2. Features of Search Results

The Search Results page displays results related to the searched keyword, allows users to refine results using filters, supports alphabetical (A–Z) browsing, and shows database titles with brief descriptions and the total results found.

The screenshot shows the HeinOnline search results page. At the top, there is a dark blue navigation bar with "All Databases" on the left and "MyHein Profile", "Help", "Connect", and "Account" on the right. Below the navigation bar is the HeinOnline logo on the left and a search bar on the right. The search bar contains the text "Search for a term, title, author, or citation" and "All Databases" with a search icon. Below the search bar are two links: "Advanced Search" and "Search Help".

Below the search bar are four filter boxes: "All Subjects", "All Database Types", "All Vendors / Providers", and "Search for Databases". The "Search for Databases" box has a "Search" button next to it.

Below the filters, the text "10 Databases found" is displayed. Below this text is a row of buttons for alphabetical browsing: "ALL", "A", "B", "C", "D", "E", "F", "G", "H", "I", "J", "K", "L", "M", "N", "O", "P", "Q", "R", "S", "T", "U", "V", "W", "X", "Y", "Z". The "ALL" button is highlighted.

Below the alphabetical buttons, the letter "C" is displayed. Below "C" is a horizontal line. Below the line is the title "Civil Rights and Social Justice" in blue. Below the title is a paragraph of text: "Covers the expansion of civil rights in America through government publications (including the Commission on Civil Rights), legislation, Supreme Court briefs, and more. [Show More](#)". Below the paragraph is another horizontal line. Below the line is the title "COVID-19: Pandemics Past and Present" in blue. Below the title is a paragraph of text: "Brings together federal government reports, hearings, and more to explore how medical disasters of the past inform the present response to the COVID-19 pandemic. [Show More](#)".

The search results show the total number of results and provide options to sort, filter, download, save, and email full-text PDFs along with title, year, and author details.
