

NSS Activity organized :

In the National Service Scheme (NSS) camp conducted by the SBAS, Dayananda Sagar University at Harohalli village near Ramanagara, Karnataka, 46 students from the School participated. The camp aimed to promote community engagement, sustainable practices, and enhance the overall development of both the participants and the village community. Activities Undertaken included Survey, Learning Harvesting Techniques in collaboration with Rotary Club to further community development initiatives (resulting in the execution of community-driven projects such as infrastructure development, healthcare awareness programs, and educational initiatives).

Impact on the Community encompassed Knowledge Transfer, Improved Farming Practices (like increase crop yields and enhance overall agricultural sustainability).

Students involved in NSS activity at Harohalli village

NSS camp 2024 (SCHOOL OF BASIC AND APPLIED SCIENCES)

The National Service Scheme (NSS) camp conducted by the SBAS department of Dayananda Sagar College took place in Harohalli village near Ramanagara 31st May 2024. 23 students of M.Sc. Microbiology and two students of M.Sc. Biochemistry volunteered in the camp. The camp aimed to raise the anti-tobacco awareness in the community. Harohalli is a quaint village situated near Ramanagara, providing a rural setting for the NSS camp. This location allowed for hands-on experiences and interactions with the local community.

Activities Undertaken:

Survey: Participants conducted a comprehensive survey to raise awareness about the evils of the use of tobacco. This survey aimed to identify areas that required attention and intervention.
