

DAYANANDA SAGAR
UNIVERSITY

3.3.4 Sexual and reproductive health care services for students

The University ensures that all students have free and confidential access to comprehensive sexual and reproductive health care services. Dedicated on-campus health professionals provide counselling, preventive care and medical support to promote overall well-being. Awareness programs and educational sessions are regularly organized to empower students with accurate information on sexual health and hygiene. These initiatives reflect the institutions commitment to fostering a healthy inclusive and informed campus community.
