CySec Club Reconstitution and Engineer's Day Celebration

The Department of Computer Science and Engineering (Cyber Security), School of Engineering, Dayananda Sagar University, organized the *"Reconstitution and Engineer's Day Celebration"* under the banner of the **CySec Club** on **23rd September 2025**. The event was held to commemorate the spirit of engineering excellence and to formally induct the new CySec Club members for the academic year 2025–26. The program was graced by **Dr. Dilip Kumar J. B. Saini**, Chairperson, and the **Chief Guest, Dr. Kumuda Rani M**, Deputy Director, State Forensic Science Laboratory, Bengaluru.

The event began with the formal reconstitution of the CySec Club, followed by the introduction of newly appointed core and sub-committee members. The oath-taking ceremony marked the official induction of the team, symbolizing commitment, collaboration, and leadership in the field of cybersecurity. The club's renewed vision focuses on promoting technical excellence, ethical awareness, and research-driven learning among students.

As part of the celebration, a **Deloitte Certification Activity** on log file analysis was conducted, giving students valuable hands-on exposure to cybersecurity monitoring and forensic investigation. This activity helped bridge theoretical knowledge with real-world applications, motivating participants to explore advanced cybersecurity practices.

The highlight of the event was an expert talk on *Cybercrime and Forensics* by **Dr. Kumuda Rani M**, who shared her experiences in forensic analysis and cybercrime investigation. Her talk shed light on the increasing relevance of cybersecurity professionals in the digital era. The program concluded with vibrant cultural performances, including dance, music, and a magic show, making the celebration both intellectually enriching and entertaining. Students expressed great enthusiasm and appreciation for the blend of learning and festivity.
