Activity carried out at Group Pharmaceuticals, Malur

College of Pharmaceutical Sciences, Dayananda Sagar University organized an industrial visit to Group Pharmaceuticals, KIADB, Malur, Karnataka on 15th June 2022. Ten faculty members visited the industry. The main objective of the event was to update the technologies used in the formulation of dental products and gain knowledge on the recent advances in the development of dental products which would help to get innovative ideas in formulation development research.

The visit created more insights amongst the faculty members about the pharmaceutical industry as they got an opportunity to visit the various departments. Further, they interacted with the scientists to learn about the various technologies and tools in the industry. The visit also helped to strengthen academia- industry interaction.

Dear Dr. Revathi,

Greetings from Ziroh Labs! We hope this email finds you in the best of health.

Kindly accept our apologies for the delay; some of our colleagues had tested positive, while a couple of our EWL Mentors showed symptoms of COVID-19 and had to be isolated. Now that they are doing well, we will be kicking off the EWL Batch - 2 from the week beginning **January 16th**, 2022 onwards.

I am attaching the list of **projects** assigned to your esteemed institution. Kindly send us the student details in the excel sheet attached to this email.

- Student Name
- Student Email ID

Once we have received the filled-in sheet, we will host the initial meeting detailing the project scope and process. This meeting will always be organized outside of class hours, as mentioned in the SOP - EWL projects shared earlier. Please let us know if there are any questions or concerns regarding your participation in the EWL Batch - 2.

We are looking forward to hearing from you.

Thank you.

EC-Council

PROCTOR AGREEMENT (version 3.1)

This Proctor Agreement (the "Agreement") is made and entered into as of 26/04/2021 (the "Effective Date"), by and between the International Council of EC-Commerce Consultants ("EC-Council"), and Dr Mouleeswaran SK ("you"),

WHEREAS, EC-Council is a certification body which distributes, licenses and promotes Security and e-Business certification and training programs.

WHEREAS, you are an individual applying to become an EC-Council Testing Administrator or Proctor ("Proctor") status.

WHEREAS, the parties hereto agree to enter into an independent contractor relationship whereby you agree to perform your duties as an EC-Council Proctor to administer EC-Council tests only at authorized EC-Council Test Centers (ETC).

NOW, THEREFORE, in consideration of the promises and mutual covenants herein contained as well as for other good and valuable consideration, the Proctor does hereby agree to the following:

1) ACKNOWLEDGEMENT

Proctor acknowledges liability for any action that results in the actual breach of security of exam questions or in a perceived breach of security that would diminish the overall value of the exams, certificates, testing center, or EC-Council. Proctor agrees to abide by EC-Council proctor policies and procedures.

Proctor further acknowledges that no commercial or other interest conflicts or appears to conflict with his/her ability to proctor EC-Council tests in an independent manner.

2) TESTING PROCEDURES

An EC-Council proctor is expected to maintain a professional decorum typical of all high-stakes testing environments throughout the entire testing process (e.g., quiet room, no communication of any kind among examinees). Proctor may utilize his/her own professional judgment to determine responses to specific requests or circumstances within the overall context of a positive, credible testing process.

To minimize data complications, proctor is encouraged to allow students to log in and begin testing as they arrive. It is not compulsory that all students begin or end at precisely the same time. Proctor may supervise a maximum of 12 examinees at any one point in time. If more than 12 are to be tested concurrently, an assistant proctor must be present.

3) PROCTOR QUALIFICATION CRITERIA

Proctors for EC-Council exams must meet all of the following criteria:

- a) Minimum of 18 years old on the day of testing.
- b) Not a Certified EC-Council Instructor or a trainer within the centre conducting the exam.
- c) Not a student within the testing or training centre at any time during the current year.
- d) Not a current examinee.
- e) Physically capable of observing activities throughout the testing site.
- f) Able to be present during the entire testing period and willing to actively supervise the exam process throughout the entire time.
- g) Willing to enforce all policies and procedures for testing.

4) PROCTOR RESPONSIBILITIES

- a) The proctor shall abide by EC-Council Codes of Ethics posted at:
<https://cert.eccouncil.org/code-of-ethics.html>
- b) It is the proctor's responsibility to keep track of proctor policy and procedures updates posted on the webpage. EC-Council shall exert reasonable effort to communicate critical policy changes to proctors through email.
- c) The proctor will verify the examinee's eligibility under EC-Council's discretion to attempt the relevant EC-Council certification exam. EC-Council Eligibility Policy is posted at: <https://cert.eccouncil.org/application-process-eligibility.html>
- d) The proctor shall verify a valid form of identification with a photo for every examinee.
- e) The proctor shall ensure the examinee does not use a cell phone, telephone, calculator, camera, or any electronic devices as reference material during the exam.
- f) The proctor shall ensure that the computer used to administer the online exam is only used to access the EC-Council approved testing engine. The proctor shall also ensure a UPS is connected and in good working order.
- g) The proctor shall verify that the examinee has only one web browser open during the exam, and that browser

is exclusively pointed at the EC-Council approved testing engine.

- i) The proctor shall verify that the examinee does not perform prohibited activities during the exam including: tabbed browsing, internet searches, copying exam questions to a local computer, instant messaging, and no use of other electronic reference materials (including PDFs).
- j) The proctor shall report any attempt by the examinee to circumvent these guidelines to EC-Council immediately.
- k) The proctor agrees to administer exams for candidates who have been requested by EC-Council to retake the exam for audit/security purposes.

5) EXAMINEES RESTRICTIONS

Examinees are not allowed:

- a) References or resources of any kind.
- b) Use of other computer programs or web browsers while logged in to Prometric Prime or EC-Council approved testing engine.
- c) Communication with other students, the trainer, proctor or any outside assistance in answering any questions associated with the exam.
- d) Use of a cell phone, smart phone, pager, calculator, camera, or any other electronic devices during the exam to either send or receive information associated with the exam.
- e) Engagement in prohibited activities during the exam such as receiving outside assistance tabbed browsing, Internet searches or blogs, copying down exam questions anywhere, instant messaging or using other electronic reference materials (including PDF and Word documents).

In the event that a test-taker attempts to circumvent these guidelines, the proctor shall report their findings to certmanager@eccouncil.org within 24 hours of the incident.

6) AMENDMENTS

This Agreement represents the complete agreement between the parties, superseding any other prior or contemporaneous oral or written agreements. Any changes, corrections or additions to this Agreement shall be in writing in the form of a supplemental agreement signed by all necessary parties and setting forth therein the proposed change, correction or addition.

7) TERM AND RENEWAL

The initial term of this Agreement is one (1) year, commencing on the Effective Date. Thereafter, this Agreement will automatically renew for successive one (1) year terms, unless one party gives notice to the other party that it does not desire that the term be renewed or the Agreement is terminated in accordance to Clause 8.

8) TERMINATION OF AGREEMENT

Termination By EC-Council: Without prejudice to any rights EC-Council may have under this Agreement or in law, equity or otherwise, EC-Council may terminate this Agreement immediately, including termination of Proctor access, if Proctor materially fail to comply with any of the terms of this Agreement ("Default"). Defaults shall include the following events:

- a. Proctor fails to perform any of his/her obligations under this Agreement.
- b. The test center that the proctor works for, is no longer an EC-Council Test Center (ETC).
- c. If any government agency or court finds that testing services as administered by Proctor are defective or improper in any way, manner or form.
- d. If any actual or potential adverse publicity or other information said about Proctor or his/her administration of testing services, causes EC-Council, in its sole judgment, to reasonably and in good faith believe that EC-Council's reputation will be adversely affected.
- e. If Proctor engages in misappropriation or unauthorized disclosure of any trade secret or confidential information of EC-Council or pirate any EC-Council test questions, or otherwise infringe any other intellectual property right of EC-Council, or engage in any other activities prohibited by law.
- f. If Proctor administers test below the standard of quality and integrity determined by EC-Council in accordance to the Proctors Code of Ethics.
- g. If Proctor administers a test at an EC-Council unauthorized testing location
- h. If Proctor share/discloses confidential information i.e proctor ID/password to any persons i.e ATC, Students, ATC Personnel

In the event that a Default occurs, EC-Council will use reasonable efforts to provide Proctor with written notice of termination of the Agreement.

Termination by Either Party: Each party may terminate this Agreement at any time, with or without cause, on thirty (30) calendar days' prior notice to the other party.

Upon termination of this Agreement for any reason, Proctor will return all trademark collateral to EC-Council. Upon termination, all right granted under the Agreement will immediately and automatically revert to EC-Council.

9) CONFIDENTIALITY

EC-Council may, from time to time provide information to Proctor which it considers to be confidential shall, if tangible, be marked as such or if communicated orally, designated at the time and promptly confirmed in writing as such. Information that is so marked or designated and confirmed, and the Proctor access to Prometric Prime and EC-Council approved testing engines regardless of form or designation, shall be "Confidential Information" under this Agreement.

Confidential Information shall be held in trust and used only as necessary for the performance of this Agreement. Confidential Information shall be treated with the same degree of care to avoid the disclosure to third parties as is used with respect to Proctor own Confidential Information, not less than a reasonable degree of care.

Confidential information shall not be disclosed by Proctor to any other third party without the prior written consent of EC-Council.

10) HANDLING OF DISPUTES

Both parties agree that irreconcilable disputes will go to mediation, and, if that fails, by binding arbitration, costs shared equally.

11) APPLICABLE LAW / LEGAL FEES

The laws of New Mexico shall govern this Agreement. If any legal action, arbitration, or other proceeding is brought under this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees and expenses and other costs incurred in such action, arbitration or proceeding, in addition to any other relief to which it may be entitled.

12) ASSIGNMENT

Neither party shall assign any of its rights or delegate any of its obligations under this Agreement without the prior written consent of the other party. Any prohibited assignment or delegation shall be null and void.

13) NOTICES

All notices and other communications required or permitted hereunder shall be deemed duly given only when in writing, signed by or on behalf of the person giving the same, and either (i) personally delivered (with receipt acknowledged), (ii) sent by registered or certified mail, return receipt requested, postage

prepaid, or (iii) sent by overnight next business day courier, to the following addresses:

EC-Council

101C Sun Ave NE

Albuquerque, NM 87109

USA

or such other address as any party hereto shall have specified by notice in writing to the other party hereto. All such notices and communications shall be effective (i) when received or receipt refused if delivered by personal delivery or overnight courier, or (ii) upon three days following deposit in the mail if given by certified or registered mail, when delivered to the address specified above.

14) FORCE MAJEURE

Neither Proctor nor EC-Council shall be responsible for any delay in performance or failure to perform if caused by fire, flood, explosion, war, strike, embargo, government requirement, civil or military authority, act of God, or other similar causes beyond the parties' control and occurring without the fault or negligence of the delayed or non-performing party.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed as of the date first written above:

By duly signing below, you hereby agree to abide by the terms stated in the Agreement. This Agreement shall not be deemed executed by EC-Council and shall remain ineffective until the acceptance by EC-Council has been communicated to appoint the proctor as the official EC-Council Proctor.

ACTIVITY – WORKSHOP ON ANALOG DEVICES

Workshop on **ANALOG DEVICES**

**A one week workshop for 1st and 2nd Year
BTech students of DSU**

Registration Fee - Rs 500

INVITATION

SUMMARY OF THE EVENT:

The IEEE Student branch hosted a 1 week work shop on “ANALOG DEVICES” where B.Tech students of 1st and 2nd year participated. The Event was held from July 9th to July 12th 2019. The purpose of these workshop is to expose the students to different analog devices and understand their need for the society and how it is used in different industries. It was a very good opportunity for the students of ECE as it is their core subject. The students got a very good exposure on analog devices as to how it works, the use of the device and where it can be implemented.

Students were firstly explained about all the analog devices. Then they had hands on experience on some of the device and practically taught how it works and where it is used. Students implemented some mini experiments using those devices and they got an idea about every device by working practically. Learning about analog devices and getting hands on experience made the student more effective and knowledgeable about the subject, and helps the student in terms of projects works and other paper and thesis submission.

Equipment like CRO, step-up & step-down transformers, signal generator, resistors, capacitors were given to them and students were made into groups and taught some experiments. They were indulged in doing group discussion, take seminar on given topics, quiz, tasks, lectures and other few activities. Students showed their keen interest towards all the activities and programs conducted and actively participated in all events, the students gave a hundred percent.

Finally, the faculty gave a thankyou note, and shared his/her experience about workshop and students interest & participation. Students gave oath of thanks. He thanked everyone for the opportunity. Then students were asked to share their experience. The event was successful and had a good turnout.

The students were then given a certificate of competency which would support professional growth.

Internship Project Description

The project involves creating a plug and play software component, namely EVS speech codec targeting Qualcomm Snapdragon SoC using ARM-v7a instruction set.

Understand and familiarize with use of EVS codec standard Encoder and Decoder modules. Block level understanding of key modules/algorithm to enable deep optimization. Understand the build and usage of source code on Visual Studio, ARM-v7a tools, and target board (Raspberry PI 4).

The various sub-stages involve creating framework for collating and analyzing regression performance results.

The C reference code to be tailored for the target ISA, details of which will be explained while executing the project.

Test and verify the implementation results with standard vectors. Create scripting-based framework for automating the testing.

Code as many modules as possible in ARM-v7a assembly.

Non-Disclosure of the project source code other than demo/viva purpose at college is mandatory.

Project Duration: March-2022 till May-2022

5.2	Which entities are eligible to act as an implementing agency for undertaking CSR activities?	<p>Rule 4(1) of the Companies (CSR Policy) Rules, 2014 provides the eligible entities which can act as an implementing agency for undertaking CSR activities. These are:</p> <ul style="list-style-type: none"> (i) Entity established by the company itself or along with any other company – a company established under section 8 of the Act, or a registered public trust or a registered society, registered under section 12A and 80G of the Income Tax Act, 1961. (ii) Entity established by the Central Government or State Government – a company established under section 8 of the Act, or a registered trust or a registered society. (iii) Statutory bodies – any entity established under an Act of Parliament or a State legislature. (iv) Other bodies – a company established under section 8 of the Act, or a registered public trust or a registered society, registered under section 12A and 80G of the Income Tax Act, 1961, and having an established track record of at least three years in undertaking similar activities.
5.3	Whether all three types of entities – a company established under section 8 of the Act, or a registered public trust, or a registered society, are required to have income-tax registration u/s 12A as well as 80G of the Income Tax Act, 1961?	Yes, as per rule 4(1) all three types of entities – a company established under section 8 of the Act, or a registered public trust, or a registered society are required to have income-tax registration u/s 12A as well as 80G of the Income Tax Act, 1961 to act as implementing agency, except for any entities established by Central or State Government.
5.4	What is meant by 'registered public trusts' in such states where registration is not mandatory?	Registered public trust (as referred to in rule 4(1) of the Companies (CSR Policy) Rules,2014) would include trusts registered under the Income Tax Act, 1961 in respect of those states where registration of public trusts is not mandatory.
5.5	What is the purpose of registration of the implementing agency on MCA21 portal?	The identification of suitable implementing agencies is a major concern for companies. Registration of implementing agencies on MCA21 portal is aimed at creating a database of such agencies for companies who may want to engage them. Further, this will bring accountability and transparency in the implementation of CSR activities and thereby strengthen the CSR eco-system.

Dear Professor,

We hope you are doing well.

As we progress towards the academic year-end, Vodafone Idea Foundation is keen to re-connect with students to invite them to be a part of a Technical Expert-led Talk on "**MANAGING SECURITY IN CLOUD**". This Expert talk aims to build an understanding of handling data in cloud computing by using real-world case studies.

Following are the details of the meeting:

Date: 25th February 2022

Time : 4:00 PM to 5:00 PM

Name of the Speaker: Mr.Prateek Vashistha

Designation: Leader ADIT & TSP

The registration link is:<https://forms.office.com/r/usXRPexjFE>

Students can join the meeting by clicking:<https://tinyurl.com/4umes863>

I am also sharing the profile of the speaker in the mail

We request you to kindly share this email information with students. Hoping for supportive and encouraging replies from your end.

Feel free to reach out to discuss the same.

Thanks and Regards

Dear Class advisors,

Kindly share the below mail with your students immediately.

Dear Students

Kindly go through the mail carefully.

Subject: MuleSoft training programme

MuleSoft provides a widely used integration platform for connecting applications, data, and devices in the cloud and on-premises. MuleSoft's Anypoint Platform™ is a unified, single solution for iPaaS and full lifecycle API management. Anypoint Platform, including CloudHub™ and Mule ESB™, is built on proven open-source software for fast and reliable on-premises and cloud integration without vendor lock-in.

We DSU has signed an MOU with MuleSoft for providing the training, certification, internship and Full-time employment hiring of our DSU students. As part of our engagement, we have organised the 1st Virtual meet - Introduction to MuleSoft on 4th April 2022. Hope all the students have attended the same.

Many students have shown interest and registered for the Mulesoft training programme. But only below 8 students from DSU have cleared their assessment and got selected for the MuleSoft training programme from 16th May 2022 onwards. Still, many students have not yet started/taken the assessment till now.

All the students who have received the assessment test from MuleSoft and have not completed the assessment till now are informed to complete the assessment immediately so that the company will start the training programme for the shortlisted students shortly.

Please feel free to call me for any clarifications.

Note: If already attempted the assessment, ignore this email message, if not attempted, take it immediately.

Dear Professor,

Greetings for the day!

In Continuation of _VOIS for Tech University Engagement Program with your college, **An Expert talk on "Cyber Security for Techs" has been scheduled on 03rd March, 2023 from 6:00 PM to 7:00 PM.** Expert Talk sessions have been an integral part of the engagement program as these sessions help students to closely interact with the experts about the dynamic changes in the industry.

The Speaker for this session is the industry expert from _VOIS. (Expert Talk creative is attached with the mail).

Brief about the speaker: Mr Sunil R Wakle (Deputy General Manager, Mobile Apps Factory at _VOIS)

We request you to kindly share the registration link with the students. Meeting details will be shared with the students after they register.

Following is the registration link: <https://forms.office.com/r/5tQJXnk6qe>

Hoping to get support from your end on the same.

Thanks and regards,

1. Medical Imaging features to be annotated
2. Specific Radiology report fields
(from Dr.Srihari's Report structure and review with Dr.Sanjaya Viswamitra)

as relevant for:

1. Supervised Learning Training, Validation and Testing phases
2. Clinical validation with retrospective patient studies (in preparation for Clinical trials)

I have marked Dr. Srihari Sharma on this email. He is supporting us on the ICM Radiology and Cardiology reporting details.

Please create a shared folder on Google drive and upload with the relevant details.

The Datasets and the Reporting Requirements will be shared with external Teleradiology service providers.

It is probably going to be 5C Networks - <https://www.5cnetwork.com>

Best regards,
Ravi

Hi Ravi and Dr Srihari,

I have uploaded the draft for the requirements. (Link: <https://docs.google.com/document/d/1uKry2DUynGnQc-z3-ydDTAHV4pGZyF4-tqdUmSAFpK0/edit?usp=sharing>).

I'll soon upload the datasets based on the final numbers.
I therefore request you to share your comments on it.

Hi Rohit,

I spoke to the company that's going to help with the annotation and later the validation.

Q1. Is the final Radiology Text report, with the appropriate fields, useful in model training and maintenance?

Q2. If Yes, would you suggest to get the final Radiology report too?

Q3. If Yes to Q2 above, the Standardized format of the report would be helpful

Ground truth needed for OneCardio:

1. Myocardium boundaries (epicardium and endocardium) for supervised training of machine learning models
2. Inter-observer variabilities of the above ground truth (Dr.Srikanth Sola in our meeting last week suggested getting the contours from two Certified experts (for CMRI it would be at the highest certification level of the SCMR)
3. Fibrosis regions identified in the LGE SAX images

Ravi

Dear Rohit,

Is it clarified that -

1. we need fibrosis for only 10 randomly selected patients?
2. inter-observer variability is calculated based on annotation results of 5 independent observers done on 5 patients' data for the two different data sources?

Sorry if it is already clarified and I have missed it.

With regards,

Arbind

Marginal Improvement -> Huge Impact.: $1.01 \times 1.01 \times 1.01 \dots (365 \text{ times}) = 37.8$ | WHILE $0.99 \times 0.99 \times 0.99 \dots (365 \text{ times}) = 0.03\dots$

Hi Ravi,

The important aspects of the report concerned with model validation follows directly from the specified ground truths, so I believe the mentioned ground truth specification is sufficient.

I have made the appropriate changes in the document regarding inter-observer variability.

Hi All,

Some additional information on Radiological reporting for "**Cardiac MRI: Function and Viability**" from the RSNA Informatics Reporting website (<http://www.radreport.org>) - not sure if we had discussed this earlier along with a Paper on Radiological Reporting Standards PFA:

1. A Paper: "**Enabling the Next-Generation Radiology Report: Description of Two New System Standards**" and
2. Template Report Structure (HTML, Open in browser) specifically for "**Cardiac MRI: Function and Viability**" from the RSNA Informatics reporting website

FYI and for incorporating in the references section of our Product Management Master documents.

Best Regards.,

MUTUAL CONFIDENTIALITY AND NON-DISCLOSURE AGREEMENT

THIS AGREEMENT is entered on 12.05.2022 by and between **Dayananda Sagar University, Bengaluru** (hereinafter referred to as **DSU**),

and

K-tech Centre of Excellence in Aerospace and Defence set up in the year 2017, registered under the Govt. of Karnataka GO: ITD 291 ADM 2016: dated 22 Feb 2017 and continuation vide Govt. of Karnataka GO: ITBT/105/ADM/2020: dated 25 Jan 2021 (hereinafter referred to as "**K-tech CoE A&D**").

WHEREAS, the Parties desire to explore the possibility of a business relationship of mutual interest; and

WHEREAS, the Parties may disclose to one another certain confidential information regarding their products, product development, technologies, marketing information and strategies, financials and businesses; and the said Information shall not be used or disclosed by the **either Parties** for any other purpose, other than as stated in this agreement.

WHEREAS, the Parties desire to protect their patent and other proprietary rights and further desire to prevent the unauthorized disclosure of information regarding their products, processes and technologies; and

WHEREAS, the Parties wish to have their respective "Confidential and Proprietary Information," as defined below, treated as confidential and proprietary.

NOW, THEREFORE, IN CONSIDERATION OF THE MUTUAL COVENANTS CONTAINED HEREIN, THE PARTIES AGREE AS FOLLOWS:

1. Confidential and Proprietary Information

- (a) "Confidential and Proprietary Information" as referred to in this Agreement shall mean all information not in the public domain or otherwise excluded pursuant to Clause 2 below, in any form emanating from either Party or their agents, licensees or suppliers, and relating to either Party or any of their services or products, which is used in the business of either Party. Confidential and Proprietary Information may include, but is not limited to, all technology, trade secrets, know-how, data, designs, drawings, formulas, technical information; research and development programs; product specifications; manufacturing methods, procedures, and processes; computer software and output; marketing data, customer lists, sales and customer information; financial and cost data, estimates, and projections; product, marketing, and business plans and strategies; together with analyses, studies, and any other documents or compilations of business information whatsoever, whether written or unwritten, which contain or otherwise reflect any such information, data or material.
- (b) Any information which is expressly designated as confidential or proprietary information shall be treated as confidential or proprietary information, but

information not so expressly designated shall still be treated as confidential or proprietary information provided the recipient is informed of the same in writing within 15 days of the receipt of such information.

- (c) Each Party hereunder agrees to use its best efforts to prevent disclosure of the other Party's Confidential Information, such effort to include but not be limited to protecting the Confidential Information with the same degree of care as the Party protects its own Confidential Information, except that it shall not use less than a reasonable standard of care.

2. Exclusions. Confidential and Proprietary Information shall not include:

- (a) Information that is in the public domain at the time of disclosure, or thereafter comes into the public domain (other than by breach of this Agreement by the recipient); or (b) information properly in the possession of the other Party prior to its disclosure by the other Party, or which is independently developed without resort to the disclosed Confidential and Proprietary Information and substantiated by documentation; or (c) information which is disclosed to either Party in good faith by a third party unaffiliated with either Party with the legal right to make such disclosure; or (d) information for which either Party by written agreement authorizes unrestricted use and (e) Information disclosed as required by Laws, Rules and Regulation of the country (f) Information that is not explicitly stated as Confidential or Proprietary by the Party.

3. Notice of Disclosure: If either Party believes any information provided by the other Party to be within the exceptions provided in Clause 2 above, at least (10) days prior to disclosing such information to any third party, such Party shall provide the other Party with written notice of intent to disclose, identifying the information to be disclosed and the basis for the claim that the information falls within any such exception.

4. Title. Each Party shall retain title to all Confidential and Proprietary Information which is disclosed in any form or manner to the other Party. Each Party represents that it has the legal right to make disclosures under this Agreement.

5. No License. Nothing in this Agreement is intended to grant license rights under any patent or copyright or any other proprietary right of either Party. Each Party, or its agents, employees, officers or representatives shall not, without the other Party's prior written consent, apply for any patent, copyright or design registration in respect of Confidential and Proprietary Information furnished by the other Party or any invention or design contained therein or based thereon. Except as otherwise provided, nothing contained in this Agreement shall be construed as granting to or conferring upon either Party any express or implied rights, by license, estoppels or otherwise, to any Confidential and Proprietary Information or to any invention or discovery or patent which is made or acquired prior to or after the date of this Agreement based on any Confidential and Proprietary Information disclosed under this Agreement.

6. Use of Confidential Information. It is also specifically agreed by the Parties herein that this Agreement is restricted only with respect to the covenants regarding

confidential information disclosed by either Party to the other for the purpose of exploring the possibility of a business relationship.

7. Restriction on Disclosure. All Confidential and Proprietary Information disclosed in any forms or manner by either Party to the other Party on or after the date of this agreement regarding the subjects identified in Clause 1 shall be held in strict confidence by the other Party and will not be duplicated, used, or exploited for any purpose other than activities directed at the furtherance of the goals as mutually agreed by the Parties, and shall be disclosed to only those employees of either Party who are directly concerned with such activities and have a bona fide need to use such information. Confidential and Proprietary Information furnished by one Party to the other Party may not be disclosed in any form or manner to a third party without first obtaining prior written approval from the furnishing Party.
8. Term. This Agreement shall commence on the date of signing of this Agreement and shall continue for One (1) year from the date of receipt, with respect to any disclosure of Confidential or Proprietary Information. Upon expiration or termination of this Agreement arising due to natural or intentional termination, the Parties herein shall immediately cease any and all disclosures or uses of Confidential or Proprietary Information, and at the request of the disclosing party, the other party shall return all Confidential or Proprietary Information, and all copies thereof within one (1) month.
9. Survival. The obligations of the Parties herein with respect to disclosure and use of Confidential and Proprietary Information acquired from either party shall survive expiration or termination of this Agreement and shall survive for a period of 1 year from such even or until such time as all such Confidential Information disclosed hereunder becomes publicly known and made generally available through no action or inaction of the receiving Party whichever occurs latter.
10. Remedies for disclosure: Each Party acknowledges that any unauthorized disclosure or misuse of any Confidential Information relating to the other Party could have a material adverse effect on the other Party and its Affiliates and damages may be inadequate compensation for breach of this Agreement; and either Party may, without prejudice to any other rights and remedies otherwise available, by an injunction or similar remedy, stop any conduct or threatened conduct which is or which will be in breach of this Agreement, without proof of actual damages.
11. Return of Confidential and Proprietary Information: All confidential and Proprietary Information and copies thereof shall promptly be returned upon the other Party's written request, and unless otherwise agreed, shall be returned within one month's time. At DSU option, the Confidential Information may instead be destroyed by DSU, provided an authorized officer of DSU supervises and certifies such destruction to K-tech CoE A&D within five (5) days. Following such destruction or return, DSU shall certify such destruction and/or return in writing to K-tech CoE A&D and confirm that it has not retained any such Confidential Information. This clause applies also to all other documents/memoranda/notes and other writing whatsoever prepared by the K-tech CoE A&D or its employees based on the information in the Confidential Information.

12. Advertising: Each Party agrees that it will not use the other Party's name in any way for its advertising or promotional purposes without first obtaining prior written consent of the other Party.
13. Arbitration: This NDA shall be governed by laws of Republic of India. All disputes and differences which may arise between the Parties hereto and which cannot be settled amicably with regard to the construction, meaning and effect of this Agreement or any part thereof or in any way related to or pertaining thereto shall be referred to a panel of 3 (Three) arbitrators. Each Party shall nominate an arbitrator and the arbitrators so nominated shall appoint a third arbitrator, who shall be the chairman of the arbitral panel. The Award made by such arbitral panel shall be final and binding on the Parties hereto and this agreement shall be deemed to be a submission to Arbitration within the meaning of the Arbitration and Conciliation Act, 1996, including any statutory modifications and/or re-enactments thereof from time to time.
14. Severability: If any term, provision, covenant, or condition of this Agreement is held invalid or unenforceable for any reason, the remainder of the provisions shall continue in full force and effect as if this Agreement had been executed with the invalid portion thereof eliminated.
15. Relationship of Parties: This Agreement is not intended to and shall not be construed as creating a joint venture / partnership Agency or other formal business arrangement between the Parties. Neither Party shall have the authority to bind or otherwise obligate the other Party. Each Party represents that the individual signing below has the requisite authority to legally bind the Party represented by that individual.
16. No Waiver: The failure of either Party to enforce any rights resulting from breach of any provisions of this Agreement by the other Party shall not be deemed a waiver of any rights relating to a subsequent breach of such provision or of any other right hereunder.
17. Entire Agreement: This Agreement constitutes the entire agreement between the Parties and supersedes all other communications, oral or written, relating to the subject matter hereof.

Notwithstanding the above, the following contacts are responsible for the management and administration of this MoU including the transmittal or receipt of Proprietary Information by any means. Either Party may change the contact by written notice.

AND

Dayananda Sagar University - Innovation Campus, Kudlu Gate, Hosur Main Road, Bangalore - 560114 hereinafter referred to as the "**Institution**", (which expression shall, unless repugnant to or inconsistent with the context, mean and include its successors and permitted assigns)

LSAG and the Institution shall hereinafter be collectively referred to as the "**Parties**" and individually as a "**Party**".

WHEREAS

- A. LSAC is involved in designing and developing test items and suitable scoring methodologies and algorithms under the names and style of the Test for use as an academic entrance test by law universities, colleges, schools and / or institutes in India for their law degree programme.
- B. LSAG is involved in the marketing and promotion of the Test in India, the organisation of law forums and events with colleges and institutions in India and the performance of such other on-ground activities and services that may be required in relation to the administration and conduct of the Test in India.
- C. The Institution is an institution of repute in India offering a law degree programme to students and is desirous of admitting students into such Law Programme partly on the basis of their performance in the Test.
- D. The Institution and LSAG have entered into this Agreement to establish the terms and conditions for the services and activities to be performed by each Party during the Term of this Agreement.

NOW, THEREFORE, in consideration of the mutual covenants of the Parties, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

1. DEFINITIONS AND INTERPRETATION

1.1 Definitions

In this Agreement, the following terms shall have the following meanings assigned to them herein below:

"**Admission Year**" shall mean each year during which the Institution shall grant admissions to prospective students to its law course after the Execution Date by way of the selection of students on the basis *inter alia* of their Scores on the Test.

"**Agreement**" shall mean this Agreement along with all exhibits, annexures and schedules attached hereto.

"**Applicable Law**" shall mean and include all statutes, enactments, acts of legislature or parliament, laws, ordinances, rules, bye-laws, regulations, notifications, circulars, guidelines

1.2 Interpretation

Unless the context otherwise requires, the following principles of interpretation shall apply:

- 1.2.1 In addition to the above terms, certain terms may be defined in the Recitals or elsewhere in this Agreement and wherever, such terms are used in this Agreement, they shall have the meaning so assigned to them.
- 1.2.2 All references in this Agreement to statutory provisions shall be construed as meaning and including references to:
 - (a) any statutory modification, consolidation or re-enactment made after the date of this Agreement and for the time being in force;
 - (b) all statutory instruments or orders made pursuant to a statutory provision; and
 - (c) any statutory provisions of which these statutory provisions are a consolidation, re-enactment or modification.

affiliates pursuant to which Candidates who have appeared for the Test would be eligible for admission to a law degree programme of such Institution; and

- (c) forthwith cease acting or holding itself out in any manner whatsoever as a member of the LSAC Global Law Alliance.

2.5.2 In the event of expiration or termination of this Agreement, LSAG shall:

- (a) cease to use and return the Confidential Information provided by the Institution;
- (b) cease to use the Intellectual Property of the Institution in any manner whatsoever;
- (c) immediately remove from the Website all signs and mentions relating to the Institution being a member of the LSAC Global Law Alliance. Further LSAG shall discontinue any previously permitted use of any Intellectual Property of the Institution and shall cease all forms of advertising in connection with the Institution; and
- (d) forthwith cease holding the Institution as a member of the LSAC Global Law Alliance.

3. PURPOSE AND SCOPE OF SERVICES

3.1 Subject to the terms of this Agreement and in consideration of the Fees set forth in Clause 8, the Parties hereby agree that on and from the Execution Date and continuing for the remainder of the Term:

- 3.1.1 the Institution shall be a member of the LSAC Global Law Alliance;
- 3.1.2 the Institution shall, in each Admission Year for its law degree programme, aim to enroll and admit the Candidates as part of its student composition for that year in accordance with the terms and conditions set forth under Clause 7.1 of this Agreement;
- 3.1.3 LSAG shall provide certain services to the Institution as more specifically set out in Schedule 1, Clause 2 (*Obligations of the Institution; Scope of Services*); and
- 3.1.4 the Institution shall be obligated to perform the actions described in Clause 6 (*Role and Obligations of the Institution*).

4. ELIGIBILITY CRITERIA

4.1 Commencing on the Execution Date and continuing for the remainder of the Term, the Institution agrees that it does and will satisfy the representations and warranties set out in Clause 4.2.

4.2 Commencing on the Execution Date and continuing for the remainder of the Term, the Institution undertakes and warrants as follows:

- 4.2.1 The Institution is a degree granting institution in India that offers a Law Programme;
- 4.2.2 The Institution is recognized by the Bar Council of India. A copy of such recognition is set out at Schedule 2 (Copy of BCI Recognition);
- 4.2.3 The Institution shall utilize best efforts to comply with the requirements for the allocation of seats set forth in Clause 7 of this Agreement;
- 4.2.4 The Institution has not received any adverse notice and does not have knowledge of any pending adverse notice from any Governmental Authority or any adverse notice under Applicable Laws that affects or is likely to affect its ability to carry out and administer the Law Programme; and
- 4.2.5 The Institution agreement to accept the Test as one of its admission criterion for its Law Programme in the manner set forth in this Agreement

4.3 In the event that the Institution fails to comply with or maintain compliance throughout the Term with each of the representations and warranties set forth in Clause 4.2, the Institution shall forthwith notify LSAG in writing of such failure or non-compliance. Following LSAG's receipt of written notification of such failure or non-compliance, LSAG, may, in its sole and exclusive

discretion, either: (a) terminate the Agreement, effective immediately; or (b) provide the Institution with a cure period to remedy such failure or non-compliance.

- 4.4 In the event that LSAG permits the Institution to cure the failure or non-compliance and the Institution is unable to remedy the non-compliance or failure, LSAG, in its sole and exclusive discretion, may immediately terminate this Agreement upon the completion of the cure period or extend the cure period, as LSAG deems appropriate.

5. FUNCTIONS, ROLES AND OBLIGATIONS OF LSAG

- 5.1 LSAG shall undertake such actions as necessary to provide the services set out in **Schedule 1, Clause 2** (*Obligations of the Institution; Scope of Services*) of this Agreement.

6. ROLE AND OBLIGATIONS OF THE INSTITUTIONS

16.1.3 Either Party may, from time to time, change its address or representative for receipt of notices provided for in this Agreement by giving to all the other Party not less than 10 (ten) days prior written notice.

16.2 **Further Assurances**

Each Party undertakes to execute or procure the execution of such documents and do or procure the doing of such acts and things that the other Party may reasonably require for the purpose of giving such Party the full benefit of all provisions of this Agreement or any documents related thereto.

16.3 **Severability**

Each and every obligation under this Agreement shall be treated as a separate obligation and shall be severally enforceable as such and in the event of any obligation or obligations being or becoming unenforceable in whole or in part. To the extent that any provision or provisions of this Agreement are unenforceable they shall be deemed to be deleted from this Agreement, and any such deletion shall not affect the enforceability of the remainder of this Agreement not so deleted provided the fundamental terms of the Agreement are not altered.

16.4 **Amendments**

This Agreement may not be amended, modified or supplemented except by a written instrument executed by each of the Parties.

16.5 **Waiver**

No waiver of any provision of this Agreement shall be effective unless set forth in a written instrument signed by the Party waiving such provision. No failure or delay by a Party in exercising any right, power or remedy under this Agreement shall operate as a waiver thereof, nor shall any single or partial exercise of the same preclude any further exercise thereof or the exercise of any other right, power or remedy. Without limiting the foregoing, no waiver by a Party of any breach by any other Party of any provision hereof shall be deemed to be a waiver of any subsequent breach of that or any other provision hereof.

16.6 **Assignment**

This Agreement and the rights and liabilities hereunder shall bind and inure to the benefit of the respective successors of the Parties hereto. The Institution shall not assign or transfer any of their rights and liabilities hereunder to any other Person without the prior written consent of LSAG. It is hereby clarified that LSAG may be entitled to assign and / or subcontract its obligations under this Agreement.

16.7 **Reservation of Rights**

No forbearance, indulgence or relaxation or inaction by any Party at any time to require performance of any of the provisions of this Agreement shall in any way affect, diminish or prejudice the right of such Party to require performance of that provision. Any waiver or acquiescence by any Party of any breach of any of the provisions of this Agreement shall not

or of the subsequent breach, or acquiescence to or recognition of rights other than as expressly stipulated in this Agreement.

16.8 **Independent Rights**

Each of the rights of the Parties hereto under this Agreement are independent, cumulative and without prejudice to all other rights available to them, and the exercise or non-exercise of any such rights shall not prejudice or constitute a waiver of any other right of the Party, whether under this Agreement or otherwise.

16.9 **Specific Performance**

Each Party acknowledges and agrees that the breach of this Agreement would cause irreparable damage to the other Parties and that the other Parties may not have an adequate remedy at law. Therefore, the obligations of each Party under this Agreement, shall be enforceable by a decree of specific performance issued by any court of competent jurisdiction, and appropriate injunctive relief may be applied for and granted in connection therewith. Such remedies shall, however, be cumulative and not exclusive and shall be in addition to any other remedies which any Party may have under this Agreement or otherwise.

16.10 **Non-Exclusive Remedies**

The rights and remedies herein provided are cumulative and none is exclusive of any other, or of any rights or remedies that any Party may otherwise have under Applicable Law or in equity. The rights and remedies of any Party based upon, arising out of or otherwise in respect of any inaccuracy or breach of any representation, warranty, covenant or agreement or failure to fulfill any condition shall in no way be limited by the fact that the act, omission, occurrence or other state of facts upon which any claim of any such inaccuracy or breach is based may also be the subject matter of any other representation, warranty, covenant or agreement as to which there is no inaccuracy or breach. In addition to any action for damages as a result of either Party's breach of the terms and conditions contained in this Agreement, either Party shall have the right to seek any other remedy at law or in equity in lieu of or in addition to any remedies provided under this Agreement.

16.11 **Cost And Expenses**

Each of the Parties hereto shall pay their own costs and expenses relating to the negotiation, preparation and execution of this Agreement and all other documents related to the Agreement.

16.12 **Entire Agreement**

This Agreement constitutes the entire agreement of the Parties relating to the subject matter hereof and supersedes any and all prior agreements, including letters of intent and term sheets, either oral or in writing, between the Parties hereto with respect to the subject matter herein.

16.13 **Partial Invalidity**

If any provision of this Agreement or the application thereof to any Person or circumstance shall be invalid or unenforceable to any extent for any reason including by reason of any law or regulation or government policy, the remainder of this Agreement and the application of such provision to persons or circumstances other than those as to which it is held invalid or unenforceable shall not be affected thereby, and each provision of this Agreement shall be valid and enforceable to the fullest extent permitted by law. Any invalid or unenforceable provision of this Agreement shall be replaced with a provision, which is valid and enforceable and most nearly reflects the original intent of the invalid and unenforceable provision.

16.14 **No Partnership or Agency**

Nothing contained in this Agreement shall constitute or be deemed to constitute a partnership amongst the Parties. No Party shall have the right or authority to assume, create or incur any liability or obligation, express or implied, against, in the name of, or on behalf of another Party,

Preamble

NOKIAisacompany engaged in manufacturing, supplying and services of networks equipment, terminals, accessories and connectivity solutions..

DSU is an education institute, which is recognized for its strength in research and education in instrumentation, computer science, and electronics engineering.

ThePartiesagree,inprinciple,toenterintonegotiationsondevelopinganagreement(hereinafterreferredto asthe"**AGREEMENT**")whereby**NOKIA**and **DSU**may agree to collaborate in India to develop curriculums or any other mutually agreed activities(hereinafterreferredtoasthe"**PROJECT**").

ThePARTIESwishtoworktogetherovertthetermofthisMoUtosettheformatandexactdetailsofthiscollaboration.Therefore,thisMoUsetsforththemutualunderstandingofthePartiesconcerningtheoutlineofthisAGREEMENTaswellasthebasicprinciples in this regard.

1 Understanding and Principles

- 1.1 The PARTIES intend to work together during the term of this MoU to collaborate on Learn with Nokia program, develop project prototypes and Nokia designed curriculum elective (2/3 credits) offered under the name Nokia course. Accordingly, both Parties shall work together on developing and shaping the curriculum guided by Nokia technological focus.

NOKIA's role may include:

- Nokia experts on the **Board of Studies** of University to shape the engineering curriculum to reflect latest industry development.
- Deliver lectures to students by Nokia tech experts, curriculum based course offering and experiential learning.
- Mentoring with hands-on learning, prototyping and student projects.
- Chairing technical symposiums, mentoring students and delivering keynote addresses at the university campus.
- NOKIA may provide internship to students of DSU at its sole discretion and which can jointly be decided and agreed between DSU and NOKIA.

DSU's role may include:

- Actively work to set up proper framework, organization and implementation of the process, scope and content of overall education standards mutually agreed upon with NOKIA.
- Scheduling, delivery and rollout of learn with Nokia programs. distribution and dissemination of information, knowledge and materials through the courses are as per mission of DSU and agreed with Nokia.
- Fully implement the agreed training and material into its relevant technical curriculum, including but not limited to, integrating NOKIA programs teaching methods and certification of technical topics into the appropriate courses.

- 1.2 For the term of this MOU, DSU shall have the privilege of:

- Aligning the course curriculum jointly along with Nokia experts.
- Define the criteria for selection of students to participate into Nokia program under this collaboration.
- Participation in joint events and exhibitions where applicable and approved by NOKIA.
- Define the methodology of evaluation and criteria for elective course offered by NOKIA.

- 1.3 The Parties agree to disclose their intention to collaborate on PROJECT(S). It is clarified that the use of the other Party's trademark (including name/logo) will be subject to prior approval of the other Party and the relevant brand guidelines shared by other Party. However, details of this MoU are not intended to be disclosed. All disclosures shall be mutually agreed upon in written form before such disclosure and Information not agreed to be disclosed shall continue to be subject to the Non-Disclosure Agreement dated 23rd May 2018 executed by and between the Parties.

- 1.4 The Parties intend to realize the AGREEMENT according to a time schedule that will be mutually discussed and agreed between the Parties.

2 Legally binding provisions

- 2.1 The Parties shall not be contractually or legally committed to concluding the AGREEMENT.
- 2.2 Each Party shall bear its own - internal and external - costs connected with the activities and Project within the defined collaboration scope.
- 2.3 Either of the Parties shall be entitled to terminate the MoU at any time without stating the reasons by issuing a written notification to this effect to the other Party.
- 2.4 Each Party shall use any Information which it receives from the other Party during the course of implementation, only for the purposes for which it has been provided and subject to the terms of Non-Disclosure Agreement dated 23rd May 2018 by and between the Parties (where the term 'Information' has the meaning ascribed to it under the aforesaid Non Disclosure Agreement dated 23rd May 2018)
- 2.5 All disputes and disagreements arising out of the matters under or connection with this MoU shall, in the first instance, be resolved through mutual discussions/negotiations. Any dispute, which is not so settled by mutual discussions/negotiations, shall at the option of either Party and, upon written notice to the other Party, be referred for settlement through arbitration. The arbitration shall be conducted in accordance with the Arbitration and Conciliation Act, 1996 ('Act') and rules thereto. Arbitration shall take place at New Delhi, India by a sole arbitrator appointed by mutual consent or failing such mutual consent, in accordance with the Act and rules thereto and the proceedings shall be held in English language.
- 2.6 Additions and amendments to this MOU shall only be valid if made in writing. The requirement of the written form can as such only be waived in writing. The PARTIES shall have no right to assign their interests in this MOU.
- 2.7 This MoU shall come into force upon signature by both Parties with effect from the Effective Date and shall automatically terminate three (3) years from the Effective Date or at such time as the present MoU is expressly superseded by a subsequent agreement between the Parties hereto, whichever is earlier.
- Notwithstanding the above, the rights and obligations set forth in this MoU which have accrued prior to termination shall survive the termination or earlier expiration of this MoU for a period of five (5) years.
- 2.8 The language of this MOU and relationships ensuing there from shall be English. All correspondences, documents, data, or any other form of communication shall be in English.

- 2.9 This MOU is intended solely for the benefit of the Parties and nothing in it shall be construed to create any duty to, standard of care with reference to, or any liability to, or confer any right of suit or action on any person not a party hereto.
- 2.10 Neither Party shall be liable to each other in contract, tort or otherwise, for any indirect, special, consequential or incidental damages, costs or expenses, howsoever arising under or in connection with this MoU. Since this MoU only records the proposed understanding between the Parties, both Parties shall not have any liability under this MoU to each other, except under (i) the non-disclosure agreement dated 23rd May 2018 executed between the Parties and (ii) in case of gross negligence or wilful default. Notwithstanding anything to the contrary, NOKIA's liability under or in connection with this MoU shall not exceed INR One (1) lakh.
- 2.11 This MOU shall not be interpreted or construed to create an association, agency, joint venture, or partnership between the Parties or to impose any partnership obligation or liability upon any Party. No Party shall have any right, power, or authority to enter into any agreement or undertaking for, to act on behalf of, to act as or be an agent or representative of, or to otherwise bind, the other Party.

IN WITNESS WHEREOF the Parties have executed this MOU on of the Effective Date, in two (2) or more counterparts, all of which shall be considered one (1) and the same MOU and each of which will be deemed an original.

Memorandum of Understanding (MoU)

This Memorandum of Understanding (MoU) is signed between Launch Dream, LLC doing business as ScaleUP USA with its primary office at Suite #2201, Halter Lane, Reston, Virginia 20191, USA and Computer Science and Technology Program (CST), School of Engineering at Dayanand Sagar University, with its primary office at Hosur Rd, Kudlu Gate, Srinivasa Nagar, HAL Layout, Singasandra, Bengaluru, Karnataka 560068, India. Launch Dream and CST are hereinafter referred to individually as "Party" or collectively as "Parties".

ScaleUP USA Product Accelerator Program:

Launch Dream and CST desire and intend to collaborate and build on the synergies of both parties to create a technology-based Product Acceleration Program to develop CST student-powered IT-based products and platforms for the North American marketplace. This program will be called "ScaleUP USA Product Accelerator." The goal of the ScaleUP USA Product Accelerator includes creating products and platforms for US marketplace, giving CST students practical work experience in developing US-based technology products and platforms, prepare them for product engineering jobs in North America, as well as to help attract the best students to the CST program and brand the CST program as innovative and transformative in India.

ScaleUP USA Product Accelerator Process:

Both the Parties here have identified the following areas and agree to mutually cooperate for the growth of the ScaleUP USA Product Accelerator hosted at CST:

1. Launch Dream (and its business partners, if applicable) will provide up to 1 to 3 innovative and transformative ideas from the US for creating new technology products and platforms for the US marketplace by CST students with local CST faculty advice in guidance during the program timeframe.
2. CST faculty will scout for second, third and fourth-year qualified, talented, and passionate CST students interested in architecting, designing, developing, testing, branding, launching, refining, and managing technology products and platforms for the Product Accelerator.
3. These selected CST students will typically work in a cohort of 4 to 6 students to help build at a minimum, Minimal Viable Product (MVP) under the business guidance of Launch dream and its identified partners as well as the technical guidance of the CST faculty and technical advisers.
4. Typical ScaleUP USA Product Accelerator Program projects will be between one and two years long. Each student will work for a minimum of 10 hours a week during

college time and potentially 20-40 hours a week during summertime to complete the product or platform for the Accelerator Program.

5. Each ScaleUP USA Product Acceleration Program project will be considered part of the CST's mini-student work project and will receive grades from the CST faculty based on Launch Dream's feedback as well as their own faculty evaluation.
6. CST will ensure that students are aware that they will not be paid for these projects either by Launch Dream or CST. However, they will receive a joint certification letter from the ScaleUP USA Product Accelerator authorized by both Parties indicating the name of the product developed, product development work completed by the cohort, as well as valuable experience and expertise secured as a result of this project.
7. The intellectual property for the products or platforms developed by the students with advice from faculty will be owned by Launch Dream (and its business partners, if applicable). If and when the products are productized and commercialized, the participating students with high grades in their Product Accelerator project work will have the prospect to join the new company or get Restricted Stock Units (RSU's) or stock options in the new company.
8. CST will collect data regarding how students learn the concepts and skills required to develop such products. This data will be used for research and development purposes.
9. Each CST student will have to sign a non-disclosure agreement (NDA) and agree not to discuss or share the confidential and proprietary product ideas, business plans, architecture, and code with other third parties without express written consent.
10. Each CST student will ensure that they are not using other companies or persons' proprietary or confidential intellectual property while developing the products for the ScaleUP USA Product Accelerator Program.
11. CST office will ensure that its ScaleUP USA Product Accelerator student cohorts have access to desktop computing resources, cloud computing resources, bandwidth, meeting spaces, as well as communication technologies including phone and video conferencing to work effectively with US and local counterparts.
12. Launch Dream and the CST faculty may hold joint webinars and video conferences to promote the CST program and the ScaleUP USA Product Accelerator to attract the best students and faculty to CST, School of Engineering, DSU, and ScaleUP USA programs.
13. CST will publicize this ScaleUP USA Product Accelerator Program by writing a description on its CST landing page and by linking it prominently to the ScaleUP USA platform. Additionally, CST and Launch Dream may issue formal press releases,

- social media campaigns, and other branding and marketing material to maximize audience and traffic to the landing page.
14. The Parties may showcase each other's logos, and the ScaleUP USA Product Accelerator program on its websites, blogs, videos, social media, and other digital media campaigns to promote the program positively.
 15. CST will ensure that the CST faculty and the participating students are aware of the various requirements of the Product Accelerator, including duration and time of work, confidentiality, intellectual property ownership, no wages or salaries as well as other relevant matters so that they work with the Product Accelerator with the full understanding of the MOU.

This MoU serves as a record of the parties' current intentions and to ensure that the activities mentioned in the MoU can be accomplished in conformity with the intents of both parties. The parties may in the future enter an additional formal and binding separate agreement or agreements with each other which will detail the specific form and content of the activities and cover the responsibilities and rights of each Party. Such agreements will be negotiated in good faith.

This MoU commences from the date of the last signing and shall be in force until terminated at any time by mutual consent by giving 60 (sixty) days written notice by either party. The MoU may be amended, modified, extended, or renewed only on the written consent of both Parties.

This MoU shall be considered automatically void if one of the parties come to default any of its obligations and/or violates any provisions contained herein, failing to remedy such breach and/or violation within thirty (30) days written receipt of notification from the other Party accordingly, except the cases of unforeseeable circumstances or force majeure. Notwithstanding the foregoing, this MoU may be terminated by either party, without charge, upon written notice of immediate effect, in the event of insolvency, dissolution, liquidation, judicial or extrajudicial recovery, or bankruptcy of either Party or its controller.

This MoU is entered into by the parties in a non-exclusive character. The Parties declare that the signatories to this MoU are its legal representatives, with powers to assume the obligations agreed. Any communication, warning, notice, or request between the Parties under this agreement shall be sent in writing, via official e-mail, or other postal means. Any change must be done through an amendment, signed between the Parties, which will form an integral part of this MoU for all legal purposes.

If any of the provisions contained in this MoU is legally invalid, illegal, or unenforceable in any respect, the validity, legality, or enforceability of the remaining provisions of this MoU shall not in any way be affected or impaired by this fact.

None of the conditions of this MoU shall be understood to establish a joint venture company or association between the Parties, or employment relationship between the employees or representatives of a Party and the other Party.

Any dispute arising out of or concerning this MoU shall be resolved amicably and if this is not possible, then, by international arbitration.

To whom so ever it may concern

Spastic society of Karnataka is conducting the sessions for special needs children of Ramanagar district and neighboring areas at CDSIMER since November 2021

Bus is being sent daily from CDSIMER to bring the children. On an average 10-16 children attend the session daily from Monday to Saturday. 1 to 2 teachers from spastic society of Karnataka engage the children, keep attendance and keep the log book of activities conducted that day, which can be verified during visit. Department of pediatrics, orthopedics, ENT, psychiatry, community medicine, dentistry and physiotherapy interact with the children regularly and monitor their progress. Free nutritious ragi porridge is given to children and attendants. Treatment of different ailments for spastic society children and their parents/caretakers done by respective departments free of cost. Many children with complex orthopedic issues have been operated and habilitated. Our services are free of cost at all stages.

Memorandum of Understanding (MoU)

This Memorandum of Understanding (MoU) is signed between Launch Dream, LLC doing business as ScaleUP USA with its primary office at Suite #2201, Halter Lane, Reston, Virginia 20191, USA and Computer Science and Technology Program (CST), School of Engineering at Dayanand Sagar University, with its primary office at Hosur Rd, Kudlu Gate, Srinivasa Nagar, HAL Layout, Singasandra, Bengaluru, Karnataka 560068, India. Launch Dream and CST are hereinafter referred to individually as "Party" or collectively as "Parties".

ScaleUP USA Product Accelerator Program:

Launch Dream and CST desire and intend to collaborate and build on the synergies of both parties to create a technology-based Product Acceleration Program to develop CST student-powered IT-based products and platforms for the North American marketplace. This program will be called "ScaleUP USA Product Accelerator." The goal of the ScaleUP USA Product Accelerator includes creating products and platforms for US marketplace, giving CST students practical work experience in developing US-based technology products and platforms, prepare them for product engineering jobs in North America, as well as to help attract the best students to the CST program and brand the CST program as innovative and transformative in India.

ScaleUP USA Product Accelerator Process:

Both the Parties here have identified the following areas and agree to mutually cooperate for the growth of the ScaleUP USA Product Accelerator hosted at CST:

1. Launch Dream (and its business partners, if applicable) will provide up to 1 to 3 innovative and transformative ideas from the US for creating new technology products and platforms for the US marketplace by CST students with local CST faculty advice in guidance during the program timeframe.
2. CST faculty will scout for second, third and fourth-year qualified, talented, and passionate CST students interested in architecting, designing, developing, testing, branding, launching, refining, and managing technology products and platforms for the Product Accelerator.
3. These selected CST students will typically work in a cohort of 4 to 6 students to help build at a minimum, Minimal Viable Product (MVP) under the business guidance of Launch dream and its identified partners as well as the technical guidance of the CST faculty and technical advisers.
4. Typical ScaleUP USA Product Accelerator Program projects will be between one and two years long. Each student will work for a minimum of 10 hours a week during

college time and potentially 20-40 hours a week during summertime to complete the product or platform for the Accelerator Program.

5. Each ScaleUP USA Product Acceleration Program project will be considered part of the CST's mini-student work project and will receive grades from the CST faculty based on Launch Dream's feedback as well as their own faculty evaluation.
6. CST will ensure that students are aware that they will not be paid for these projects either by Launch Dream or CST. However, they will receive a joint certification letter from the ScaleUP USA Product Accelerator authorized by both Parties indicating the name of the product developed, product development work completed by the cohort, as well as valuable experience and expertise secured as a result of this project.
7. The intellectual property for the products or platforms developed by the students with advice from faculty will be owned by Launch Dream (and its business partners, if applicable). If and when the products are productized and commercialized, the participating students with high grades in their Product Accelerator project work will have the prospect to join the new company or get Restricted Stock Units (RSU's) or stock options in the new company.
8. CST will collect data regarding how students learn the concepts and skills required to develop such products. This data will be used for research and development purposes.
9. Each CST student will have to sign a non-disclosure agreement (NDA) and agree not to discuss or share the confidential and proprietary product ideas, business plans, architecture, and code with other third parties without express written consent.
10. Each CST student will ensure that they are not using other companies or persons' proprietary or confidential intellectual property while developing the products for the ScaleUP USA Product Accelerator Program.
11. CST office will ensure that its ScaleUP USA Product Accelerator student cohorts have access to desktop computing resources, cloud computing resources, bandwidth, meeting spaces, as well as communication technologies including phone and video conferencing to work effectively with US and local counterparts.
12. Launch Dream and the CST faculty may hold joint webinars and video conferences to promote the CST program and the ScaleUP USA Product Accelerator to attract the best students and faculty to CST, School of Engineering, DSU, and ScaleUP USA programs.
13. CST will publicize this ScaleUP USA Product Accelerator Program by writing a description on its CST landing page and by linking it prominently to the ScaleUP USA platform. Additionally, CST and Launch Dream may issue formal press releases,

social media campaigns, and other branding and marketing material to maximize audience and traffic to the landing page.

14. The Parties may showcase each other's logos, and the ScaleUP USA Product Accelerator program on its websites, blogs, videos, social media, and other digital media campaigns to promote the program positively.
15. CST will ensure that the CST faculty and the participating students are aware of the various requirements of the Product Accelerator, including duration and time of work, confidentiality, intellectual property ownership, no wages or salaries as well as other relevant matters so that they work with the Product Accelerator with the full understanding of the MOU.

This MoU serves as a record of the parties' current intentions and to ensure that the activities mentioned in the MoU can be accomplished in conformity with the intents of both parties. The parties may in the future enter an additional formal and binding separate agreement or agreements with each other which will detail the specific form and content of the activities and cover the responsibilities and rights of each Party. Such agreements will be negotiated in good faith.

This MoU commences from the date of the last signing and shall be in force until terminated at any time by mutual consent by giving 60 (sixty) days written notice by either party. The MoU may be amended, modified, extended, or renewed only on the written consent of both Parties.

This MoU shall be considered automatically void if one of the parties come to default any of its obligations and/or violates any provisions contained herein, failing to remedy such breach and/or violation within thirty (30) days written receipt of notification from the other Party accordingly, except the cases of unforeseeable circumstances or force majeure. Notwithstanding the foregoing, this MoU may be terminated by either party, without charge, upon written notice of immediate effect, in the event of insolvency, dissolution, liquidation, judicial or extrajudicial recovery, or bankruptcy of either Party or its controller.

This MoU is entered into by the parties in a non-exclusive character. The Parties declare that the signatories to this MoU are its legal representatives, with powers to assume the obligations agreed. Any communication, warning, notice, or request between the Parties under this agreement shall be sent in writing, via official e-mail, or other postal means. Any change must be done through an amendment, signed between the Parties, which will form an integral part of this MoU for all legal purposes.

If any of the provisions contained in this MoU is legally invalid, illegal, or unenforceable in any respect, the validity, legality, or enforceability of the remaining provisions of this MoU shall not in any way be affected or impaired by this fact.

None of the conditions of this MoU shall be understood to establish a joint venture company or association between the Parties, or employment relationship between the employees or representatives of a Party and the other Party.

Any dispute arising out of or concerning this MoU shall be resolved amicably and if this is not possible, then, by international arbitration.

Hi Ashwin,

Good evening and good report. Sounds like we'll be at a place where we can start testing with students as of next week.

@Nitin Pradhan shall we look to get the process of User Acceptance going now?

Thanks,

Hi all,

Replying to the comments on user testing; we are also engaged with testing as of the current moment and we will try to make sure that the MVP will be ready for other testers by the next meet.

Coming back to Victor's point on student persona's : We have noted your suggestion, and the functionality for the persona will be as follows:

A new user registers their details --> They log in after accepting the register link from their email --> They access the profile page and enter any remaining details --> They are directed to the roles page where they can select a role from 5 options (for which assessments are ready) --> They take the respective assignment for that role --> They are greeted with a 'Thank You' Page --> And the cycle can repeat or they can pick a new role from the available options.

We can also have a report detailing the tools drafted and sent to you by tomorrow.

Thanks Ashwin. As Victor & Nitin suggested, the team is currently working with fellow students and friends in testing on the functionalities covered leading to a demonstrable application for Thursday as planned. Will be travelling next week and hence will not be in a position to join the call coming Thursday. Requested Kavya / Dr.Zahina to be on the call. FYI please and Sorry for the inconvenience this may cause.

Thanks and have a great weekend.

Good Morning Nitin and Victor.

As discussed and suggested, sharing the names of the students who were part of the Skillproofed project as interns. Thanks for the opportunity given to the students in having the industry exposure as interns.

Would request you to share the internship completion certificate for the below mentioned students who were from the start to my understanding.

Uppara Hariharan

Ashwin C.S

Jahnvi Krishna K

Devaki Poojitha

The following students took up the content management challenge as shared earlier and would suggest appreciating these students as well with certificates as appropriate.

Karthik K M

Trishal Dhayananda

Dikshith Vishnuvardhan

Ashish Shetty

Will work towards having an interactive session(Online) with our university students as suggested in August followed by the plan of actions from september.

Thanks and have a great weekend.

Thanks and Regards,

Transfer of Technology

Technology Development for direct absorption of Carbon Dioxide from the atmosphere

The impact of Climate Change and environmental pollution has been affecting the life on the entire planet earth. All the nations of the world and the United Nations are seriously concerned about the root cause of climate change, which is the excessive Carbon Dioxide (CO₂) in the earth's atmosphere. Many nations, including India are promoting carbon-neutral technologies (such as electric vehicles) to reduce vehicular and industrial emissions. Even though these technologies reduce the emission, they cannot contribute towards reduction of CO₂ already present in the atmosphere. Carbon-Negative technologies are the need of the hour, as they alone can reduce CO₂.

A Jharkhand-based Startupprenneur, Mr Faisal Nayaab, approached a team of DSU with a possible solution towards carbon-negative technology, viz., using of a particular chemical which can absorb CO₂ due to chemical reaction with the atmospheric air. Based on a MoU with the Start-up, the DSU team took up this challenge and came up with a concept involving the use of the chemical in a device which can achieve the objective. A Proof-Of-Concept (POC) device was designed and developed in DSU, with full funding support from the Start-up. Fig. 1 shows a photograph of the POC device.

Fig. 1 Photograph of the POC Device

Atmospheric air is sucked into the horizontal segment using a fan. The sucked air passes through filters for removal of particulate matter and is directed upwards towards the vertical segment at a low-speed. The chemical is stored in a sump at the bottom of the tower and is pumped towards the top using a pump. The chemical is sprayed down from the top of the tower and made to flow over corrugated surfaces installed inside the tower. The chemical gets collected in the sump and is recirculated. After the device is operated for a certain duration, the chemical gets saturated with CO₂. The outcome of these tests enabled the Start-up to file a patent on the process and establish a Company “CLENV Pvt. Ltd.” in Bangalore and register the same under the Department of Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Govt. of India.

Nov. 17, 2022 was a historic day for DSU, as the in-house developed CO₂ absorption technology transferred by the Hon. Vice Chancellor, DSU to Mr Faisal Nayaab, CEO, M/S CLENV Pvt. Ltd., Bangalore, in the presence of dignitaries. Fig. 2 shows a photograph on the occasion of the technology transfer.

Fig. 2 Technology transfer from DSU to M/S CLENV Pvt. Ltd., Bangalore for absorption of Carbon Dioxide directly from the atmosphere

Speaking on the occasion, the Hon. VC stated that for the first time in the history of DSU, a technology was being transferred to the Society and hoped that such activities would increase in the days to come. He also said that DSU would greatly support such initiatives and interactions with entrepreneurs.

Dear **Dr. Revathi**,

Greetings from Ziroh Labs! We hope this email finds you in the best of health.

Kindly accept our apologies for the delay; some of our colleagues had tested positive, while a couple of our EWL Mentors showed symptoms of COVID-19 and had to be isolated. Now that they are doing well, we will be kicking off the EWL Batch - 2 from the week beginning **January 16th**, 2022 onwards.

I am attaching the list of **projects** assigned to your esteemed institution. Kindly send us the student details in the excel sheet attached to this email.

- Student **Name**
- Student **Email ID**

Once we have received the filled-in sheet, we will host the initial meeting detailing the project scope and process. This meeting will always be organized outside of class hours, as mentioned in the SOP - EWL projects shared earlier. Please let us know if there are any questions or concerns regarding your participation in the EWL Batch - 2.

We are looking forward to hearing from you.

Thank you.

With Best Regards,

Sumukh Rao
