.

Mobilizing the collective power of the IBMers

- **IBMer volunteer COVID squads :** We have organized squad groups staffed by IBMer volunteers to take service requests and match them to verified sources of available resources - Hospital Beds, ICUs, Oxygen requirements, ambulances, medicines, and more. With over 2000 volunteers already signed up, this is really making a difference to quickly triage requests and ensure that needs are matched to resources available nationally.
- While we do this, employee health and well-being remain a key priority for us. We have set up several **employee support groups across cities** to provide employees with a platform to discuss issues, challenges, concerns and coping mechanisms such as managing stress, staying active and promoting self-care. Covid Warrior stories to energise teams.
- IBM has partnered with United Way of India to drive an employee giving campaign. Employees can donate financially to the NGO and they in turn are working with several partners at the ground level to provide critical and emergency care for the community.
- IBMers are volunteering to become first responders on Covid-19 helplines through a collaboration with StepOne. StepOne is an NGO having an interface with 18 state governments and is helping to train & deploy volunteers to respond to queries on the government helpline.

Leveraging our voice and influence to rally global support

- IBM is playing a key role in **Global Task Force on Pandemic Response** launched by the US Chamber of Commerce to aid India and other Covid-19 Hot-Spots. This includes Sourcing, shipping and delivering 1,000 ventilators; 25,000 oxygen concentrators and working with local partners to fund emergency hospital beds in communities where our teams live and work.

Given the dynamic pandemic situation, IBM is constantly revising and updating any initiatives it has put in place to respond to the pandemic, And any of these programs and policies may be changed or withdrawn by IBM at its sole discretion. Please reach out to your HR contact to understand the current measures in place at IBM.

We have put together a comprehensive support plan for our employees and their families to tide through this pandemic.

Employee Well-being and Safety

- **Vaccination for all IBMers:** Vaccination camps will be opened (in line with Government regulations and availability of vaccines) in all major cities with IBMer populations. IBMers and their family members will have the option of getting vaccinated at hospital centers or camps at selected IBM locations. We are working closely with the concerned authorities on this
- **Dedicated 24X7 Medical Helpline with Portea:** IBM has launched a dedicated helpline through Portea Health Care Services - for a variety of services including doctor consultation, medical/home care services, and testing services. This helpline is the first point of contact for support for any medical help.
- **Access to Oxygen Concentrators**
  IBM has procured oxygen concentrators to support IBMers and their family members. We have partnered with Portea Health Care Service to deploy these oxygen concentrators across Bangalore, NCR (Delhi, Gurgaon, Noida), Kolkata, Chennai, and Hyderabad.
- **Eldercare Support with Samarth:** IBM has partnered with Samarth, one of India's leading organizations supporting the elderly by creating a COVID care system. Samarth will help the elders deal with the pandemic by providing 24/7 emergency assistance, home care resources, medicines, doctor tele-consultations, food services, oxygen, and requirement for other equipment as needed.
- **COVID Care Center:** We have worked with Apollo Hospital to offer medically supervised "step down" facilities at designated hotels in every major city where IBMers and immediate family members can quarantine in case it's not feasible at home.
- **Emergency Transport for Medical Needs:** We are offering an emergency transport facility 24x7 for medical requirements for both employees and their immediate family members who are COVID-19 positive (for transport to a medical facility) and those who are COVID-19 negative (for procuring medical supplies or attend to impacted family members).
- **Additional Insurance Coverage:** IBM is providing additional insurance coverage for each insured employee and their covered dependents (spouse and children) for up to Rs. 5 Lakhs per member covered.

- **Meal Delivery Service**
  We have tied up with HungerBox for the delivery of freshly prepared meals, ensuring the highest levels of hygiene and safety measures. The service is currently available in Bangalore, NCR, Hyderabad, Chennai, Kolkata, Mumbai, Pune, and Vishakhapatnam.

Leverage the Power of Tech for good

- **COVID Assist:** We have launched COVID Assist, a Watson Assistant powered AI bot, to channelize the requests around critical resources such as ambulance, oxygen, medicine, hospital beds, in an efficient manner. It will also help you connect with the IBM Squad volunteers on ground.

Mobilizing the collective power of the IBMers

- **IBMer volunteer COVID squads :** We have organized squad groups staffed by IBMer volunteers to take service requests and match them to verified sources of available resources - Hospital Beds, ICUs, Oxygen requirements, ambulances, medicines, and more. With over 2000 volunteers already signed up, this is really making a difference to quickly triage requests and ensure that needs are matched to resources available nationally.
- While we do this, employee health and well-being remain a key priority for us. We have set up several **employee support groups across cities** to provide employees with a platform to discuss issues, challenges, concerns and coping mechanisms such as managing stress, staying active and promoting self-care. Covid Warrior stories to energise teams.
- IBM has partnered with United Way of India to drive an employee giving campaign. Employees can donate financially to the NGO and they in turn are working with several partners at the ground level to provide critical and emergency care for the community.
- IBMers are volunteering to become first responders on Covid-19 helplines through a collaboration with StepOne. StepOne is an NGO having an interface with 18 state governments and is helping to train & deploy volunteers to respond to queries on the government helpline.

Leveraging our voice and influence to rally global support

- IBM is playing a key role in **Global Task Force on Pandemic Response** launched by the US Chamber of Commerce to aid India and other Covid-19 Hot-Spots. This includes Sourcing, shipping and delivering 1,000 ventilators; 25,000 oxygen concentrators and working with local partners to fund emergency hospital beds in communities where our teams live and work.

In addition, we are also closely engaged with the government and government agencies in India to offer our support and we are ready to do more.

Given the dynamic pandemic situation, IBM is constantly revising and updating any initiatives it has put in place to respond to the pandemic, And any of these programs and policies may be changed or withdrawn by IBM at its sole discretion. Please reach out to your HR contact to understand the current measures in place at IBM.

Moreover, the terms and conditions afforded Executive under this Agreement are in lieu of any severance benefits to which the Executive otherwise might be entitled pursuant to any severance plan, policy and practice of IQVIA and or its Affiliates. Nothing in this Agreement, however, is intended to waive or supplant any death, disability, retirement or pension benefits to which the Executive may be entitled under employee benefit plans in which the Executive participates.

5.7 Without prejudice to the provisions of Section 4.1, 4.2 and 5.2, if the Executive terminates his/her employment pursuant to Section 4.1 (without cause), then IQVIA may at its sole option, either require the Executive to: (a) serve the notice period specified in Section 4.1 (whether such notice period is within the Probation Period or at any time thereafter) in whole or part; or (b) may pay the Executive an amount equivalent to the gross salary that would have been owed to the employee for the duration of the aggregate notice period specified in Section 4.1 in lieu of the Executive serving the said notice period.

5.8 It is expressly acknowledged and agreed that the rights of IQVIA set out in Section 5.7 (a) and (b) may be exercised in whole or in part by IQVIA and where IQVIA requires the Executive to only serve a part of his/her notice period pursuant to Section 5.7 (a), then for the remainder of the notice period IQVIA shall pay amounts in lieu of notice on a pro-rated basis.

Monitoring activities may include the monitoring and logging of traffic and usage data of all electronic communications; monitoring of telephone calls to or from JPMC work telephones as permitted by applicable laws and subject to any required notices; monitoring of the contents of electronic communications, files, databases, applications, and internet usage; and logging hours worked and physical presence at JPMC's facilities if applicable. JPMC may at all times monitor, access, retrieve, record and review information obtained from the monitoring activities for various purposes, such as preventing and investigating activities that may violate JPMC's policies and ensuring compliance with legal or regulatory obligations. While conducting monitoring activities, JPMC may obtain and process personal information about you and others that may reside on the Systems.

The monitoring activities (including JPMC's collection and processing of personal or other information) are required for purposes of your employment or work assignment to promote adherence to applicable policies and regulations. In addition to the monitoring activities discussed above, JPMC may obtain and store other information related to your employment or other working relationship, such as your compensation information, performance information, benefits information and other workplace-related data. JPMC may transfer such information, and the information it obtains in connection with monitoring activities, to countries other than the country in which the information originally was collected, including to the United States.

Understanding Obligations under the Firm's Personal Account Dealing Policy (PAD):

The Personal Account Dealing Policy (Policy) of JPMorgan Chase & Co. (firm or JPMC) is designed to help prevent and detect violations of securities laws and industry conduct standards and to minimize actual or perceived conflicts of interest that could arise due to personal investing activities.

PAD Compliance will notify you if the position you are being offered is considered to be subject to the Policy. You will remain subject for the duration of your time working in a subject group, unless notified otherwise of a change in subject status. Unless otherwise notified, you will continue to be subject to the provisions of the Policy even during leaves of absence from the firm, including, but not limited to, garden leave or medical leave.

You as well as your Connected Persons are subject to the provisions of this Policy and will need to be familiar with the obligations set forth in this policy. Connected Persons includes your spouse, domestic partner or minor children (even if financially independent) as well as anyone to whom you provide significant financial support or for which you, or anyone listed above, has or shares the power, directly or indirectly, to make investment decisions.

Once subject to the Policy, you must disclose and certify your Covered Accounts (which include

accounts of your Connected Persons). You will be required to maintain your self-directed Covered Accounts with one of the firm's Approved Brokers and preclear all purchases, sales, pledges and gifts (received and given) of publicly traded and privately held financial instruments, unless listed as specifically exempt. Pre-approval confirmations must be received prior to executing the trade or investment. The firm may impose periodic restrictions on personal trading in certain financial securities. These restrictions can apply to all firm subject Workforce Members and their Connected Persons or may be limited to certain groups. Subject Workforce Members and their Connected Persons are not permitted to recommend or transact in the financial instruments of an issuer while in the possession of material non-public information (MNPI) regarding that issuer.

If you are a seasonal or short term employee the following requirements will apply:

JPMorgan Chase requires that seasonal workers refrain from trading in Covered Accounts for the time period that you are employed in a short term training program. Please verify that you will comply with the following personal trading requirements:

1. For the duration of the short term program I am joining I will not trade in any of my Covered Accounts
2. I understand that the Firm has the right to request account information for any of my Covered Accounts
3. If there is an extenuating circumstance that would compel me to place a trade in my Covered Accounts, I will obtain pre-approval of the trade by the Personal Account Dealing Group and I would be responsible for supplying all confirmations and statements to the Personal Account Dealing Group for that trade

*The term Covered Accounts refers to any securities accounts no matter where they are located and includes, but is not limited to, those accounts that are established, maintained or controlled (either directly or indirectly) by you, your spouse, domestic partner or minor children (even if financially independent), anyone to whom you provide significant financial support, and in which the employee has a direct or indirect financial interest.

Global Personal Trading Policy:

The Personal Account Dealing of JPMorgan Chase & Co. is designed to help prevent and detect violations of securities laws and industry conduct standards and to minimize actual or perceived conflicts of interest that could arise due to personal investing activities. This Policy includes requirements for disclosing Covered Accounts, maintaining certain accounts at one of the firm's Approved Brokers, preclearing trades, and restrictions and prohibitions on certain types of trading activity. This Policy is subject to any applicable local laws and rules and should be read in conjunction with Supplements (regional/LOB) as well as the firm's Code of Conduct.

Acceptance and Code Affirmation:

Upon signing this letter I accept the terms and conditions described above.

I hereby affirm that I have read, understand, and am in compliance with the JPMorgan Chase ("JPMC") Code of Conduct and all internal JPMC policies that apply to me. I agree, as a condition of my employment, to remain in compliance with the Code of Conduct and all applicable JPMC policies.

I understand that I must conduct myself in a way that is consistent with the Code of Conduct, demonstrating compliance with the principles and intent of the Code of Conduct, and applicable

laws and regulations.

I also affirm that I have reported any potential or actual violations of the Code of Conduct, JPMC policies, or laws or regulations applicable to JPMC's business, as required by the Code of Conduct. I understand that failure to do so can result in disciplinary action, up to and including termination of employment.

I understand that the Code of Conduct may be updated periodically, as necessary; and that the current version is posted on the JPMorgan Chase intranet as well as on its public website.

Independent Auditor Tax Services to Employees of JPMorgan Chase and its Affiliates:

To be in compliance with the Public Company Accounting Oversight Board (PCAOB) Rule 3523, it is JPMorgan Chase's (JPMC) policy that PricewaterhouseCoopers (PwC) cannot provide any tax services to employees of JPMC or any of its controlled entities (hereafter referred to as JPMC employee). This restriction is regardless of whether the individual is in a financial reporting oversight role or not, and whether PwC is engaged by the individual or by JPMC. PwC is also prohibited from providing any tax services to a spouse of a JPMC employee if the work is related to a joint tax return. Exceptions to this policy will be reviewed on a case-by-case basis and will require the approval of the JPMC Controller.

*The term Covered Accounts refers to any securities accounts no matter where they are located and includes, but is not limited to, those accounts that are established, maintained or controlled (either directly or indirectly) by you, your spouse, domestic partner or minor children (even if financially independent), anyone to whom you provide significant financial support, and in which the employee has a direct or indirect financial interest.

Understanding Obligations under the Firm's Personal Account Dealing Policy (PAD):

The Personal Account Dealing Policy (Policy) of JPMorgan Chase & Co. (firm or JPMC) is designed to help prevent and detect violations of securities laws and industry conduct standards and to minimize actual or perceived conflicts of interest that could arise due to personal investing activities.

PAD Compliance will notify you if the position you are being offered is considered to be subject to the Policy. You will remain subject for the duration of your time working in a subject group, unless notified otherwise of a change in subject status. Unless otherwise notified, you will continue to be subject to the provisions of the Policy even during leaves of absence from the firm, including, but not limited to, garden leave or medical leave.

You as well as your Connected Persons are subject to the provisions of this Policy and will need to be familiar with the obligations set forth in this policy. Connected Persons includes your spouse, domestic partner or minor children (even if financially independent) as well as anyone to whom you provide significant financial support or for which you, or anyone listed above, has or shares the power, directly or indirectly, to make investment decisions.

Once subject to the Policy, you must disclose and certify your Covered Accounts (which include accounts of your Connected Persons). You will be required to maintain your self-directed Covered Accounts with one of the firm's Approved Brokers and preclear all purchases, sales, pledges and gifts (received and given) of publicly traded and privately held financial instruments, unless listed as specifically exempt. Pre-approval confirmations must be received prior to executing the trade or investment. The firm may impose periodic restrictions on personal trading in certain financial securities. These restrictions can apply to all firm subject Workforce Members and their Connected Persons or may be limited to certain groups. Subject Workforce Members and their Connected Persons are not permitted to recommend or transact in the financial instruments of an issuer while in the possession of material non-public information (MNPI) regarding that issuer.

If you are a seasonal or short term employee the following requirements will apply:

JPMorgan Chase requires that seasonal workers refrain from trading in Covered Accounts for the time period that you are employed in a short term training program. Please verify that you will comply with the following personal trading requirements:

1. For the duration of the short term program I am joining I will not trade in any of my Covered Accounts
2. I understand that the Firm has the right to request account information for any of my Covered Accounts
3. If there is an extenuating circumstance that would compel me to place a trade in my Covered Accounts, I will obtain pre-approval of the trade by the Personal Account Dealing Group and I would be responsible for supplying all confirmations and statements to the Personal Account Dealing Group for that trade

*The term Covered Accounts refers to any securities accounts no matter where they are located and includes, but is not limited to, those accounts that are established, maintained or controlled (either directly or indirectly) by you, your spouse, domestic partner or minor children (even if financially independent), anyone to whom you provide significant financial support, and in which the employee has a direct or indirect financial interest.

Global Personal Trading Policy:

The Personal Account Dealing of JPMorgan Chase & Co. is designed to help prevent and detect violations of securities laws and industry conduct standards and to minimize actual or perceived conflicts of interest that could arise due to personal investing activities. This Policy includes requirements for disclosing Covered Accounts, maintaining certain accounts at one of the firm's Approved Brokers, preclearing trades, and restrictions and prohibitions on certain types of trading activity. This Policy is subject to any applicable local laws and rules and should be read in conjunction with Supplements (regional/LOB) as well as the firm's Code of Conduct.

Acceptance and Code Affirmation:

Upon signing this letter I accept the terms and conditions described above.

I hereby affirm that I have read, understand, and am in compliance with the JPMorgan Chase ("JPMC") Code of Conduct and all internal JPMC policies that apply to me. I agree, as a condition of my employment, to remain in compliance with the Code of Conduct and all applicable JPMC policies.

I understand that I must conduct myself in a way that is consistent with the Code of Conduct, demonstrating compliance with the principles and intent of the Code of Conduct, and applicable laws and regulations.

I also affirm that I have reported any potential or actual violations of the Code of Conduct, JPMC policies, or laws or regulations applicable to JPMC's business, as required by the Code of Conduct. I understand that failure to do so can result in disciplinary action, up to and including termination of employment.

I understand that the Code of Conduct may be updated periodically, as necessary; and that the current version is posted on the JPMorgan Chase intranet as well as on its public website.

Independent Auditor Tax Services to Employees of JPMorgan Chase and its Affiliates:

To be in compliance with the Public Company Accounting Oversight Board (PCAOB) Rule 3523, it is JPMorgan Chase's (JPMC) policy that PricewaterhouseCoopers (PwC) cannot provide any tax services to employees of JPMC or any of its controlled entities (hereafter referred to as JPMC
