Student Fees Refund Policy and Procedures 24 September 2020

(Do not return this page with your acceptance)

OVERVIEW

In certain circumstances, if a student has a credit balance on their University account, they may request a refund of that credit balance. This policy provides formal guidance on the circumstances under which fee refunds are to be provided to students, and the manner in which they may be paid.

SCOPE AND APPLICATION

This policy applies to:

- All enrolled students of the University of Adelaide, on all campuses both domestic and international;
- Students previously enrolled, not currently enrolled and students on program leave, where the relevant fee liability was incurred while they were enrolled or is directly related to their enrolment;
- Higher Degree Research Students including those awaiting examination of submitted theses;
- Students on exchange from other universities where they have paid fees to be refunded to the University of Adelaide; and
- International students who have accepted an offer of admission.

POLICY PRINCIPLES

1. Refunds

- A refund can only occur if a student has a current credit on their student finance account.
- Refunds will be processed after all other financial obligations to the University have been discharged, including (but not limited to) library fines, student loans, and accommodation charges.
- Refund payments are normally made directly into a bank account, unless paid by credit / debit card. Bank details are required for all refund requests, even if the refund is to the original credit / debit card, to ensure payment can be finalised.
- All refunds are made in Australian dollars and are payable to the student's nominated account, with the following exceptions:
 - The student is supported by a recognised third party sponsor and that sponsor is entitled to the refund (as per the Education Services for Overseas Students (ESOS) Act, s.47D(3)(b)).
 - In the event a country is subject to financial sanctions, refunds cannot be paid to a bank in a sanctioned country.
 - If the original payment was made by credit / debit card via BPOINT, the refund will be processed back to the original credit / debit card. The merchant surcharge fee will also be refunded unless a partial refund is being made, in which case the surcharge fee will not be refunded.
- The deadline for submitting an online Refund Request Form (www.adelaide.edu.au/student/finance/refunds/) to facilitate payment of a refund in any week is 5pm of the preceding Friday.

2. Special Circumstances Refunds, Remissions or Re-Credits:

- Students who withdraw from a course(s) after the Census Date due to special circumstances may apply for a Special Circumstances Refund, Remission or Re-Credit (<https://www.adelaide.edu.au/student/finance/special/>).
- International students who withdraw from their study after accepting their offer but prior to the Census Date in their First Teaching Period due to special circumstances may apply for a Repayment of Administration Fee (www.adelaide.edu.au/enrol/forms-downloads/students-only/special-circumstances-application-form).

3. Domestic Students: refer to <https://www.adelaide.edu.au/policies/4343/>

4. International Students:

- When a refund is payable, and the applicable refund form has been completed, the refund will be processed under normal circumstances within 3 weeks of the refund form being received by the University.
- Additional delays may occur for receipt of payments to overseas bank accounts.
- Refunds of Overseas Student Health Cover (OSHC) will only be processed where the University has arranged OSHC on behalf of a student, and the student has not arrived in Australia. If a student has arrived in Australia, they will need to contact their OSHC provider directly to arrange any refund of their OSHC policy.

Fees:

TUITION FEES: The majority of the University's programs are offered in semesters, however some programs are taught across different teaching periods such as trimesters. Students will be invoiced at the beginning of their teaching periods. The actual tuition fees charged will be based on a student's unit enrolment and the published annual fees for the year of enrolment. Should a student 'overload' or 'underload', their fees will be increased or decreased accordingly. For example, students enrolled in 12 units will be charged half of the published annual tuition fee for the year of study. Degree Finder contains comprehensive information about this program at www.adelaide.edu.au/degree-finder.

STUDENT SERVICES AND AMENITIES FEE (SSAF): All students are required to pay an annual fee for the provision of essential, non-academic services (see www.adelaide.edu.au/student/finance/ssaf). The 2022 fee is \$315 based on full-time enrolment and is subject to increase annually. Students will be invoiced for this amount separately, after commencement in their program.

Declaration of Financial Capacity:

Student visa applicants must have sufficient funds available for the duration of their stay in Australia. The University of Adelaide can only issue your Confirmation of Enrolment (CoE) if you declare that you have access to sufficient funds. For more information visit www.international.adelaide.edu.au/admissions/tuition-fees and www.international.adelaide.edu.au/life-in-adelaide/cost-of-living.

- I declare that I have genuine access to the funds as outlined above for myself, my partner (if applicable) and dependent children (if applicable) for the duration of my stay in Australia. I understand that should I experience financial difficulties that I (or my sponsor) will continue to be responsible for my tuition fees and living expenses;
- I understand that the University may give advance notice of its intention to cancel my enrolment if my tuition fees are not paid by the census date. If my enrolment is cancelled due to non-payment of fees I understand that the University will be required to cancel my CoE and that I will have to seek advice from DHA regarding my ongoing eligibility for a student visa;
- I understand that the University may ask me to provide additional evidence of my financial capacity, should it be required, before issuing my CoE;
- I understand that I am responsible for ensuring that the Financial Guarantee (FG) provided by my sponsor remains current. If my FG expires, becomes invalid or my sponsor fails to pay, I understand that I will become responsible for payment of my tuition fees, OSHC and SSAF (sponsored students only).

Unique Student Identifier (USI):

The Australian Government is extending the USI to higher education students in 2021. A USI is a reference number that creates an online record of your training and qualifications attained in Australia. All students undertaking a higher education qualification need a USI in order to receive a qualification upon successful completion from 2023. International students will be required to obtain a USI before 2023: www.usi.gov.au.

The University recommends you accept your offer four weeks prior to the start date to allow sufficient visa application time.

This written agreement, and the right to make complaints and seek appeals of decisions and action under various processes, does not affect the rights of the student to take action under the Australian Consumer Law if the Australian Consumer Law applies.

Supporting documents should be sent to pgosi@liverpool.ac.uk for review. This deadline is to ensure that an unconditional offer can be issued in sufficient time for students to complete necessary processes to obtain a visa, travel to the UK and be on campus ready to begin their studies by the start of term.

ACCEPTING YOUR OFFER

You should accept or decline your offer via the [Postgraduate Application Tracker](#).

If you cannot access the Tracker, you can email the Admissions Team at: pgosi@liverpool.ac.uk

Please include your student reference number. If you have received an offer for more than one programme, you can only accept one of them.

FEES AND LIVING COSTS

The fees for this programme are currently set at £25050 for the Academic year 2022-23. A full list of up-to-date fees can be found [here](#).

This offer is made on the understanding that you qualify as an Overseas student for fees purposes. If you have any questions about your eligibility to pay international fees please contact our [Fees Assessment Officers](#).

We estimate that a single person will need a minimum of £9,207 per year to cover the cost of living on an annual basis. If you are planning to bring your family with you then your living costs will increase. You can find out more about maintenance amounts on our [website](#).

TUITION FEE DEPOSITS

As an overseas applicant for postgraduate taught study, you are required to pay a tuition fee deposit to confirm your intention to study at the University. This is included as a condition of your offer. The deposit amount is £1,000 and it will be deducted from your tuition fee when you register in September.

If a deposit payment is not received by the deadline as quoted in the condition of your offer, your offer will be withdrawn.

The University's approved payment provider is CIBC. You should make a payment at the following [payment portal](#). You will need your University reference number, which can be found at the top of your offer email.

If your tuition fees are fully funded by a third-party sponsor (a government sponsor, charity, US Federal Loan, commercial organisation, international organisation) or you have been awarded a full scholarship, you must provide written evidence of this by the deadline or your offer will be withdrawn.

For more information about the University's deposit scheme, please visit our [website](#).

STUDY COSTS

Liverpool is among the most cost-effective student cities in the UK. You may have some day-to-day costs of studying such as printing, buying books and specialist equipment, or going on field classes. These costs will differ depending on your programme of study and your preferences. Information about some of the additional costs associated with studying can be found [here](#).

SCHOLARSHIPS

The University offers a range of scholarships and study awards to support postgraduate students. If awarded, scholarships are usually issued by way of a reduction to your tuition fees. Amounts and eligibility criteria for scholarships and awards vary. You can find information about the different scholarships available on our [website](#).

VISAS

You will need to meet the requirements set by the UK authorities in connection with obtaining a visa for studying in the UK. You can find more information on the UK Visas and Immigration [website](#).

If you are applying for a Student Visa you will be required to pay an [immigration health surcharge](#). All students who apply for a visa will be subject to an additional £470 surcharge per year. This will allow those holding a Student Visa to access the UK's National Health Service (NHS) facilities and receive most treatment for free.

Further pre-arrival advice, including details of your Confirmation of Acceptance of Studies (CAS) number, will be sent to you once you have accepted an unconditional offer.

DISCONTINUED PROGRAMMES AND MODIFICATIONS TO PROGRAMMES

Whilst the University makes every effort to be able to provide the programmes that it has advertised, there are sometimes occasions when we are unable to offer a programme in an academic year.

In some cases, the University may continue to offer a programme, but its content or title may be significantly different from the description of the programme in the University's materials.

Where either of these eventualities occur, you or your nominated representative will be contacted straight away to explore the options that are available. Further details on this are available in the [Admissions Policy](#).

APPEALS AND COMPLAINTS PROCEDURE

We really hope we have met your expectations so far, and that we continue to do so, but if you are unhappy with your experience there is information about our appeals and complaints policy [here](#).

DATA PROTECTION AND YOUR PERSONAL INFORMATION

As a prospective University of Liverpool student, the University will communicate with you in order to provide important messages relating to your application to the University. We have obtained your data via information that you or a third party (your nominated representative) have submitted within your application to the University.

Please see the [University's Data Protection webpage](#) for further information about data protection or our [Data Protection Policy](#).

TERMS AND CONDITIONS

The decision on your application to the University has been taken based upon information you recorded in the application form. If it is found that the information provided within the application form is incorrect we reserve the right to rescind the offer made to you. Master of Engineering Internship Stream

Frequently Asked Questions – Updated January 2022

Program Details and Requirements

What is the MEng internship stream?

The internship stream is one of two options available for the [MEng program](#). This stream begins with 12 months (3 academic terms) of coursework where you will complete all your credit requirements for your master's degree. Following your academic terms, you will then participate in an internship for 4, 8, or 12 months depending on the length of internship that you secure. The internship is facilitated by the [UBC Applied Science Co-op Program](#). If you opt into the internship stream, you are required to adhere to the Terms and Conditions of the Internship Program and attend all mandatory events and complete all mandatory tasks for the program, and your job search for your internship will begin 4-6 months prior to the start of your internship in September.

Are international students eligible to participate in the internship stream?

Yes. International students can participate in the internship stream but are required to apply for a [co-op or intern work permit](#) (in addition to holding a valid study permit) to legally work in Canada on a UBC-approved internship. The UBC Applied Science Co-op Program will provide you with a letter for your co-op work permit application that confirms the internship is a requirement for your Master of Engineering degree. For any further inquiries on work permits or study visas, please contact the International Student Advising team in the Global Engagement Office at geo.ubco@ubc.ca or visit them in the University Centre (UNC) room 227.

How much does it cost to participate in the internship stream?

There are two types of fees associated with participation in the internship stream:

- [Co-op administration and workshop fee](#) - The co-op administration and workshop fee is a one-time, non-refundable payment of \$256.75¹ that is paid upon entry into the internship program and just prior to the pre-employment training workshops held during the mid-term break in Winter Session Term 2. Payment is made directly to the UBC Applied Science Co-op Office. Instructions on how to pay this fee will be provided by the Co-op Office.
- [Co-op course fee](#) – The co-op course fee is \$805.75¹ which is assessed only once you have secured an internship and are registered in the internship course by the Co-op Office. The co-op fee is required for every four-months of your internship (ex. if you secure an 8-month internship, you will be charged the co-op fee twice over this time period). The fee is due by the [due dates](#) specified in the UBC Okanagan Academic Calendar, whether the internship position is secured through the Co-op Program or through your own self-directed job search. Co-op course

¹ The listed fee rates are for 2021/22 and for reference only. Tuition fees are reviewed annually by the Board of Governors and historically these two fees increase by 2% each year. For example, if you are scheduled for a September 2022 internship, the fees for the 2022/2023 academic year are likely to be approximately 2% higher than the fee rates noted above.

fee is paid directly via your Student Service Centre (SSC) like any other tuition fee payment. As you have paid the minimum three instalments for your Master of Engineering degree program, the only fee you will be required to pay is the Co-op fee and regular [UBC student fees](#).

What are the requirements for participation in the internship stream?

Students that choose to participate in the internship stream are required to:

- Attend a mandatory internship information session
- Pay a one-time, non-refundable [Co-op administration and workshop fee](#)
- Be registered in the zero-credit APSC 107 Introduction to Engineering Co-op course
- Attend the mandatory pre-employment workshops
- Attend a mandatory “Success in the Workplace” workshop, if you have secured a position
- Agree to adhere to the Terms and Conditions of the internship stream
- Complete all the academic requirements of their degree program by the start of the internship in September, unless discussed and approved by a Co-op Coordinator
- Complete their entire MEng degree within 2 years (including the internship)

Failure to complete any of the mandatory tasks or attend any mandatory events will result in removal from the internship stream.

What are the pre-employment training workshops?

The pre-employment workshops help students to write effective cover letters and resumes, improve interviewing skills, understand the purpose of networking, and review internship resources and processes, and more. These workshops are important and critical to your success in securing an internship. You must take part in all workshops and complete all requirements to proceed in the internship stream. Students who do not successfully complete the workshops are ineligible to proceed in the internship stream and will receive a Fail grade for APSC 107 Introduction to Engineering Co-op on your transcript.

Finding an Internship

How do I find a job?

Securing a job is a competitive process and is not guaranteed; therefore, it is up to you to put in effort and prioritize your job search. It is ultimately your responsibility to secure an internship opportunity. You will have access to the Co-op Program’s exclusive co-op job portal and the resources provided by the Co-op team. You should also be completing a self-directed job search utilizing your network (friends, professors, industry connections, etc.) and other resources (company websites, LinkedIn, Indeed, etc.) to find opportunities suited to you. Any position can be used for the internship, regardless if the position is secured through the Co-op Program or through your own self-directed job search. The Co-op team will work with you and support you in your job search with pre-employment workshops, networking events, an application review, a mock interview and weekly group job search office hour sessions.

When should I start searching for my internship?

You should start searching for your internship approximately 4-6 months in advance the start of the

internship term in September and after you have completed the mandatory pre-employment training workshop.

Are internship opportunities guaranteed?

No. Securing a job is a competitive process and is not guaranteed. Ultimately, it is your responsibility to secure an internship so you must put effort into your job search and applications. Internship students have access to the program's exclusive co-op job portal and resources provided by the Co-op team. The more positions applied to (with a high-quality application), the higher the chance you have of securing a job.

What companies hire internship students?

The Applied Science Co-op Program is connected with hundreds of employers offering exciting opportunities for students to make meaningful industry connections, gain practical experience, and develop new skills.

Some of our top employers include: Intel, SAP, Teck Resources, Ballard Power Systems, BC Hydro, Sierra Wireless, Microchip, Hydro One Networks, Stantec, Canfor, Thurber Engineering, City of Surrey, City of Vancouver, Stemcell Technologies, PCL Construction, Shell Canada, Cadex, Metro Vancouver, Peace River Hydro Partners, Metro Testing + Engineering, Tesla, TC Energy, Imperial Oil, Ledcor Group, Fortis BC, ConeTec Investigations, TTT Studios.

It is important to note that any employer can be an internship employer provided they are able to provide you with a full-time, minimum 12 weeks long, and paid work experience related to your academic program and/or long-term career objectives.

Do I have to work in British Columbia?

No. Internship opportunities are available across numerous industries, organizations, and geographic locations. Many internship opportunities are in British Columbia, Alberta and Ontario, but there are opportunities available all across Canada, in the United States of America, and around the world*. Students can seek out opportunities in any geographic region of interest but should not be too restrictive to increase success in securing a position.

** Only international activities in low-risk destinations are permitted. Low-risk destinations are those with an advisory that says travelers should practice normal or increased security precautions. UBC uses [Global Affairs Canada's](#) travel advisories to assess the risk level of a destination.*

What are my chances of securing an internship?

As the Master of Engineering program's structure was recently revised, we cannot comment on the success of students currently completing the internship stream. Fall is typically a less competitive job search with a lower number of students searching for positions, and the Applied Science Co-op Program's success rate for Fall 2020 was 82% and for Fall 2019 was 95%.

What is the last day I can secure an internship?

The last day you can secure an internship is the add/drop date for Winter Session Term 1 for your given

year, as per the UBC Okanagan Academic Calendar found here:

<https://www.calendar.ubc.ca/okanagan/index.cfm?go=deadlines>

What happens if I am unable to secure an internship?

If you are unable to secure an internship, you will apply to graduate with your Master of Engineering degree and start your new graduate job search.

What job search supports are provided by the Co-op Program?

After successful completion of the pre-employment training workshops, each MEng internship student will receive one resume and cover letter review, and one mock interview when they receive an interview invitation from an employer. Students are also welcome to attend a weekly one-hour job search drop-in session facilitated by a Co-op Coordinator who can answer questions you may have about your job search and provide advice on job search strategies.

Can I look for a better position after I've already accepted an offer from an employer?

No. Once you have accepted a position, even verbally, you must remove yourself from the job search, decline future job interviews, and cancel any booked interviews.

Can I find another internship after I complete my first 4 or 8 months at one company?

No. You may only work for one employer for the duration of your internship. Extensions with the same company are permitted, but you will not be permitted to work under your co-op work permit for another company.

Other

Can I complete my studies in fall and winter look for internships commencing in May?

No. This program has been designed specifically for you to start your internship in September, when the job search is less competitive and you have completed your academic degree requirements. As this internship is at the end of your degree, employers may hire you for permanent, full-time positions upon completion of your internship, if mutually agreed upon. You must pay for a minimum 3 instalments for the academic terms of your MEng degree, as described in the [UBCO Academic Calendar](#). Your internship does not count towards these 3 instalments.

Can I take courses while I am completing my internship?

No. During your internship, your main priority should be your work for your employer, and you are not permitted to take courses while you are working.

Do the co-op course credits count towards my degree requirements?

No. The co-op course credits are non-additive and do not count towards your [degree coursework requirements](#). If you are successful in securing an internship, you will be considered a full-time student throughout the duration of your internship and your internship will extend the duration of your degree, which increases the length of your post-graduation work permit.

How much money will I make working as an engineering intern?

All internship positions must be paid positions and meet the minimum wage requirements for the jurisdiction where the internship position is based. In British Columbia, the minimum wage is \$15.20 (as of June 1, 2021). Unpaid work or work not meeting minimum wage requirements will not be eligible for the internship.

Most internship students earn more than the British Columbia or other provincial/territorial minimum wage. Please refer to the UBC Applied Science Co-op Program's website for details on the typical [salaries](#) co-op students earn while on a work term.

If I have more questions about internship stream, who can I contact?

If the answer to your question is not found in these frequently asked questions, please contact the UBC Applied Science Co-op Program at apsc.coop@ubc.ca.

What do you enjoy most about living in residence?

ALYSSA

I love being around people constantly. When I walk out into the hallway I am greeted by so many people and

then I also can go to the lobby where I can interact with even more people. I also love the positive environment that we have on our floor, it feels like my home away from home where I can be myself and go to any of my floor mates for help. I love being involved in all the activities that residence puts on. It has truly made my experience so much better. Participating in all of these activities has allowed me to meet new people and further discover myself!

CALEB

I really liked being close to the meal plan food locations along with grocery stores such as Food

Basics, Shoppers, etc. Being close to my classes allowed for me to go back to my room to study between classes, take a nap or grab a quick snack. I never worked out before coming to the university so having a close facility to do so was a great bonus and allowed me to go multiple times a week without excuses. Studying by myself got boring at times so being close to other students and resources helped a lot when exam seasons got tough.

INSTRUCTIONS TO STUDENTS

STUDENT ATTESTATION. You should read everything on this page carefully. Be sure that you understand the terms and conditions concerning your admission and stay in the United States as a nonimmigrant student before signing the student attestation on page 1 of the Form I-20 A-B. The law provides severe penalties for knowingly and willfully falsifying or concealing a material fact, or using any false document in the submission of this form.

FORM I-20. The Form I-20 (this form) is the primary document to show that you have been admitted to school in the United States and that you are authorized to apply for admission to the United States in F-1 class of admission. You must have your Form I-20 with you at all times. If you lose your Form I-20, you must request a new one from your designated school official (DSO) at the school named on your Form I-20.

VISA APPLICATION. You must give this Form I-20 to the U.S. consular officer at the time you apply for a visa (unless you are exempt from visa requirements). If you have a Form I-20 from more than one school, be sure to present the Form I-20 for the school you plan to attend. Your visa will include the name of that school, and you must attend that school upon entering the United States. You must also provide evidence of support for tuition and fees and living expenses while you are in the United States.

ADMISSION. When you enter the United States, you must present the following documents to the officer at the port of entry: 1) a Form I-20; 2) a valid F-1 visa (unless you are exempt from visa requirements); 3) a valid passport; and 4) evidence of support for tuition and fees and living expenses while you are in the United States. The agent should return all documents to you before you leave the inspection area.

REPORT TO SCHOOL NAMED ON YOUR FORM I-20 AND VISA. Upon your first entry to the United States, you must report to the DSO at the school named on your Form I-20 and your F-1 visa (unless you are exempt from visa requirements). If you decide to attend another school before you enter the United States, you must present a Form I-20 from the new school to a U.S. consular officer for a new F-1 visa that names the new school. Failure to enroll in the school, by the program start date on your Form I-20 may result in the loss of your student status and subject you to deportation.

EMPLOYMENT. Unlawful employment in the United States is a reason for terminating your F-1 status and deporting you from the United States. You may be employed on campus at your school. You may be employed off-campus in curricular practical training (CPT) if you have written permission from your DSO. You may apply to U.S. Citizenship and Immigration Services (USCIS) for off-campus employment authorization in three circumstances: 1) employment with an international organization; 2) severe and unexpected economic hardship; and 3) optional practical training (OPT) related to your degree. You must have written authorization from USCIS before you begin work. Contact your DSO for details. Your spouse or child (F-2 classification) may not work in the United States

PERIOD OF STAY. You may remain in the United States while taking a full course of study or during authorized employment after your program. F-1 status ends and you are required to leave the United States on the earliest of the following dates: 1) the program end date on your Form I-20 plus 60 days; 2) the end date of your OPT plus 60 days; or 3) the termination of your program for any other reason. Contact your DSO for details.

EXTENSION OF PROGRAM. If you cannot complete the education program by the program end date on page 1 of your Form I-20, you should contact your DSO at least 15 days before the program end date to request an extension.

SCHOOL TRANSFER. To transfer schools, first notify the DSO at the school you are attending of your plan to transfer, then obtain a Form I-20 from the DSO at the school you plan to attend. Return the Form I-20 for the new school to the DSO at that school within 15 days after beginning attendance at the new school. The DSO will then report the transfer to the Department of Homeland Security (DHS). You must enroll in the new school at the next session start date. The DSO at the new school must update your registration in SEVIS.

NOTICE OF ADDRESS. When you arrive in the United States, you must report your U.S. address to your DSO. If you move, you must notify your DSO of your new address within 10 days of the change of address. The DSO will update SEVIS with your new address.

REENTRY. F-1 students may leave the United States and return within a period of five months. To return, you must have: 1) a valid passport; 2) a valid F-1 student visa (unless you are exempt from visa requirements); and 3) your Form I-20, page 2, properly endorsed for reentry by your DSO. If you have been out of the United States for more than five months, contact your DSO

AUTHORIZATION TO RELEASE INFORMATION BY SCHOOL. DHS requires your school to provide DHS with your name, country of birth, current address, immigration status, and certain other information on a regular basis or upon request. Your signature on the Form I-20 authorizes the named school to release such information from your records.

PENALTY. To maintain your nonimmigrant student status, you must: 1) remain a full-time student at your authorized school; 2) engage only in authorized employment; and 3) keep your passport valid. Failure to comply with these regulations will result in the loss of your student status and subject you to deportation.

INSTRUCTIONS TO SCHOOLS

Failure to comply with 8 CFR 214.3(k) and 8 CFR 214.4 when issuing Forms I-20 will subject you and your school to criminal prosecution. If you issue this form improperly, provide false information, or fail to submit required reports, DHS may withdraw its certification of your school for attendance by nonimmigrant students.

ISSUANCE OF FORM I-20. DSOs may issue a Form I-20 for any nonimmigrant your school has accepted for a full course of study if that person: 1) plans to apply to enter the United States in F-1 status; 2) is in the United States as an F-1 nonimmigrant and plans to transfer to your school; or 3) is in the United States and will apply to change nonimmigrant status to F-1. DSOs may also issue the Form I-20 to the spouse or child (under the age of 21) of an F-1 student to use to enter or remain in the United States as an F-2 dependent. DSOs must sign where indicated at the bottom of page 1 of the Form I-20 to attest that the form is completed and issued in accordance with regulations.

ENDORSEMENT OF PAGE 2 FOR REENTRY. If there have been no substantive changes in information, DSOs may endorse page 2 of the Form I-20 for the student and/or the F-2 dependents to reenter the United States. If there have been substantive changes, the DSO should issue and sign a new Form I-20 that includes those changes.

RECORDKEEPING. DHS may request information concerning the student's immigration status for various reasons. DSOs should retain all evidence of academic ability and financial resources on which admission was based, until SEVIS shows the student's record completed or terminated.

AUTHORITY FOR COLLECTING INFORMATION. Authority for collecting the information on this and related student forms is contained in 8 U.S.C. 1101 and 1184. The Department of State and DHS use this information to determine eligibility for the benefits requested. The law provides severe penalties for knowingly and willfully falsifying or concealing a material fact, or using any false document in the submission of this form.

REPORTING BURDEN. U.S. Immigration and Customs Enforcement collects this information as part of its agency mission under the Department of Homeland Security. The estimated average time to review the instructions, search existing data sources, gather and maintain the needed data, and complete and review the collection of information is 30 minutes (.50 hours) per response. An agency may not conduct or sponsor, and a person is not required to respond to an information collection unless a form displays a currently valid OMB Control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: Office of the Chief Information Officer/Forms Management Branch, U.S. Immigration and Customs Enforcement, 801 I Street NW Stop 5800, Washington, DC 20536-5800. Do not send the form to this address.

What do you enjoy most about living in residence?

ALYSSA

I love being around people constantly. When I walk out into the hallway I am greeted by so many people and

then I also can go to the lobby where I can interact with even more people. I also love the positive environment that we have on our floor, it feels like my home away from home where I can be myself and go to any of my floor mates for help. I love being involved in all the activities that residence puts on. It has truly made my experience so much better. Participating in all of these activities has allowed me to meet new people and further discover myself!

CALEB

I really liked being close to the meal plan food locations along with grocery stores such as Food

Basics, Shoppers, etc. Being close to my classes allowed for me to go back to my room to study between classes, take a nap or grab a quick snack. I never worked out before coming to the university so having a close facility to do so was a great bonus and allowed me to go multiple times a week without excuses. Studying by myself got boring at times so being close to other students and resources helped a lot when exam seasons got tough.

Dear Ms. Shekhar,

We are happy to offer you a position as a pre-doctoral Research Trainee in the Department of Cell Biology at the Albert Einstein College of Medicine (Einstein) beginning on or about February 15, 2023 for a one-year period, contingent upon your performance.

Our offer is contingent upon the successful completion of our onboarding process (see Appendix C) which includes education and employment verification, an independently conducted criminal background investigation, drug screening, and authorization to work pursuant to the Immigration Reform and Control Act of 1986 ("IRCA"). Specifically, you will develop and conduct experiments, analyze results of your work, and will be involved in studies on gene regulatory elements that underlies genetic risk of these blood disorders. You will report directly to Dr. Nandakumar.

Your salary will be \$42,000 per annum and will be supported by grant funds. As an employee of the Albert Einstein College of Medicine, you can find the available employee benefit package information at <http://einsteinmed.edu/hr/>. Important information

We know that choosing to pursue a postgraduate degree is a big step. To help you through the process, please visit our dedicated offer holder webpages at www.leeds.ac.uk/masters-offer. Here you will find lots of useful information, including details of accommodation,

facilities and support. You will also be able to chat online to our current students to find out more about life at the University of Leeds.

Please be aware that we will continue to review our courses and other elements of the student experience in response to COVID-19, as required. We may need to adapt our provision to ensure students remain safe. For the most up-to-date information on COVID-19, regularly visit our website, which we will continue to update:
www.leeds.ac.uk/covid19faqs.

Course information

Important up-to-date information about your course can be found at courses.leeds.ac.uk. This includes course content, outline module information (including which modules are compulsory or optional), methods of teaching and assessment, and whether your course is professionally accredited. You will also be able to see the circumstances where changes may be made to your course.

The University reviews all our courses on a regular basis. The exact details of the modules available, including methods of teaching and assessment and specific content, are due to be published on 2 May 2023 in the University's Module and Programme Catalogue at www.leeds.ac.uk/PGTprogramme-catalogue. Paying your fees

If you are self-funding, you must either pay your fee in full before you register or pay 50% before you register and set up an instalment plan to pay the remaining balance. Please do not use third-party agents to transfer payments to the University of Leeds, as this can significantly increase your risk of being exposed to financial crime.

You may be asked to supply details on the source of your funds. We must do this (where relevant) as part of the controls implemented by the University to ensure compliance with financial sanctions and anti-money laundering regulations, and to ensure our bank will accept payments from you. This offer of study does not guarantee that we can accept your source of payment and failure to provide an acceptable source of payment may result in the withdrawal of this offer. During your studies and as part of the ongoing controls required to ensure compliance, we may require further information regarding the source of funds associated with payments. Failure to provide this information may affect your ongoing status as a student.

If you are receiving a Postgraduate Master's Loan from Student Finance England you can set up an alternative instalment plan of three payments by direct debit in line with your loan payments. This will only be available if we have received confirmation from Student Finance England that your Postgraduate Master's Loan has been approved, therefore you are encouraged to apply as early as possible at www.gov.uk/masters-loan/apply. The Postgraduate Master's Loan is available to help with course fees and living costs while you study and therefore may not cover your tuition fees in full. For more information about postgraduate loans and eligibility, please see www.gov.uk/masters-loan.

If you are from a Channel Island or the Isle of Man, you should seek guidance from your island education office.

If you are sponsored by a third-party organisation, you must provide an official sponsor letter before you register. Please visit www.leeds.ac.uk/sponsoredstudents for more information.

Further information on fees, student loans and payment arrangements can be found at www.leeds.ac.uk/mastersfees.

Scholarships

Postgraduate students at the University of Leeds benefit from a wide range of full and partial tuition fee scholarships and maintenance awards from the University and external organisations. Due to the diversity of awards available, our scholarship application forms are customised and the criteria for eligibility vary between schemes. For more information, please visit our scholarships website at masters-scholarships.leeds.ac.uk.

Student visas

If you need a Student visa to study in the UK you will require a Confirmation of Acceptance for Studies (CAS) from the University. The earliest that a CAS can be issued is six months before the course start date and after you have met the conditions of your offer, supplied all the necessary information, such as your passport details, and paid a tuition fee deposit of £1,500, if applicable. You do not need to contact us to request a CAS. You must obtain your visa before travelling to the UK. We will only ask you to pay the deposit if you accept an unconditional offer via the application portal. More information about the deposit will be sent to you at that time. You should only pay if you are committed to attending for this year of entry.

If you are already in the UK and have a Student visa, (previously known as Tier 4) for a different institution, and you meet the conditions of applying for a new Student visa in the UK, you will not be able to register or start your studies unless you can provide evidence that you have used your University of Leeds CAS to apply for a Student visa to study with us.

You should make your visa application as soon as you have the required supporting documents (academic and financial). This offer of study does not guarantee that the University will be able to sponsor you for a Student visa. For more information, please see www.leeds.ac.uk/studentvisa.

Membership and alumni

As a University of Leeds student, you will automatically become a member of the University. This membership usually continues beyond your time of study as you will join a community of over 300,000 Leeds alumni, representing the University's lifetime commitment to you. You will have access to certain University services and a vast support network and will have opportunities to attend events and reunions, learn about volunteering and fundraising, stay connected and create new connections that can help your career.

Contract, withdrawal and disclaimer

This letter together with the student contract make up the agreement between you and the University. A copy of the student contract can be found at www.leeds.ac.uk/studentcontract.

You may cancel your agreement with the University and withdraw from your course, without reason, up to 14 days after the start date of your course (as stated on this letter) by emailing registration@leeds.ac.uk. You can also cancel this agreement and withdraw from the University if there is a material change to your course or fees that you do not agree to.

The University may terminate our agreement with you, not permit you to re-register next year and require you to withdraw from the University, if you become unfit to study or otherwise fail to meet your commitments to the University, for example, by the non-payment of fees, inappropriate conduct or making unsatisfactory academic progress.

The **University's disclaimer** can be found within the student contract. **We recommend you read the student contract** as it includes more details on the above points, together with other important information concerning your rights and commitments.
