VISCERAL MANIPULATION

(INTRODUCING FIRST TIME IN INDIA FROM BARRAL INSTITUTE, USA) PRE CONFERENCE WORKSHOP - JAN 27 - JAN 30, 2019, BANGALORE

Visceral Manipulation (VM) was introduced by Jean Pierre Barral, France. He is a qualified physiotherapist and an osteopath. He was voted by Time Magazine (UK) as one of the top innovators to watch in the new millennium. Visceral manipulation is a hands on manual therapy of visceral organs using gentle force based on sound abdominal anatomy.

As a physiotherapist, we are well versed with assessment and management of joints, muscles, nerves and fascia, however visceral organs are unaddressed which have extensive anatomical connections with musculoskeletal structures, which could be one of the sources contributing to shoulder, neck, back and knee pains.

For more details, please visit. https://www.barralinstitute.com/therapies/

Course Instructor- RITA BENAMOR -DO,CST-D, BI-D, is a renowned Certified International Instructor in Visceral Manipulation for Barral Institute USA. She also heads as Director of Barral Institute Portugal, incorporating the sound clinical practice in to efficient teaching is her passion. She has trained many visceral and cranio-sacral therapists all over globe.

HEALTH & FITNESS WORKSHOP

POST CONFERENCE WORKSHOP - FEB 3, 2019, BANGALORE

The challenge today for any healthcare professional is not the communicable diseases, but non communicable diseases like Ischemic Heart Disease, Stroke and Diabetes. With 74 million Indians being known diabetic and almost 1/3 of indian population with Hypertension, this is a cause of worry!

With Physical Therapist focusing on preventive Health, this one day Hands On Workshop on Health & Fitness becomes significant. The participants will learn Risk Stratification and know how to assess various parameters of Health & Fitness like Cardio Vascular (CV), Musculoskeletal (MSK) & Body composition.

Most often than not we are left fending for answers, when our patients ask how to lose weight, how to get fit etc..lets move away from a generic prescription of walk / swim for one hour daily, to a precise prescription of exercise. The Hands on Workshop will cover exercise prescription for CV, MSK Fitness, Mobility and Special Population.

BASIC COURSE IN MATRIX RHYTHM THERAPY

PRE CONFERENCE WORKSHOP - JAN 29 - JAN 30, 2019. BELGAUM

The Matrix-Rhythm-Therapy is a basic kind of therapy - directly derived from the fundamental research of Erlangen University- that settles on the matter of fact that cells are rhythmically vibrating between 8-12 Hz as long as they are alive. These oscillating characteristics can be observed with single muscle cells in their culture medium by the usage of video microscopy.

For more details, please visit. <https://www.barralinstitute.com/therapies/>

Course Instructor- Dr. Ulrich G. Randoll is a medical doctor, researcher, author, lecturer and Director of the Dr. Randoll Institut in Munich, Germany. He is cofounder of the Working Group "Electrophysiology of Bone Tissue in the German Association for Osteology", which he directed from 1993 until 2006

From the standpoint of coherent fields he created the scientific foundations for Matrix Rhythm Therapy (MaRhyThe'), an in-depth, rhythmical micro-extensions technique.

With the development of the Matrixmobil, the results of Dr. Randoll's research has found their utilization in daily clinical practice. Dr. U Randoll has already trained over 3000 therapists in the use of Matrix Rhythm Therapy. His book, "The Matrix Concept: is available in its second edition both in German and English.

HANDS ON SESSION - Free with Conference Registration

TOPIC: FACILITATING TECHNIQUES USED IN INTENSIVE CARE UNIT

The trust toward evidence based practice in health care and the development of conceptual base for practice have had major implications for cardio-pulmonary physical therapy in the ICU. Physiotherapists are an integral part of the multidisciplinary team in critical care. Involvement in the system includes evaluation/assessment of the patients, setting of goals, interventions as well as spontaneously breathing patients. Primary goals of physiotherapy are reduction in the retention of secretions, maintenance and recruitment of lung volume, facilitate global and regional ventilation, promote lung compliance, and reduce the work of breathing. Various clinical techniques are incorporated into the MANAGEMENT of airway and ventilation care. Appropriate and breathing strategies, in developing a structured relational program aimed at meeting the needs of patients with pulmonary impairment.

ABOUT THE SPEAKER

Dr. Gopala Krishna Akarshil, MPT, Ph.D. is an Associate Professor at Kasturba medical college, Manipal University, Mangalore and has 12 years teaching experience in cardio-pulmonary physiotherapy for both UG and PG students. Dr. Gopala Krishna has published more than 25 articles / Research papers in National and International Journals.

Venue: On FEB 2nd, 2019, Palace Grounds, Entrance Gate no: 06, Bellary Road, Bangalore, Karnataka.

Dear Sir,

I am happy to inform you that one of my research papers got accepted for oral presentation in "The annual conference of the IEEE photonics society" to be held at Texas, USA between 29th September 2019 to 3rd October 2019. It's a very prestigious conference and a good opportunity to network with renowned scientists from all over the world working in the area of Photonics. In this regard, I wish to apply for international travel grants from funding agencies like DST and SERB. For the application, I need to provide a certificate from the host institution stating their financial support. The conference registration money can be paid from the ongoing SERB project funding. I am attaching the approximate expenditure details for attending the conference with this letter for your kind reference.

I request you to kindly provide me with a certificate stating the percentage of the expenditure that the * host institution will support.

Thank you

Dear Sir,

Subject: Request for financial assistance to attend conference during Dec 5-6, 2019 at IIT Madras

ASME 2019 Gas Turbine India conference is happening at IIT Madras during Dec 5-6, 2019. They invited me as a Track Organizer for **Heat Transfer** track in this conference. In this role, I was responsible for all the review process related to the papers received in this track. I completed this process by creating various sessions which were led by Session chairs and co-chairs. Now, it is the time for presenting all the papers in the conference. I would like to attend the conference in person and make needful arrangements for session presentations. It will be great opportunity for me to meet various distinguished personalities who are coming over different parts of globe and update myself on the current technologies in the Gas Turbine area. Also, this meeting will be useful for revising my networks with other industrialists and try to explore opportunities for students' internship.

X Please find the attached invitation. Request your approval for financial support for registration fee of Rs. 18000. I am happy to bear other expenses of travel and stay.

Thanking You.

7. If a travelling staffer stays with a friend or a relative in an outstation location, he/she can still claim the applicable allowances on account of lodging to the extent of 30% without production of bills and in such case boarding allowance will restrict to the extent of 70%.
8. The travelling staffers are advised to avoid taking their spouse along with them when they are on an official travel. In such a case, the lodging allowance shall be considered for single occupancy only.
9. The travelling staffers are advised to avoid using their personal motor car for official travel. However, for short distances of less than 500 kms they may do so. However, such travel requires prior permission from the Management and the reimbursement shall be restricted to the fuel cost incurred or the rates of the train fare/ airfare as eligible, whichever is less.
10. All the above permissible allowances are maximum limits. The claims shall be allowed on actuals subject to these limits.

The above Travel Allowances Rules comes in force with effect from date of this notification. The same may be brought to the notice of all concerned.

NOTIFICATION ON TRAVEL ALLOWANCE RULES (Ver: 1.0)

Preamble:

As the academic activities of the University has started far more aggressively as we are marching in to the 2nd year of academic activities, it is quite obvious that the teaching staff, non-teaching staff & support staff in various capacities are bound to travel outside the city of Bangalore quite often on official engagement. This has necessitated a formal set of travel allowance rules in order have uniformity in claims giving some broader direction to the travel activities. While framing these rules it has been kept in mind that the travel expenses incurred by the staffer shall adequately compensate the staffer defraying all his/her legitimate, necessary cost of travel, stay, local travel, boarding expenses and other incidental expenses that they may incur on an official travel, it is also kept in mind that travelling cannot be place of profit.

With these priorities in mind a draft guidelines for the travel allowances has been framed as detailed below:

Travel fare:

Sl. No.	Scale/Rank	Normal official travel		Conference/ seminar or any other faculty development program

Respected Sir,
Subject: Request for approving Reimbursement of the registration amount towards conference publications in EAIT 2022.

As mentioned in the subject, my paper titled "Colon Cancer Prediction with Transfer Learning and K-Means Clustering" got accepted in the "7th INTERNATIONAL CONFERENCE ON EMERGING APPLICATIONS OF INFORMATION TECHNOLOGY EAIT 2022" scheduled on 30th - 31st March 2022. All accepted papers in this conference will be published by the Springer Nature book series "Lecture Notes in Network and System" which is Scopus Indexed.

The submission details are as follows

Submission ID: 88

Paper Title: Colon Cancer Prediction with Transfer Learning and K-Means Clustering

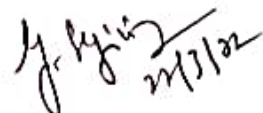

The proofs (acceptance letter, details of registration fees, fees paid details) are duly attached along with the letter.

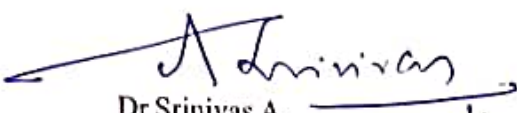

I kindly request you to reimburse the registration fees of Rs 2124/- for the same to the account mentioned below.

Subject: Requesting the reimbursement for the fee paid for the accepted IEEE paper.

Respected Sir,

We are 8th-semester students of Dayananda Sagar University, pursuing B.Tech in Computer Science and Engineering, and are Team 16 of the Major Project groups. A paper was written as part of the Major Project Course under the guidance of Prof. Sindhu P Menon. We have submitted the same in the IEEE conference titled "5th IEEE INTERNATIONAL CONFERENCE ON COMPUTING, POWER AND COMMUNICATION TECHNOLOGIES (GUCON) 2022", which will be held at New Delhi between 23rd to 25th September, 2022. The paper titled "Brain Tumor Diagnosis and Classification Based on AutoML and Traditional Analysis" is accepted. The acceptance letter is attached herewith.

The registration fee charged by the conference is INR 11,766. The payment has been completed. We are hereby requesting the reimbursement of the conference fee paid by the team.

Thank you so much for considering. Please do the needful.

Yours Faithfully,

Vaishali

Why you want to take up this Industrial Training/Internship?

Entuple Internship / Industrial Training is aimed at building deeper insights of domain for you and enable you to be ready for taking up major project in UG/PG programs. Our short-term internship/industrial training programs reinforce the fundamentals and assists you in fine tuning your problem-solving capabilities for engineering applications. The skills honed through our program shall assist you for effective execution of mini / major projects, research activities and more. Further these programs lead you towards comprehensive skill development roadmap to boost your employment in core industry.

Benefits:

- Concepts driven learning with application orientation
- Opportunity to work on industry standard design case studies
- Better preparedness to pursue final year mini/major projects
- Mentoring from experienced resources
- Exposure to industry standard work environment
- Internship/Industrial training certificate with performance-based grading

Key Learning Outcomes:

After the completion of this program participants will be able to

- Explain the concepts of computational electromagnetics
- Illustrate the key elements of High Frequency simulations
- Design, simulate, optimize antennas for the given specification

Program Outline:

- Introduction to Computational Electromagnetics & HFSS
- High Frequency Simulation and Analysis basics
- Boundary conditions and excitations
- Design, Simulation, optimization and Characterization of a patch Antenna
- Design, Simulation and Characterization of a Horn fed Reflector Antenna
- Design and Simulation of Reconfigurable Antenna
- Introduction to Antenna Array: Design of Active Antenna Array using HFSS
- Designer RF - HFSS Dynamic linking, Impedance matching of an antenna
- Meta-materials Concepts and Applications, Design, Simulation and Characterization of Split Ring Resonator and Leaky Wave Antenna.
- Radar Cross Section (RCS) analysis using HFSS
- Frequency Selective Surface design using HFSS
- Metamaterial based Patch Antenna design with Wideband Radar Cross Section (RCS)
- Antenna Fabrication using MITS, Antenna Testing using Anritsu VNA

Testimonials from participants:

- I have gained practical knowledge to implement patch antenna using HFSS
— Faculty, KITS, warangal
- Trainer's expertise on the Subject is exceptional. This workshop gave additional knowledge about the subject
— Faculty, BSA University, Chennai
- The program I attended was a good exposure to Antenna designs and HFSS
— Faculty, College of Engineering, Kidangoor
