VISION

- The vision of Library and Information Centre at Dayananda Sagar University is to be a world-class University Library that caters to the needs of students and faculty members for academic excellence.

MISSION

- The mission of Library and Information Centre of Dayananda Sagar University is to provide many services and various modes of activities to its user community in a wide range.
- Mainly to support teaching, learning, research and innovative activities in becoming active & discerning users for promotion of their knowledge.
- To establish learning environment for the Library users as well as encouraging and supporting the professional growth & individual growth for staff, students and every individual in his treasure of knowledge of great name, fame & reputation earned by its great extended services.
- To fulfill this mission we are committed to build collections, create tools and render services.

PROUD TO BE PART OF DSI:

DSU is a proud member of the Dayananda Sagar Institutions family. Founded by Late Sri Dayananda Sagar in the early sixties. DSI has morphed into global education power house, spread over four campuses, catering to the education needs of over 17,000 students. Operating under the aegis of the Mahatma Gandhi Vidya Peetha Trust in Bengaluru. DSI has enabled the transformation of ten thousands of young Indian and international citizens into professionals in diverse specializations.

About Library

Dayananda Sagar University is a private University is established in the year 2014 under state legislation act. DSU management took special interest in establishing a world class library. The library is built and equipped steadily and systematically. The libraries have got enough spacious seating capacity for library users. The achievements are reflecting through the acknowledgements and positive remarks by the visiting faculties and dignitaries. The intellectual standards are truly reflected in its high standard library.

The library act as key resources and learning centre of the university to meet the information needs of its users for the growth and overall development of the university. The library is highly sophisticated with state-of-art-facilities. It provides online resources aswell as digital resources. It has adopted open source software KOHA for integrated library management and Dspace to build and updated Institutional Repository. It also providing remote login facility to access electronic resources 24X7 and ensures high network security.

Library Advisory Committee

DSU Library advisory committee is consisting of 8 members. Registrar is the chair person of the committee and all the deans are considered as member of the committee. The chief librarian is the member secretary of the committee. The committee members meets every quarterly to discuss about the library developments.

Swing Barrier

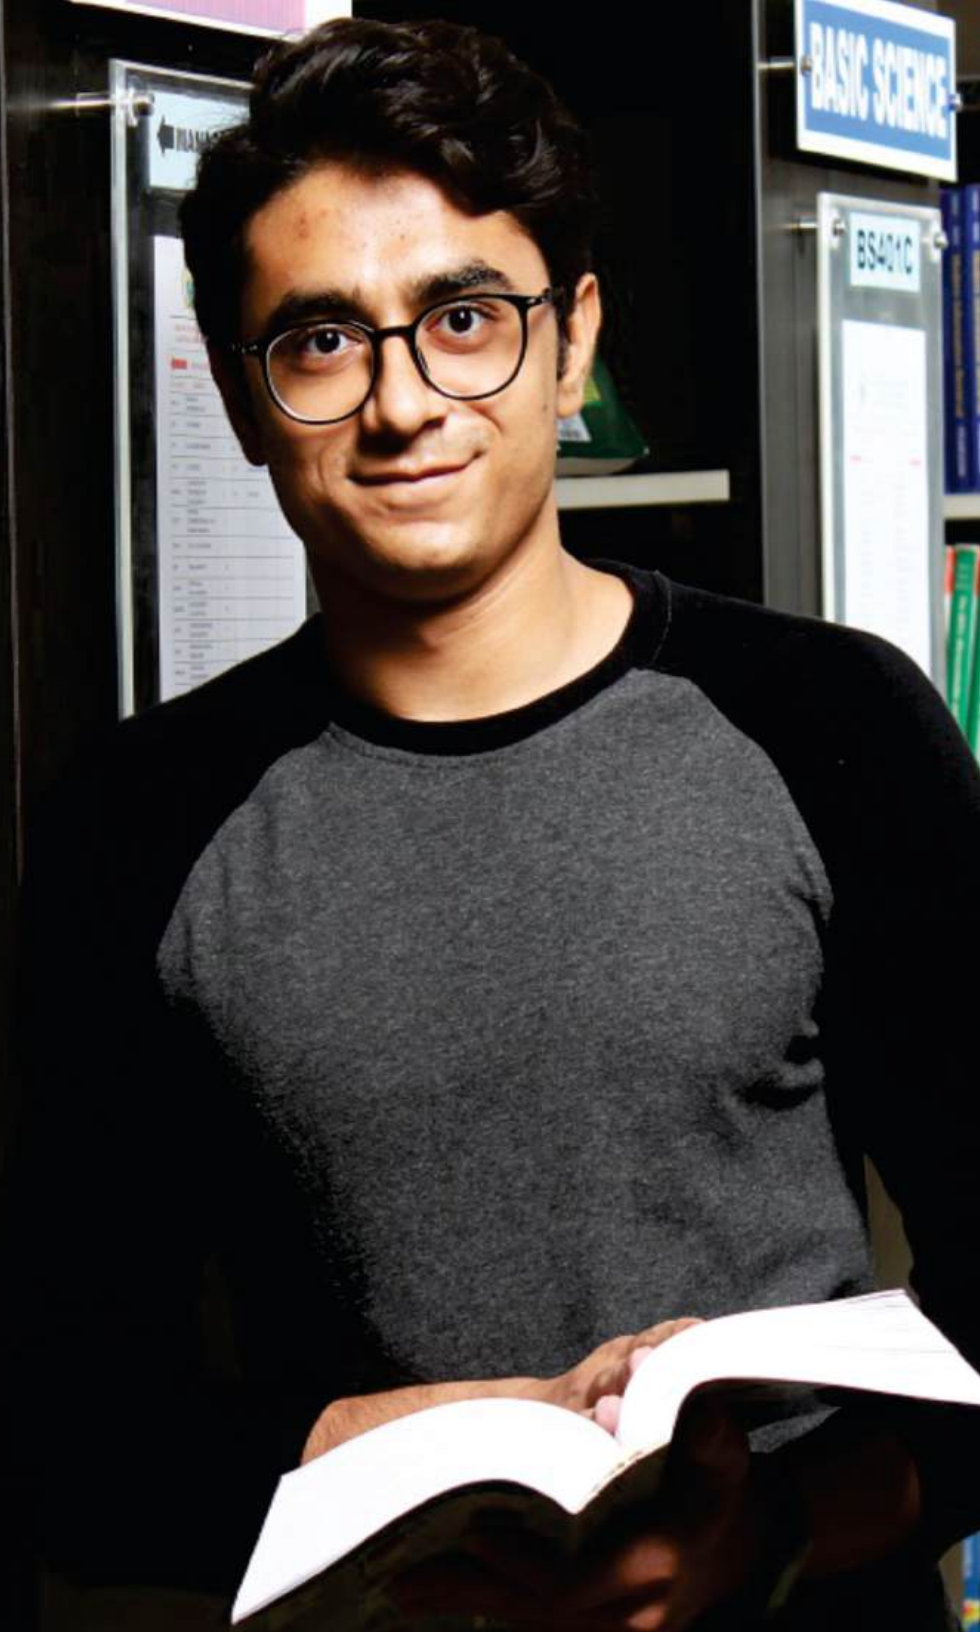

Library is having access control system for users to enter into the library. Users should swipe the smart card to enter and exit. The unauthorised persons access are forbidden. It will help us to generate the footfalls of the library users.

Admission to the Library

To enter in to the library, Smart card (ID card) to be flashed on the Access Control to open the library door. Library users can keep their personal belonging at the property counter.

Academics

- School of Engineering
- School of Computer Applications
- School of Law
- School of Commerce & Management Studies
- School of Basic & Applied Sciences
- School of Health Sciences
 - College of Nursing Sciences
 - College of Pharmaceutical Sciences
 - College of Physiotherapy
- School of Arts, Design & Humanities
 - College of Journalism & Mass Communication
- School of Design & Digital Transmedia
- CDSIMER - Dr. Chandramma Dayananda Sagar Institute of Medical Education and Research

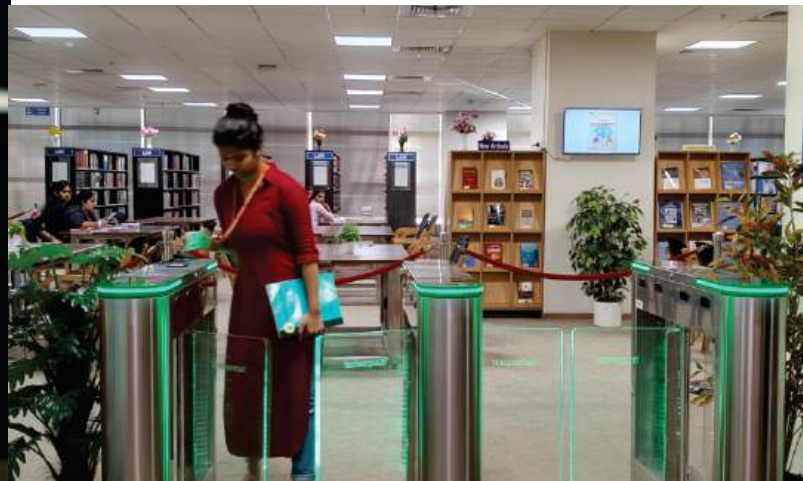

DAYANANDA SAGAR UNIVERSITY

LIBRARY

In the wake of rapid advancement in technology, the role of Library has to be redefined and remodelled. The Library has to function in accordance with the ever changing needs. Today Libraries are undergoing tremendous changes in their functioning by adopting latest technologies. So as to give the user population a quick access to print any electronic information resources.
