

# Department of Computer Science & Technology

## Events for the month of July Academic Year 2023

### Pre-Placement Training by Alumni

Department of Computer Science & Technology, DSU organized **Pre-Placement Training** for the **2024 passing out batch** by refreshing the core courses that will help in preparing for placements. According to the response received from the refresher course survey it is analyzed that most of the students are facing difficulties to crack the problems in Data Structure, Algorithm courses and questionnaires.
