Seminar Report: Introduction to GST

Organized by: School of Commerce and Management Studies, Dayananda Sagar University

Date: 7th and 8th November, 2017

Introduction:

The School of Commerce and Management Studies at Dayananda Sagar University successfully conducted a seminar on "Introduction to Goods and Services Tax (GST)." The seminar aimed to provide participants with a comprehensive understanding of the GST framework, its implications on businesses, and its role in the Indian economic landscape. The resource person for the seminar was Mrs. Chandrakala G., an esteemed expert in taxation and finance.

Event Highlights:

The seminar commenced with a warm welcome address by [Insert Name], [Designation] at Dayananda Sagar University, who emphasized the significance of staying abreast of the latest developments in taxation, particularly the GST regime. Mrs. Chandrakala G. then took the stage and delved into the intricacies of GST, covering its historical context, principles, and the transition from the previous tax system to the GST.

Key topics covered during the seminar included:

1. Introduction to GST:

- Overview of GST and its significance in the Indian economy.
- Distinction between Goods and Services Tax and the erstwhile tax system.

2. GST Framework:

- Structure of GST - CGST, SGST, and IGST.
- GST rates for different goods and services.
- Input Tax Credit mechanism.

3. Impact on Businesses:

- How GST has streamlined the taxation process for businesses.
- Challenges faced by businesses during the GST implementation phase.

4. Compliance and Documentation:

- Importance of accurate record-keeping and compliance under GST.
- Overview of GST returns and filing procedures.

5. Recent Updates and Amendments:

- Any recent changes in the GST framework.
- Upcoming amendments and their implications.

Vote of Thanks: Dr. Punith Cariappa:

The seminar concluded with a vote of thanks delivered by Dr. Punith Cariappa, Dean School of Commerce and Management Studies, Dayananda Sagar University, expressing gratitude to Mrs. Chandrakala G. for her enlightening session. Dr. Cariappa also thanked the participants for their active engagement and participation. He emphasized the importance of such seminars in enhancing the academic and professional growth of the audience.

Conclusion:

The seminar on the "Introduction to GST" organized by the School of Commerce and Management Studies at Dayananda Sagar University proved to be a valuable learning experience for all attendees. The event not only provided a comprehensive understanding of the GST framework but also facilitated a platform for networking and knowledge exchange.

Such initiatives underline the commitment of Dayananda Sagar University to provide holistic education, ensuring that students and professionals are well-equipped to navigate the complexities of the dynamic business environment.

RESOURCE PERSON'S PROFILE

Dr. Anupuma Goshal holds a Ph.D. in Management from Jain University (2015), an M.Phil from West Bengal University of Technology (2011), an M.B.A. from IISWBM, University of Calcutta (1998), and a PGDCA from CMC Ltd (1996). Currently serving as an Assistant Professor at Dayananda Sagar University, Dr. Goshal brings a wealth of experience to her role. With previous positions at IBMR (2012-2015) and TASMACH (2009-2012), she has consistently contributed to the academic landscape. Her teaching expertise spans a diverse range of subjects, including Strategic Management, Business Research Methods, Consumer Behaviour, Services Marketing, Research Methodology, Marketing, SPSS, JMP Software, Business & Corporate Environment, and Business Communication. Dr. Goshal is recognized for her innovative teaching methodologies and a student-centric approach, ensuring that students receive contemporary and relevant knowledge. She has made notable contributions to the field. Driven by a passion for education and a holistic understanding of management principles, Dr. Anupuma Goshal stands as a distinguished educator and mentor in the realm of management studies.

Seminar Report: Introduction to Research Methodology for Beginners

Organized by: School of Commerce and Management Studies, Dayananda Sagar University

Date: December 13, 2017

Introduction:

The School of Commerce and Management Studies at Dayananda Sagar University hosted an insightful seminar on "Introduction to Research Methodology for Beginners." The seminar aimed to provide participants with a foundational understanding of research methods and techniques, particularly catering to those new to the field. The distinguished resource person for the seminar was Dr. Anusha Goshal, an accomplished expert in research methodology. The event was held on December 13, 2017.

Event Highlights:

The seminar commenced with a warm welcome address, setting the tone for an engaging and informative session. Dr. Anusha Goshal, as the resource person, adeptly navigated through the intricacies of research methodology, tailoring her presentation to suit beginners in the field. Key highlights of the seminar included:

1. Fundamentals of Research:

- Understanding the essence and significance of research.
- Differentiating between various research paradigms.

2. Research Design and Methods:

- Overview of research designs and their applications.
- Introduction to qualitative and quantitative research methods.

3. Data Collection Techniques:

- Exploration of various data collection methods, including surveys, interviews, and observations.
- Considerations for selecting appropriate data collection tools.

4. Data Analysis:

- Introduction to basic data analysis techniques.
- Overview of statistical tools and their relevance in research.

5. Ethical Considerations in Research:

- Addressing ethical concerns and guidelines for responsible research.
- Ensuring integrity in the research process.

Resource Person: Dr. Anusha Goshal:

Dr. Anusha Goshal, with her extensive knowledge and experience in research methodology, brought a dynamic and interactive element to the seminar. Her ability to simplify complex concepts and engage with the audience made the session accessible and beneficial for participants.

Vote of Thanks: Dr. Punith Cariappa:

Dr. Punith Cariappa, in his role of expressing gratitude, extended heartfelt thanks to Dr. Anusha Goshal for her enlightening session. He acknowledged the invaluable insights provided and the positive impact it would have on the participants' research endeavours. Dr. Cariappa also thanked all attendees for their active participation and eagerness to learn.

Conclusion:

The seminar on "Introduction to Research Methodology for Beginners" organized by the School of Commerce and Management Studies at Dayananda Sagar University was a resounding success. Dr. Anusha Goshal's expertise and the thoughtful organization of the event ensured that participants left with a solid foundation in research methodology. Such initiatives underscore the commitment of the university to fostering a research-oriented academic environment.

Workshop / Training conducted

At

Autodesk Design and Innovation Centre

Annual Report

Autodesk Design and Innovation Centre

Details on events conducted at Autodesk and Innovation Centre Dayananda Sagar University.

About Autodesk Design and Innovation Center.

This center enables students to design, visualize and simulate their ideas using Autodesk suite of tools for 3D design, engineering and entertainment. Subsequently, they are prototyped and implemented using facilities in the Maker Space that includes 3D printer, scanner, CNC Milling machine and various hand tools. Using these facilities students has built innovative products such as electric bikes, go-karts, novel building architectures, Start-Up Support etc.

Workshop / Training conducted from June 2018 to Aug 2019 (1 Year 2 Months) are as follows.

| Sl No | Name of the Training Program / Workshop conducted / Projected completed. | Duration / Date | No. of Participants & Description |
|-------|--|----------------------|--|
| 1. | A 2-Week Placement and Hands-on-Training, Industry readiness Program using Autodesk Fusion 360 | June 14 to 28 - 2018 | The objective of this training program was that students get Exposed to Product Design using Autodesk Fusion 360 and placement Training. Number of Participants = 22 |

| | | | |
|-----|---|------------------------------------|---|
| 2. | “Industry Connect” is Autodesk India’s annual signature workshop on Product Design aimed at Hardware founders, makers, enthusiasts and Entrepreneurs interested in Next-Generation Manufacturing. | 14-07-2018 | There was a showcase of compelling case studies where Autodesk’s Fusion 360 software has been used for Professional and Industry-grade accomplishments. Number of Participants = 56 |
| 3. | Design and manufacturing 3D Printing solution provided to Int Essence Solution. | 30 -07- 2018 | Industrial Solution provided to Int Essence Solution. |
| 4. | Design and 3D printing arm of a robot for 5th Semester CS students Event – A day at Nokia. | 28-08- 2018 | B.Tech 5th Semester CS students Event – A day at Nokia |
| 5. | Artec scanner for Hebbal - 3D Scanning of Inscription stone | 15-08- 2018 | Scanning the Hebbal Inscription (oldest inscription stone in Bangalore) |
| 6. | Design and manufacturing solution provided to EM Ware Tech. | 31 -08- 2018 | Industrial Solution provided to EM Ware Tech. |
| 7. | Autodesk Design and innovation Center Supported NASA Space App Challenge event held at DSU. | 21-10-2018 | NASA has been organizing the world’s largest hackathon every year which now happens in 200 cities round the world and with more than 25000 Participants. |
| 8. | Mentoring in DSU Talent Search | 29 , 30 November & 1 December 2018 | Students from various schools were part of Product design and rapid prototyping challenge about 32 students participated in this event. |
| 9. | Autodesk Student Expert Program | 18-01-2019 | Students from all circuit branches where participated in this program about 46 students attended. |
| 10. | Mentored the first Go-Kart from DSU. | 01-03-2019 | Mentored the first Go-Kart from DSU for the event BFKCT held at Coimbatore. |
| 11. | Autodesk Generative Design Workshop | 20-03-2019 | Introducing Autodesk Generative Design Workshop and training students on GD working procedure – Make them ready for Next generation of design. Number of Participants = 52. |
| 12. | Identified a model build by student and improvised its build – Applying Generative Design, and the same was selected to Autodesk University for the live display at the event. | Projected started on 04-04-2019 | Identified a model build by student and improvised its build – Applying Generative Design, and the same was selected to Autodesk University for the live display at the event. |

| | | | |
|-----|---|---|---|
| 13. | Was a design mentor for world's biggest hackathon: Smart India hackathon 2019 - Hardware Edition. By MHRD | Start Date: 07-07-2019 End Date : 13 -07-2019 | Worked as a full time mentor for SIH by MHRD as a Design mentor about 128 students from different places form India participated and the event was a grand Success. |
| 14. | Was a design mentor for a school event – Resonance By The Harvest International School. | On the weekends of the month July and August 2019. | The projects were build and designed at Autodesk Makerspace. |
| 15. | Students Presented and exhibited at Autodesk University -2019, AU India. | The event was held on 05-Sep-2019 | Two projects from DSCE 1) Go kart 2) Quad copter One project from DSU. 1) Roverbot All of these products were designed and manufactured in our instructions. |
| 16. | DSU Exhibits Autodesk Design event in Hyderabad to showcase the project's from DSU (Project – RoverBot) | 9-10-2019 | This was a one day exhibit in Hyderabad to showcase generative design capabilities. |
| 17. | Design up gradation suggestion to startup Mamabay POD's | 20-11-2019 | Giving suggestion to the startup in terms of Design up gradation. |
| 18. | Fabrication of Clean Air device (Prototype Carbon Filter) | 03-01-2020 to 08-01-2020 | Basic fabrication up gradation and testing the device. |
| 19. | Proposal from company – Namma Cycle to design Bi-Cycle Bus. | 06-01-2020 | This project will be funded by Namma Cycle for design and manufacture of a Bi-Cycle Bus. This project is supported by Autodesk and will be designed by DSI students. |
| 20. | MOU Signing Ceremony Autodesk and Dayananda Sagar University | 3-02-2020 | MOU Signing Ceremony Autodesk and Dayananda Sagar University in the presence of Sri Galiswamy, Dr ANN Murthy, Mr. Janardhan. |
| 21. | Our Students presented at Autodesk Fusion Academy India 2020 | 22-02-2020 | 3 Team of Students from DSU and one Team from DSCE Presented their case study models of Generative Design. |
| 22. | Webinar on Generative Design and case studies | 23-03-2020 | Training Students on Generative Design and case studies Number of Participants = 34 |
| 23. | Online Training on CAM Workbench | 3-04-2020 | Introduction to CAM Number of Participants = 22 |
| 24. | Corporate training program for Buhler India Pvt Ltd – 1 st Batch | 27th July to 7th Aug 2020 | Corporate training program for Buhler India Pvt Ltd - |
| 25. | Corporate training program for Buhler India Pvt Ltd – 2 nd Batch | 31st August to 11th September 2020 | Corporate training program for Buhler India Pvt Ltd - |
| 26. | Designing a dental splint model | September 17 th to 24 th 2020 | Designing a dental splint model using Autodesk Mesh mixer |
| 27. | 3D Printing of dental splint model and | 14 th October 2020 | Got the first digital 3D printed |

| | | | |
|-----|---|---|---|
| | checking for fitment on patient | | model and and was tested for fitment on a patient. |
| 28. | Autodesk Fusion 360 Training and competition for mechanical and aerospace B.tech students DSU | 14 th July 2020 to 10 th January 2021 | Training students on Autodesk Fusion 360 and defining a problem statement which was followed by a design competition In total 16 students from DSU got selected a won cash price of Rs 20,000 in total |
| 29. | Training on 3D printing technology by practical implementation of design concepts. | 11 th January to 18 th January 2021 | Training Vikram from 4 th semester mechanical on 3D printing technology by practical experiments. |
| 30. | Supporting and guiding Rangarajan and team in 3D printing of honeycomb core sandwich composite panels | 8 February 2021 | Guiding final year students on additive manufacturing and its constraints through project based learning. |
| 31. | 3D Printing of a Slider guide on a request from M/s Shruthi from research lab DSU | 24 th February 2021 | |
| 32. | 3D Printing of a noise reduction nozzle for a student project, Student name – Harsh priyanshu. | 26 th February 2021 | |
| 33. | 3D printing workshop for mechanical and Aerospace students DSU | 8 th March 2021, 12 th March 2021 | |

Start Up Support – For client / Students (Non – DSU)

- **Name of the Company / Start up: Clean Hives.**
Founders name: Manasi and Payal
Aim of the project: To support the company in designing and manufacturing the smart commode seats (Smart Toilet Seats)
Build and designed at Autodesk – Design and Innovation Centre – DSU.
Status: On Going.
- **Name of the Company / Start up: Q 1.**
Founder's name: Sourab
Aim of the project: To support the company in designing and manufacturing the smart People Counter (Smart People Counter)
Build and designed at Autodesk – Design and Innovation Centre – DSU.
Status: On Going.
- **Name of the Company / Start up: Clean Air.**
Founder's name: Faizal

Aim of the project: To support the company in designing and manufacturing the complete assembly of air cleaning unit and making a POC (Working prototype).

Build and designed at Autodesk – Design and Innovation Centre – DSU.

Status: On Going.

- **Name of the Company / Start up:** **Verge Motors.**

Founders name: Somyaranjan.

Aim of the project: To support the company in 3D Scanning the Vehicle assembly parts for reverse engineering.

Build and designed at Autodesk – Design/3D scanning at Innovation Centre – DSU.

Status: Completed.

- **Name of the Company / Start up :** **Bus Bi-Cycle**

Founders name: Murali.

Aim of the project: To support the company in designing and manufacturing the complete assembly of Bi-cycle and making an actual model of the Bus Bi – Cycle.

Build and designed at Autodesk – Design/3D scanning at Innovation Centre – DSU.

Status: On Going.

Start Up Support – For client / Students (Non – DSU)

- **Name of the Company / Start up :** **MamaBay**

Founders name: Rumith.

Aim of the project: To support the company in designing and manufacturing the complete assembly of Pod (Mother and Child Care Zone).

Designing and Building Pod at DSU– Designing and building the Pod box, care center for mother and child.

Status: On Going.

QUADCOPTER CHASSIS

Students from DSCE have illustrated innovative ways that the designers can apply Generative Design technology in their design of Quadcopter Chassis, an approach to solve for optimizing engineering problems and to maintain product strength while reducing weight, improving performance and ultimately rapid prototyping.

This project represents the use of Generative Design tool to come up with a new design for the Quadcopter Chassis. The chassis has to be significantly lighter than the conventional versions yet strong enough to sustain flight conditions. It also has to meet strict parameters for weight, stress and deformation in different load cases and in the time of crash. They developed three chassis apart from the conventionally designed model which proves to be least weight, more strength and aesthetically appealing respectively, while being no less efficient at performance with respect to the generic model and even better.

This project represents generative design technology and topological optimization by looking into what it is, how it works, how it's being used and why it's changing the way we design the next generation of things.

Generative Designed chassis is 65% Lighter.

- a. Initial characteristics –
 - o Material – ABS plastic
 - o Weight – 424g
 - o Max. Von Mises stress– 2.033MPa
 - o Max. displacement – 0.3248mm
- b. Final characteristics –
 - o Material – ABS plastic
 - o Weight – 160.5g
 - o Max. Von Mises stress– 3.063MPa
 - o Max. displacement – 0.2157mm

Dayananda Sagar university

ROVERBOT

Team of Mechanical and Electronics students from Dayananda Sagar Institutions(DSI) have come together to integrate virtual reality with robotics to enable users to see and communicate at a place remote from where they presently are. The students are making use of a robot with a camera mounted on it along with the virtual reality experience.

For the initial chassis design the electronic students have used U-PVC pipes to build the chassis frame of the Roverbot. However, the importance of design plays a major role in implementation of a product specific to the application. When both Mechanical and Electronic students collaborated on the same platform with a mutual understanding, the mechanical students figured out that they can work on the Chassis Design and provide electronics students a clear frame to properly organize their electronic components mounting and conceal the wiring. With this perfect blend, they could come up with a wonderful design and implementation of this application with the use of Autodesk Fusion 360 Generative Design.

The outcome of Generative Design was very exciting for both the teams especially, the electronics students, when they saw the design transformation.

Before GD:

- Material used for Chassis : U-PVC pipes
- Weight of the Chassis: 6.7 kg

After GD:

- Material used for Chassis : Nylon
- Weight of the Chassis : 775 grams

Dayananda Sagar College of Engineering

GO-KARTING

Parsec racing is a Motorsports team comprising of students from Dayananda Sagar College of Engineering who build the complete Go-Karting Design in Autodesk Fusion 360. All the components were completely designed and assembled in Fusion 360 and compete in various events with their combustion engine go karts.

Achievements-

- Overall 18th position in Indian Karting Championship held at Mohite racing academy, Kolhapur
- Ranked AIR 1 for design presentation in Bharath Formula Karting Championship
- Overall 16th position in Bharath Formula Karting Championship held at Kari motor speedway, Coimbatore

RESOURCE PERSON PROFILE

Dr. C. Ganeshkumar is an Assistant Professor in IIPMB. He has received his Ph.D. and MBA from Pondicherry Central University, Cleared UGC-NET in Management during 2010, He has 2 years of post-doctoral research experience in Indian Institute of Management Bangalore. Served as faculty at VIT University, Vellore. He has published 30 articles in National and International Journals, presented 15 research papers in various conference and organized various data analytics workshops. He has also acted as resources in various hands-on business analytics workshops using tableau, R, Python, SQL and Excel Solver software. His areas of research include Agri-food value chain, artificial intelligence and socially responsible supply chain. funded projects from Tea Board, MCA, ICSSR, UNDP, IFPRI-USA and ADB. Apart from teaching and research, He has taken administrative roles like hostel warden, FWC Coordinator, NBA Coordinator and Industrial visit coordinator.

Seminar Report: Enlightening Session on Indexed Journal Publications

Organized by: School of Commerce and Management Studies, Dayananda Sagar University

Date: March 03, 2019

Introduction:

The School of Commerce and Management Studies at Dayananda Sagar University hosted a highly informative seminar titled "Enlightening Session on Indexed Journal Publications." The seminar, held on December 13, 2017, aimed to provide valuable insights into the nuances of publishing in indexed journals. The esteemed resource person for the session was Dr. C. Ganeshkumar, an Assistant Professor in IIPMB, known for his rich academic and research background.

Event Highlights:

The seminar commenced with a warm welcome and an introduction to the distinguished speaker, Dr. C. Ganeshkumar. The key highlights of the enlightening session included:

1. Navigating Indexed Journals:

- Understanding the significance of indexed journals in academic and research circles.
- Insights into the criteria for selecting appropriate journals for publication.

2. Publication Strategies:

- Tips and strategies for successful manuscript preparation and submission.
- Addressing the challenges and common pitfalls in the publication process.

3. Research Visibility:

- Discussing the importance of research visibility and impact through indexed publications.
- Strategies for increasing citation counts and improving research impact.

4. Interactive Session:

- Dr. Ganeshkumar engaged the audience in an interactive Q&A session, addressing queries and sharing practical experiences.

Resource Person: Dr. C. Ganeshkumar:

Dr. C. Ganeshkumar, an Assistant Professor in IIPMB, brought a wealth of experience to the seminar. His academic journey, including a Ph.D. and MBA from Pondicherry Central University, UGC-NET clearance, and post-doctoral research experience at the Indian Institute of Management Bangalore, contributed to the credibility of the session. With a robust publication record of 30 articles in National and International Journals, 15 research papers, and active participation in various data analytics workshops, Dr. Ganeshkumar is recognized for his expertise in agri-food value chains, artificial intelligence, and socially responsible supply chains. His involvement in funded projects from prestigious organizations like Tea Board, MCA, ICSSR, UNDP, IFPRI-USA, and ADB further underscored his standing in the academic community.

Vote of Thanks: Dr. Punith Cariappa:

Dr. Punith Cariappa, in expressing gratitude, extended sincere thanks to Dr. C. Ganeshkumar for his enlightening and invaluable session. He highlighted the significance of the knowledge shared and its potential impact on the academic and research pursuits of the attendees. Dr. Cariappa also acknowledged Dr. Ganeshkumar's diverse contributions in teaching, research, and administrative roles.

Conclusion:

The seminar on "Enlightening Session on Indexed Journal Publications" was a testament to the commitment of the School of Commerce and Management Studies at Dayananda Sagar University to foster academic excellence. Dr. C. Ganeshkumar's expertise and the well-organized event provided participants with valuable insights and practical guidance for successful publication in indexed journals, contributing to the advancement of scholarly endeavour's within the university community.

*Case Study Pedagogy
Introductory Session
Case Teaching
23.03.2019*

Report

The Case study work shop was organized with the following objectives:

- To understand the use of Case Studies as a pedagogical tool;
- Case Teaching- focussing on student learning outcomes-preparing for case classes;
- Case writing & development by faculty;
- Assessment methodologies.
- Sources of accessing and hosting cases.

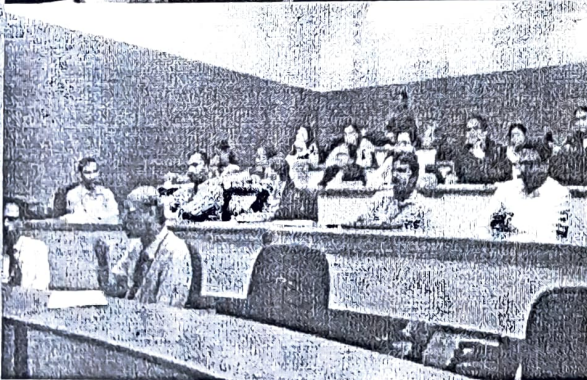

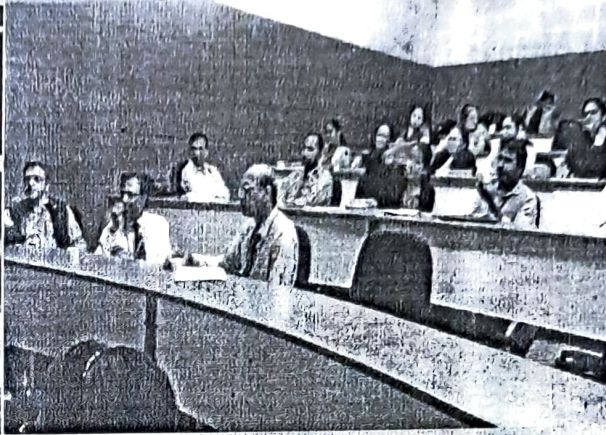

The target audience was Faculty members from Dayananda Sagar University and from other institutions who were invited to attend the session.

The session began with a Welcome Address delivered by Dr.Anupama Ghoshal followed by the session facilitated by the resource person, Prof.Bharti S Gopal and ending with the Vote of Thanks delivered by Dr.Deepanjana Varshney. Dr.Punith Cariappa, Dean-SCMS thanked Prof.Bharti for her enlightening session and handed over a floral bouquet as a gesture of appreciation to the Resource Person of the workshop. The Guest was also invited to the Dean's office and requested to share her experience in the Visitor's Diary in SCMS office.

Prof.Bharti began the session and covered all the objectives planned for the session. The resource person kept the session informative by sharing case teaching concepts, tools & methodologies that faculty members can use in their classes. She shared the manner by which student learning outcomes could be effectively mapped from the course curriculum of subjects. She shared how case maps can be used and discussed the manner of facilitating a case session in a class. The importance of teaching notes was highlighted by Prof.Bharti both for making case teaching effective and the area to be focussed when writing cases. The resources to be accessed for case selections was also discussed with the audience. Prof.Bharti kept the session interactive with the audience by encouraging questions and clarifications. Details of case writing was discussed and distinction between article writing and case writing was highlighted and was concluded by encouraging Faculty members to write and publish their own cases.

Prof Bharti with Dr.Anupama & Dr.Deepanjana Dr.Punith Cariappa, Dean-SCMS felicitating Prof.Bharti

The plan for having a detailed extensive workshop during the semester break was discussed to enable separate sessions on case teaching and case writing respectively.

Brief Profile of the resource Person-Prof. Bharathi S Gopal has been in academics for about two decades. She has developed several case studies and conducted training sessions on case study writing. She has also compiled case study volumes which are available on Amazon, while all her case studies are available on The Case Centre in UK, the world's largest repository of case studies.

She has also mentored academicians on the usage of case studies in the classroom, integrating case study discussions with assessment and facilitator's preparation for a case study session. She was nominated by her students for the Best Case Teacher Award conferred by The Case Centre. Her passion to teach through case studies has seen her inspire academicians from several streams such as Economics, Education, Law and Commerce. Prof. Bharathi has also designed a course which is delivered entirely through the case study pedagogy.

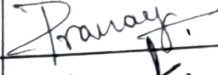

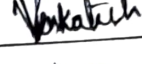

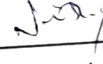

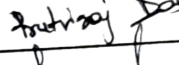

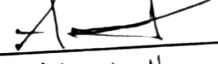

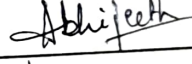

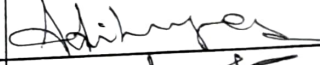

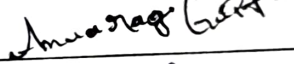

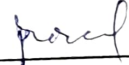

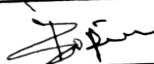

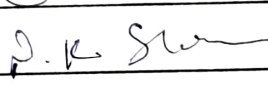

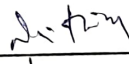

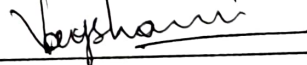

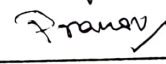

The final piece in the case learning puzzle is the students. Though she has trained students and designed induction courses on case study, her most rewarding experience has been usage of case studies as part of the courses she has delivered. She feels that the recall value is relatively higher in a case study session.

In addition to her passion, she teaches courses in Marketing and Strategy. She has designed several courses such as Digital Marketing, Marketing for Non-profits, a course on Women Consumers delivered in VIVES University, Kortrijk, Belgium and a Digital Marketing course at University of Manchester Metropolitan, UK.

RESOURCE PERSONS PROFILE

Dr Kirupa Priyadarsini, currently Associate professor with 13 years' experience in academia, she is passionate about research and experiential learning. She is actively involved in outbound training and conducts workshops on gamification, psychometric tools, creativity and an eminent trainer in the area of analytical tools for research. She has served as program director for week long intensive Management Development Programs for MNCs. She is involved in HR Consulting Assignments with companies in areas of Competency mapping and Performance Systems development. She serves as a knowledge partner for UK based company Student Podium. She is a doctoral committee member and BOS member for institutions affiliated to Anna University. She also serves as a Deputy Head for the institution's Learning and Development Academy from 2016-2019. Previously she has worked with Sri Krishna College of Engg and technology (SKCET). Kirupa enjoys exploring of game-based learning and conducts FDP's and has expertise in developing games for classroom use. She has delivered an experience learning session on gamification at IIT Madras.

She has published papers and presented papers and case studies in IIM's and IISc and won several awards. Her research interest includes Studying Impact of HR on Business, Performance Management, Employee Learning and Development. She is also a recipient of the CMA GRD Best Faculty Award for the year 2019. Her case won the best-case award at national level Case competition COGNOSCO in 2019. She has received Best Faculty for Domain Expertise and a Best Faculty for Industry Connect for three consecutive years at her previous institution. She won the J. L. Batra Silver Medal for Research paper at AIMS Convention held at Mumbai in 2022.

Seminar Report: Basic Research Methodology Course for Research Scholars

Organized by: School of Commerce and Management Studies, Dayananda Sagar University

Date: July 23, 2019

Introduction:

The School of Commerce and Management Studies at Dayananda Sagar University organized a pivotal seminar on "Basic Research Methodology Course for Research Scholars" on July 23, 2019. This seminar aimed to provide foundational insights into research methodology for research scholars, equipping them with essential skills and knowledge. Dr. Kirupa Priyadarsini, a distinguished figure in academia, served as the resource person for this intellectually enriching event.

Event Highlights:

The seminar began with a welcoming address, setting the stage for an immersive exploration of basic research methodology. Dr. Kirupa Priyadarsini, as the resource person, expertly navigated through the fundamentals of research design, data collection, and analysis. Key highlights of the seminar included:

1. Fundamentals of Research:

- Introduction to the essence and significance of research.
- Understanding different research paradigms and methodologies.

2. Research Design and Data Collection:

- Overview of various research designs and their applications.
- Insights into selecting appropriate data collection methods.

3. Data Analysis Techniques:

- Introduction to basic data analysis techniques.
- Practical applications of statistical tools for research.

4. Interactive Workshop:

- Dr. Kirupa Priyadarsini engaged the participants in hands-on activities, ensuring practical understanding and application of research concepts.

Resource Person: Dr. Kirupa Priyadarsini:

Dr. Kirupa Priyadarsini, an expert in research and experiential learning, brought her extensive knowledge to the seminar. With a passion for teaching and a commitment to research, she shared valuable insights that resonated with the research scholars in attendance.

Vote of Thanks: Dr. Punith Cariappa:

Dr. Punith Cariappa, in expressing gratitude, extended heartfelt thanks to Dr. Kirupa Priyadarsini for her invaluable contribution to the Basic Research Methodology Course. Dr. Cariappa underscored the importance of such initiatives in fostering a research-centric environment within the academic community. He also thanked the research scholars for their active participation and enthusiasm.

Conclusion:

The Basic Research Methodology Course conducted by the School of Commerce and Management Studies at Dayananda Sagar University, featuring Dr. Kirupa Priyadarsini as the resource person, proved to be a pivotal event. The seminar not only provided research scholars with a solid foundation in research methodology but also created an interactive platform for practical learning and engagement. The commitment of the university to nurturing research skills was evident in the success of this seminar.

SEMINAR ON "OBSTETRICAL EMERGENCIES" 03-03-2020

| Day 5 (19.06.2020) | Factor Analysis | Prof. K Anil Babar |
| Day 6 (20.06.2020) | Simple and Multiple Regression | Dr. Sathish P |
| Day 7 (21.06.2020) | How to write a Research Article & Overview of Research Ethics | Dr. Roohi Kursheed Khan |

Objective:

1. Provide an overview pertaining to the basic of research for doing data analysis in social science research.
2. Provide insight about the purpose and selection of statistical test based on the objective.

Details of Workshop

The Seven days online workshop on Data Analysis and Interpretation using SPSS organized by school of commerce and management studies. This workshop aims to develop an understanding on how to utilize the various concept of research methodologies. It helped the participants to gain knowledge on data analysis using the SPSS tool providing experiential learning and assisted in problem solving. The overall program was designed to cover all the relevant aspects of statistical tools in the social science research.

Feedback:

Following the event, an opinion survey was conducted among the participants to elicit their feedback. Based on their response an analysis has done. Results are as follows:

- ✓ Want to discover new project/research ideas?
- ✓ Want to track the new trends?
- ✓ Want to spend less time trying to find information for your assignments? Learn time-saving features for your research using EBSCOhost?
- ✓ Do you want to retrieve the right set of articles out of millions of articles?
- ✓ Confused about referencing (APA, Harvard, etc.)?
- ✓ Want to save and organize your research information easily?
- ✓ Want to stay current in your area of interest without having to trawl through library resources, page after page...? Learn how to receive alerts on the new contents and journals of your interest.
- ✓ Want to learn a quick way to navigation and understand an article? Know more about HTML articles.
- ✓ Don't want to read the article? Learn how to download and listen it later.
- ✓ Want to access 24X7? Know more about Mobile App, Google Authentication, Remote Access etc.

Report on Two Day Workshop on “Research and Publication Ethics”

It is our pleasure to place on record the successful completion of the **Two days online workshop on “Research and Publication Ethics”** conducted on 5th August and 6th August 2020 by the *Research Cell, School of PG Programs in Management and Department of Electronics and Communication Engineering, School of Engineering, Dayananda Sagar University, Bengaluru.*

Mode of conduction was Zoom platform. Registration was restricted to 300 participants due to the Zoom account limit. The numbers of Active participants were 170 comprising Ph.D Research scholars from DSU, Management Students at DSU and Faculty members from various National colleges and Universities.

The workshop consisted of four sessions handled by eminent resource persons from reputed institutes such as IIM-Kolkata, Indian Statistical Institute, MAHE and DSU who shared their expertise on the topics of **PHILOSOPHY AND ETHICS; PUBLICATION ETHICS AND SCIENTIFIC CONDUCT; OPEN ACCESS PUBLISHING; SOFTWARE TOOLS; DATABASES AND RESEARCH METRICS.**

Date: August 5th and August 6th, 2020

Session Timings:

Day 1 - 10:00 AM to 12:30 PM and 1:30 PM to 3:30 PM

Day 2 - 10:30 AM to 12:30 PM and 1:30 PM to 3:30 PM

Session Details:

| Date | Timings | Topic of Discussion | Resource Persons |
|-------------------------------|----------------------|--|--|
| August 5 th , 2020 | 10:00 AM to 10:30 AM | Inauguration of the workshop on RESEARCH AND PUBLICATION ETHICS | Dr. M. K. Banga Dean Research Prof. (CAPT.) A. Nagaraj Subbarao Dean, PG Programs in Management Dr. Rajashree Narendra, ECE, SoE,DSU |
| August 5 th , 2020 | 10:30 AM to 12:30 PM | PHILOSOPHY AND ETHICS | Dr. Krishna Kumar Rao Management Consultant |
| August 5 th , 2020 | 1:30 PM to 3:30 PM | PUBLICATION ETHICS AND SCIENTIFIC CONDUCT | Dr. Venkatamuni Reddy R, MAHE, Manipal |
| August 6 th , 2020 | 10:30 AM to 12:30 PM | OPEN ACCESS PUBLISHING | Dr. M. Krishna Murthy, DRTC, Indian Statistical Institute |
| August 6 th , 2020 | 1:30 PM to 3:30 PM | SOFTWARE TOOLS; DATABASES AND RESEARCH METRICS | Dr. Prathima Guruprasad CSE, SoE, DSU |

AUGUST 5, 10 AM : INAUGURATION OF THE WORKSHOP

The workshop commenced with an Inauguration ceremony. Dr. Rajashree Narendra, Professor, ECE, SoE, DSU welcomed the participants. She spoke of the 5 reasons to publish research ethically and highlighted the objective of this workshop on Research and Publication Ethics.

Dr. M.K. Banga, Dean, Research addressed the Research Scholars about the importance of this workshop to complete their course work (introduced last year by UGC) on the same topic with better knowledge gained.

Prof. Captain Nagaraj, Dean, PG Programs in Management addressed the management students about the need for Publication Ethics in Management.

AUGUST 5, 10:30 AM to 12:30 PM

The first session was addressed by Dr. Krishna Kumar V. Rao, Management Consultant and Adjunct faculty at DSU who was the Resource person for the first session on RESEARCH PHILOSOPHY AND ETHICS

Professor- Dr. Krishna Kumar V. Rao is currently serving as Adjunct Faculty at DSU. Dr. Krishna Kumar Rao is an accomplished educator, industry and business veteran with over 3 decades of good standing. He is Alumnus of the prestigious Indian Institute of Management Kolkata from where he holds Masters degrees with specialization in Wireless and Electronics, Psychology as well as M.Phil. and Ph.D. in Marketing and HR interface.

He has international certifications in multiple areas of coaching, mentoring and neuro linguistic programming. He specializes in Strategic Management, various areas in Marketing, HRM with Leadership and Team Development for the past 13 years.

He has multi-domain experience in India and abroad heading organizations in senior-most positions. Also held positions as Regional Director of a learning Institute, Director in Ad Agency. He served as President of Lions Club. He was a Visiting Faculty, in his industry career period, to IIM, IIT, NIT. Now he also consults for FMCG, Pharma, Tech and Start-up organizations in strategic and performance excellence areas.

Dr. Krishna Kumar Rao provided insights on importance of Research Ethics and Moral Philosophy. He covered on different aspects of Philosophy and Moral Ethics. He also highlighted on the list of predatory journals, a list which must be checked by every researcher before they publish. He asked the participants to fill a questionnaire (prepared by him) before the workshop commenced and he will provide us with a feedback on the questionnaire he has provided. There were 165 participants for this session.

AUGUST 5, 1:30 PM to 3:30 PM

The second session was addressed by Dr. Krishna Kumar V. Rao, from Manipal Academy of Higher Education (MAHE) who was the Resource person for this session on PUBLICATION ETHICS AND SCIENTIFIC CONDUCT.

Dr R. Venkatamuni Reddy is presently working as a Professor, Department of Commerce at Manipal Academy of Higher Education. Before joining MAHE, he worked as a Professor and Chairperson at Alliance School of Business Research Centre (ARC), Alliance University-Bangalore. He has completed his Post-Graduation and Doctoral Degree in the department of Econometrics, SVUniversity, Tirupati, Andhra Pradesh in the year 1998 and 2004 respectively.

Dr Reddy's areas of specialisation include Research Methodology, Econometrics, Business Analytics, Business Statistics, Quantitative Techniques, Operations Research, Managerial Economics, Mathematical Economics, and Data Analysis Methods. He has also worked extensively with Econometrics, Statistical and Financial Market Packages SPSS, EViews, STATA and SAS with a large set of data from National Sample Survey (NSS) and National Family Health Survey (NFHS).

Dr Reddy has presented several papers and guest lectures at various national international forums. He has published (30) research articles in various national and international journals. He is also member/life member of various reputed bodies nationally and internationally.

Apart from teaching and research, Dr Reddy has been involved as a core committee member in National and International Accreditation bodies such as The Association of Advanced Collegiate Schools of Business(AACSB-USA), The International Accreditation Council for Business Education (IACBE -USA), National Assessment and Accreditation Council (NAAC-INDIA) and National Board of Accreditation (NBA-INDIA).

Dr. Venkatamuni Reddy provided awareness on the importance of Publication Ethics and Scientific Conduct. He covered Ethical principles and acceptable research practices. He spoke on the transparency of publishing. He highlighted on the importance of the various aspects of scientific conducts. There were 145 participants for this session.

AUGUST 6, 10:30 AM to 12:30 PM

The first session on the second day was addressed by Dr. Madaiah Krishnamurthy from Indian Statistical Institute, who was the Resource person for this session on OPEN ACCESS PUBLISHING.

Dr. M. Krishnamurthy is the Associate Professor of Information Science at Documentation Research and Training Center, Indian Statistical Institute, Bangalore. Before moving to Indian Statistical Institute, Dr. Krishnamurthy was the Librarian for the University of Mysore. He has 28 years of experience in the Information science field, 15 of which are in the information service sector. He serves on the Board of number of universities. His areas of specialization are Application of ICT, Digital Library and Institutional repository.

Also he was Awarded Fulbright Fellowship in Information Science in 2005 to carry out research at University of Illinois, USA. He was Receiver of Open Repository grant from Australia Partnership Sustainable Repository in 2008; Indian Library Association CD Sharma award for the year 2013 and ETD scholarship award in 2016 to attend Paris Enclave. He has published 150 articles in National and International Journals. He is a member of many editorial Boards & referee in PhD advisory committee. Government of Karnataka has honored him with Best Library Teacher award in 2019. At Present he is Finance Secretary at the Association of British Scholars, and Secretary for the Karnataka State Library Association.

Dr. M Krishnamurthy provided perceptions on open access publishing. He discussed various aspects of open access publications/ depositions. He covered on Gold, Green, and Hybrid open access. He browsed through the Directory of open access journals. He stressed on how to choose the right journal and the survey which needs to be done while choosing. He deliberated on the structure of writing a research paper. There were 135 participants for this session.

AUGUST 6, 1:30 PM to 3:30 PM

The second session on the second day of workshop was addressed by Dr. Prathima Guruprasad, from CSE, SoE, DSU who was the Resource person for this session on SOFTWARE TOOLS; DATABASES AND RESEARCH METRICS

Dr. Prathima Guruprasad has over 22 years of rich teaching, practical and learning experience. She has received her B.E in Computer Science and Engineering degree from NMAM Institute of Technology, Nitte and M.Tech in Computer science and Engineering from BMS college of Engineering, Bengaluru. She completed her Ph. D research work in the area of Image Processing at Mysore University under the Guidance of Dr. Jharna Majumdar, former Scientist – G, DRDO, Bengaluru. The research topic includes the recognition of textual content in scanned Handwritten Ancient Manuscripts and processing of Devanagari and Nandinagari scripts.

She received a Grant of Rs 30.00 Lakhs from VGST under CISEE scheme in 2014 for the topic “Word Image Identification For Hand Written Scripts Using Data Visualization”.

She has published more than 24 research papers in national and international conferences and Journals such as IEEE, Springer, McGraw-Hill publications.

She has delivered invited talk on “Nandinagari Handwritten Character Recognition Systems” for Researchers Conclave on Machine Learning and computational Intelligence at AIT, Coimbatore, on “Various feature extraction Techniques of Nandinagari Scripts” at Workshop on Emerging Trends In Image & Video Processing at NMIT, Bengaluru and on Machine Learning Approaches for Image Processing – IEEE sponsored talk at UVCE, Bengaluru.

She is a paper reviewer for 2nd International Conference on Machine Learning and Intelligent Systems (MLIS2020) Oct. 2020, Seoul, Republic of Korea and for the Journal on Machine Vision and Applications from Springer publications.

She has attended numerous Seminars, conferences, workshops and FDP Programmes. Her research area includes Image Processing, Pattern Recognition, Machine Learning, Deep Learning, Computer Vision and Data Mining.

Dr. Prathima Guruprasad provided acuties on on SOFTWARE TOOLS; DATABASES AND RESEARCH METRICS. She highlighted on software tools such as TURNITIN, URKUND and other open source tools used for checking plagiarism. She covered both indexing database and citation databases such as Web of science, Scopus. She explained about Research metrics such as impact factor and Metrics h index, g index and i 10 index. There were 135 participants for this session.

AUGUST 5, 10 AM : CONCLUSION OF THE WORKSHOP

The workshop concluded with Dr. Rajashree Narendra thanking all the resource persons for their excellent delivery of a knowledgeable and stimulating session. She also thanked the participants for their interactive and disciplined conduct. The participants were asked to provide feedback and were informed of the certificate being self-generated once they submit their feedback form. The participants thanked DSU for a well-informed and motivating session. All the sessions were recorded for documentation purpose.

The certificates issued to the participants:

The resource persons were in constant touch with us and very cooperative. All of them delivered informative and stimulating sessions.

I would like to place on record the constant encouragement and guidance provided by Dr.M. K. Banga, Dean, Research and Prof. Captain Nagaraj, Dean, PG Programs in Management for the successful completion of the workshop.

Our sincere thanks to Dr. K N B Murthy, Vice chancellor, DSU, Dr. Puttamadappa C, Registrar, DSU and Dr. A Srinivas, Dean, SoE, DSU for their support and encouragement. Our sincere thanks extended to Dr Vaibhav Mesharam, Chairman, Department of ECE for his support and encouragement.

Many thanks to the workshop Team members Dr. Anupama from Research Cell and Dr. Payal Verma for their timely efforts to make this event a successful one.

A thank you note with this certificate of Appreciation was e-mailed to the resource persons.

On this high note, I conclude this report on the successful Two day Workshop on “Research and Publication Ethics”.

Regards,

Professor, ECE, SoE, DSU

Seminar

RESOURCE PERSON'S PROFILE:

Dr. S.P. SUBRAMANIAM, is a Doctorate in Pharmaceutical Science. He has worked as Government Analyst for 7 years in Central Drugs Laboratory, Ministry of Health & Family Welfare, Kolkata and then 2 years as quality control Officer for Agricultural Produce in the Ministry of Agricultural and Co-operation. For the past 20 years he is working in the Patent Office, Chennai and Ministry of Commerce & Industry in various capacities, involved in granting patents for the patent applications filed in India.

He is also Adjudicated many pre-grant, post-grant oppositions and patentability related matters as a Quasi-Judicial Authority and issued many decisions, which are submitted and referred in many higher Courts.

Achievements:

- Undergone training in Japanese Patent Office, Tokyo on intellectual property rights.
- One of the members to attend the United Nations Council, Standing Committee on Patents (SCP) to negotiate various matters pertaining to patents on behalf of India.
- Member of Patent Expert Committee in many Universities, Engineering colleges and some premier institutes.

Seminar Report: IP Awareness Program - Overview of Intellectual Property Rights, Patents, Copyrights, and Trademarks

Organized by: School of Commerce and Management Studies, Dayananda Sagar University

Date: February 15, 2020

Introduction:

The School of Commerce and Management Studies at Dayananda Sagar University organized a comprehensive seminar on "IP Awareness Program - Overview of Intellectual Property Rights, Patents, Copyrights, and Trademarks." Held on February 15, 2020, the seminar aimed to enhance awareness and understanding of the crucial facets of Intellectual Property (IP) rights. Dr. S P Subramaniyan, an esteemed expert in the field, served as the resource person for the event.

Event Highlights:

The seminar commenced with a welcome address, emphasizing the significance of intellectual property in today's dynamic business landscape. Dr. S P Subramaniyan, as the resource person, provided a thorough overview of Intellectual Property Rights, delving into the nuances of patents, copyrights, trademarks, and their implications for businesses and individuals.

Key highlights of the seminar included:

1. Introduction to Intellectual Property:

- Defining and understanding the concept of Intellectual Property.
- Exploring the role of IP in fostering innovation and protecting creative endeavors.

2. Patents, Copyrights, and Trademarks:

- In-depth discussions on the characteristics and differences between patents, copyrights, and trademarks.
- Case studies illustrating the application and importance of each type of intellectual property.

3. Legal Aspects and Challenges:

- Addressing legal considerations and challenges associated with protecting intellectual property.
- Providing insights into the evolving landscape of IP laws and regulations.

4. Interactive Session:

- Dr. S P Subramaniyan engaged the audience in an interactive Q&A session, facilitating a deeper understanding of specific queries and concerns

Vote of Thanks: Dr. Punith Cariappa:

Dr. Punith Cariappa, in expressing gratitude, extended sincere thanks to Dr. S P Subramaniyan for his enlightening session on intellectual property. Dr. Cariappa emphasized the importance of such awareness programs in equipping individuals with the knowledge needed to navigate the intricate realm of intellectual property. He also thanked the participants for their active engagement.

Conclusion:

The IP Awareness Program conducted by the School of Commerce and Management Studies at Dayananda Sagar University proved to be a significant and enlightening event. Dr. S P Subramaniyan's expertise and the well-organized seminar contributed to enhancing awareness and understanding of intellectual property rights, fostering a culture of innovation and legal compliance within the academic community.

**“Virtual Inauguration of DSU – KSCST IP Cell” Date: 19th August 2020,
Time: 10.00 am**

Session Highlights:

The session started from 10am onwards through Google Meet. All the guests were welcomed by Dr.Anupama G, Asst.Registrar, Research Cell, to the inauguration of the DSU-KSCST IP Cell. Dr.M.K Banga, Dean-Research was invited to provide an introduction to the program.Dr.M.KBanga, Dean-Research, DSU spoke about the importance of setting up the IP Cell in the University. He highlighted the importance of the KSCST-DSU collaboration and how the inauguration of the IP Cell will facilitate IP work at DSU.

Prof. Janardhan R, Pro-Vice-Chancellor, DSU was invited to speak about Dayananda Sagar University and the AIC-DSU Foundation. Prof. Janardhan informed everyone about the vision of the AIC-DSU Foundation and highlighted the facilities that were available at the AIC-DSU Foundation. He also spoke about IPs and their importance and detailed how the different initiatives of the AIC-DSU Foundation and activities of IP cell will be beneficial for all.

Thereafter, all dignitaries present in DSU office proceeded to inaugurate the DSU-KSCST IP Cell in the the 3rd Floor of A-Block, Innovation Campus. The entire ceremony was streamed live through Google Meet to all attendees Prof. Dr. K. Muthuchelian, Pro-Vice-Chancellor-DSU ceremonially cut the ribbon and inaugurated the IP Cell. The auspicious lamp lighting was done by Dr.M.KBanga, Dean-Research, Prof. Dr. K. Muthuchelian, Pro-Vice-Chancellor-DSU, Col. Bhandarkar, Director-Administration-DSU, Mr. Manu Thimme Gowda, Deputy Registrar-DSU and Dr. Devraju, Associate Professor-ECE & Coordinator-IP Cell, DSU.

After the inauguration, Prof. Dr. K. Muthuchelian, Pro-Vice-Chancellor-DSU was invited to give the inaugural address. Hespoke extensively about IPs, highlighting their importance,types, value and methodologies. He also spoke about GIs and the processes involved in filing and protecting IPs and the role of IP cell in DSU.

Mr. H Hemanth Kumar, Executive Secretary, KSST, in his keynote address elaborated about the various initiatives of KSST in the field of IPR and IP Cells that have been setup in the State in collaboration with KSST. Mr. H Hemanth Kumar also spoke about various research & IP related activities that KSCST was doing.

The Vote of Thanks was given by Dr. Devaraju R, Associate Professor-ECE, & Coordinator-IP Cell thanking all Dignitaries and Guests attending the inaugural function.

After the inauguration, IP Awareness Program was conducted across two sessions, which were very informative and interactive leading to many attendees taking away lot of valuable information about IP. The first session was from 11am-12.30pm which was conducted by Mr. Vivek Anand Sagar (IP Attorney & Consultant with KSCST). Mr. Vivek Anand Sagar provided in-depth information pertaining to IPs along withdiscussions using Case Studies. Mr. Nagarjun, Project Associate with KSCST, provided awareness on Designs and

Geographical indication Registrations. He also highlighted the process of applying and filing for Patents.

The Session concluded by a summary note from both Prof. Dr.K. Muthuchelian, Pro-Vice-Chancellor-DSU and Dr. M. K. Banga, Dean-Research on the IP Awareness Program. Dr.M. K. Banga, Dean-Research also highlighted about the schedule of events and workshops that would be planned for building greater awareness of IPs. The Speakers were thanked for their contribution to IP awareness and the attendees appreciated the event. The event concluded around 1.30pm

Department of Mechanical Engineering is organizing

Webinar on RM Research Design by Dr.Vanishree Ramkumar
“Sampling Design - Sample, sampling, types of sampling designs, method of data collection (primary and secondary data) and data collection instruments”

19/9/2020

Chief Patrons

Dr. D. Hemachandra Sagar, Chancellor, DSU
Dr. D. Premachandra Sagar, Pro Chancellor, DSU

Advisory Committee

Mr. Galiswamy-Secretary, DSI
Dr. K.N.Balasubramanya Murthy, Vice Chancellor, DSU
Prof. R. Janardhan, Pro Vice Chancellor, DSU
Dr. C.Puttamadappa, Registrar, DSU
Dr. Subrahmanya S Katte, Director – IQAC, DSU
Dr. A.Srinivas, Professor & Dean-SoE, DSU
Dr. M.K.Banga, Professor & Dean, Research, DSU

Who can participate?

Engineering faculty, Non-teaching faculty, PG students of Mechanical/ Aerospace/ Automobile engineering

Convener

Mr. Vinayak K, Autodesk manager, DSU, Bangalore

Email: Managerautodesk-me@dsu.edu.in

Speaker

Dr.Vanishree Ramkumar

SCHOOL OF COMMERCE AND MANAGEMENT STUDIES

Organizing

SEVEN DAYS

FACULTY DEVELOPMENT PROGRAMME

on

**“Application of Econometric
Models for Management
Research”**

(04th Jan – 10th Jan 2021)

About the FDP

Econometrics has become an integral part of training to modern business economics and finance. This FDP aims at introducing and imparting a thorough understanding of time series econometric tools that are widely used in the field of empirical economics and financial research. This programme is a combination of theory and hands on session on application of econometric techniques on real world datasets using software.

Program Details

Program Date: **04 – 10th Jan 2021**
Timings: **11.00 am – 01.00 pm**
Registration Fee: **Rs. 300**

**E-Certificate will be provided to all
the participants**

SCHOOL OF COMMERCE AND MANAGEMENT STUDIES
Shavige Malleshwara Hills, Kumaraswamy Layout, Bangalore – 560078, Karnataka, India

Resource Persons Profile

Dr Chandrakala G is Program Coordinator and Assistant Professor @ Dayananda Sagar University, Bangalore. She holds a PhD in Commerce from Bharathidasan University, Tamil Nadu. M.Com (Finance), M.B.A (Financial Management), M Phil (Commerce) and UGC NET Qualified (Commerce).

She has overall 16 years+ of academic experience in Accounting and Finance domain. She is instrumental in preparing the UGC NAAC documentation as Active member at Dayananda Sagar University. She is dedicated and committed professional in coordination of flagship Programs namely B.B.A and B.Com and Adjunct Faculty-MBA programs.

Dr. Sathish P, has submitted his doctoral thesis to VIT, Vellore. With MBA (39th rank) from Anna University and B Com (first rank, gold medallist) from SRM University Chennai, he has three years of teaching and research experience. He has published articles in peer reviewed journals like Scopus, Australian Business Deans' Council (ABDC) and EBSCO host journals. He has presented research papers in National and International conferences and attended FDPs and workshops related to SPSS, AMOSS and Financial Econometrics. He has organized Symposium in Management Studies to establish creative minds in management students. Being well versed in handling Econometrics (E-view) for financial data analysis in research area, he received 'Best Research Award – 2017 for his publication from VIT, Vellore.

Seminar Report: Seven-Day FDP on "Application of Econometric Models for Management Research"

Organized by: School of Commerce and Management Studies, Dayananda Sagar University

Date: July 23-29, 2019

Introduction:

The School of Commerce and Management Studies at Dayananda Sagar University successfully hosted a transformative seven-day Faculty Development Program (FDP) on the "Application of Econometric Models for Management Research." Commencing on July 23, 2019, this FDP aimed to provide an intensive and practical understanding of econometric models and their application in the field of management research.

Event Highlights:

The FDP spanned seven days and covered a diverse range of topics, fostering an environment of collaborative learning and application. Key highlights included:

Expert Resource Persons:

Dr. Chandrakala G and Dr. Sathish P, both eminent experts in the field of econometrics, served as resource persons. Their wealth of knowledge and practical experience enriched the learning experience for all participants.

In-depth Sessions:

Rigorous sessions were conducted to impart a profound understanding of the fundamental principles of econometric models.

Participants were guided through the application of econometric techniques in the context of management research.

Practical Workshops:

Hands-on workshops facilitated participants in applying econometric models to real-world datasets.

The practical aspect of the FDP ensured that participants gained a comprehensive skill set for utilizing econometric tools in their research projects.

Interactive Learning Environment:

Engaging discussions, Q&A sessions, and interactive forums allowed participants to clarify doubts and share their experiences.

Networking opportunities were integrated to facilitate collaboration among participants.

Resource Persons: Dr. Chandrakala G and Dr. Sathish P:

Drs. Chandrakala G and Sathish P, distinguished experts in econometrics, brought their expertise to the forefront, delivering insightful lectures and guiding participants through the intricacies of applying econometric models in management research.

Vote of Thanks: Dr. Punith Cariappa:

Dr. Punith Cariappa, in his role of expressing gratitude, extended sincere thanks to Dr. Chandrakala G and Dr. Sathish P for their invaluable contributions to the FDP. Dr. Cariappa highlighted the significance of their expertise in making the FDP an intellectually stimulating experience. He also thanked all participants for their active engagement and commitment throughout the seven-day program.

Conclusion:

The seven-day FDP on the "Application of Econometric Models for Management Research" organized by the School of Commerce and Management Studies at Dayananda Sagar University was a resounding success. The program not only deepened the understanding of econometric models but also equipped participants with practical skills crucial for elevating the quality of their management research. The commitment of the university to fostering advanced learning and research capabilities was evident in the seamless execution and positive outcomes of this enlightening FDP.

REPORT ON INVITED TALK “SAVINGS AND INVESTMENTS- IMPACT ON ECONOMY”

Date: 17th of September

Platform: Zoom

Zoom link: <https://zoom.us/join/97613260208>

Timings: 6.30 PM to 8.00 PM

Speaker: Mr. Shivram Pandey, Zonal Head – Sales, Tata Mutual Funds, Mumbai

Attendees: Dr. Nisha Goyal, Dr. Shylaja, Mr. Bibby Abraham Thomas, Dr. Ricky Jacob, Students

Virtual Stock Trading Competition, “Dalal Street Champion” was launched on 15th September 2021 and as a student engagement initiative, An invited talk on “Savings and Investments – Impact on Economy” was organised on 17th of September over zoom platform from 6.30 PM to 8.00 PM. The speaker for the session was Mr. Shivram Pandey.

The session was attended by over 125 students who had registered for the competition from across the country. Mr Pandey gave an oversight into the investments and savings scenario of

the country and also oriented the students towards why one should be saving and investing. He started by giving information as to how if one starts investing at a very young age could go on to benefit from the power of compounding of investments and also wealth creation.

He further discussed about how savings and investment could benefit the country and how the younger generations could benefit from this growth over the next 10-15 years time. He also discussed as to how India is faring when compared to all other countries.

The session was highly interactive with students posing several questions to the resource person and also the team from TRDR.

The session was concluded by a vote of thanks from Dr. H N Shylaja who thanked the speaker, Guests and the students for having attended the session.

Profile of the speaker

Shivram Pandey based in Mumbai, is an Engineer from the National Institute of Engineering and MBA from the University of Mysore.

He started his career with a Financial Software start-up in Bangalore, having done certification in Oracle Application development and Web deployment. He has been in the Financial Services industry for about two decades now, with over 15 years in the Mutual Fund Industry alone. He has worked in the areas of Channel Management, Sales, Strategic Alliances, Business Planning and Key Initiatives at Franklin Templeton and Canara Robeco. This involved engaging with Product/Research/National Leadership teams across Banks, Retail and Wealth-tech entities. He is currently back in Sales with a Zonal role based in Mumbai at Tata Asset Management Ltd.

He is passionate about training, business turnaround and people development. He has conducted training programs and spoken at various events across the country.

A Marathoner since 2007, focussed on Fitness and Charity/Volunteering in the areas of Primary Education/Healthcare. He is a part of the Rotary, an International Organization where people unite and act for lasting change – across, in our communities and ourselves.

REPORT ON INVITED TALK

“ TECHNOLOGY AND STOCK MARKET”

Date: 24th of September

Platform: Zoom

Zoom link: <https://zoom.us/join/97613260208>

Timings: 6.30 PM to 8.00 PM

Speaker: Dr. Ricky Jacob, Mr. Bibby Abraham Thomas – Co-founders, TRDR Inc

Attendees: Dr. Nisha Goyal, Dr. Shylaja, Mr. Bibby Abraham Thomas, Dr. Ricky Jacob, Students

Virtual Stock Trading Competition, “Dalal Street Champion” was launched on 15th September 2021 and as a student engagement initiative, An invited talk on “Technology and Stock Market” was organised on 24th of September over zoom platform from 6.30 PM to 8.00 PM. The speaker for the session was Dr. Ricky Jacob and Mr. Bibby Abraham Thomas.

The session was attended by over 60 students who have registered for Dalal Street Champion Competition.

The session started with a introductory session by Dr. Jacob about TRDR and how TRDR has managed to bring together knowledge and technology together which has resulted in the product that TRDR offers to investing community called ROBO Trading.

Algo trading is a concept which has become a rage in developed markets where almost 60% of the investors use this platform for successful buying and selling of shares with zero human interaction. However, in India, the model is still not being used by retail investors and TRDR is one of the firsts to offer the services of algo trading to retail investors.

The session was further continued by Mr. Thomas who gave a presentation as to how and why algo trading becomes necessary in today's highly volatile stock market. He introduced the students to the world of algo trading where he explained how technology can be interwoven into extremely volatile stock market.

He also explained to students the internship opportunities that are available at TRDR where students will be exposed to the world of both domestic and international stock markets.

He also gave information related to the different areas of stock market operations where students could get trained and establish a career in investment related operations both in stock market and investment banking.

In all the session was very informative and interactive as students posed numerous questions which were taken up the TRDR Team

Valedictory Session And Winners

The valedictory session of Dalal Street Champion Competition was held on 8th of October 2021 virtually over the zoom platform from 3.30 pm to 4.30 pm. Krish Mishra from Model College, Mumbai was declared the winner followed by Jaisurya and Vishwanath Vedi were declared the second and third prize winners. Another 12 participants were selected and awarded with consolation prizes for their impressive activities during their tenure.

The valedictory session was presided over by honorable Vice Chancellor, Dr. KNB Murthy sir who noted that such programs carry immense value to the student community where the class room teaching gets reinforced by hands on experience.

Dean. Prof. Capt Subba rao congratulated all the students for their involvement in the program and also impressed upon that this learning that they have had should be made a lifetime experience.

The team from TRDR, Mr. Bibby Abraham Thomas and Dr. Ricky Jacob shared their vision for educating the young minds of the country by way of organising such activities on a continual basis. They also shared their opinion that they would continue this association with SCMS, DSU in the days to come and would partner with us in every way they could to create awareness in the space of financial investments.

Overall the competition which saw a massive participation of over 575 students, 100 Institutions, 75 cities, spread over 20 days, was a massive hit with the students immensely benefiting from the activity.

The list of winners and the participants list is attached.

The list of Winners:

| Rank | Name | College | City |
|------|--------------|---------------|-----------|
| 1 | Krish Mishra | MODEL COLLEGE | Mumbai |
| 2 | Jai Surya | FAPS | Bangalore |

| | | | |
|--|-----------------------|---|-------------|
| 3 | Vishwanath VEDI | Govt College of Arts & Science, Krishnagiri | Tamilnadu |
| 4 | Nithin Ningouda Patil | AIMIT - Adarsh institute of Management and Information technology | Bangalore |
| 5 | Prajwal Devadiga | Dayanand Sagar University | Bangalore |
| 6 | Piyush Agarwal | MDI Collge | Murshidabad |
| 7 | N VASEEM BASHA | Presidency University | Bangalore |
| 8 | Kumar Patil | Reva University | Bangalore |
| 9 | MULLA MOHAMMAD ZUBAIR | Presidency University Bangalore | Bangalore |
| 10 | Sandesh Sajjanar | DSU College of Engineering | Bangalore |
| | | - | - |
| Consolation-TRDR Special Category | | | |
| 1 | YUVARAJ DAYAKAR | DSU | Bangalore |
| 2 | SBHUMITHA | DSU | Bangalore |
| 3 | Mohammed Raihan | VidyaVikas First Grade College | Mysore |
| 4 | Sanath Kumar | Shayadri Collge of Engineering | Mangalore |
| | | | |
| Consolation - Trading | | | |
| 5 | Kartik | Sahyadri college of Engineering and Management, Mangalore | Mangalore |

| Thank you for the wonderful experience. Had a wonderful time experimenting. Thank you for this opportunity. |
| Indeed a good competition for practice of our knowledge in share market |
| It helped me understand more about stock market and experience the risks and benefits of trading without losing any money. |
| Awesome. It helped me understand more about stock market. |
| Overall a good competition. Learned about Stock market and how it functions |
| It is a very good way of introducing students to stock market. Though due to my exams n internship programme I was not able to fully participate. |
| It is helpfull to know about share market. Session also good. I love this session as well as it help full for each and everyone. Thank you for that great session and competition. |
| Very usefull to learn basics of share market and its very much easy for those learning share markets |
| Good learning experience towards trading |

| |
|--|
| As a fresher in stock market it helped me in learning many new things. The prices, daily trading, choosing a right stock that can be negative today but positive in the other day and as a trial in trading it was great to do. I made a loss but I was happy that it was not a big loss. I would like to thanks professor Shylaza Mam for this great initiative and the Traders team . Thankyou for this opportunity |
| It was a good competition conducted to know more about stock market and trading.... |
| It Was A Good Learning About The Shares And Studying About The Variations |
| It was overall great experience of learning something about stock market |
| The competition was helpful to understand how the actual stock market works. |
| Thank you for giving this opportunity to learn about trading |
| They should conduct this program even next year |
| Useful session 😊 |
| The competition helped me to understand the knowhow of trading in stocks using a stock trading platform. |
| It was a great opportunity where I could practically know how market works |
| Great and unique initiative which has helped me understand about stock market and investments |
| It was Very good Competition ,I came to know about share market's ups and downs ,it really encouraged me to know about different companies, how they are performing And all it was really good Interesting.Thank You,And I am Really interested to participate such Competition's in coming day's too ... |
| Was a good experience exploring the world of stocks and getting an overall idea of what must be done. |
| Best platform to learn how the market runs and how to invest in the market for the learner thank you the wonderful opportunity |
| Thank you very much for wonderful opportunity to gain some knowledge about trading |

We, Dr. Shylaja and Dr. Nisha along with Team Vriddhi hereby wish to thank our beloved Dean sir for giving this opportunity for conducting such a mega event which was well appreciated by students and teachers alike.

This event has ensured that the students are at least introduced to the stock market and are aware of the intricacies of the same.

We do propose to conduct such events in the future and for that we request our Dean to keep motivating us and encouraging us.

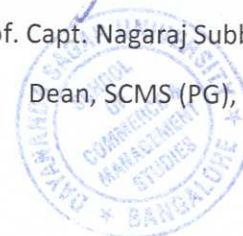

Dr. Shylaja & Dr. Nisha

To,

The Secretary
DSI
Bangalore

Dear Sir,

Sub - Permission for workshop on 09th & 10th October 2021-reg

We are organizing a workshop on 09th & 10th October 2021 (Saturday & Sunday) for IV year BPT and MPT students. Since this is being scheduled off the college hours we request your permission to utilize the Gallery classroom of the MBA blocks building no 13 and our Physiotherapy OPD for these two days. Around 40 students will be participating in this workshop. Kindly do the needful and oblige.

Regards,

Workshop Report: Sagar Centenary Workshop Series

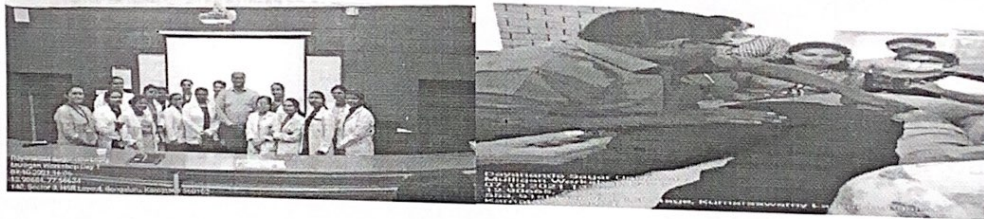

A two-days hands-on workshop on "Mulligan Concept of Mobilization for Conditions of the Spine"

Date: 07/10/21, 08/10/21 **Place:** Dayanand Sagar College, Building no. 13 and OPD (Outpatient Department of Physiotherapy) A hands-on workshop was organized on the 7th and 8th of October, 2021 under the Sagar Centenary Workshop Series for the post-graduate students of the department of Physiotherapy. Day 1 started with Dr. Vijay Kumar, Principle of College of Physiotherapy, Dayanand Sagar University taking a session on the basic biomechanics and surface anatomy of the spine. 17 students attended the workshop and they highly benefitted from the session as it served as a pre-requisite for the next day workshop on Mulligan Mobilization, which involved hands-on session as well as theoretical concepts. The second half of the day involved Dr. Vinod Kumar KC, Assistant Professor, College of Physiotherapy, Dayanand Sagar University taking a session on the various schools of thought of Manual Therapy. The workshop for the second day was taken by Dr. Prem Venkatesan, Assistant Professor and HOD, Department of Physiotherapy, Manipal College of Health Professions, Manipal Hospital, Bangalore. Sir took an elaborate session explaining the theory as well as practical aspects of Mulligan Mobilization. The second half of the session involved Hands on practice explaining the various techniques of Mulligan Mobilization. At the end of the two-day workshop, a feedback form was provided to the students and all the students responded positively.

The session thus benefitted:

On the 8th of November, 2021 we the students of Department of Microbiology, Dayananda Sagar University attended a workshop organised in collaboration with the department of Neuro-microbiology, from the National Institute of Mental Health and Neurosciences (NIMHANS). The workshop was based on medical mycology and was based primarily on the human-mycological interaction and by extension mostly the diseases caused by fungal pathogens.

SESSION I

The first session started with a lecture from Dr. Arghadip Samaddar who enlightened us about the different types of fungal pathogens and opportunistic pathogens that infect humans.

SESSION II

The second session was taken by Dr. H B Veena Kumari. She enlightened us about the different types of diseases that infect humans.

SESSION III

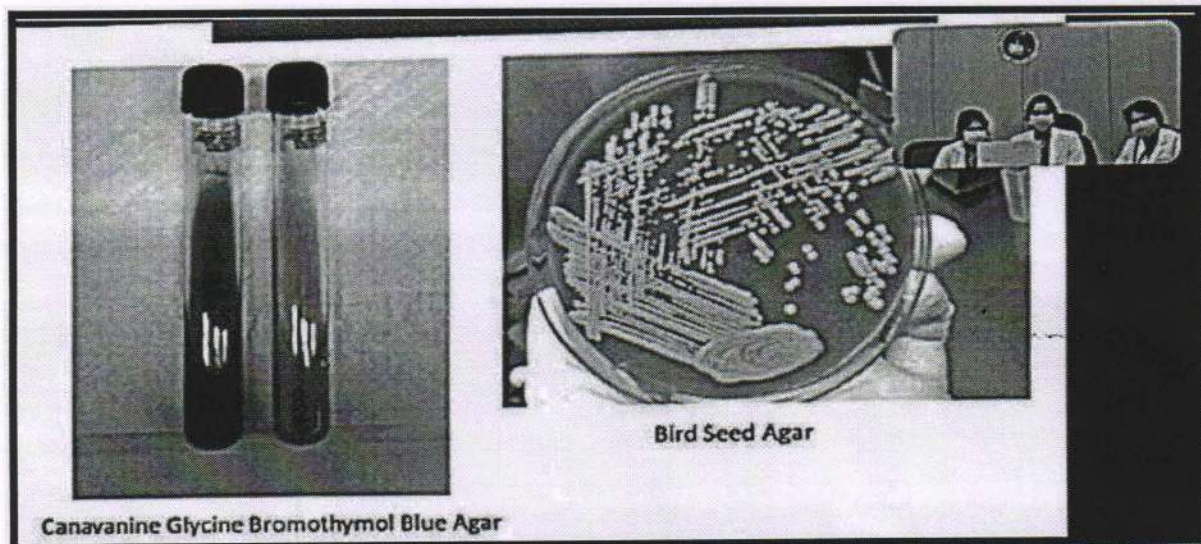

This session was conducted by Dr. Nagarathna S, who is a professor and head of department of the Department of Neuro-microbiology of NIMHANS. In this session Dr. Nagarathna mentioned about various opportunistic fungal pathogens.

SESSION ON LAB:

After the break, the session on lab equipment and biosafety was taken and we were taught about the dos and do nots of the equipment and systems of a lab. The biosafety protocol in most of the techniques were level 2 as it is enough for the samples dealt. We were told

about the different types of media primarily used in the department in NIMHANS such as Bird Seed agar, Czapek-Dox agar, Canavanine Glycine Bromothymol Blue Agar, etc.

The session concluded with the opportunity for students to ask questions and clear any doubts regarding the workshop and to clear any queries in mind. The entire workshop was extremely beneficial to the final year M.Sc. students of SBAS, DSU. It was a wonderful opportunity to be able to attend a workshop conducted by such esteemed faculty of an acclaimed institution like NIMHANS.

The session ended with a vote of thanks by a few students of the department of Microbiology of DSU, followed by a final vote of thanks by Dr. Shilpa B M.

The participating students have received the certificates for attending the virtual workshop on Clinical Mycology. Overall, the entire event was beneficial in the utmost important way to us M.Sc. students of SBAS, DSU.

The event was attended by a total number of 120 students and the teachers out of which 47 students were final year M.Sc. students from the department of Microbiology, SBAS, DSU.

College of Pharmaceutical Sciences

A workshop was conducted on 20/12/21 for the topic **“Statistical Discovery for Pharmaceutical Sciences Using JMP®”**. The workshop was conducted by College of Pharmaceutical sciences, DSU in Collaboration with JMP Statistical Discovery From SAS. The Speaker for the workshop is **Dr Muralidhara Anandamurthy**, Academic Ambassador having a vast experience in the Global Team of JMP.

The classical optimization techniques are useful in finding the optimum solution or unconstrained maxima or minima of continuous and differentiable functions. These are analytical methods and make use of differential calculus in locating the optimum solution. Several factors can make optimization problems fairly complex and difficult to solve. One such complicating factor is the existence of multiple decision variables in a problem. The process of making the testing process quicker while not compromising on its accuracy is called Optimize of the Testing Process.

The speaker spoke about Statistical Thinking & Pharmaceutical Sciences, Measurement Scales. Data Visualization - Graphs, Plots, Charts, and Interactive Visualization, Distribution, Descriptive Statistics & Inferential Statistics, T Test, Chi Square & ANOVA Correlation and Regression.

He also gave the training for Design of Experiments (DOE), Factorial Designs, Response Surface Designs (RSM) and Mixture Designs. Design of Experiments (DOE) is a data analytics method that helps you plan, conduct, analyse and interpret controlled tests to determine which factors exert influence over your product quality, stability or other key process attributes. Rather than experimenting with one parameter at a time, DOE speeds up the process and helps you identify important interactions by manipulating multiple factors at the same time. DOE supports a quality by design (QbD) approach to product development that is favoured by regulatory agencies. By building experiment certainty and reproducibility into your process, you can be confident in the robustness of your formulation and quality of your final product. best opportunities will remain undiscovered.

Using a Quality by Design (QbD) approach to develop the testing process and to choose the critical quality attributes for a pharmaceutical product can help to:

- Ensure products meet defined critical quality attributes
- Meet regulatory compliance criteria
- Predict formula robustness
- Reduce waste in production
- Get to market faster
- Dr. Sonal Dubey ended the session by proposing the vote of Thanks. 35 participants registered for the workshop.

College of Pharmaceutical Sciences

Under Dayananda Sagar centenary year celebrations 2021-22, workshop entitled “**Statistical Discovery for Pharmaceutical Sciences Using JMP®**” was conducted by College of Pharmaceutical sciences, DSU in Collaboration with JMP Statistical Discovery From SAS on 20/12/21. The speaker for the workshop **Dr Muralidhara Anandamurthy**, Academic Ambassador JMP, has more than 23 years of experience in the field of statistics and is currently in Global Team of JMP.

The classical optimization techniques are useful in finding the optimum solution or unconstrained maxima or minima of continuous and differentiable functions. These are analytical methods and make use of differential calculus in locating the optimum solution. Several factors can make optimization problems fairly complex and difficult to solve. One such complicating factor is the existence of multiple decision variables in a problem. The process of making the testing process quicker while not compromising on its accuracy is called Optimize of the Testing Process.

The speaker spoke about Statistical Thinking & Pharmaceutical Sciences, Measurement Scales. Data Visualization - Graphs, Plots, Charts, and Interactive Visualization, Distribution, Descriptive Statistics & Inferential Statistics, T Test, Chi Square & ANOVA Correlation and Regression.

He also gave hands-on training on Design of Experiments (DOE), Factorial Designs, Response Surface Designs (RSM) and Mixture Designs. Design of Experiments (DOE) is a data analytics method that helps you plan, conduct, analyse and interpret controlled tests to determine which factors exert influence over your product quality, stability or other key process attributes. Rather than experimenting with one parameter at a time, DOE speeds up the process and helps you identify important interactions by manipulating multiple factors at the same time. DOE supports a quality by design (QbD) approach to product development that is favoured by regulatory agencies. By building experiment certainty and reproducibility into your process,

you can be confident in the robustness of your formulation and quality of your final product. best opportunities will remain undiscovered.

Using a Quality by Design (QbD) approach to develop the testing process and to choose the critical quality attributes for a pharmaceutical product can help to:

- Ensure products meet defined critical quality attributes
 - Meet regulatory compliance criteria
 - Predict formula robustness
 - Reduce waste in production
 - Get to market faster
-

The workshop started at 10.00 AM at Gallery room 3, SCMS block. The turn of events were as follow:

- Inaguration cum Welcome- by Ms Christina
- Innvocation
- Session 1: 10.10-11.15 AM: Statistical Thinking & Pharmaceutical Sciences, Measurement Scales. Data Visualization - Graphs, Plots, Charts, and Interactive Visualization
- Tea break: 11.15-11.30 AM
- Session 2: 11.30-1.00PM: Distribution, Descriptive Statistics & Inferential Statistics, T Test, Chi Square & ANOVA . Correlation and Regression
- Lunch break: 1.00-2.00PM
- Session 3: 2.00-3.00 PM: Introduction to Design of Experiments (DOE), Factorial Designs, Response Surface Designs (RSM) and Mixture Designs.
- Tea break: 3.00-3.15 PM
- Session 4: 3.15-4.30 PM: Custom Design, Q&A, Wrap up
- Oral feedback and momemto presentation by Principal, Dr V Murugan
- Vote of thanks by Dr Sonal (co-ordinator)

A total of 38 participants participated in the workshop, out of which 29 were M. Pharm students (Pharmaceutics and Pharmacology) and 9 were faculty members of various departments of COPS.

ANIMAL HANDLING WORKSHOP 2021

Date: 30th & 31st December 2021

Venue: PG Biochemistry lab
School of basics and applied sciences

Two Day Workshop
on
"Animal Handling - 2021"

Department of Biochemistry, SBAS, DSU organized a two-day hands-on training program on "Animal Handling" on 30th and 31st December 2021. The workshop was conducted at PG Biochemistry Laboratory, 2nd Floor; C. D. Sagar, Building No. 10. From 9:30 am to 4.30 pm. A total of 15 MSc Biochemistry final year students attended the workshop. Dr. Farhan Zameer, Assistant professor- Biochemistry, SBAS DSU was the resource person.

It was a very insightful session where students learned how to handle mice, techniques on injecting mice, dissection etc. They gained knowledge on types of animal models, clinical and pre clinical trials with animals, ethical clearances and also how to develop in vivo experiments.

The brochure and few photos from the workshop are attached here.

Organizing

Skill Development Series- I for PG students

3 days Hands on Workshop

on

"Basic Molecular Biology Techniques"

Title: Molecular detection of beta lactam antibiotic resistance in bacteria

On

30th December 2021 to 1st January 2022

Time: 9.00 am to 5.00 pm

HIGHLIGHTS

EXPERT LECTURES

- Principle techniques of Molecular Biology.
- Application in domain of disease diagnostics/delineation of disease mechanism/industrial biotechnology

DRY LAB: BIOINFORMATICS

- Basics of excel
- Gene: Primer designing for target gene
- Gene : nucleotide sequence analyses
- Gene-Nucleotide Sequence submission -NCBI

WET LAB:

- Microbial culture
- Antibiotic Susceptibility testing (ABST)
- Genomic DNA isolation
- Plasmid DNA isolation
- Polymerase Chain Reaction
- Agarose Gel Electrophoresis
- PCR amplicon documentation
- Interpretation and documentation of results

Session I:

Expert Lectures:

Dr. SUDHIR JADHAO

Centre for Genomics and Personalised
Health,
Queensland University of Technology,
Brisbane, QLD 4059, Australia

**Topic: Targeted gene sequencing
& useful tools for DNA sequence
analyses**

Dr. B. SANDYA RANI

Scientist-D
Centre for Stem Cell Research
CMC-campus
Institute for Stem Cell Science and
Regenerative Medicine
(Autonomous institute of DBT, GoI)
Vellore, Tamil Nadu, India

**Topic: Overview of Flow cytometry & its
prospects for use in molecular biology**

Session II & III:

Training in Laboratory

Objectives

The objective of this training course :

- ✓ To provide MSc students with the basic knowledge and skills necessary to operate in a molecular biology laboratory.
- ✓ To enable them to design and plan chain of events using molecular techniques to address a research question

Outline

- Target a gene of interest
- Primer designing for a gene of interest
- Genomic DNA Extraction.
- Nucleic Acid quantification using Spectrophotometer and Electrophoresis gel analysis
- Polymerase Chain Reaction (PCR) amplification
- DNA sequence analyses

Learning Outcomes

At the end of the training, participants will:

- Comprehend the principles of Molecular Biology and Genetic research.
- Be able to use equipment in a molecular biology laboratory.
- Be able to extract genomic DNA using high throughput techniques.
- Be able to quantify DNA and check the purity using spectrometry and electrophoresis.
- Understand the principle of PCR using target gene primers.
- Will be able to interpret and document the PCR amplicon results
- Learn how to organize figures/ images for publication/report etc

Mission - Skill Development Series

Biotechnology is a frontline area of interdisciplinary science contributing to betterment of human, animal & plant world.

We aim to prepare & enrich the skill set of our Biotechnology Post graduate students and equip them to contribute to the growing Biotech R&D and Industry

to all attendees

Skill Development Series- I for PG- Biotechnology students
3 days Hands on Workshop
on
"Basic Molecular Biology Techniques"

Title: Molecular detection of beta lactam antibiotic resistance gene in bacteria"

The faculty members of Department of Biotechnology conducted a three days Hand on Workshop on "**Basic Molecular Techniques**" in a form of a mini project entitled "**Molecular detection of beta lactam antibiotic resistance gene in bacteria**" from 30th December 2021 to 1st January 2022 under the skill development series for MSc Biotechnology final year students.

Prof V Krishnamurthy, Research Professor, DSU and Prof Sunil S More, Dean, SBAS, had graced the inauguration program of the skill development series on 30th December 2021.

The workshop comprised of two expert lectures by **Dr. SUDHIR JADHAO** from Centre for Genomics and Personalised Health, Queensland University of Technology, Brisbane, Australia-**Topic: Targeted gene sequencing & useful tools for DNA sequence analyses** and **Dr. B. SANDYA RANI**, Scientist-D from Centre for Stem Cell Research, CMC-campus, Institute for Stem Cell Science and Regenerative Medicine (Autonomous institute of DBT, GoI), Vellore, Tamil Nadu, India on **Topic: Overview of Flow cytometry & its prospects for use in molecular biology.**

The students were given blend of training sessions on bioinformatics tools and hands on laboratory experiments using basic molecular techniques to answer the selected research question by the faculty members and PhD research scholars of Biotechnology department. The last day of the workshop imparted training on result documentation, graph generation using excel followed by report/manuscript compilation.

3 DAYS -HANDS on WORKSHOP on
"Basic Molecular Techniques"-: "Molecular detection of beta lactam antibiotic resistance gene in bacteria".

A Webinar on “Entrepreneurship and IP Strategy”

Webinar

21-01-2022

Summary:

Department of Computer Science & Technology conducted a webinar on "Entrepreneurship and IP Strategy" on 21st Jan 2022. This Talk was Open to all students and faculty.

The main objective of this webinar was to create awareness amongst teachers, students, and other stakeholders in the field of Innovation in current technologies, Entrepreneurship opportunities, top 10 young innovators and their success stories, importance of Intellectual Property in entrepreneurship. Around 128 students and faculties of DSU attended this webinar.

Resource person: Dr.M Shahina Parveen, Chairperson CST Department

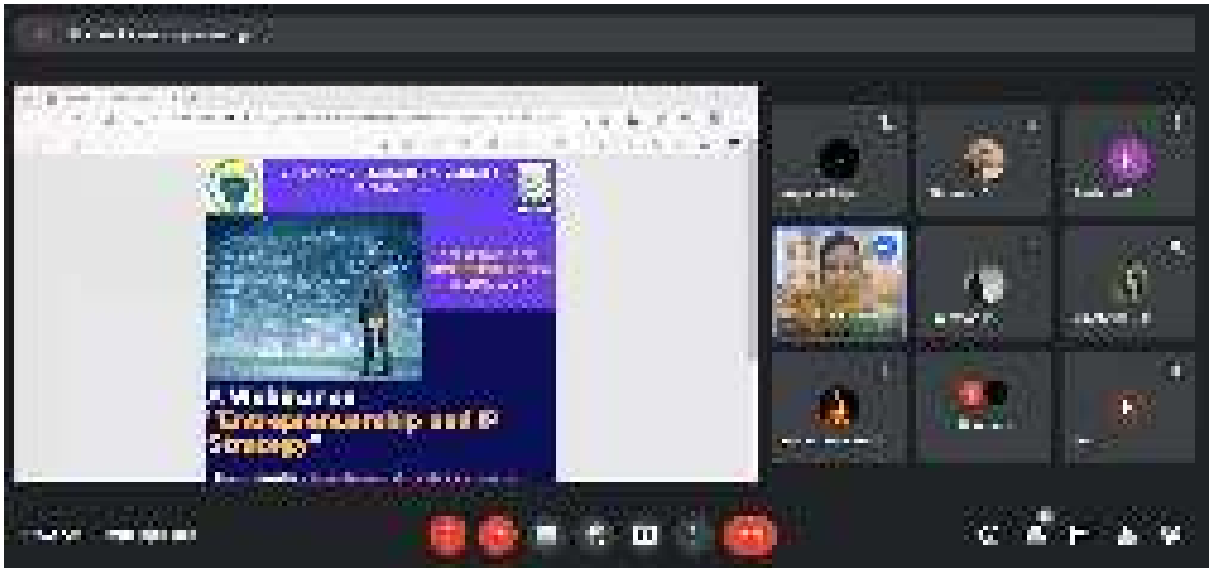

Dr.M Shahina Parveen has innovated and filed 13 patents in various technical fields. She has delivered more than 15 sessions/talks as a resource person on Entrepreneurship and IP Strategy, Design Thinking & Design Registration, Patent drafting & filing, Internet of Things, Big Data & Cloud and Augmented reality.

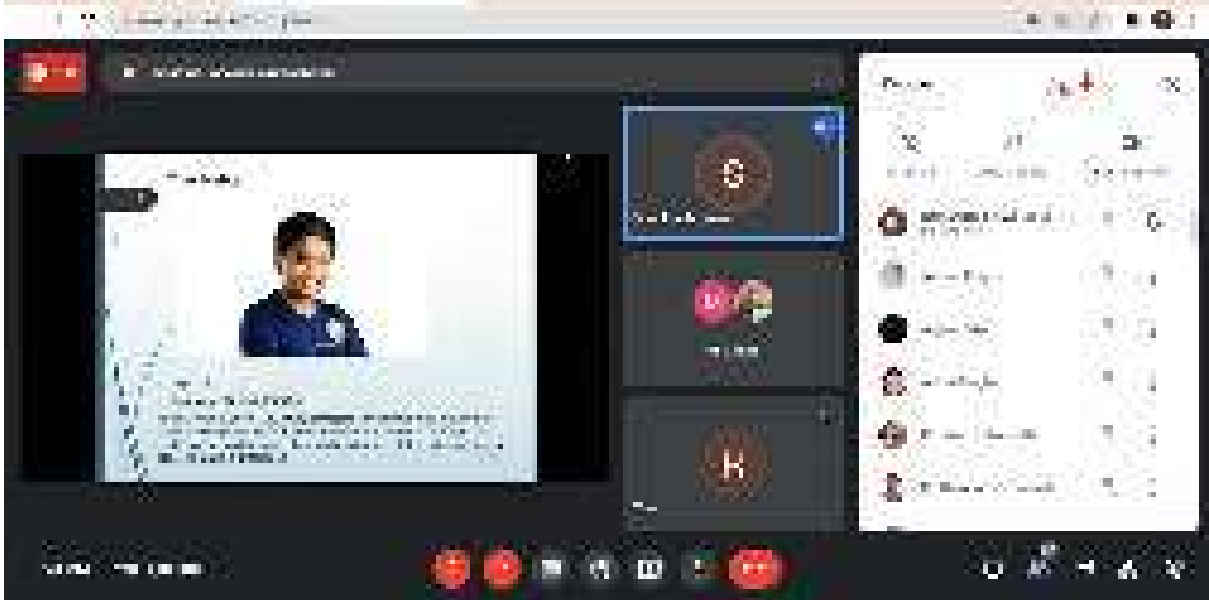

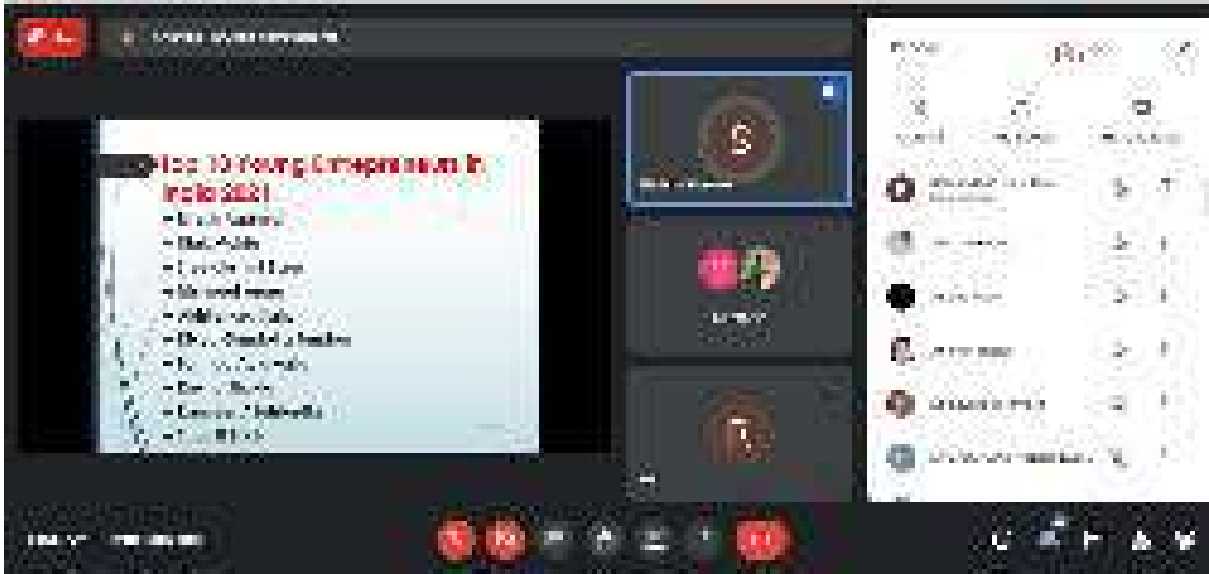

Additional information:

Brochure:

The poster features the Dayananda Sagar University logo at the top left and the university name 'DAYANANDA SAGAR UNIVERSITY BANGALORE' at the top center. On the right, it identifies the 'DEPARTMENT OF COMPUTER SCIENCE & TECHNOLOGY'. The central image shows a person standing in a digital space with floating code. The main title is 'A Webinar on "Entrepreneurship and IP Strategy"'. Below the title, a paragraph states: 'Entrepreneurship is a social phenomenon which has become a global activity, and hence can spread the frontiers of the business globally.' The bottom section, on a red background, lists the date '15th August 2020', time '7:00 PM to 8:30 PM', and the speaker 'Dr. Jyoti Kulkarni, Founder, Jyoti Kulkarni & Associates, Bangalore'. A small portrait of the speaker is included next to her name.

5 days ONLINE CERTIFICATE WORKSHOP

CRISPR/CAS GENE EDITING:

Potential tool in therapy & diagnostics

25th Jan 2022 – 29th Jan 2022

Time : 8 A.M to 9.30 A.M

Course format : Via Zoom

Discounted Course FEE: Rs 199/-
Exclusively for **UG (BBG+BCM+BMG) &**
PG(BC+BT+MB+HG) students of
School of Basic & Applied Sciences, Dayananda
Sagar University

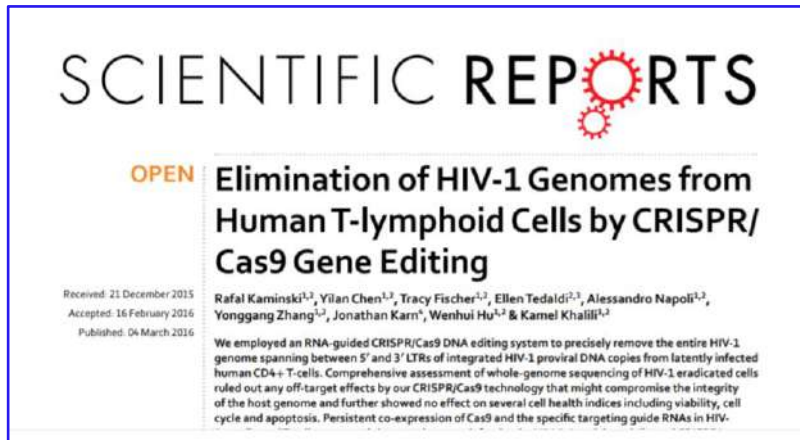

Workshop Structure:

Part I: Topics to be covered

Topic 1 : Fundamentals of CRISPR/Cas

Topic 2: Edit out human immunodeficiency virus (HIV)

Example Research article:

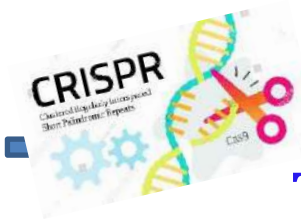

Elimination of HIV-1 Genomes from Human T-lymphoid Cells by CRISPR/Cas9 Gene Editing

Sci Rep; 2016 Mar 4;6:22555; doi: 10.1038/srep22555;
PMID: 26939770

What will be covered??

IMPORTANT INFORMATION

1. Brief Introduction to HIV
2. Brief Introduction to CRISPR
3. Strategy: How CRISPR can cure HIV
4. Methods: Designing target site, inactivating HIV genes, validation
5. **Do It Yourself (DIY):**
Design targets using CHOP-CHOP and strategies for screening.
Discussion and troubleshooting on the DIY
6. Conclusions: Pros and Cons of using CRISPR to treat HIV

Workshop Structure (Part II)

Topic 3: CRISPR based diagnosis

Published in final edited form as:

Nat Protoc. 2019 October ; 14(10): 2986–3012. doi:10.1038/s41596-019-0210-2.

WORKSHOP REPORT

Department of Biotechnology in collaboration with Vowels Advanced School of Learning & Research, Bangalore conducted a 5 days hands on online certificate workshop on “**CRISPR gene editing-Potential tool in therapy & diagnostics**” for UG and PG students under skill development series from 25th Jan 2022 to 29th Jan 2022. A total of 220 students enrolled for the workshop and carried out two mini projects with the following theme:

- *Elimination of HIV-1 Genomes from Human T-lymphoid Cells by CRISPR/Cas9 Gene Editing (Sci rep 2016)*
- *SHERLOCK: Nucleic acid detection with CRISPR nucleases (Nat Protoc. 2019)*

A pre workshop session explaining the fundamentals of the topic was conducted on 24th Jan 2022 by Dr Susweta Das. Subsequently, the key resource person for the training during the workshop was Dr. Gokul Kesavan, Chief Scientific Officer, Vowels-ASLR.

“Awareness Program on Doing Effective Scholarly Research using EBSCO Business Source Database”

A workshop on “Awareness Program on Doing Effective Scholarly Research using EBSCO Business Source Database” was conducted at School of Commerce and Management Studies-PG Program, Dayananda Sagar University on Jan 27th, 2022. The program was attended by faculty members, research scholars and the MBA and Executive MBA students of DSU, Bengaluru. Total 136 participants have attended the session. The resource person was Mr. M S Srinivasa, training manager at EBSCO Information Services. The program was enriching, informative and insightful for all the participants.

Mode of FDP: online via Zoom

About the Workshop

The session was conducted to create awareness on doing effective scholarly research using EBSCO Business Source Database. As we know the fundamental purpose of academic research is to develop a theory or prove a theory and development of knowledge. Academic research helps in the development of skills like Analytical skills by analysing a large piece of data, one can learn how to put up questions. Students form focus by putting complete attention on key issues. By creating an academic research paper, one can learn to organize their ideas.

For this purpose, research databases offer users access to thousands of books, magazine articles, images, charts and primary sources. These databases contain scholarly and peer-reviewed articles written by credible authors, such as journalists, researchers and experts in their field. Since databases provide powerful search tools for narrowing results, users are able to more quickly find the information they need.

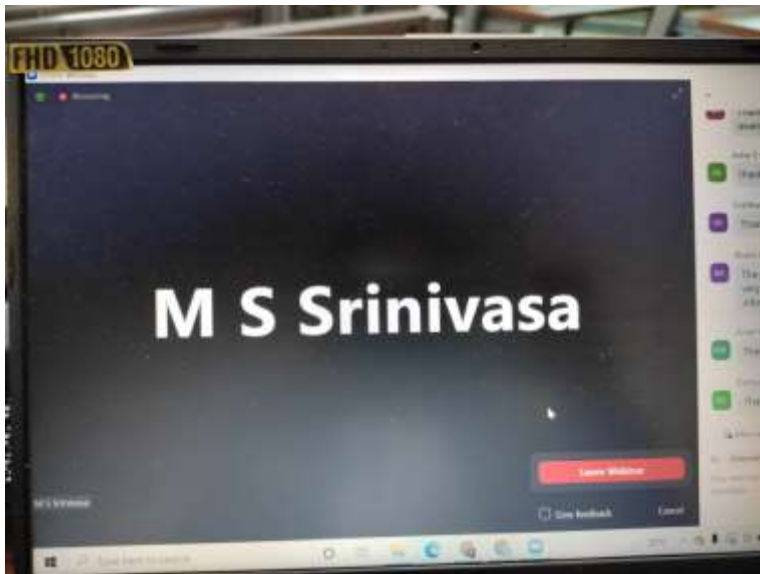

EBSCO has one of the most exhaustive title databases in the world. Now these days, online journals have become a bigger part of the research environment, therefore EBSCO has created a system for accessing and managing such journals easily.

The session was appreciated by all participants and it will be helpful in their on-going and future research work.

**Faculty Development
Program
On**

**“Best Practices and Innovative
Teaching Methods”**

3rd Feb 2022- 5th Feb-2022

Summary:

Department of Computer Science & Technology started 3 days FDP on Best Practices and Innovative Teaching Methods. The FDP is conducted with a Vision, to encourage Faculty to continuously seek to improve their ability and guide them along their desired career paths, inculcate Innovative teaching methods and Best Practices, and have effective and efficient teaching.

Effective teaching necessitates making difficult and principled choices, exercising careful judgment, and honoring the complex nature of the educational mission. In addition to the technical knowledge and skills teachers have to use in their daily practice, they must also be aware of the ethical dimensions of their profession. In this light, the primary mission is to foster the development of skills, dispositions, and understanding, while acknowledging thoughtfully and responsibly a wide range of human needs and conditions. The use of innovative methods of teaching-learning requires training and expertise on the part of the teacher. Opportunities for innovation in the use of online learning and teaching platforms using cutting-edge technology can further enhance in making the teaching-learning process more effective.

The program is designed to train and develop professionals in the area of innovative teaching methods so that they can act as 'Resource Persons' in guiding and motivating young students. Effective teaching strategies suitable for teaching engineering are introduced to nurture students who are able to explain, find evidence and examples, generalize, apply analogies and represent a topic in a new way. There are several teaching methods that teachers may use to achieve the goal. Among several modern teaching methods such as active classroom, problem-based learning, and more, some or all may fit the nature of engineering disciplines.

OBJECTIVES

- **The objective of this program is to encourage teachers to continuously seek to improve their ability and to guide along their desired career paths.**
- **To provide a platform for discussing new developments, and exchanging ideas and experiences for better understanding of one's role.**
- **Practical oriented approach along with group activities and Teaching methodology used as advancement.**
- **A recipe for effective and efficient teaching.**
- **Concept of teaching portfolio as evidence of teaching effectiveness.**

Program Benefits

- **Practical exposure with a learning experience to enhance the teaching skills**

- Learn the right practices for energizing performance
- Work with experts and educators
- Overall development for teaching excellence
- Updating oneself with contemporary practices for maximizing value

Resource person:

The Resource persons are Prof. Aravind Srinivas, Dr. B Kanmani, Prof. Arun Kumar Khannur, Dr. H S GuruPrasad have shared their expertise on

1. Various Teaching Styles,
2. Outcome-based Education,
3. Student and faculty centric methods,
4. Asynchronous and synchronous learnings, elaboration on Knowledge, Skills, and Attitude,
5. High Impact course Delivery,
6. Innovation in the teaching-learning process and
7. Behavioural self-assessment

Day 1 Session 1

Resource person: Prof Aravind Srinivas is currently a Professor of Practice in **Mechanical Engineering**, with more than three and half decades of experience in an Indian IT multi-national. He was the Dean of an academy, whose mission was to codify, disseminate content and certify participants in configurable products. He has also worked on Business Excellence at the group level, enabling participants in building better teams.

Aravind Srinivas obtained an Engineering degree from Bangalore University followed by a Master's Degree in Industrial Management from IIT – Madras in 1984. He joined TCS and served in various capacities such as programmer, database administrator, and group leader for 36 years covering Analysis, Design, Development and Implementation of business systems. Accountability in different roles Business Excellence, Project Management, Business Enablement, Business development and Customer Relationship Management especially in IT services, across verticals such as banking and education.. His key recent achievements in the last decade include digitizing and rolling out some key processes like Review, Leadership & Governance, Information Security in the company, leveraging ERP, with scale; Setting up an academy for a strategic growth business product, with concepts of flipped class room, content codification from subject matter experts, dissemination using various channels (including digital) and certification, assessment engine with blooms taxonomy and difficulty levels. Also, got trained externally to implement Theory of learning (Grascha Rieschmann, Myers Briggs) for teachers; and certified business excellence assessor as well as recognized at the group level four times, during the annual assessment cycle. He also established processes and drive the company towards Industry benchmark leadership on 2019-20 financial year.

Day 1 Session 2

Resource person: Dr. B Kanmani

Dr. B Kanmani, obtained her Bachelors in Electronics and Communication Engineering from Nagarajuna University in 1987, M.Tech. in Digital communication from Indian Institute of Technology, Kanpur in 1990, and PhD from the Indian Institute of Science Bangalore (IISc) in the year 2006. She has been with BMS College of Engineering, Bangalore, since 1995, and has to her credit 50 plus publications in the domain of Signal processing, Signal Processing Education and Engineering Education. She has personally presented papers in IEEE supported conferences held in Singapore, Dubai, Florida and Arizona. She has successfully completed AICTE funded MODROBS and the IIPC projects. She has published a Book on 'Effective Implementation of OBE leading to Accreditation', through the ISTE, WPLP, AICTE projects. She served as Dean-Academics for a period of two years. Presently serving as the Head of the Department of Telecommunication Engineering, a position held for more than a decade, she has steered the department to effective implementation of Outcomes-Based Education. She handles the undergraduate courses on Analog Signal Processing, Digital Signal Processing, Analog Communication, and Digital Communication. Teaching is her passion and she constantly strives to improve her delivery and assessment methods. Her prior employment as a teaching faculty was with Thadomal Shahani College of Engineering (Mumbai) and K L College of Engineering (Guntur). She is Senior Member IEEE and Life Member ISTE

Day 2 session 1

Resource person: Prof Aravind Srinivas

Day 2 Session 2

Arun kumar Khannur

Topic: "High Impact Course Delivery"

Making High Impact Course Delivery is a practice that requires Institutional level strategy, support, and 'give and take' open mindedness of faculty. The speaker talks about practices he has used over years on how to make this happen. He discusses on - why to be done and what to be done to inculcate practice of High Impact Course Delivery. He narrates the best practices and also, on using learning experience in designing the courses.

Profile

Arunkumar Khannur is an Internationally acclaimed Software Professional with 33+ years of work experience which is a blend of Academia (9+ years) and Industry (23+ Years). He has credentials in the fields of Software Quality, Software Testing, Software Project Management, Training and Authoring.

Mr. Khannur has Global and Cross-Cultural Work Experience in 11 Countries namely, Russia, China, Slovenia, UK, Argentina, Thailand, Singapore, Malaysia, Indonesia, Vietnam, and India, UNIDO, and World Bank Projects. Authored 7 books.

He contributed as a Member of the International Institute of Software Testing, Mentor for Acuman+ USA; an Advisory Member of Karnataka State in implementing the National Skills Qualification Framework (NSQF); and a Mentor at The Technology Business Incubators @University of Hyderabad, TBI /TIDE, in association with The Entrepreneur Zone (TEZ).

He Contributed as an Organizing Chair in 2009 and 2011 for European Telecom Standards Institute (ETSI) in conducting User Conference in TTCN3; Organized 120+ Conferences in Software Testing, Process Improvement, Six Sigma, Agile Management, Skill Development, and Education Management; As Organizing Chair, hosted 2 conferences in joint collaboration of ISQT and Visvesvaraya Technological University on “Harnessing Skills for Employability”. He also, contributed as a Subject Matter Expert of Visvesvaraya Technological University in "Software Engineering" and "Cryptography, Cyber Security, and Cyber Law"

Mr. Khannur in Education Management and Training, contributed in many ways and performed different roles which include- Head of Training, Faculty, Affiliate Faculty, Guest Faculty, Member of Board of Studies, Member of Board of Examinations, Member of Advisory Boards, Master Trainer, Resource Person for Train the Trainer program, Consultant and Advisor in world bank funded TEQIP (Technical Education Quality Improvement Program), Auditor, and Impact Analyst, content designer and developer, courseware developer.

Mr. Khannur is a recipient of Mahatma Gandhi International Peace Award (2019) in recognition of his contributions in Social Entrepreneurship and Leadership Development; and Chalukya Award for contributions in Science and Technology in Karnataka State.

Day 3 Session 1

Resource person: Dr. H S Guruprasad

Dr. H S Guruprasad is a Professor and Dean [Student Affairs] in the Department of Information Science and Engineering, BMS College of Engineering, Bangalore. He is having 30 years of Teaching experience. He is Working in BMSCE since 23 years. He worked as AICTE Committee Expert member. He worked as Performance Auditor. He worked as NBA Evaluator

Conducted 140 OBE and Faculty Workshops across the country. His area of research is Computer communications and Networks, Algorithms, Cloud Computing, Internet of Things. He has published 72 research Papers Published in Refereed International Journals, 13 research Papers Published in International Conferences and 9 research Papers Published in National Conferences. He has awarded with Rashtriya Gaurav Award 2012.

The event is organized by the Faculty of Education, Department of Educational Psychology, Universitas Pendidikan Indonesia (UPI) in collaboration with the Faculty of Education, Universitas Sebelas Maret (UNS) and the Faculty of Education, Universitas Negeri Semarang (UNNES).

Ceylanada Sagar University is a private university located in Ceylan, Sri Lanka. The university offers a variety of undergraduate and postgraduate programs in fields such as Education, Business, and Health Sciences. The university is committed to providing quality education and fostering a spirit of academic excellence.

Panel Discussion
 Moderator: Dr. A. Sumantri, Universitas Pendidikan Indonesia (UPI)
 Speakers: Dr. C. M. S. Dissanayake, Ceylanada Sagar University; Dr. D. E. S. Jayasinghe, Ceylanada Sagar University; Dr. F. G. S. Jayasinghe, Ceylanada Sagar University.

Universitas Sebelas Maret

Universitas Sebelas Maret (UNS) is a public university located in Surakarta, Indonesia. The university offers a wide range of undergraduate and postgraduate programs in various fields of study. UNS is known for its commitment to academic excellence and social service.

SCHOOL OF COMMERCE AND MANAGEMENT STUDIES

REPORT ON THE “WOMEN EMPOWERMENT: A TRYST WITH STOCK MARKET” 8th MARCH, 2022, TO 30TH MARCH 2022

Vriddhi, the Fintech Club of SCMS, Dayananda Sagar University, on the occasion of International Women’s Day launched “Empowering Women: A Tryst with the Stock Market”, exclusively for women participants: Students, Working professionals and homemakers.

We at SCMS, DSU believe in empowering women by making them capable enough to take their own financial decision and thereby ensure their financial well-being. In that direction, Vriddhi initiated this event in association with TRDR, who provided technology support. The event had a registration fee of Rs. 199. The event saw over 131 registrations from across the state of Karnataka and outside the state as well. Not only students registered for the event but also working professionals from companies like TCS, Northern Trust, Inter trust, Cognizant, Societe Generale, Deutesche Bank etc to name a few.

There were two guest lectures organised on 11th of March and 17th of March by industry professionals who interacted with the students on the fundamentals of economy, savings, investments etc.,

The inauguration of the event was held on 8th of March and Ms. Smitha Sudheendra, VP, EWG, JM Financials was the chief guest for the inaugural event.

| Time | Event |
|----------------------|--|
| 9.30 | Invocation-Ms. Vaishnavi, I Sem MBA |

The following are few images of the inaugural event.

Guest Lectures by Mr. Subu Venkataraman, SEBI Registered Investment Advisor

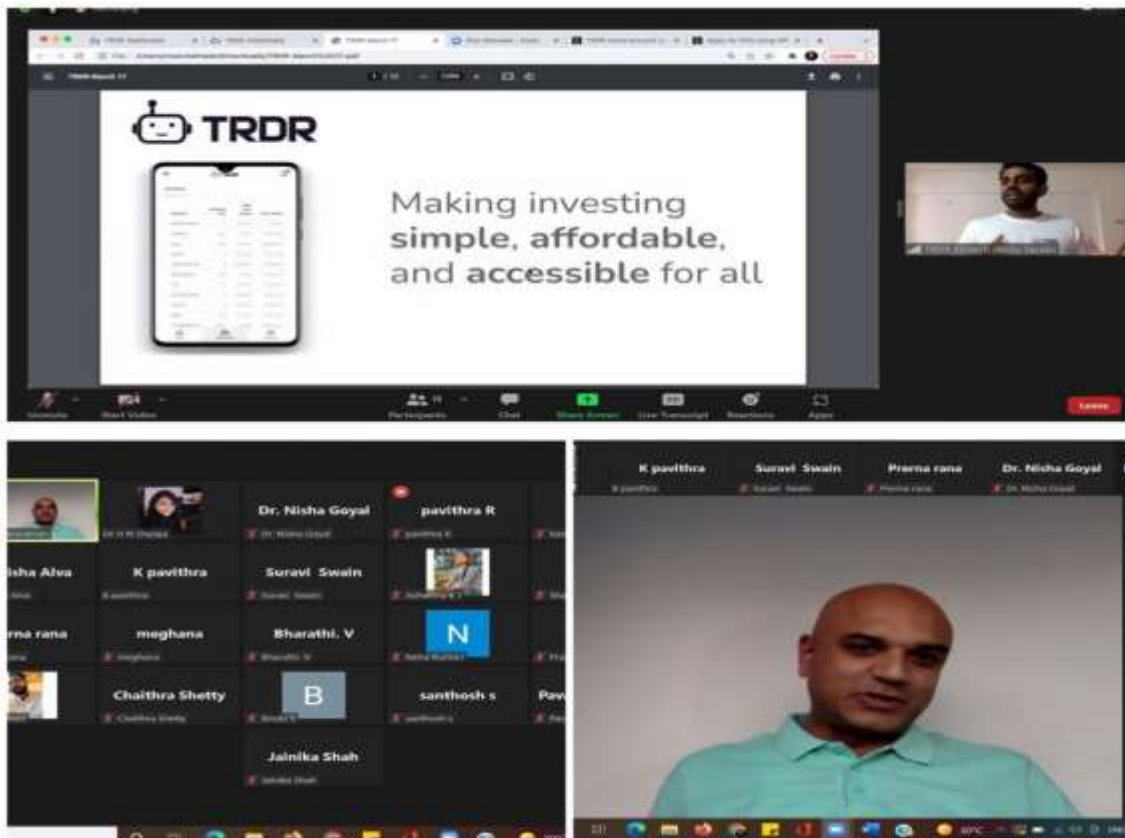

Subu Venkataraman is a senior finance and general management professional, a Chartered Accountant from India, with 30 years' experience spanning strategic leadership, P&L responsibility, finance & controlling and internal audit functions, predominantly in manufacturing industries. The experience includes 15 years of overseas assignments in Nepal, Thailand, UAE, Kenya, Bahrain and Egypt.

Currently functioning as an independent Strategy and Business Advisor since 2015. Since 2019 he is also providing personal financial advisory services to individuals as a SEBI Registered Investment Advisor.

As a visiting faculty, he is also teaching Investment Analysis and Personal Financial Management subjects to the MBA final semester and final year commerce undergraduate students of the Sri Sathya Sai Institute of Higher Learning

He addressed the students on different aspects related to savings and investments and impressed upon students on the need for savings and investment and importance of financial planning. The session was on 11th of March 2022.

Another Guest lecture was by Mr. Ricky Jacob, Co-founder, TRDR Inc on 17th of March 2022. Ricky spoke about the growth of Indian stock market, the investment options available for investors and the power of compounding one could derive from investing in the right stocks.

NAME OF THE WORKSHOP: International Classification of Functioning, Disability and Health (ICF)
SPONSORED BY: College of Physiotherapy, DSU
DATE OF EVENT: 31 March 2022
TIMING: 2 PM – 4 PM

SUMMARY

ICF (International Classification of Functioning, Disability and Health) is an important aspect of the curriculum for undergraduate and postgraduate students. ICF provides a standard language, focusses on function and positive abilities. It plays a major role in systematic treatment planning, tailored according to the patient's goals.

In order to attain a wide knowledge regarding ICF and its various aspects, a webinar was organized by College of Physiotherapy, DSU for 3rd, 4th year BPT & MPT students on 31st March 2022. The speaker for the workshop was Dr. Sanjivani Kamble, MPT in Neuroscience, Associate professor at Dr. D. Y. Patil College of Physiotherapy, Pimpri. The workshop was led by Dr. Vijay Kumar (Principal) and Dr. Radhika Chintamani.

The workshop commenced with a brief introduction about ICF and its various aspects. As an example, a neuro stroke case was taken from physiotherapy OPD, DSU. With the help of the example, the body structures/ functions, activity limitation & participation, environmental factors were easy to understand and get a wide insight about the topic. The workshop benefited 100 students including 11 faculties with learning gain of 8%.

REPORT ON PARIKSHA PE CHARCHA

Number of students attended: 92

Number of teaching staff attended: 8

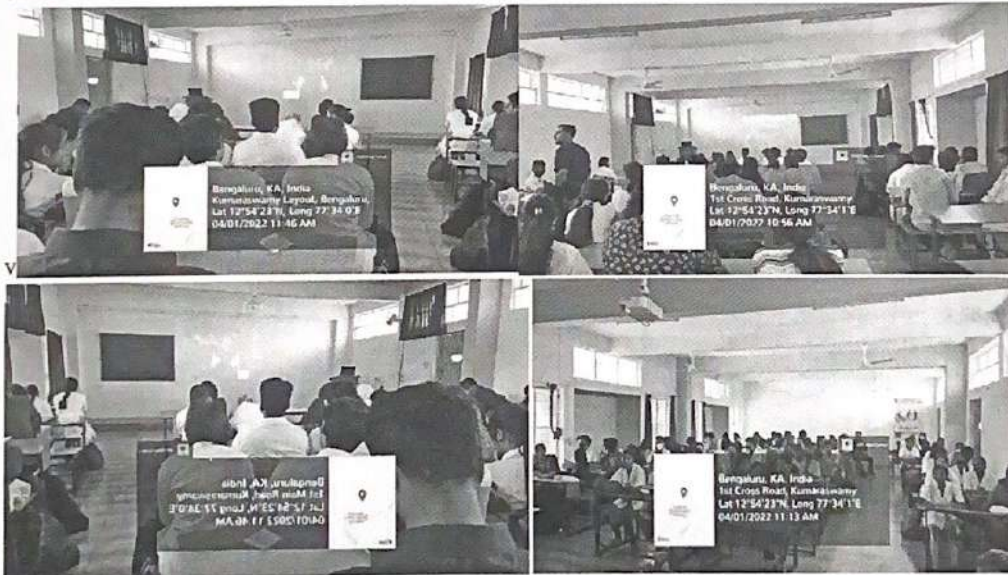

Time: 11 am

Location: college of physiotherapy Dayananda Sagar university

Mode of the telecast: AV in the classroom

Broadcast: Doordarshan through DD National

PM Narendra Modi's event for students; Pariksha Pe Charcha 2022 was conducted on 1st April at 11 am at Talkatora Stadium, New Delhi. The program was broadcasted through Doordarshan DD national for interaction by PM Modi with students, parents, and teachers from all over India regarding pre-exam issues, such as preparation methods, managing stress, etc. The slogan for the fifth edition of PM Modi's pre-exam interaction with students is 'Pariksha ki Baat, PM ke Saath'. As per the education ministry, Pariksha Pe Charcha is part of a larger movement 'Exam Warriors'. 92 students and 8 teaching staff from the College of physiotherapy Dayananda Sagar university attended the live broadcast which was arranged in the seminar hall, department of Physiotherapy, Audiovisual mode was used to live stream the program. The students and staff highly benefited from the program which was an initiative from the honorable prime minister Narendra Modi, 'Exam Warriors', aims to create a stress-free atmosphere for kids when it comes to exams and bring together students, parents, and teachers to encourage the individuality of each child.

**REPORT ON GUEST LECTURE
NUTRITION AND HEALTH IN CHILDREN-RIGHT TO SURVIVAL**

Dated 04.04.2022 at Seminar Hall, CONS, Timing 2.00-4.00pm

Department of Child Health Nursing, College of Nursing Sciences, DSU have organized a Guest Talk on Nutrition And Health In Children-Right To Survival on 04.04.2022 in Seminar Hall, CONS,DSU at 2.00-4.00pm.The resource person for the talk was Mr.Rathan Shekhar Bysani, Founder and Clinical Dietitian, Ambrosia Nutrition ,Clinical Dietitian and Nutrition Trainer, British Life Sciences, Bangalore. The beneficiaries were the students from B.Sc. Nursing IIIrd year and IVth year students, CONS, DSU. The lecture was attended by 90 students and Faculty members of CONS, DSU. The Guest talk is organized with an objective based on Curriculum -Pediatric Nutrition which focus on protecting Children's right to a healthy Food Environment.

The programme was started at 2.00 PM with an inauguration function. The emcee was conducted by Mrs. Priya P M, Lecturer, Dept. of Child Health Nursing, CONS, DSU.The welcome address and initiation of the insights of topic was delivered by Dr.Sharmila.J, Principal, HOD &Professor, Dept. of Mental Health Nursing followed by the Guest Lecture.

Mr.Rathan Shekhar Bysani, the Resource person has introduced the topic: - Nutrition and Health in Children-Right to Survival. Nutrition promotes vitality and an overall sense of health and well-being by providing the body with energy and nutrients that fuel growth, healing, and all body systems and functions. Good nutrition will also help to ward off the development of chronic diseases.He discussed about the Importance of Nutrition, Nutritional problems, Malnutrition -its type and influence on Child development and the care of Children. He talked about the Balanced diet, Healthy diet in finger tips. All we need to do to have a healthy diet is to focus on these 9 food groups, which are Cereal, Legumes, Fruits, Vegetables, Milk, Oil, Non-Veg, Sugar, Salt, Nuts and Oilseeds. He even discussed the computation of how to calculate energy requirements and plan a diet which includes Energy Requirements calculation, Energy distribution to macro nutrient calculation, Exchange list, Individual food allergy and food habit considerations and Distribution of required foods from exchange list to a daily following type of a plan. He concluded his lecture with Individual food allergy, comorbidities, food habit considerations and Distribution of required foods from exchange list to a daily following type of a plan.

The session was adjourned at 4.00 pm.The vote of Thanks was delivered by Mrs.Priya P M ,Lecturer, Dept. of Child Health Nusing,CONS ,DSU. .The feedback form was given as google form to students. As per the feedback received from the participants it was very good learning experience, the lecture helped them in their understanding about the importance of Childhood Nutrition especially the required calorie calculations. The programme was an informative and fulfilling one.

INTRODUCTION:

In India, the National Safe Motherhood Day is observed every year on April 11 to raise awareness about adequate access to care for women during pregnancy, childbirth and postnatal services. National Safe Motherhood Day is an initiative of the **White Ribbon Alliance India (WRAI)**, to enforce that women must have availability and adequate access to care during pregnancy childbirth and postnatal services. The day also marks the birth anniversary of **Kasturba Gandhi**, the wife of the father of the Nation. **The theme for 2022** is "Remain at home amid corona virus, protect mother and infant safe from corona virus".

OBJECTIVES:

- To discuss about the theme of National safe motherhood day
- To bring out the creative & innovative thoughts of the students by model & poster preparation & presentation

The Department of OBG Nursing, College of Nursing sciences, DSU organized poster & Model presentation to celebrate National safe motherhood day on 13.04.2022 at seminar Hall, CONS, DSU at 02.00 to 04.00pm. The judge for the event was Mrs. Manimegalai, Principal, Jubilee Mission college of Nursing. The beneficiaries were the 3rd year, 4th year B.Sc (N) & 1st year PB B.Sc students, CONS, DSU.

MASTER OF CEREMONY & WELCOME SPEECH:

The programme was leaded and welcome speech delivered by Mrs. S.Suseela, Associate professor, Dept of OBG Nursing

Biochemistry Student Club

BIOCHIMICA CLUB

Inauguration

Department of Biochemistry, SBAS, DSU inaugurated its first student club called "BIOCHIMICA CLUB" on 23rd April 2022 at C D Sagar auditorium from 10am to 1 pm. Dr. H G Nagendra, the guest of honour unveiled the club logo. Dr. Sunil S More, Dean DSU welcomed the guests and started the ceremony followed by messages to students from Dr. V Krishna Murthy and Dr. Ravishankar G. The session ended with the key note address by Dr. H G Nagendra on the topic "3D structure elucidation of biomolecules via X-ray crystallography".

The main aim of this club is to provide a platform for students that will enrich the learning experience and provide opportunities to students to build valuable skills. Through this club we plan to organize guest lectures, poster presentations, workshops, other events and meetings throughout the academic year

Few photos and the invitation are attached here.

Report on Webinar

“How to write a Research Paper /Patent”

The webinar was conducted on 27/4/2022 from 6.00 PM to 7.30 PM and over 50 students from 6th and 8th semester attended the webinar and gained the knowledge on how to write a research paper or patent, the resource person who has discussed a lot of important information regarding the research paper.

Resource Person: Shree Durga (PhD research scholar IISC, Bengaluru), her research area is Computational Social Choice and Multi-agent Systems. She is interested in Participatory Budgeting (i.e., designing ways to fairly distribute a common resource among a few projects, after aggregating the preferences of the stakeholders).

Below are a few problems statements:

- Maxmin Participatory Budgeting (Primary Author; Accepted for long oral presentation at IJCAI) She has proposed a novel fair approval-based participatory budgeting rule that achieves diversity and gave several computational and axiomatic results.
- Characterization of Group-Fair Randomised Social Choice Rules under Single-Peaked Preferences (Recommended to submit at Journal of Mathematical Economics; Drafting in progress)
- Indivisible Participatory Budgeting under Weak Ordinal Preferences (Primary Author; Under revision)
- Random Object Assignment (Primary Author; Work in progress)

Dayanand Sagara University
Department of Computer Science & Technology

Other than curricular she is also Completed Diploma in light music from Telugu University with distinction (83%) in 2018. Secured All India 13th rank in National Creativity and Aptitude Test conducted by few IITs and IISc and was selected for a one week workshop on Creativity in IIT Delhi. Won a Gold medal in AP Statewide Eduranet Olympiad for Communication and Presentation Skills and a Silver medal for Analytical and Problem Solving Skills in the year 2011. Won a Silver medal in AP Statewide Eduranet Olympiad for Communication and Presentation Skills and a Bronze medal for Leadership and Social skills in the year 2012. Served as the coordinator of music club at IIIT Jabalpur from August 2016 - August 2017 and conducted various events at cultural and Inter IIIT Techno-cultural fests. Served as an Assistant Coordinator (Aug 2016-17) and Student Guide (Aug 2015-16) in the student counselling committee in IIITDMJ. Served as a voluntary teacher (2014-18) in the Jagriti Organisation that teaches the under-privileged kids from slums.

Brochure:

Dayanand Sagara University
Department of Computer Science & Technology

The image shows the cover of a research paper. At the top left is the Dayanand Sagara University logo, and at the top right is the Department of Computer Science and Technology logo. The text on the cover reads: "Dayananda Sagara University Department of Computer Science and Technology cordially invites you to the Workshop on 'How to write a Research Paper/Proposal'". Below this is a photograph of a person working at a computer. The author's name, Saroo Danga, is listed as the Resource Person, with a note that he is an IAS research scholar at IISc, Bangalore. The workshop is scheduled for 15th and 16th February 2024, from 9:00 AM to 5:00 PM. The meeting is held in the Department of Computer Science and Technology, Dayanand Sagara University, Mysore. The contact person is Dr. N. Mahalingam, Professor & Head of the Department, with an email address of n.mahalingam@dsu.ac.in. The organizing committee includes Dr. N. Mahalingam, Dr. P. K. Srinivas, and Dr. P. K. Srinivas.

CoPS, DSU

REPORT ON
“Drug Development Process”

7th May 2022

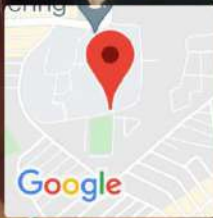

A Guest Talk was organized on 7th May 2022 by the department of Pharmaceutics on Drug Development Process by Dr. Francis Micheal, Director– Clinical Development and PKDM, Viatrix, Bengaluru. Dr. B. Wilson, Professor welcomed the speaker and the gatherings and gave introductory note about the Guest Talk. The speaker delivered a detailed lecture about different steps involve in the drug development process such as drug discovery including various sources of drugs, formulation development, preclinical studies and clinical studies such as phase I, phase II, phase III and Phase IV studies. He explained about various stages of the drug development process, details about all the stages as well as the duration. He also stressed the importance of post launch monitoring of drug formulations to find out any possible side effects after releasing the product to the market. Further, Dr. Francis Micheal also explained about studying the pharmacokinetic parameters of drug molecules such as absorption, distribution, metabolism and excretion and also the aspects of pharmacodynamics. Further, Dr. Francis Micheal talked about filing of new drug application and abbreviated new application to various regulatory agencies. Students of B. Pharm., M. Pharm and faculty members attended the Guest talk. Dr. Josephine Leno Jenita, Associate Professor delivered vote of thanks.

Association of Microbiologists of India

"BANGALORE CHAPTER"

Cordially invites you to the
Inaugural Ceremony of

"MICROBE-CLUB SIELLA"

&

Guest lecture

31st May, 2022. 10 AM TO 12:30 PM

Venue: CD Sagar Auditorium

CHIEF GUEST:

DR. NAGARATHNA S

Head of Department,

Department of Neuromicrobiology,

National Institute of Mental Health and Neurosciences, Bengaluru.

President:

Dr. Sunil S More
Dean
SBAS, DSU

Advisor:

Dr. G A Ravishankar
Vice President, R & D
Dayananda Sagar Institutions

Organizing Coordinator:

Dr. Shilpa B M Vice President AMI, Bangalore Chapter
Dr. Manjula N G Treasurer AMI, Bangalore Chapter

Organizing Committee:

Dr. Archana S Rao
Dr. Shristi Ram
Dr. Shobha K Jayanna

Students club of Microbiology department – MICRO CLUB SIELLA

Microbiology Student's club inauguration was commenced with Association of Microbiologist India (AMI), Bengaluru chapter on 31st May 2022. The invited guest speaker Dr Nagarathna S, HOD, Department of Microbiology, National institute of Mental Health and Neurosciences (NIMHANS), Bengaluru had inaugurated the Microbiology Student's club named as "Micro Club Siella".

To make students aware of science and the scientific world, the students are helped and encouraged to come up with their concepts and skills to organize activities/scientific exhibitions/ lectures/talks and conferences etc.

As a first event under the club a seminar on "**Molecular Detection methods for various pathogens**" was organised. The Guest of honour, Dr Nagarathna S, had delivered a lecture. The number of students gracing the occasion was high with 130 from all the departments of PG. The talk was very informative to the students and made them aware of the medical microbiology aspects with the present covid conditions.

REPORT ON THE CME “PARKINSON’S DISEASE- Bringing Shaking Palsy to a halt”

DATE: 08/06/2022

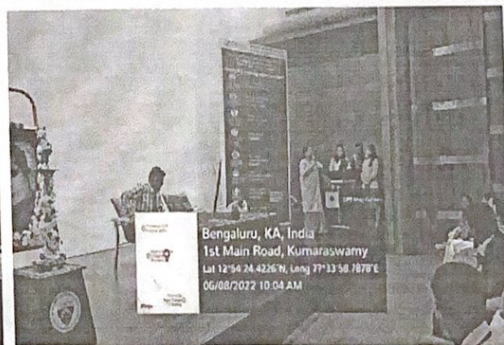

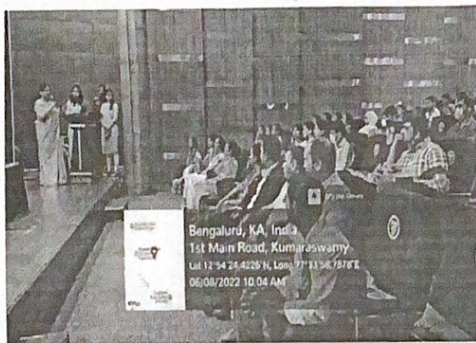

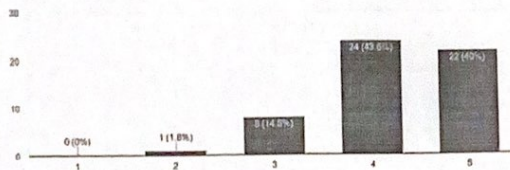

TIME: 9:30 AM- 4:00 PM

PLACE: CD Sagar Auditorium, Dayanand Sagar University, Kumaraswamy Layout, Bangalore-560111

The College of Physiotherapy, Dayananda Sagar University, conducted CME on Parkinson’s Disease- “Bringing Shaking Palsy to a halt” on 8th of June, 2022 at CD Sagar Auditorium from 9:30 am to 4:00 pm. Dr. M. Vijaykumar, Principal, COPT, welcomed the gathering. Dr. Pushpa Sarkar, Dean, SAHS, inaugurated the CME and has shared her knowledge on the significance of the CME on Parkinson’s Rehabilitation. The internal resource people for the CME were Dr Bhaswati Baishya, Dr Suchetha P.S., Dr Swaleha Vayani, Dr Sunjyoth H.S. & Dr Humair Ahmed B.M. from College of Physiotherapy, Dayananda Sagar University. The external resource people for the CME were Dr Prasanna Mohan, Associate Professor, Garden City College of Physiotherapy, Dr Prem Kumar BN, Associate Professor, Kempgowda Institute of Physiotherapy and Dr Mallikarjunaiah H.S, Principal, Acharya’s NR Institute of Physiotherapy.

A total of 149 participants have attended the CME, out of which 71 students were from 8 colleges in Bangalore and 78 students were from Dayanand Sagar College of Physiotherapy.

How helpful was the CME?

**Dayananda Sagar
University** Bengaluru

School of Commerce and Management Studies-PG Program

Report

on

JMP Statistics Workshop

A workshop on “**JMP Statistics**” was conducted at School of Commerce and Management Studies-PG Program, Dayananda Sagar University on June 13th, 2022. The program was attended by all the MBA students of SCMS-PG, DSU, Bengaluru. Total 108 participants have attended the Program. The resource person was Dr. Muralidhara Anandamurthy from JMP Academic Team. The program was very informative and insightful for all the participants.

Date: 13th June 2022

Time: 09:30 AM -4:30 PM

Mode of conduct: Hybrid

- Zoom ID- 4044042020
- Offline: Gallery 3

**Dayananda Sagar
University** Bengaluru

BROCHURE OF EVENT

The brochure features the Dayananda Sagar University logo and the INFOTIX logo. It lists five resource persons: Prof. Cope Hegde, Prof. Alok Chakravarty, Dr. Nisha Deyal, Prof. Sai Praveen, and Muralidhara A. PhD. A table provides session details, and the event is scheduled for 13-Jun-2022 from 09:30 AM to 04:30 PM at Venue: Gallery - 3.

| Session Info | Session Details |
|------------------------|---|
| 09:30 AM - 11:00 AM | Statistical Thinking for Management Sciences Introduction to JMP and Measurement Scales Data onboarding, Data Visualization - (Graphs, Plots, Charts, Maps) |
| 11:15 AM - 12:45 PM | Distribution & Descriptive & Inferential Statistics Test of Normality T Test & ANOVA, Chi-square Test |
| 1:45 PM - 04:30 PM | Correlation and Regression (Simple Linear and Multiple Regression) |

OBJECTIVE

- Introduction to JMP and Measurement skills
- Data onboarding, Data Visualization – (Graphs, Plots, Charts, Maps)
- Distribution and Descriptive and Inferential Statistics
- Test of Normality, T test and ANOVA, chi square test
- Correlation and Regression (Simple Linear and Multiple Regression)

RESOURCE PERSON

Muralidhara A, (PhD, JMP Academy team VTU)

Cope Head: Prof. Alok Chakravarty (Professor of Business Analytics, DSU SCMS)

Co-ordinators: Dr. Nisha Goyal (Professor of Finance),
Prof. Sai Praveen (Professor of Analytics, Finance)

OUTCOME OF THE EVENT:

- Learnt about JMP software and its applications in the corporate and IT industry.
- Hands-on experience using JMP software.
- Used JMP software for data onboarding, data visualization.
- Used Graph builder in JMP to plot different types of graphs (Bar graph, pie chart, line graph, scatter plot, histogram etc)
- Used JMP software for statistical analysis of the given data using graphs.

LEARNING EXPERIENCE:

The workshop began with the resource person Muralidhara giving brief introduction about the workshop and the agenda for the day.

The workshop was divided into 3 sessions.

Session 1:

- A brief introduction about types of data –
 - **Nominal:** Include gender, blood type, hair color etc, can be represented using table, bar charts, pie charts.
 - **Ordinal:** Month, letter grade, size etc, Median, mode.
 - **Continuous:** Height, weight, blood pressure, time etc, Median, mode, measures of dispersion.
 - **Unstructured text:** Customer complaints, employee remarks, patient feedback, Topic analysis, sentiment analysis.
- Intro to JMP software and its features.
- **Basic Charts:** Bar charts, Line graphs, Scatter plots, Pie charts
Distribution Plots: Boxplots and Histograms
Contour Maps, Heatmaps and Word cloud
- Importing different data sets for statistical data analysis (Student data set, sales data set, fitness data set).
- Plotting the data set in different types of graphs.

Session 2:

- Learnt about different test to be performed on the dataset (Test of normality, T test, ANOVA, chi square test)
- Descriptive statistics – Distributions, Normality, Test of Hypothesis
- Types of distribution and its analysis
- Probability distribution: Continuous probability distribution, Discrete probability distribution

- Graph of continuous data, normal quartile plot, superimposing Normal curve on graph/histogram
- Shapiro Wilk and Anderson Darling - Goodness of fit.
- Types of analysis:
 - Univariate- one variable
 - Bivariate- 2 variable
 - Multivariate- more than 2 variable
- Dependent and independent variables.
- Examples and practical analysis on real world data sets for insights.
- Quiz based on the topics learnt in first 2 sessions.

Session 3:

- Inferential Statistics
- Hypothesis testing
 - T Test: Gender and CTC
- Inferring on descriptive data – Infer on Average/Mean.
 - ANOVA – CTC and Specialization
 - Chi Square – Gender and Specialization
- Regression – Weight and height, CTC and Gender; Scatter plot analysis.
- Simple Linear Regression (SLR) and Multiple Linear Regression (MLR).
- Sales report analysis, Difference in after and before t test.
- Correlation, Types of Correlation, Carl Pearson Correlation coefficient.
- Density ellipses.
- Nonparametric Correlations: Spearman's Rho, Kendall's Tau and Hoeffding's D.

ATTENDANCE:

Offline: 105, Online: 3

Feedback

Please plan some more hands-on like so happened

It was nice experience

no

An Fruitful session where we learnt features and useful of JMP

This course is at its best, No suggestions required.

Very good learning a

Looking forward for more workshops like this which are very useful

The session was very helpful and good

Workshop session was good, we learn many skills from it.

It could have been done with a single class for better understanding

Session was good and interesting

None

None.

Good course

Nothing

It's a very good session for me and learned a lots of things which help me in future, thank you

It was an informative session

it was great learning about the software...

Best session

very usefull. learned alot.

A very informative session

The session was informative and helpful

It was knowledgeable

It was a very useful and informative session.

Thanks for this value addition session. Very useful.

Helped a lot

Needy course for students

please conduct more workshops like this it is helpful and expands my scope

The workshop was very interesting and useful I am waiting for more such workshops

Really insightful workshop

One of the finest engaged session

Some industry examples and practical exercises would be nice to include

Great session and i would love to attend such more because one session is not enough to grasp the

It was a good session.

Thanks for the workshop. Learnt a lot from the session.

It was very helpful.

Overall session is helpful.

Very good

It was a good course. Enjoyed Learning.

Resource person was really good

A good interactive session

It was an informative session

It was one of useful session

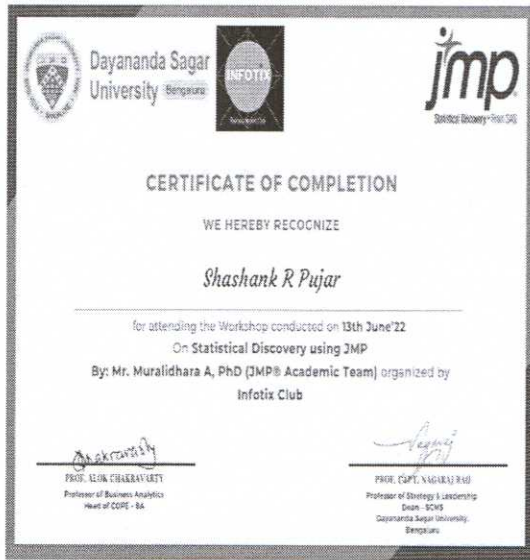

It was an interesting course.

"Understanding the Methodologies and Basics of Research with In vivo Mice model"

On

18th June 2022

Time: 9.00 am onwards

HIGHLIGHTS

- **CPCSEA Regulations Ethics and Welfare**
- **Anesthesia & Euthanasia**
- **Biosafety and Occupational Hazard**
- **Hands on training on animal experiment (Mice model)**
- **Dissection and collection of Organs**
- **Restraining, Handling, Intraperitoneal injection etc**
- **Routes of Drug administration**

Every participant will receive certificate at the end of workshop

Understanding the Methodologies and Basics of Research

with In Vivo Mice Model

18th June 2022

Dr. Sunil S More
Professor & Dean

School of Basic & Applied Sciences,
Dayananda Sagar University,
K. S. Layout, Bengaluru-78.

Understanding the Methodologies and Basics of Research with In Vivo Mice Model

On the 18th of June 2022 a Skill Development Workshop was organized for PG Biotechnology Students, under the Watson and Crick Student Club.

The workshop covered the following key aspects:

1. CPCSEA Regulations, Ethics and Welfare

- Committee for the Purpose of Control and Supervision of Experiments on Animals was founded under the Prevention of Cruelty to Animals Act, in 1964.
- The role of CPCSEA is to monitor animal experiments through an ethics committee set up in institutions. This body aims to promote humane care of animals used in research and provide specifications to enhance animal well-being and quality of research. Their main activities include registration of establishments for animal experiments and breeding, approval of animal house facilities and permission for conducting experiments.

2. Euthanasia and Anesthesia

- Euthanasia was carried out by cervical dislocation wherein pressure was applied to the neck of the mouse and the spinal cord was dislocated by pulling back sharply on the tail.
- Rodents can also be anesthetized with inhalant gas such as isoflurane, chloroform, halothane, chloroform or injection agents like avertin, ketamine or pentobarbital.

3. Biosafety and Occupational Hazard

- Animal Biosafety levels are designed to protect personnel from exposure to potentially infectious material. Animal Biosafety Levels (ABSL) 1 to 4 are a set of 4 biosafety levels provided for work with vertebrate animals exposed to agents that may affect humans.
- Occupational hazards during handling mostly include development of allergies and exposure zoonotic diseases.

4. Hands on Training on Animal Models (Mice model)

- Mice are commonly used for studying human diseases as they are biologically similar to humans and affected by many of the same diseases for the same genetic reasons. They can also be genetically manipulated to mimic human diseases in this way they can be used to test new therapies.
- For our workshop **BALB/c Swiss Albino Mice** were used as a model organism.

5. Dissection and collection of organs

- The mouse should first be pinned down with their belly facing up and using scissors the skin is cut along the ventral midline from the groin to the chin. A 'V' incision, is made at the groin region and the skin is pulled back to see the underlying organs.
- Liver, spleen, kidneys, stomach and intestine were removed from the abdominal region and then the heart and lungs were dissected out of the thoracic region.
- The organs were placed in a petri plate, observed and labelled.

Oral, Intraperitoneal and Sub Cutaneous Injection

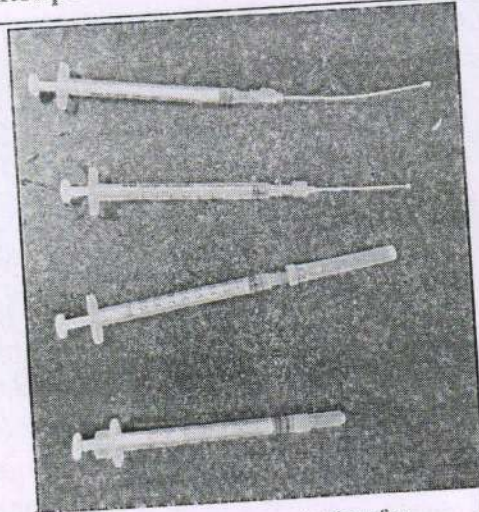

Fig 1: Instrumentation for Injection

Rat Oral feeding tube, Mice Oral Feeding Tube, Syringe for Intraperitoneal, Sub- Cutaneous injection.

Dissection of Mouse

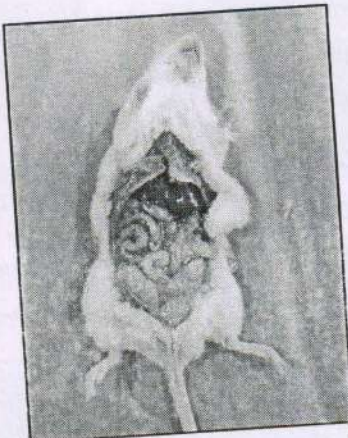

Fig 2.1: Dissection

An incision is made along the ventral midline.

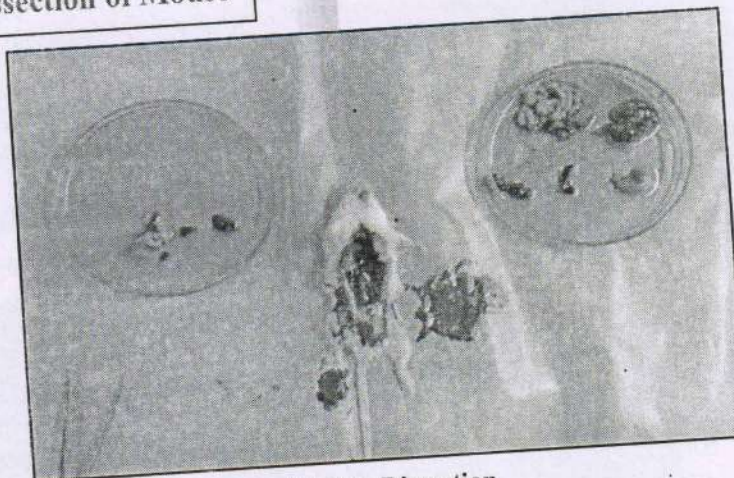

Fig 2.2: Dissection

The thoracic and abdominal organs were isolated and separated into 2 petri plates.

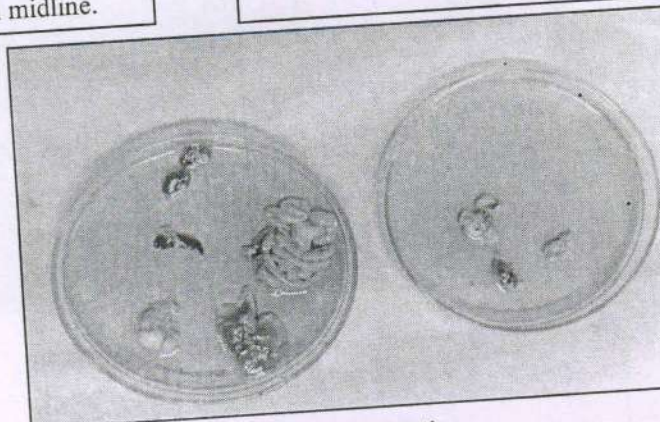

Fig 2.3: Dissection

Abdominal organs (Liver, spleen, kidneys, stomach, intestines), Thoracic organs (Lungs and heart) and Brain

6. Restraining and Handling

- Hold the middle of the tail of the mouse securely and use the other hand to grip the loose skin at the back of the neck between thumb and forefinger. Curl the tail around the little finger for full restraint.

7. Intraperitoneal, Sub- Cutaneous and Oral Injection

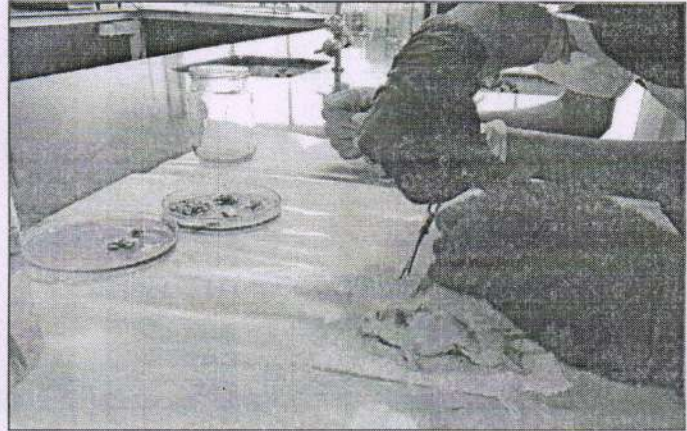

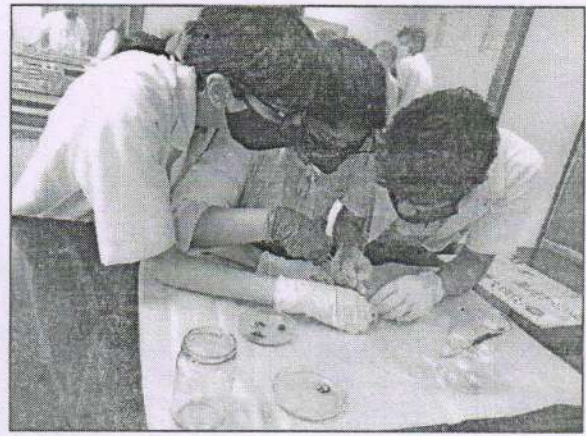

- For the delivery of substances in the peritoneal cavity, intraperitoneal injection was administered in the lower abdomen by inclining the needle at an angle of 45 degrees.
- Sub- Cutaneous injection was delivered under the loose folds of the skin of the belly, holding the needle at a shallow angle. Small bubbles can be visualized right under the skin indicating that the substance has entered the subcutaneous region.
- Oral injection involves passing a feeding needle through the mouth into the oesophagus. This ensures entry of the substance into the stomach and is the most straightforward approach.

8. Route of Drug Administration

- Among several possibilities of administration of substances to mice, the most common routes are: Subcutaneous, Intraperitoneal and Oral injection. Intramuscular injection is not recommended as muscle of the mouse is too small.

Application of Mice Models to Study Disease Progression

- For studying disease progression in mice, the mice are infected with the disease causing agents. Tissue collection can then be performed at varying intervals using the 0 hour tissue sample as control to compare the variation in organ damage. Here, H and E staining has to be performed to evaluate the tissue cross sections. In this way the effectiveness of therapeutic agents can also be evaluated.
- Alternatively bacterial load can also be checked after infection by homogenizing the tissue of the test organ in PBS solution. This is followed by centrifugation resulting in the formation of bacterial pellet. The pellet is dissolved in the desired buffer. After serially diluting the suspension it can be plated to find the Colony Forming Units. Comparison with the control reveals the bacterial load.

Dayananda Sagar University

Dayananda Sagar Institutions founded in the 60s by visionary, late Sri Dayananda Sagar committed to transform today's students into responsible citizens and professional leaders of tomorrow. Dayananda Sagar University created by an Act of the Karnataka State in 2014, built on this adorable legacy and inspired by its own milestones, is committed to meet the needs of quality higher education in this part of the world. Inspired by Innovation and Incubation (spread over 25,000 sqft of industry quality labs) form the core of DSU. So it isn't surprising that DSU has taken the next logical step: Laying the foundation to transform the entrepreneurial dream of every young Indian and global citizen into a reality. Enabling this transformation is the active support of industry leaders, industry bodies and a dedicated 4 lakh square feet modern ready-to move-in infrastructure.

**Report on the webinar on Intellectual Property Rights and its Protection in India conducted
on 30th May 2022**

A webinar on intellectual Property Rights and its Protection in India was conducted at Dayananda Sagar University, School of Engineering on Virtual mode. The workshop was organized by the Department of Computer Science and Engineering, Dayananda Sagar University. The webinar was delivered in virtual mode on the Webex platform. Over 160 participants attended the Workshop through online mode. Participants were

welcomed by moderator **Prof. Kavya B** at 2:30 PM

followed by the

inaugural address by **Dr. Girisha G S**, Chairperson,
Department of Computer Science and Engineering.

During his inaugural address, the chairperson stressed the importance of IPR and its relevance in these times and its necessity for the advancement in research and development in India. Moderator Prof. Kavya presided over the session.

Introduction of the speaker was given by **Prof. Meghana G.**

The speaker **Ms. Lavanya Madduri**

(Examiner of Patents and designs NIPAM-Officer, Patent Office, Chennai)

spoke on the topic of

"Patents, Copyrights and Trademarks: Procedural and Legal Aspects"

Her lecture started with an introduction to Intellectual Property Laws and spanned across the different disciplines related to IPR. She pointed out that IPR is no longer confined to the legal fraternity, but has spread across all disciplines because of which it has an impact and significance on arts, science, commerce, management and business. Patents, copyright and trademarks have great significance not only in uplifting the knowledge economy but also in fine-tuning it. She elucidated the meaning of intellectual use of traditional knowledge with examples. She gave an overview on the importance of legislation in the field of science and arts community, how innovation comes with different disciplines with collaboration research, marketing innovations etc. She explained how to file a patent in India itself with respect to life science, biotechnology,

computer science and physical sciences and also in the context of collaboration research. She briefed on IPR laws in different countries like USA, Germany, UK etc. Then She discussed different aspects of intellectual properties like industrial design, geographical indication, trade secret, protection of farmers' rights and researchers' rights.

She concluded the talk by explaining the rationale of protection and the nature of IPR. She emphasized that IPR has to be renewed from time to time for keeping them in force except in case of copyright and trade secrets.

This session went up to 4:00 PM followed by 10 minutes of interaction with participants.

The workshop ended with the vote of thanks. This workshop was organized with the support of the Ministry of Commerce and Industry, Govt. of India, and the coordinators of the webinar,

Dr. Pramod Naik, Prof. Kavya B, Prof. Meghana G and Prof. Roshni M.

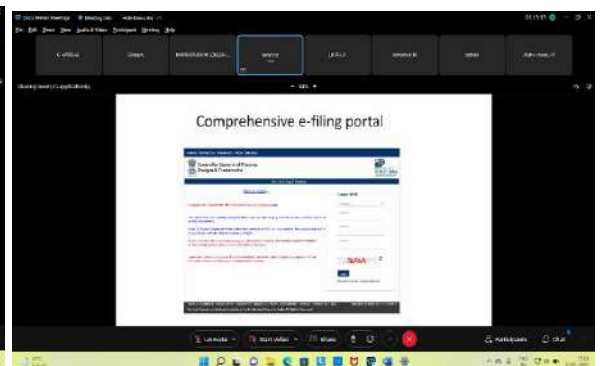

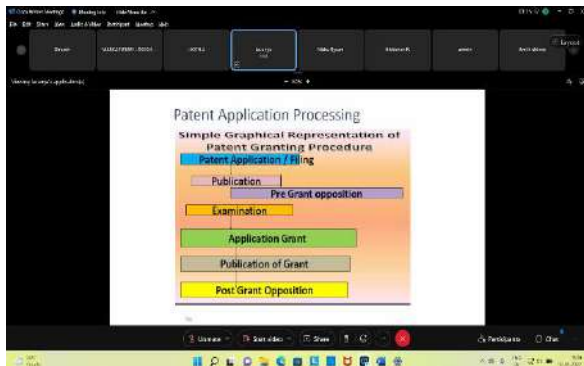

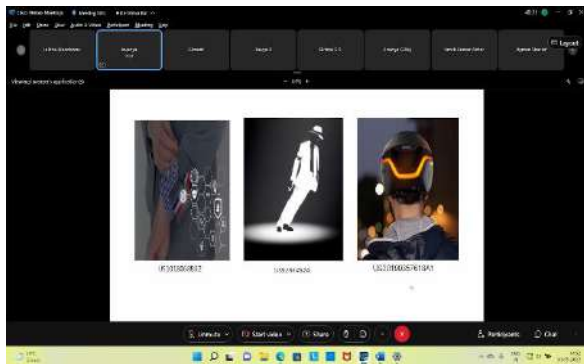

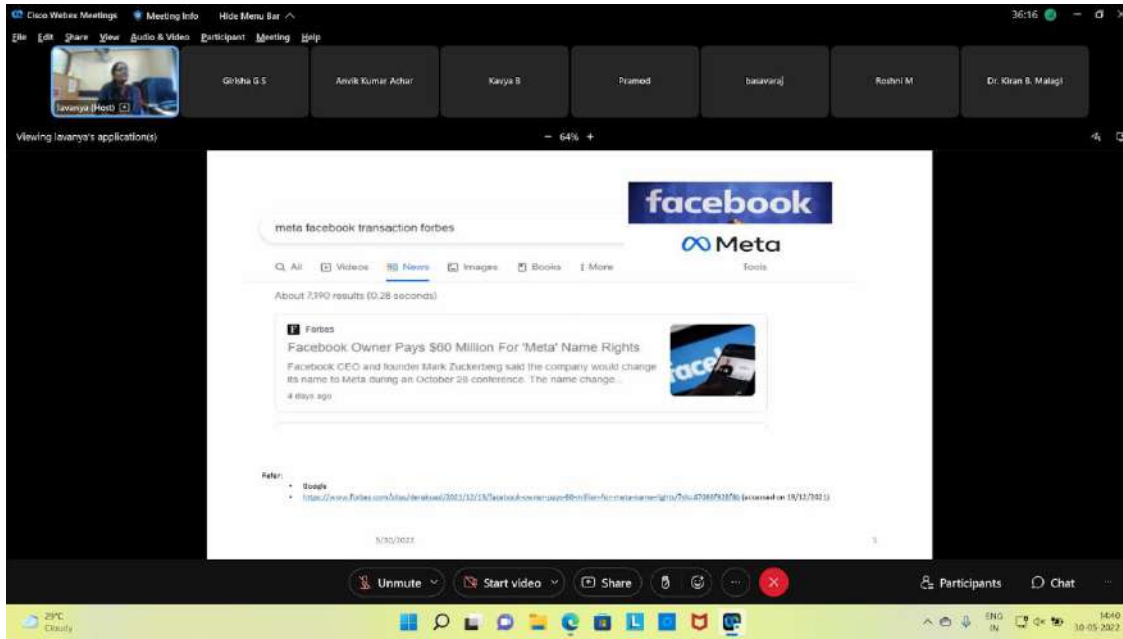

Few of the slides used for presentation by the speaker:

The screenshot shows a Zoom meeting interface. The main content is a slide titled "What is Intellectual Property Rights(IPR)?". The slide contains the following text:

- IP means the property which is created with intellect such as inventions, books, paintings, songs, symbols, names, images, or designs used in business, etc.
- Legal rights conferred on such property are called "Intellectual Property Rights" (IPRs).
- IPRs are territorial in nature.

To the right of the text is a diagram of a human brain. The left side is labeled "brain" and "learn", and the right side is labeled "creative", "idea", and "mind". The diagram uses various colors and arrows to represent the flow of information and creativity.

The Zoom interface includes a top bar with "File", "Edit", "Share", "View", "Audio & Video", "Participants", "Meeting", and "Help". Below this is a row of participant names: "meghana.g", "Girisha G S", "Roshni M", "Inavaya", "Pramod", and "Anvik Kumar Achar". The "Inavaya" name is highlighted with a blue box. On the right side, there is a "Participants (16)" list with names like "Kavya B Me", "lavanya", "Anvik Kumar Achar", "basavarej", "Dr. Kiran B. Malagi", "ENG19CS0034 Anirudh Preeth", "Girisha G S", "Madhu N Hiremath", "meghana.g", "Pramod", "Pratipal Rai", and "rakshitha". At the bottom, there are controls for "Unmute", "Start video", "Share", and "Participants".

“Workshop on SAS_JMP Statistics for Faculty”

A workshop on “**JMP Statistics**” was conducted at School of Commerce and Management Studies-PG Program, Dayananda Sagar University on 27th June 2022. The program was attended by all the faculty members of SCMS-PG, DSU, Bengaluru. Resource person was Dr. Muralidhara A, a trainer from SAS-JMP. The program was very informative and insightful for all the participants. The workshop was focussed on the application of SEM, Factor Analysis and Conjoint Analysis.

Date: 27th June 2022

Time: 09:30 AM - 4:30 PM

Mode of conduct: Offline

Organized by: -

Business Analytics COPE and Infotix - The Business Analytics Club

Venue: Gallary-3, Dayananda Sagar University SCMS (PG), Kudlu Gate Campus

Resource Persons:

- Dr. Muralidhara A (Trainer sum Marketing executive, SAS-JMP).

Topics Covered:

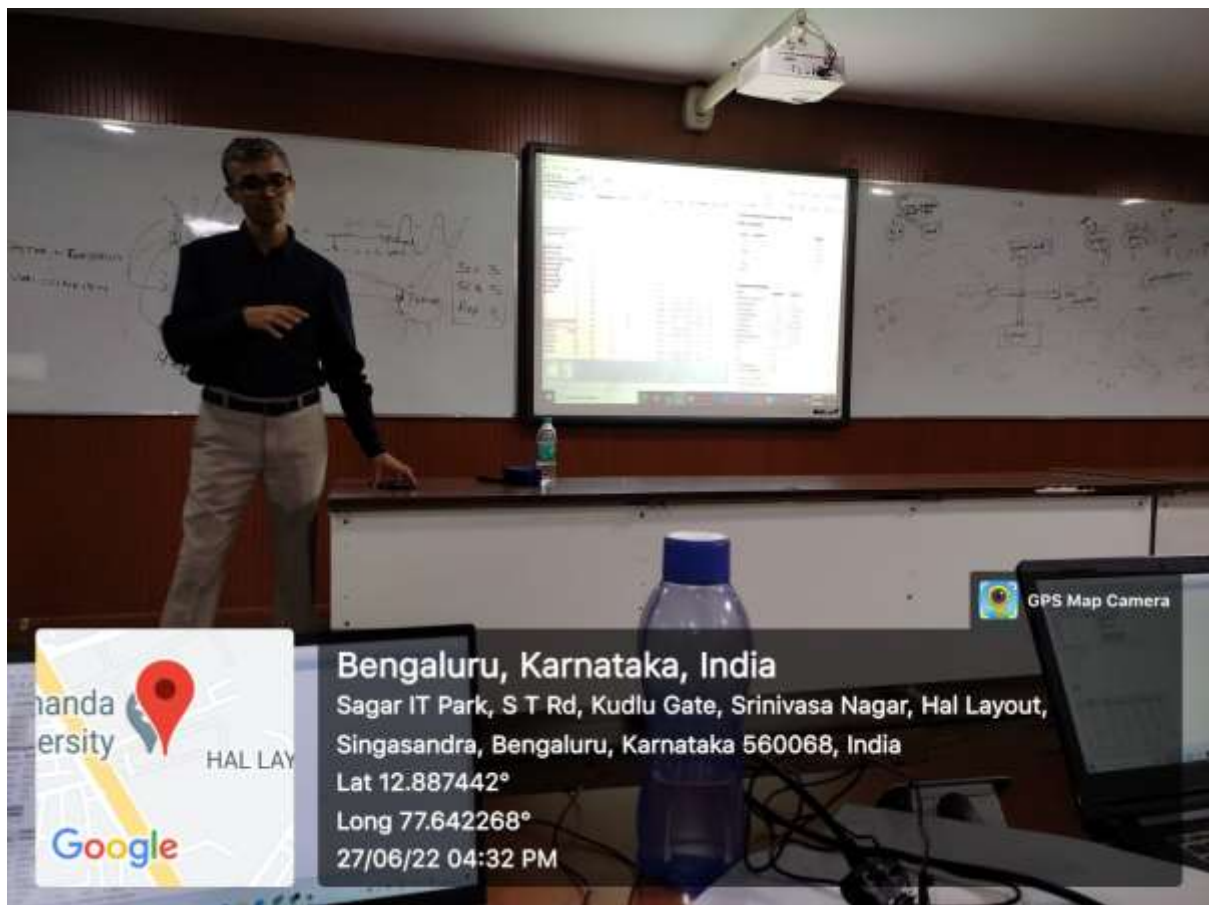

- SEM
- Factor Analysis
- Conjoint Analysis

Context

Statistical Analysis of data is the basis for any Business Analytics decisions. There are multiple software's available to address this need. One such software is JMP from SAS. Dayananda Sagar University has purchased Institutional licence for this product to be made available to all students and faculties. In this regard SCMS(PG) has organised this workshop to train all the in-house faculties in applying this software for performing SEM Modelling, Factor Analysis and Conjoint Analysis. The resource person has used multiple data sets during the workshop and explained in detail the intricacies involved in applying the above mentioned models through JMP. All the faculty were immensely benefitted with the exposure of this tool and appreciate the versatile capabilities of JMP software.

The workshop was inaugurated by Capt. Nagaraj Rao, Dean - SCMS(PG). This event was successfully co-ordinated by Prof. Alok Chakravarty, Prof. Sai Praveen and Dr. Nisha Goyal.

Post Graduate Programs in Management
Dept. of ECE, School of Engineering
Saturday, July 9, 2022

Inauguration: 9:30 AM to 10:00 AM

Session 1: 10:00 AM - 12:00 PM

Session 2: 1:00 PM - 2:30 PM

Session 3: 2:30 PM - 4:00 PM

RESOURCE PERSONS:

Dr. Madaiah Krishnamurthy

Dr. Madaiah Krishnamurthy is Assoc. Prof., of Info. Science at the Documentation Research and Training Center, Indian Statistical Institute, Bangalore. He was Awarded Fulbright Fellowship to carry out research at University of Illinois, USA. His areas of specialization are Applications of ICT, Digital Library, Institutional Repository, Open Access Publishing.

Dr. Solai Baskaran

Prof Solai Baskaran has completed his PhD from IIT Delhi. He has obtained LLB degree and is a professionally qualified lawyer. He has spent close to two decades in corporate as COO/Director in operations / HR. Prof Baskaran has over 10 years of teaching management in MBA programs. He has been guiding many PhD scholars. He has travelled globally and undertaken various MDP and consultancy assignments.

Ms. Sneha Bharti

Ms. Sneha Bharti, a native of Jharkhand is currently pursuing PhD under the guidance of Dr. M. Krishnamurthy, DRTC, Indian Statistical Institute, Bangalore. She has completed Bachelor's in Management Studies from the University of Mumbai in 2016 and her Masters of Science in Library and Information Science from DRTC, ISI Bangalore in 2018. In 2020, she has joined DRTC as a research scholar and her area of study is "Digital Language Archiving."

Theme

This one-day national seminar endeavors to share insight into Applied Mathematics and their applications in the branch of science and engineering. The focus is on tools to solve the differential equations by theoretical and computational aspects. We are going to discuss the basic ideas of the wavelets with basic mathematical background of linear algebra with some demonstration using R-code and Wave Thresh package on image and speech signals as well. Moreover, we are going to discuss the Application of Mathematics in real life.

Objectives

- This type of seminar becomes a platform for young students, researchers, and academics to have opportunities to mix and mingle, and exchange ideas on current research trends, recent advances, and new approaches in various research areas.
- One of the important goals of this event is to motivate young students and academics towards research in mathematics and allied areas.
- Provide a unique convergence of networking and learning to all the participants.
- As it is evident that networking is a way to approach collaboration, it can help the participants to uncover new ideas and spark inspiration when they get to know each other

National Seminar
on

**Mathematics in
Engineering Applications**

(14th July 2022)

Organized by

Department of Mathematics
School of Engineering
Dayananda Sagar University
Kudlu Gate, Hosur Road
Bengaluru - 560 114

About DSU

Dayananda Sagar Institutions founded in the 1960s by one such visionary, late Sri Dayananda Sagar committed to take knowledge to the people, transforms today's students into responsible citizens and professional leaders of tomorrow. Dayananda Sagar University created by an Act of the Karnataka State in 2014, built on this adorable legacy and inspired by its own milestones, meeting the needs of quality higher education in this part of the world.

About The Department

The Department of Mathematics under the school of engineering integrates all the branches of engineering by imparting the knowledge of Engineering Mathematics at UG and PG levels. The objective of the department is to indoctrinate the students in the innovative field of Applied Mathematics. The department prepares the students for a wide range of career paths and also trains them to assume leadership roles in a rapidly evolving, knowledge-based, multicultural society.

The Department is empowered with experienced, well-qualified, and research-oriented faculty members. Trust areas of research are Mathematical Modelling, Fluid mechanics, Stochastic Modelling, Solid mechanics, etc. The department exceedingly encourages various interdisciplinary collaborations with multiple universities and industries.

Invited Talks

Talk 1 : Numbers, Patterns, Properties.

Dr. Arulalan Rajan

Faculty, Proficiency Programme, CCE,
IISC and Co-Founder Vidyakosha Private Limited.
Time : 9.30 a.m -11:00 a.m.

Talk 2 : Differential Equations and Their Applications.

Dr. Bidhan Chandra Sardar

Assistant Professor, Department of Mathematics,
IIT Ropar.
Time : 11:30 a.m -1:00 p.m.

Talk 3 : Applications of Mathematics in real life.

Dr. Rangaraj B S

Research Professor
Department of AI & ML
Dayananda Sagar University
Time : 2.00 p.m - 3:15 p.m.

Talk 4 : Introduction to Wavelets through Linear Algebra with Applications in speech and Image processing.

Prof. Sanjeev Kumar

Department of Computer Science and Engineering
(Data Science),
Dayananda Sagar University
Time : .3:30 p.m - 4:45 p.m.

Chief Patrons:

Dr. D. Hemachandra Sagar, Chancellor, DSU
Dr. D. Premchandra Sagar, Pro-Chancellor, DSU
Mr. Galiswamy, Secretary, DSI
Mr. Rohan Prem Sagar, Joint Secretary, DSI
Mrs. Tintisha H Sagar, Joint Secretary, DSI
Mr. Nishan H Sagar, Joint Secretary, DSI
Ms. Natasha H Sagar, Joint Secretary, DSI

Patrons:

- **Dr. KNB Murthy**, Vice-Chancellor, DSU
- **Prof. H P Kincha**, Evangelist, DSU
- **Shri K Jairaj**, Rtd IAS, Advisor, DSU
- **Prof. R. Janardhan**, Pro- VC, DSU
- **Dr. Puttamadappa C**, Registrar, DSU
- **Dr. M K Banga**, Dean R &D, DSU
- **Dr. A. Srinivas**, Dean, SoE, DSU

Workshop
on
Design Thinking for Entrepreneurs
On 27th Feb 2022

Summary:

Department of Computer Science & Technology has organized a workshop on Design Thinking for Entrepreneurs on 27th Feb 2022. The main objective of this workshop was to create awareness amongst teachers, students, and others on Design thinking which gives an opportunity to take a look at problems from a completely different perspective. The process of design thinking allows one to look at an existing issue in a company using creativity. The entire process will involve some serious brainstorming and the formulation of fresh ideas, which can expand the learner's knowledge.

The workshop started with the introduction of keynote speaker. GhanaShayam sir started with the introduction to Design Thinking. He also explained the exploration phase with demonstration of empathize tools. Then he discussed the ideation phase and activities. At the end prototype phase was discussed and the workshop ended with question answer and doubt clearing session.

Resource person:

Additional information:

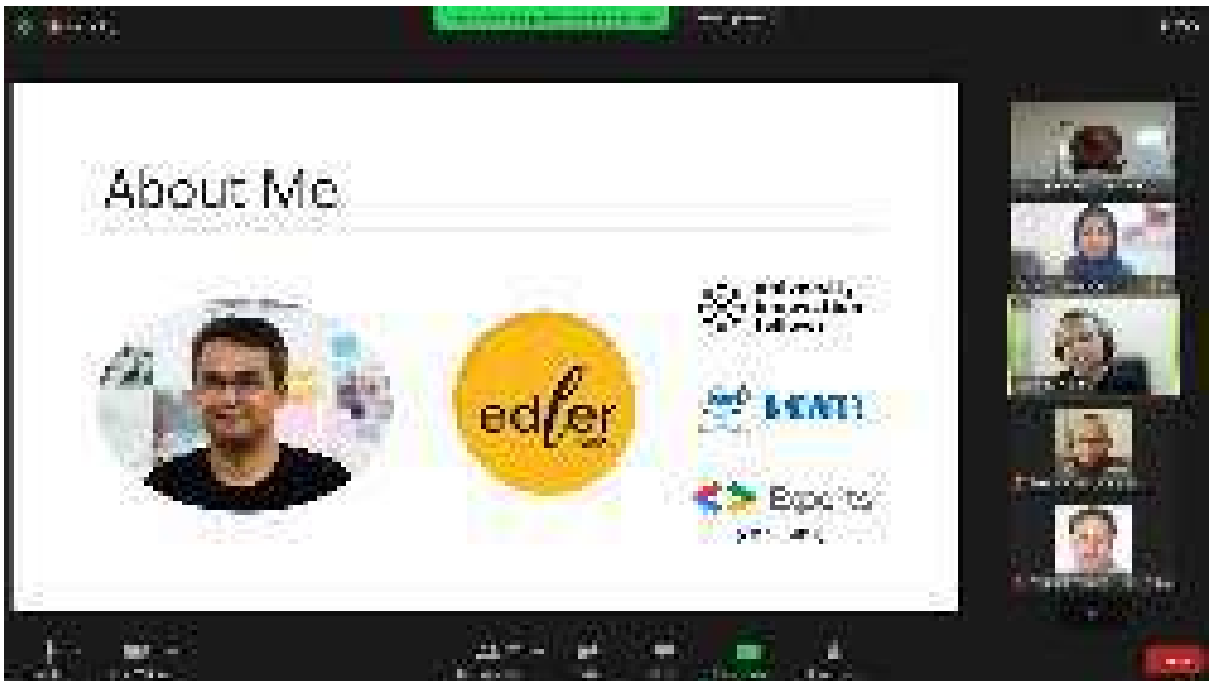

Brochure:

The brochure is for a workshop titled "Design Thinking for Entrepreneurs" held on 27th February 2022. It is organized by the Department of Computer Science & Technology in association with the Institution's Innovation Council (IIC) at Dayananda Sagar University. The keynote speaker is Dr. Ghanshyam, who is the Founder of Qwiklabs, a Google for Startups Accelerator Mentor, and a Small Software Incubator. The registration link is <https://forms.gle/8M4TWEkZCT1d1m00> and the event is free. The brochure lists four organizers: Dr. M. Shubina Raiwan (Chairperson - COT Dept, DSU, Bangalore), Dr. M. K. Banga (Dean - Research, Governor, AAC DSU, Bangalore), Vinod Shankar (COO, IIC, DSU, Bangalore), and Dr. A. Srinivas (Dean - Engineering, DSU, Bangalore).

Screenshots taken during event:

The screenshot shows a Zoom meeting interface. On the left, a slide titled "INSTITUTION'S INNOVATION CENTRE" and "DASANANDA SAGAR UNIVERSITY" is displayed. The slide content includes:
- Logo of Dasananda Sagar University
- Title: "Design Thinking for Entrepreneurs"
- Date: "On 27th January 2022"
- Location: "Angkor Wat, Cambodia"
- Department: "Department of Computer Science & Technology, B.A. Assam"
- Faculty: "Faculty of Information Technology, Assam"
- Speaker: "Dr. M. K. Barua, Assistant Professor, Department of Computer Science & Technology, Assam"
- Topic: "Design Thinking for Entrepreneurs"
- Time: "10:00 AM - 11:00 AM, 27th Jan 2022"
- Co-sponsors: "Dr. M. K. Barua, Assistant Professor, Department of Computer Science & Technology, Assam"
- Co-sponsors: "Dr. M. K. Barua, Assistant Professor, Department of Computer Science & Technology, Assam"
- Co-sponsors: "Dr. M. K. Barua, Assistant Professor, Department of Computer Science & Technology, Assam"
On the right, a grid of video thumbnails shows several participants. The bottom right corner shows the name "Dr. M. K. Barua".

Workshop
on
Design Filing & Registration
Conducted on 28th March 2022
in
Association with Kalpana Club (Imagine, Invent and Innovate)

Summary:

Workshop started with the introduction of Kalpana Club which is an Idea Club and welcoming the Resource Person. There were 59 participants from the CST department who attended the workshop.

Workshop deliverables were:

1. Students were able to understand industrial design and design patents with respect to intellectual properties rights.
2. This workshop helped students to file their innovative ideas as design and get IPR rights.
3. A complete hands-on session was delivered along with demonstrating design registration.

Kalpana Club Objective:

- To create awareness, educate, nurture and inculcate a culture of invention and innovation amongst the students.
- Call for Ideas', organize ideathons, business model competitions etc.
- Support innovators and entrepreneurs to design products and services with real social impact.
- To support students to build on their ideas into proof-of-concept and MVPs.
- To train students in various aspects of entrepreneurial journey starting from generating ideas, validating them, coming up with business proposals etc

Kalpana Club Outcomes:

- Enhancing the creative thinking skills of students.
- Conversion of ideas into proof-of-concept to MVPs to start up's.
- Students gain confidence to face the world in entrepreneurship and start-ups through participation in various competitions.
- Filing and publishing Patents.

Resource Person: Dr.M Shahina Parveen, Chairperson CST Department

Dr. M. Shahina Parveen has graduated in Computer Science & Engineering from Jawaharlal Nehru Technological University (JNTU) 2005, holds Master degree at Acharya Nagarjuna University, Andhra Pradesh (2010) and Ph.D. in Computer Science and Engineering from Jawaharlal Nehru Technological University (2019). She has vision to inculcate students to

achieve their goals with necessary tools and technical methods, to induce various research and innovative activities which are necessary for finding solutions to current issues, to establish traditional and modern methods to educate and bring the real flavour of engineering. She has Meticulous academics having rich Knowledge of various techniques and approaches applied at a research project. Skilled in C, C++, Java, Mat lab, machine learning, data mining, big data analytics, innovation and entrepreneurship, Patent drafting and filing and Design thinking with 16 years of teaching experience in engineering colleges/universities.

She has authored more than 15 research papers in reputed conferences as well as journals and 1 book published. She has innovated and filed 13 patents in various technical fields. She has delivered more than 15 sessions/talks as resource person on Entrepreneurship and IP Strategy, Design Thinking & design Registration, Patent drafting & filing, Internet of Things, Big Data & Cloud and Augmented reality.

She served as Innovation & Entrepreneurship (I & E) head of Information Science and Engineering, at CMR Institute of Engineering and Technology, Bengaluru. Dr. Shahina has worked as Associate Professor at Sree Chaitanya institute of technology for 4.6 years and as Assistant professor at BNM Institute of technology for 7 years. she He has guided more than 40 B. Tech Student teams and also Awarded as best Innovative Research & Dedicated Teaching Professional by ISRP, Malaysia,2020. bagged Appreciation award for guiding and mentoring Students in Business plans and start-up's FKCCI Manthan oct 5th 2021 students in their project work.

Meeting Notice

The first clinical meeting for the academic year 2021 will be conducted by the Department of General Surgery on **Wednesday the 06th of January 2021 at 2:30 PM in G - Block Lecture Hall - 1**. All faculty members & Nursing Staff are requested to attend. However essential work will continue.

Topics for Discussion:

1) MIDGUT malrotation as a rare cause of acute intestinal obstruction.

Duration: 30 mins

Presented by: Dr. Praveen G (Senior Resident Department of General Surgery), discussed by Dr. Rohit Krishnappa (Associate Professor Department of General Surgery)

2) Snake bite induced necrotizing soft tissue infections our experience in CDSIMER

Duration: 30 mins

Presented by: Dr. Naveen S (Senior Resident Department of General Surgery), discussed by Dr. Vinayak Hiremath (Assistant Professor Department of General Surgery)

Moderated by Dr. Hariprasad Professor & HOD Department of General Surgery

Respected Sir,

Sub: Approval for the conduction of Workshop on 'Demystifying Research Methodology and Effective Technical Writing'.

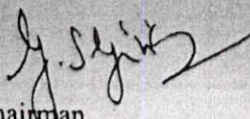

With reference to the above subject, we are planning to conduct a workshop on 'Demystifying Research Methodology and Effective Technical Writing' on 2nd July 2022. The resource persons are Dr. Tapalina Bhattasali, HoD of Information Technology, St. Xavier's College (Autonomous), Kolkata, and Dr. Mahanand B S, HoD of Information Science and Engineering, Sri Jayachamarajendra College of Engineering (SJCE), JSS Science and Technology University, Mysuru, India and Dr V Krishna Murthy, research Professor, Dayananda Sagar University, Bengaluru having around 15+ years of teaching and research experience in the academia.

We request you to please grant us permission to conduct this workshop and sanction the remuneration amount of Rs 5000/- for the resource persons. The remuneration amount for the workshop was proposed in the budget given by the department for the current academic year.

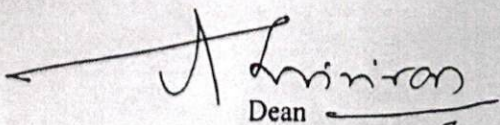

We request you to please approve and grant our proposal as early as possible

Thanking You

Yours sincerely

Dayananda Sagar University

Dayananda Sagar Institutions founded in the 60s by one such visionary, late Sri Dayananda Sagar committed to take knowledge to the people, transforms today's students into responsible citizens and professional leaders of tomorrow. Dayananda Sagar University created by an Act of the Karnataka State in 2014, built on this adorable legacy and inspired by its own milestones, meeting the needs of quality higher education in this part of the world. DSU is a proud member of the Dayananda Sagar Institutions family. Founded by Late Sri Dayananda Sagar in the early sixties (with just four students), DSI has morphed into global education power house, spread over five campuses, catering to the education needs of over 17,000 students. Operating under the aegis of the Mahatma Gandhi Vidya Peetha Trust in Bengaluru, DSI has enabled the transformation of tens of thousands of young Indian and international citizens into professionals in diverse specializations.

About the Department

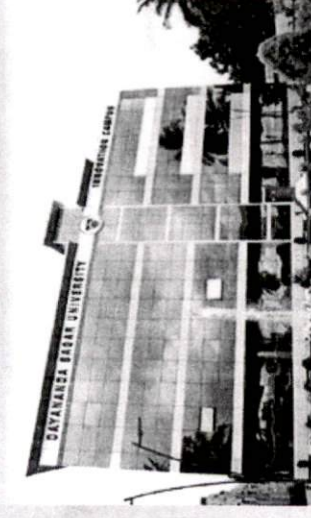

The Department of Computer Science & Engineering was started in the year 2015. It offers four Undergraduate Programmes, namely, B. Tech CS&E, B. Tech CS&E (AI & ML), B. Tech CS&E (Data Science) and B. Tech CS&E (Cybersecurity) which prepares students for the current and future demands of industry and the research world. The Department of Computer Science and Engineering provides a solid foundation and new age skills to our bachelor's level students, to build a career of the future to contribute effectively to the global opportunities. We use innovative curriculum, pedagogy and assessment methods in line with the National Education Policy and in partnership with industry to enable students get not only the breadth of CSE and depth of various specializations, but also to develop personal effectiveness and leadership skills for all rounded development.

Virtual Workshop

on

"Demystifying Research Methodology and Effective Technical Writing"

02- July-2022 (Saturday)

(Registration on or before 30th June 2022)

*Organized by Department of Computer
Science & Engineering*

About the Workshop

Research is the systematic and objective process of gathering, recording and analysing data for taking appropriate & meaningful decisions. It connotes study and scientific investment, wherein the researcher takes a more careful look at data to discover all that could be known more deeply about the subject under study. Keeping in view the importance of research methodology, workshop on **Demystifying research methodology and effective technical writing** aims to explore the basic dimensions of research required for participants to rethink about the assumptions that underlie historic paradigms of research. On completion of the workshop, participants are likely to have developed the skills to review the literature, develop hypotheses, frame research design, identify sampling techniques and comprehend the role and relevance of the tools for data collection analysis and report writing.

Objectives of the workshop

- To enable basic knowledge of qualitative research methods.
- To understand the process of research.
- To discuss effective technical writings for publications in journal.

Who can attend

The workshop shall be of immense interest to :

- Faculty Members/Academicians
- Research Scholars
- Students

Mode of workshop : ONLINE

Registration

Registration fee: Free

Please register through the online link:

<https://forms.gle/Ckg4N6YtLEuob4AA6>

or scan the QR code

E-Certificate will be provided at the end of the session to all the participants.

For any queries please contact **Prof. Ambeshwar** 6383563742

| Time | Topic | Speaker |
|----------------------|--|--|
| 9.00 am to 10.15 am | Demystifying Research Methodology | Dr. Tapalina Bhattasali HoD of Information Technology, St.Xavier's College(Autonomous) Kolkata. |

Dear Sir,

Thank you for having a detailed discussion about how we go about the Research methodology workshop.

We have taken the suggestions to make it enrollable to the research scholars in the coming semester in the next workshop.

so we will tentatively be scheduled 30th June 2022 for about a couple of hours.

please share the title of your subject area

will call on you to confirm

Regards

 BANGALORE - 560 068

DAYANANDA SAGAR UNIVERSITY

The Department of Computer Science & Engineering, SoE, DSU had conducted a Virtual workshop on "**Demystifying Research Methodology and Effective Technical Writing**", on **July 2nd 2022**

It was conducted using Zoom webinar platform. Faculties, Research scholars from DSU and various other institutes and students from DSU have registered. There were total of **97 registrations**.

This workshop had three theory sessions. This workshop had three eminent resource persons from academia who shared their expertise on topics like **Demystifying Research Methodology, Effective Technical writing and Importance of discussion chapter in Research** .

All the sessions helped participants to understand the process of research and gain knowledge on effective technical writings for publication in journal.

Schedule:

9-00 am to 10.15 am - Demystifying Research Methodology and Effective Technical Writing by Dr Tapalina Bhattasali

10.15 am to 11.30 am - Effective Technical Writing by Dr Mahanand B S

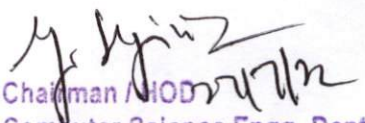

11.40 am to 1 pm - Importance of Discussion chapter in Research by Dr VKM

Organizing Committee:

Dr Basavaraj N H

Server Side Scripting Language: Node.JS

Node.js is an open source and cross platform JavaScript runtime environment .It is a popular tool for web based projects. Node.js app runs the V8 JavaScript engine, the core of Google Chrome, outside of the browser. A Node.js app runs in a single process, without creating a new thread for every request. Node.js provides a set of asynchronous I/O primitives in its standard library that prevent JavaScript code from blocking and generally ,library in Node.js are written using non-blocking paradigms , making blocking behaviour the exception rather than the norm. When Node.js performs an I/O operation , like reading from the network ,accessing a database or the file system , instead of blocking the thread and wasting CPU cycles waiting , Node.js will resume the operations when the response come back. This allows Node.js to handle thousands of concurrent connections with a single server without introducing the burden of managing thread concurrency, which could be a significant source of bugs. Node.js has a unique advantage because millions of frontend developers that write JavaScript for the browser are now able to write the server-side code in addition to the client-side code without the need to learn a completely different language.

Resource Person Information:

Mr. Nagaraj. A, Associate Professor in the Department of Computer Science and Engineering , Jyothy Institute of Technology Bangalore. He obtained his Bachelor Degree in Computer Science and Engineering from Bangalore University, Bangalore, and Master's Degree in Computer Network Engineering from Visvesvaraya Technological University, Belagavi. He has over 15 years of industry experience having worked for telecommunication public sector undertaking, Government of India as Deputy Manager in Indian Telephone Industries Ltd Electronic city plant Bangalore. He has worked in the area of software design, development, integration, deployment, testing and customer support. He established a skill enhancement centre in 2004 and continues to operate the centre since then. He is involved in filling the gap between academia and industry. He has over a decade of experience in academics including

Thathaguni
BANGALORE - 560082.

INVITATION LETTER

We are pleased to inform you that, Department of Computer Science and Engineering . Dayananda Sagar University, Bangalore is organising a 2 Days' Workshop on " Server Side Scripting Language : NodeJS " from 26th March 2021 to 27th March 2021 in Association with Computer Society of India , Bangalore Chapter Region-5 .This workshop is organised for the IV Semester Students of Computer Science and Engineering Department,DSU,BANGALORE.

Session1: 10.00 a.m to 12.00 p.m.

Session2: 2.00 p.m to 4.00 p.m

It is our pleasure to invite you as a resource person for this workshop and deliver hands on session online.

We expect your confirmation for the above workshop ASAP.

Thanking You

Dr Sanjay Chitnis
Chairman, Dept of CSE
DSU-BANGALORE

resource person was Mr Nagaraj A, Associate Professor, Jyothy Institute of Technology , Bangalore who has handled session for 2 Days .The workshop was organized by Prof Chhaya S Dule and Prof. Gousia Thahniyath along with the team members Prof. Krishna Sowjanya ,Prof. Arpitha D ,Prof. Cauvery Raju , Prof. Swetha S A and Prof. Nazmin Begum. The program was hosted by Prof. Swetha SA .The welcome address to the guest and resource person is given by Prof. Gousia Thahniyath ,Convener of the workshop . The program is inaugurated by Dr Srinivas A ,Dean School of Engineering , Dr Sanjay Chitnis ,Chairman Department of CSE , Dr Shaila S G Associate Professor and SJB-CSI student chapter ,DSU-Bangalore. The introduction to Resource person was given by Prof. Chhaya S Dule , Convener of workshop and overall session conduction was managed by Prof. Swetha S A and Prof. Krishna Sawjanya . The workshop was conducted for IV Semester students of CSE , CST and BCA students of Dayananda Sagar University ,Bangalore and around 500 students registered for the workshop. Total participants attended the webinar are 400. The resource person has delivered theoretical as well practical sessions for 2 days on Node.JS. The vote of thanks is given by Prof. Arpitha D at the end of session.

Glimpses of Webinar

In Association with Computer Society of India, Bangalore Chapter ,Region 5

DAYANANDA SAGAR UNIVERSITY

School of Engineering, Kudlu Gate, Bangalore-560068

Zoom Meeting interface showing a video feed of a participant (Shaila S G) and a list of 259 participants. The interface includes a top bar with 'Airplane mode off', a recording indicator, and a 'LIVE on YouTube' button. The participant list on the right includes names like Krishna Sowjanya K, Mohammed Imtiyaz, and Shaila S G.

Zoom Meeting interface showing a presentation slide for a NodeJS Workshop. The slide text reads: 'Department of Computer Science and Engineering Dayananda Sagar University', 'NodeJS Workshop', '26-27 March 2021', and 'Coders club'. The participant list on the right shows 258 participants, including names like Shivam Kumar, Shree charitha B, and Shreya Loni.

In Association with Computer Society of India, Bangalore Chapter ,Region 5

DAYANANDA SAGAR UNIVERSITY

School of Engineering, Kudlu Gate, Bangalore-560068

The screenshot shows a Zoom meeting interface. The main window displays a slide titled "Verify Installation" with a terminal window below it showing the command `C:\Users\Saaketh>node -v` and the output `v14.15.1`. The slide also features the "Coders club" logo. On the right, a "Participants (260)" list is visible, including Krishna Sowjanya K (Co-host, me), Mohammed Imtiyaz (Host), Nagaraj A (Co-host), Arpitha D (Co-host), Chhaya S Dule (Co-host), Gousia Thahniyath (Co-host), Shaila S G (Co-host), ENG19CS0203 - Neha CN, Namitha ENG19CS0197, :ENG19CS0299 (E) Shivansh chaurasia, 91708, and Aditthii. The Zoom control bar at the bottom shows options like Unmute, Start Video, Security, Participants, Chat, Share Screen, Reactions, and More.

The screenshot shows a YouTube live stream titled "SERVER SIDE SCRIPTING LANGUAGE: Node.JS (CSE DEPT. DSU)". The video content displays a Visual Studio Code editor with a JavaScript file named `VowelCon.js` containing a function to check if a character is a vowel or consonant. The terminal output shows the function being called with 'u' and 'a', resulting in "eligible to vote" and "Consonant". The chat window on the right shows several messages from users, including "The Anonymous" and "ENG19CS0142 Kehkashaan Khanum A", with a "Welcome to live chat!" message at the bottom. The video has 53 viewers, 10 likes, and 1 comment.

LETTER OF APPRECIATION

This Letter of Appreciation is presented to **Prof. NAGRAJ. A.**, Associate Professor, Department of Computer Science and Engineering, Jyothy Institute of Technology, Bangalore in recognition of his contribution as an expert resource person for Two Day workshop on “**Server Side Scripting Language : Node.JS**” held from 26/03/2021 to 27/03/2021, organized by Department of Computer Science and Engineering, School of Engineering, Dayananda Sagar University, Bengaluru In association with Computer Society of India, Bangalore Chapter, Region 5.

This was a splendid workshop which has given basic understanding of Node.JS and Mongo DB and enhanced the knowledge of participants. All participants appreciated and got benefited from this workshop.

Looking forward for your cooperation for the promotion of professional education in future as well.

Your's sincerely

Dr. Sanjay Chitnis
Chairman, CSE, SOE

Speaker Details

Mr. Sukesh Kumar (MCA, NIT Trichy), Senior Manager Software Development in Oracle India Pvt Ltd., Bengaluru, Karnataka, India, he is a long timer in IT Industry with 18+ Years of experience in Software Product Development over various OS/RTOS including Linux, HP-UX, Junos, vxWorks in the domain of Banking, Telecom, Healthcare, and security at multiple level. Prior to Oracle, he was associated with major giants like Juniper Networks, HPE, HCL & NXP.

Mr. Ashutosh Tripathi (BTech-ECE, PGDESD, E-MBA-PM), Principal Member of Technical Staff in Oracle India Pvt Ltd., Bengaluru, Karnataka, India. He comes with ~14 years of rich experience in software product development across various domains and technologies ie. Datacom, Telecom, SDN/NFV, Networking (switching and routing), Embedded, Cloud and automotive. Prior to Oracle he was associated with infosys, HCL-CISCO, IGate-Patni.

Topics Covered in Webinar

- LSP/BSP Overview
- Components of LSP/BSP.
- OS/KERNEL porting
- architecture porting vs board porting
- Application porting.
- Xloader/uboot/grub
- Kernel & modules compilation
- Creating configuration file from scratch
- Initrd vs initramfs
- Creating initramfs
- 10. Generating grub2.cfg
- Creating kernel modules
- Loading/unloading kernel modules.

Workshop on "Linux Customization and Porting"

About DSU:

Dayananda Sagar Institutions founded in the 60s by visionary, late Sri Dayananda Sagar committed to transform today's students into responsible citizens and professional leaders of tomorrow. Dayananda Sagar University created by an Act of the Karnataka State in 2014, built on this adorable legacy and inspired by its own milestones, is committed to meet the needs of quality higher education in this part of the world.

Inspired by Innovation and Incubation (spread over 25,000 sqft of industry quality labs) form the core of DSU. So it isn't surprising that DSU has taken the next logical step: Laying the foundation to transform the entrepreneurial dream of every young Indian and global citizen into a reality. Enabling this transformation is the active support of industry leaders, industry bodies and a dedicated 4 lakh square feet modern ready-to-move-in infrastructure!

Objectives of Workshop:

By the end of the workshop student will be able to:

- Explain the LSP/BSP Components.
- Port OS/KERNEL and Application.
- Differentiate between Architecture and board porting.
- Create configuration file from scratch.
- Create kernel modules
- Load/unload kernel modules.

Department of Computer Science and Engineering, DSU , focuses on imparting quality education along with research and development activities. This is achieved through the Pedagogical initiatives in T & L process like project/problem based learning, Lecture series, Webinar Series, Hands on workshops and internships.

As part of these activities Department of CSE is organizing a workshop titled "Linux Customization and Porting" for advanced learners of prefinal year students, in order to provide some insights about OS customization and porting. Once the participants get to know the basics of OS/KERNEL porting they may orient themselves towards creating configuration file from scratch, kernel modules etc.

Conveners :

Dr. A. Srinivas
Dean SoE, DSU

Dr. M. K. Banga
Dean R&D, DSU

Dr. Girisha G.S.

- Full Name: R. Sinesha USN: EN619CS0241
- CSE Department with Section: E
- What percentage of the information was new to you?
100% 75% 50% I knew all these
- Please rate the speaker's knowledge of the topic: (5 being the High and 1 being the Least)
1 2 3 4 5
- How accurate the objectives set and the session contents were mapping?
1 2 3 4 5
- How did the session compare to your expectations?
1 2 3 4 5
- Overall session evaluation:
1 2 3 4 5
- Are you interested to have Hands-on Sessions on Linux Customization?
Yes No
- Any Suggestions/Remarks if any (Topics of interest for future Webinars also)

~~nothing~~ its very good.
